### [Chapter 861: Why don't you praise me](#)

No, I have to find an opportunity to educate.

Su Lang thought this way, and then planned to persuade the three women again.

But Chu Xiaobei suddenly smiled, "I plan to read more of such an interesting book, and then write a lot of books, so as to benefit the world's warriors!"

"day--!"

The corner of Su Lang's eyes twitched, and he almost spewed out another mouthful of old blood.

This Nima, where is the warrior who will benefit the world, is it to poison the world warrior.

but.

Seeing Chu Xiaobei's serious look, Su Lang felt that he couldn't persuade him to come back.

"Oh, forget it."

"Anyway... just to enrich the spiritual life, let her go."

Su Lang curled his lips helplessly, and immediately thought, "Unexpectedly, a lot of things from Blue Star two thousand years ago have been passed on to the present.

I don't know if the sand sculptures on the Internet have survived. If they were spread to the Canglan Continent, what kind of scenery would it look like? "

Thought of this.

Su Lang suddenly changed his expression: "Network!? Internet virtual network!?"

For Su Lang, the term internet is also only used in his previous life.

Two thousand years ago, the spiritual energy was revived, the world changed drastically, technology was hit hard, the cultivation civilization rose, and the Internet disappeared.

but now.

Su Lang already has the ability to rebuild the network.

Wuxingtian, a giant array covering all wilds and wastes, can not only build a transportation network covering the entire territory, but also a virtual network.

Of course, the nature of this virtual network is completely different from the previous life. Its principle has two points, the formation method and the spiritual power of the warrior!

Directly use your mental power as a network cable, connect the port of the formation, and access the virtual network.

"I'll go, this is absolutely okay!"

Su Lang widened his eyes, touched his chin, and thought to himself, "The construction of a virtual network, coupled with the transportation network, can definitely make the spread and integration of civilization reach an abnormal level!

However, virtual networks are naturally harmful, for fear that warriors are addicted to the Internet and become lazy in their practice.

Moreover, this will also completely spread the human civilization, including the Blue Star's "Ancient Civilization" more than two thousand years ago.

—Some of the civilization of the era where I was in my previous life will also be passed down, those novels, paragraphs, etc...

I don't know what will happen to the Canglan Continent, which has a simple folk customs and only seeks the way of a martial artist..."

Aside.

Chu Xiaobei, Ruxue and Xianxian couldn't help being confused when they saw Su Lang's stunned look.

"Hey, Su Lang."

"I said I want to write a book, why don't you praise me?"

Chu Xiaobei asked with a dissatisfied face, pouting her mouth.

"amount."

"Good good, good ideal."

"The book is very good, I support you."

Su Lang came back to his senses, said with a smile on his face, but secretly said in his heart, "If the virtual network is really established, labor and capital will pull a hundred boasting groups for you, and boast that you will take off."

"Hmph, this is almost the same."

Chu Xiaobei raised her chin proudly, revealing a slender and graceful collarbone.

Seeing this, Su Lang couldn't help taking another look, and then glanced down.

This woman is good except for a little skinny. Look at this watery eyes and tender body...so greedy...suckling! !

"Brother Su Lang."

"What are you looking at?"

The voices of Ji Ruxue and Murong Xianxian came one after another, with a hint of playfulness in the soft and soft.

"not good!"

"I'm afraid I'm going to fall into the Asura Field!"

Su Lang secretly said something bad, and said with a smile, "It's nothing, just see if your cultivation base has grown."

"Brother Su Lang can really laugh."

"It's only two or three days since you taught us the cultivation base last time!"

"Xianxian and I haven't mastered our strength, where can we grow."

"That's right, the look in Su Lang's eyes just now seemed to be unstoppable even with immortal weapon-level clothes!"

"Hmm, don't know what you are looking at?"

Ji Ruxue and Murong Slim had a playful look, they sang and made peace, their eyes gleaming.

Of course, they are not eating Chu Xiaobei's jealousy. They have long been on the line with Chu Xiaobei, and they have learned skin. At this time, they just wanted to tease Su Lang...

### [Chapter 862: The Three Daughters](#)

"Aha."

"I just see if your control of power has improved."

Su Lang laughed and thought to himself, "Sure enough, have you learned how to hide? If you dare to tease and tease me, I will tear up your clothes and see enough..."

The old good girl is a little skinny, and Su Lang wants to correct it.

Fortunately, Ji Ruxue and Murong Xianxian were slightly affected by Chu Xiaobei, and they were still good girls in essence.

Therefore, he ridiculed Su Lang for one round, and immediately became obedient in the second round.

"That's it."

"Brother Su Lang, although we haven't fully mastered our power yet, we no longer can step on the ground with one foot and defeat the city wall with one punch."

"Brother Su Lang, we are not good, we have controlled such a powerful force in such a short time."

The two women grinned and asked Su Lang for credit, acting like a baby.

"Good, good, amazing."

Su Lang smiled and nodded, secretly asking what have you done, the earth was trampled through, the city wall was broken, which city did you harm?

Of course, Su Lang just thought about it, he wouldn't question the two good girls Ruxue and Xianxian.

"This is all the credit of Sister Xiaobei!"

"Sister Xiaobei said that blocking is worse than sparse, instead of forcibly restraining, it is better to release your strength to your heart's content!"

"So we went to an abandoned city and practiced the moves there. It was very enjoyable!"

Ji Ruxue looked like she was falling into memories, and there was a hint of obsession in her smile.

Chu Xiaobei on the side showed a triumphant expression.

"I cross, is this girl obsessed with power?"

"In the future, you won't become a horrible existence that looks like a petite loli, but is actually a strange girl?"

Su Lang thought about it, and then looked at Murong Xianxian, with a similar look.

They suddenly gained powerful strength, breaking the mountains and rivers and smashing the earth. Perhaps they would really be addicted by the refreshing feeling.

This situation has both advantages and disadvantages.

The advantage is that they can motivate them to practice hard and gain strength.

The downside is that she may become the strange girl in Su Lang's imagination, the \*\*\*\* of destruction girl.

"With their two well-behaved personalities."

"The possibility of becoming a Destroyer Girl is too low."

Su Lang thought to himself, "Therefore, there are still more benefits, I'm thinking about it too much."

Soon.

Su Lang smiled and said: "Xiaobei will take you to practice and master your strength. This is very good, but you must also pay attention to your own mentality. You must be stable and restrain the desire to destroy."

"Yeah, I know!"

Ji Ruxue and Murong Xianxian nodded obediently.

Chu Xiaobei smiled triumphantly: "Su Lang, don't worry, I will teach you like snow and slender!"

"All right."

Su Lang nodded, his gaze glanced over the five crystal buns and spirits, his heart said, I hope you can teach more.

Soon.

Su Lang looked straight and said, "I have refined the Five Elements Quasi-Emperor Soldiers, arranged the Five Elements Heaven, and brought the entire southern land under his command.

Soon, I will move the human race to the Canglan Continent.

As my native clan, in the eyes of the world, the human clan will be a great emperor, and one cannot do without a powerful martial immortal.

Although Yuehong and Kong Xu are quasi emperors, they are not humans. I want humans to have Wuxian and quasi emperors.

I want the world to know that the human race is as powerful as I am alone. "

"Su Lang, you refined five quasi-imperial soldiers!?"

"Brother Su Lang, you have arranged the Five Elements Heaven? What is the Five Elements Heaven!?"

"Brother Su Lang, you actually have the entire southern land in your bag, so amazing!"

"Brother Su Lang, are you going to move the human race to the Canglan Continent? We will definitely become stronger and not let other races look down upon the human race!"

When the three daughters of Chu Xiaobei heard Su Lang's words, their faces were shocked, their eyes glowed, and they looked like little fans.

"Lying down."

"The whole world knows it, and you have to tell me personally to know."

"The reason why I came to you was to see how you adore me, but you realized in hindsight that I really...can't laugh or cry."

Su Lang murmured in his heart, still looking serious on the surface.

After a pause, Su Lang said: "Yes, the southern land is unified by me, and the human race is about to settle in. You can't be looked down upon, you must have Wuxian Zhudi.

The three of you, and Yanxingxing, are my established candidates. Before that, I will improve your realm and combat power as soon as possible. "

### [Chapter 863: You just marry me](#)

In fact, there is a personal choice, that is Li Xianyang.

But Li Xianyang didn't need Su Lang to deliberately improve his strength.

In addition to being a servant, Li Xianyang is also a special clone of Su Lang, and his combat power will always follow Su Lang's pace.

Of course, his combat power is only Su Lang's daily combat power, not the combat power after the outbreak.

At this time.

"what!?"

"Is there still me?"

Chu Xiaobei's expression moved, and he hesitated, "I'm from the Xuanyu clan..."

"Do not."

The corner of Su Lang's mouth twitched, and he smiled, "You are a human now, well, you just treat yourself as marrying me."

"Bah, what nonsense, pervert!"

Chu Xiaobei looked at Su Lang fiercely, as if I was about to explode.

But Su Lang looked at her just like she was, her big beautiful eyes clearly didn't get angry at all.

Damn.

The ill-spoken integrity is committed again.

"Haha."

Su Lang smiled, and then said, "Now with me, you are the closest to Wuxian, so I still have to give priority to improving your strength."

"Are you going to instill rules in me again!?"

Chu Xiaobei's eyes lit up and he was quite excited.

"correct."

Su Lang smiled and nodded.

Chu Xiaobei has received Su Lang's two rules instillation, plus the rules he has mastered, so far he has mastered more than 20 rules.

This level is one in a million among the quasi immortals!

If an ordinary quasi immortal could reach this step, he could wake up with a smile in his dreams, and he would have broken through to Wuxian a long time ago.

However, Chu Xiaobei wanted to become an emperor, and even becoming an emperor was not the ultimate goal.

Above Emperor Wu, there are also the Great Emperor, Godless Level, and the Realm of the Beginning. That is the pinnacle of martial arts!

To chase the pinnacle of martial arts, you must have a deep enough foundation.

Ordinary quasi-immortals become immortals by virtue of a few rules. Although they seem to be powerful, they are like rootless duckweeds between heaven and earth, and there is never the possibility of becoming an emperor.

There must be sufficiently perfect rules in order to cross the moat and become Emperor Wu.

Su Lang knew that the emperor Wu who was the best in the history of Canglan Continent had 49 rules to become immortals.

That person was the Emperor Wu who was one of the inheritances of the emperor's foot forbidden ground, and he became the emperor by virtue of his adventures.

To help Chu Xiaobei lay a perfect foundation for Su Lang, dozens of rules are definitely not enough.

However, it is not necessary to comprehend all the three thousand six hundred rules.

Three thousand six hundred is an imaginary number, and the rules of the world are far more than that.

In addition to the main rules, there are countless derivative rules, and there is not much need to understand these derivative rules.

Because at the stage of Wuxian, you can fill the inner boundary of Wuxian with matter from the boundless universe, and develop towards the direction of life universe.

This substance refers to everything that exists in the world, such as earth, metal, air, water and fire.

In the process of filling, those unfamiliar derivative rules that have not yet been comprehended will gradually be perfected, and they will be comprehended when the time comes.

Of course, even if you break through Emperor Wu and form the universe of life, it does not mean you have understood all the rules of the world.

Emperor Wu became emperor with various avenues, and his universe of life differed greatly according to his avenues.

For example, the life universe of the Avenue of Fire must focus on the rules of the fire system. Flames are everywhere in the life universe, and all kinds of flames, and even creatures are flames.

This is a shallow, humble, and incomplete universe.

Compared with the boundless universe, Emperor Wu's universe of life is full of loopholes.

However, Emperor Wu was also a member of the insignificant creatures, compared with the universe of life and the boundless universe, it was too difficult to be a human being.

Moreover, Emperor Wu was the first step to step into the realm of the 'Creator'.

If you can continue to walk and reach the end, maybe the universe of life will turn into a second infinite universe.

Closer to home.

In Su Lang's view, if Chu Xiaobei has the potential to go on and reach the end, he should understand three hundred and sixty rules in the quasi-immortal stage.

These rules include dozens of main rules, as well as more than 300 unfamiliar rules and important derivative rules that are difficult to comprehend.

At this time Su Lang had already comprehended the main rules, only the unreliable rules and derivative rules.

At this point, Su Lang was already preparing and had a plan. After the seven complete sets of Immortal Sword Art were completed, he would start the plan.

What's right now.

It is to help Chu Xiaobei understand the rules and lay a solid foundation.

"In addition to instilling rules, there is one other thing, wait a moment."

Su Lang looked at Chu Xiaobei who was ready, smiled, and then stretched out his right hand against her smooth forehead.

#### [Chapter 864: Evolution flying fairy](#)

Chu Xiaobei closed his eyes, waiting to receive the rules, and by the way felt the temperature from Su Lang's hands.

"This guy is getting stronger and stronger."

"In the beginning, he was an ordinary Martial Emperor, but now he has become the ruler of the southern part of the Canglan Continent."

"Looking back, it has only been a few months from the beginning to the present, which is incredible."

Thinking like this in her heart, Chu Xiaobei felt a strange force of rules transmitted from Su Lang's hands, and immediately stopped thinking about it, condensed her mind, and held her breath.

Not long.

The first rule is transmitted.

"The rules of life!"

"It turns out to be so advanced, such a mysterious and obscure rule."

"This guy still can't make sense as always!"

Chu Xiaobei sighed in her heart that if she were to comprehend the power of these mysterious rules, she might not be able to comprehend it for tens of thousands or 100,000 years.

at this time.

The second rule was instilled in Su Lang's palm again.

Then, Article 3, Article 4... Up to Article 10.

Such a short time for a cup of tea.

With the help of Su Lang, Chu Xiaobei comprehended ten rules and saved dozens of millions of years of hard cultivation.

"You consolidate it first."

"Also, give me Xiaobai."

Su Lang smiled at Chu Xiaobei, then looked at Ji Ruxue and Murong Xianxian, "Give me both of you flying treasures."

"Brother Su Lang is going to help us upgrade the flying treasure!?"

Ji Ruxue said excitedly, "Yes, we are all quasi immortals, my cotton candy is no longer applicable."

"I also think my pink wings fly too slowly."

Murong Xianxian said in sympathy, "I might as well fly in the air by myself."

Chu Xiaobei was taken aback for a moment: "Is there another thing you said, is to promote our flying treasure?"

"This is just taking advantage of your free time to consolidate your cultivation base, and make time for promotion."

Su Lang smiled, "The other thing is to give you a surprise, just wait, hehe."

"Mysterious."

Chu Xiaobei rolled her eyes slightly, but she couldn't help but become curious.

Ji Ruxue and Murong Xianxian looked at each other and said in unison: "Brother Su Lang, what about us?"

"Some, some, some, rain and dew!"

Su Lang smiled and nodded, then took the three women's flying treasures.

The first piece, the high-level sacrificial artifact, Xiaobai, is a white phoenix, noble and elegant, and is full of immortality.

The second piece is Ji Ruxue's pink marshmallow, a top artifact with a lot of functions.

The third piece, the translucent pink wings flying treasure of Murong Slim, is also a top artifact.

These three flying treasures carefully refined by Su Lang at the time were already behind and could not keep up with the pace of the three women.

"Now the three girls are all quasi immortals."

"If it's an elementary fairy, it should be able to barely control it."

"After all, these three treasures have taken into account the cultivation of the three women, can use energy spar as energy, and also have the function of 'automatic driving'."

"If it is promoted to the immortal level, with the device spirit, its ability to 'autopilot' is absolutely superb, and there is no need for users to worry about it."

Su Lang thought about it, and immediately began to promote these three treasures.

After a few breaths.

The three flying treasures in Su Lang's hand have all become primary fairy artifacts.

For Su Lang at this time, the cost of the materials was nothing short of drizzle.

Let's look at three primary fairy artifacts.

Their appearance has basically not changed, and the types of functions have not changed, but their strength has increased more than thousands of times.

Moreover, the Qi Ling was born.

In Su Lang's eyes, these three flying treasures all possess the 'breath of life' and belong to a special kind of creature.

Because the refining method of these three flying treasures still uses parts to splice, Su Lang is a little worried that their spirits will be wrong.

I saw a dumpling-like spirit flying out of the three primary fairy artifacts.

"Awesome!"

Ji Ruxue and Murong Xianxian couldn't help but their eyes burn when they saw the cute dumpling spirit.

When Xiao Hai and the other five spirits on the table saw them, they yelled with excitement, and they were going to meet these three new companions.

#### [Chapter 865: Time to tell you](#)

But the next moment.

"I will not let you harm these three pure spirits."

Su Lang stretched out his hand and Xiao Hai and other Qi Ling disappeared from his fingertips.

At this time.

"so cute!"

Ji Ruxue had already held the spirit of the marshmallow fairy and felt its aura.

Murong Xianxian also held the spirit of the pink wing fairy in his palm, looking like a pet.

As for Xiao Bai's spirit, he flew onto Chu Xiaobei's head, who was closing his eyes and consolidating, and lay softly on top of Chu Xiaobei's head.

The three spirits did not chirp or behave strangely. They were all well-behaved.

"It seems that there is nothing wrong."

"However, according to the rules summarized, all fairy artifacts with spliced parts are slightly mentally retarded."

Su Lang frowned slightly, and immediately stretched his eyebrows, "How did I forget that although these three flying treasures were spliced with parts, they didn't use many parts.

This makes their mental retardation very, very mild, even without mental retardation. "

Thinking of this, Su Lang was immediately relieved.

But he didn't know, he was too early to be relieved!

at this time.

Seeing the three spirits is no problem.

Su Lang returned the flying treasure to the three women.

When Ji Ruxue and Murong Xianxian got the fairy-level flying treasure, they suddenly looked like little girls receiving gifts. They were extremely happy.

They named their flying fairy spirits, Xiaomian and Xiaofen.

Then the two immediately urged the flying treasure to fly into the sky.

"Ah! So fast!"

"Brother Su Lang, so fast, so exciting!"

"..."

Ruxue and Xianxian screamed with excitement driving the flying fairy through the air.

The speed of the flying fairy can be faster, almost two or three times that of the ordinary primary Wuxian, and dozens of times that of the quasi-xian.

Ruxue and Xianxian controlled the flying fairy to fly everywhere, almost like teleporting.

Su Lang looked at the two from below, a faint smile appeared at the corner of his mouth.

Not long.

Ruxue and Xianxian had enough play, so he took the flying fairy and returned to Su Lang.

It just so happened that Chu Xiaobei had already consolidated.

In fact, to consolidate, it is better to adapt to new forces.

"It's a step further from the immortal level!!!"

Chu Xiaobei opened his eyes, revealing his excitement.

Immediately after.

She felt the soft dumpling spirit above her head, and couldn't help but feel happy.

"Has Xiaobai been promoted to the fairy rank! Great!"

Chu Xiaobei pulled Xiao Bai Qi Ling from her head, flattening it and rounding it with surprise on her face. His movements were very skilled...

"Hey, why are you so skilled?"

Su Lang smiled inwardly, "Could it be that he often does breast enhancement massage for himself? Or, did it for Ruxue and Xianxian?"

Thinking of that scene, Su Lang couldn't help but show evil charm.

"Humph!"

"Su Lang, what do you think?"

Chu Xiaobei seemed to feel Su Lang's strange gaze, snorted arrogantly, and then threw Qi Ling into the body of the fairy.

"Aha, nothing."

Su Lang said haha, "It's time to tell you what I said before."

"What's the matter?"

Not only Chu Xiaobei, Ruxue and Xianxian also approached with curiosity.

"Come on, Beckham, stretch your head out."

Su Lang beckoned with a mysterious expression on his face.

"What are you going to do?"

Chu Xiaobei was uncertain, but still stretched his head over.

Immediately, she found that Su Lang put his hand on her forehead again.

"Do you want to instill rules again!"

Chu Xiaobei was taken aback, "Why didn't you instill it all at once before?"

Ruxue and the slender face looked at each other, but also confused.

"Not instilling rules, but techniques!"

Su Lang clicked the corner of his mouth, and gave instructions to the system in his heart, "The system, instill the "Ice Jade Fairy Yuan Zhenlu" to the designated object!"

"Ding! The empowerment function is activated!"

next moment.

Chu Xiaobei felt that a large amount of information appeared out of thin air in his mind, and without waiting for a closer inspection, it merged into the depths of his soul. It was instantly clear and clear at a glance.

"This is..."Frozen Jade Fairy Yuan Zhenlu"!"

Chu Xiaobei was surprised, "I actually mastered this immortal-level technique in an instant, and my proficiency reached the perfect level!!"

[Chapter 866: Use exercises to empower](#)

"It's not just the consummation level."

A faint smile appeared at the corner of Su Lang's mouth, "Look carefully."

"It's not just perfection level?"

Chu Xiaobei glared at him. It was already the limit for the secret path technique to reach Consummation. Could it be better?

However, she still listened to Su Lang's words and carefully checked the "Frozen Jade Immortal Yuan Zhenlu".

Upon closer inspection, Chu Xiaobei immediately noticed the difference.

"It's really not just a complete level!"

"The true meaning and mystery that I have mastered are more profound and perfect than those recorded in the classics."

Chu Xiaobei opened her mouth in surprise, "This is a brand new realm of proficiency!"

"A new level of proficiency!"

Ruxue and Xianxian were also extremely surprised.

"Not bad!"

Su Lang smiled, "This level of proficiency is called 'founding level'!"

"Founding level?"

"Is it the limit that the founder of the exercise technique can practice to?"

"Yes, in addition to the original emperor level exercises, the rest of the exercises will more or less be incomplete or deleted during the circulation process. Only the founder version is the most complete version at the beginning."

Chu Xiaobei's voice trembled with excitement, and his gaze at Su Lang was even more burning.

She had been curious about the medicine sold in Su Lang Gourd before.

At this time, I felt very pleasantly surprised, and there was a little happiness.

Ruxue and Xianxian also knew that "The True Record of the Frozen Jade Immortal Yuan Zhenlu" was an immortal-level exercise practice practiced by Chu Xiaobei. Seeing that she suddenly raised her exercise proficiency to an unprecedented founding level, she couldn't help but some envy.

However, Su Lang said that everyone has a share, and if they want it, Su Lang will naturally give it.

"I also prepared an immortal level technique for you!"

Su Lang waved at Ruxue and Xianxian, "Come on, I'll pass it to you!"

"Great!"

Ji Ruxue and Murong Xianxian immediately happily ran over, and put their little faces in front of Su Lang.

"Ruxue come first."

"The exercise I prepared for you is "The Immortal Jue of Birth"."

"After mastering this technique, even if you haven't mastered the rules of life yet, you will gain extremely powerful battery life and healing abilities."

While talking, Su Lang stretched out his hand against Ruxue's forehead and activated the initiation function.

After a breath.

The empowerment is completed.

Ji Ruxue's temperament changed suddenly, full of endless vitality, bringing her youthful and lovely and lively temperament to the limit.

Just being close to her will feel like a spring breeze, very comfortable.

"What a powerful technique!"

Ji Ruxue was amazed.

But she didn't use it rashly, but first adapted to the new technique and new power, very well-behaved.

Su Lang smiled lightly and turned to look at Murong Xianxian.

"Xianxian, what I have prepared for you is the immortal level exercise "The Immortal Code of Immortality in the Beginning".

"This is not a combat technique, but a special technique that can improve aptitude."

"After practicing this exercise, you can increase your aptitude to an indispensable level by cooperating with the resources I gave you and using the methods inside."

"The Immortal Code of Immortality in the Beginning" cannot change Su Lang's 'turbid body aptitude', but it can change the aptitude of others!

Although Murong Xianxian's qualifications were also top-notch, it was a bit worse than Wuxia.

Su Lang got a good way to improve her aptitude, so naturally she wanted to improve her.

Of course, this exercise method can also raise the exercise method to the perfect level. Don't even think about such a talent as an emperor with unparalleled qualifications.

Otherwise, Wuque Xian Clan is not Xian Clan, but Emperor Clan! It's still super strong.

at this time.

Murong Xianxian listened to Su Lang's words, and his heart was immediately moved.

In Blue Star Oriental City, her qualifications are excellent, but here, she is full of qualifications.

Not to mention Martial God, even the Martial God, and most of them have no lack of qualifications.

At this point, she is somewhat inferior, and she never wants to talk about her qualifications.

At this time, Su Lang instilled the cultivation technique to improve her aptitude, which undoubtedly hit her heart...

### [Chapter 867: Su Lang is angry!](#)

"Stop talking, close your eyes."

Su Lang's gentle voice came, and immediately covered her forehead with a warm palm.

"Hmm!"

Slender nodded heavily, and closed his eyes.

Immediately after.

Su Lang will pass "The Immortal Code of Immortality" to Murong Xianxian.

Murong Xianxian first obtained the exercises, and sat there with his eyes closed, carefully examining the exercises, and was familiar with the exercises.

Seeing that the three women are familiar with the exercises, Su Lang nodded in satisfaction.

In fact, Su Lang originally wanted to try to directly indoctrinate them with "Ten Thousand Ways to One: Unnamed", a super fairy-level exercise that combines three-digit exercises.

However, after careful calculation, he found that only he himself could practice this fusion exercise!

Because he has the foundation for practicing this exercise

——The bonus function 'Malming Furnace' you get when you just activate the one-click martial arts function!

But Chu Xiaobei and the others don't have this cultivation foundation. If they forcibly instill the unnamed immortal-level exercises into them, the result will definitely be gossip and death.

Finally, after careful consideration, Su Lang chose different exercises for the three women.

"When instilling exercises to them in the future, you must always pay attention to the types of exercises. You must choose carefully, think twice before acting, and never pursue quantity."

"They don't have a 'melting pot of ten thousand laws'. If there is a conflict or something, they will be over!"

Su Lang thought about it, and then returned to the refining room to continue refining the parts of the super humanoid weapon.

but.

Just an hour later.

Suddenly Chu Xiaobei came to the door in a hurry.

"what happened?"

Su Lang asked a little strangely, "Do you have any questions about the exercises?"

"No, it's not!"

"Just look at it."

Chu Xiaobei looked a little nervous, she took out a jade card for communication and handed it to Su Lang.

"Communication Jade Card? Could it be..."

Su Lang squinted his eyes, his gaze swept across the jade card of transmission, and he suddenly chilled.

I saw the letter on the jade slip:

Chu Xiaobei, I can be regarded as getting your contact information for sending the jade card!

You escaped from the immortal clan silently, at ease, but we were in a catastrophe because of you!

You ignore the whole family of Xuanyu warriors, just for the life of Gou Quan, escape from the immortal family and offend the Emperor Luoyou.

Although the Luoyou Emperor Clan didn't do it himself, there were many lackeys who were willing to lead the Luoyou Emperor Clan.

The Xuanyu Immortal Clan and the Six Dao Clan do not share the same sky. They have been fighting for many years. They were originally evenly matched, but they secretly received the support of unknown forces, presumably the Luoyou Emperor.

Not only that, there are two immortal clan Jueyin and Xuefeng trying to please Luoyou Emperor Clan and come to attack Xuanyu Immortal Clan!

The Xuanyu immortal clan lost a city in a day, sank in a place at night, and the warriors were killed and injured countless, all thanks to your Chu Xiaobei!

You selfish and wicked girl, the Xuanyu Fairy Clan is so miserable, I can't wait to kill you!

Everything starts because of you!

If you still have some conscience, immediately rush back to the Xuanyu Immortal Clan, and then go to the Luoyou Emperor Clan to bow your head to confess your sin and pray for forgiveness!

...

The whole piece of this eloquent letter is full of slanderous remarks that are high above and insulting Chu Xiaobei, which makes people angry.

"Xiaobei, which \*\*\*\* sent you this message?"

Su Lang took a deep breath, the jade card in his hand had been crushed into powder.

Since the Battle of Wuyang Devil's Cave, he hasn't been so angry for a long time!

Even if Xiao Lutian and Li Feilou wanted to do something on him many times, his mood was as calm as water.

But this letter insulting Chu Xiaobei completely offended him!

Murderous aura has spread in Su Lang's expression, and the gentle eyes that are usually used are already frozen!

"In the tone between the lines in this message, it should be Wuxian Xuandai, the great elder of the Xuanyuxian clan."

Chu Xiaobei was angry, but it was a little complicated, "That old thing is not all wrong. I am indeed the cause of it. It is all because of the crime..."

### [Chapter 868: Cut his head with a sword!](#)

"Do not!"

"You are not the cause."

"The cause of the disaster is the Luoyou Emperor Clan! At the same time, it is also the weakness of the Xuanyu Fairy Clan!"

"It's the Luoyou emperor who is bullying and bullying the weak and wants to use crooked ways to seize your unparalleled capital!"

"It is the old miscellaneous hairs like Xuan Dai who have no ability to resist the enemy, which led to the Xuanyu Immortal Clan falling here.

"You are not wrong from beginning to end, even if there is not a single trace! You are an unparalleled qualification and a blessing of profound jade!"

"The disaster is because they cannot resist the enemy, cannot protect you, and cannot allow you to grow smoothly."

"It is a ridiculous word to be guilty of a crime. It is the reason and excuse that the strong are greedy and want to bully the weak."

"The greedy heart, the bullying heart, is the biggest cause, it should be ruthlessly and completely destroyed!"

"Xuan Dai Wuxian old miscellaneous Mao, who has thrown all the responsibility on you, is really weak, incompetent, brazen, and extremely ridiculous!"

"Xuan Dai, this old miscellaneous hair, is too far behind the patriarch of the Xuanyuxian clan who dared to bear the pressure of the emperor-Xuanyue Wuxian!"

When Su Lang interrupted Chu Xiaobei, he didn't want Chu Xiaobei to be wronged, so he simply assumed the responsibility that he shouldn't bear.

Chu Xiaobei also felt reasonable after hearing Su Lang's words.

It is clearly that the Emperor Luoyou clan covets his unparalleled qualifications, and his intentions are sinister, even out of sight.

Everything was wrong with the Emperor Luoyou clan.

As for the old miscellaneous Mao Xuan Dai, he couldn't hold back the pressure. On the contrary, he insulted Chu Xiaobei, this junior, which was really cowardly expression.

"that....."

"Now that the Xuanyu Fairy Clan is in great trouble, should I go back?"

Chu Xiaobei hesitated very much. She had a bad time with the Xuanyuxian clan, but could not forget the family members who raised her, nor could Xuanyue Wuxian resist the pressure of the emperor and let her escape.

"Hahahaha."

"Of course I want to go back!"

"Old Xuan Dai insulted you so much, he wanted to kill you."

"Then I will go back with you and kill the old miscellaneous Mao and the warrior attached to him!"

"Then the three immortal races of Liudao, Jueyin, and Xuefeng were destroyed again, and finally the sword pointed to Emperor You Wu, the old yin force, and cut his head with a sword!"

Su Langhuo stood up, full of murderous aura, his eyes were raging, as if he was about to devour the world.

"Su Lang..."

Seeing that Su Lang was so angry for himself, Chu Xiaobei wanted to point his sword at Emperor Wu, and he was immediately moved.

"It's not too late."

"Let's set off now, I feel sick when that old man survives an extra second!"

Su Lang stepped forward, grabbing Chu Xiaobei's thin waist, the space under his feet shook for a while, and the two figures suddenly disappeared.

At this moment, a thought suddenly flashed in Chu Xiaobei's heart: "This guy, haven't held me for a long time?"

Next.

Su Lang and Chu Xiaobei appeared in the sky outside Baiyue Emperor City.

This open imperial city is not only very prosperous, but also one of the hubs connecting all parts of the world.

There are teleportation arrays to the various emperors, including the Luoyou emperor.

At this moment.

Su Lang hugged Chu Xiaobei with a reddish complexion and walked out of the space metrical channel. The martial artists in the sky around him flew around in succession.

"Oh my god, that is a martial \*\*\*\* who has mastered the rules of space!"

"What a powerful space rule, that powerful spatial fluctuation can be controlled and suppressed to the level of a mirror surface. This Master Wuxian is really powerful."

"Look, the woman in Wuxian's arms is also a quasi-immortal adult!"

"The quasi immortal is probably the strongest among all quasi immortals I have seen, and only that powerful Wuxian can possess such an excellent Taoist companion."

"Yeah, I am really envious, and I don't know if I will have the opportunity to enter the realm of Wuxian in this life, as strong as that adult."

"Don't dream of it, you are hundreds of thousands of years old, you are only six stars of Wusheng, and want to chase the realm of Wuxian? Give you 10 million years, you can't compare to that adult!"

"Hey, although you are very mean, I am speechless..."

"..."

While everyone was discussing, Su Lang took Chu Xiaobei and flew into the city.

"This is Baiyue Emperor City!"

"What a big city, what a prosperous city!"

In Su Lang's arms, Chu Xiaobei had a pair of beautiful eyes.

Although she was born in the Xuanyuxian clan attached to the Luoyou Emperor Clan, she was kept in a small circle for cultivation since she was a child.

So she has never seen the imperial city.

When Su Lang came to the Baiyue Emperor City, he secretly admired, and it is no wonder that Chu Xiaobei would be amazed.

"This city is really big and very prosperous."

"To build such an imperial city, it won't happen overnight."

Su Lang's expression was faint, "But if you like it, I will call Luoyou Emperor City and give it to you!"

[Chapter 869: Feel nothing](#)

"what!?"

Chu Xiaobei was stunned, "Take Luoyou Emperor City and give it to me?"

"Yeah, if you want it."

The corner of Su Lang's mouth twitched, revealing a slight smile.

He originally didn't want to offend Emperor Wu, because the difference in strength is too great, even if he is invincible, it is difficult to kill Emperor Wu.

But now it's different. Su Lang has mastered so many emperor rank formations, just by refining the formations, he can trap a Martial Emperor alive.

Chu Xiaobei stuck out his tongue in amazement: "To smash an imperial city at the quasi-xian level, I am afraid that only you in the world dare to think so."

That was an imperial city, the lair of the Luoyou Emperor Clan.

In the history of tens of thousands of years, Emperor Wu's city has been conquered only a handful of times. Basically, it was only after Emperor Wu fell that his descendants could not defend it before being captured by the enemy.

But now, Emperor Luoyou Wu is alive and well. He is an existence dominating billions of living beings.  
but.

Chu Xiaobei also knew that Su Lang would not do things that were uncertain.

At this time, even though Su Lang seemed to be only at the immortal level, and his usual combat power could reach the martial immortal level at most, he really wanted to throw his hole cards, maybe how powerful it was.

In order to rescue Ji Ruxue and Murong Xianxian, Su Lang managed the evil martial sage-level power in Wuyang Demon Cave in a mere realm of King Martial Arts!

Su Lang is a big pervert who cannot be calculated by common sense!

Since he said he wanted to take down Luoyou Emperor City, he was very sure!

"Give me an imperial city."

"This is probably one of the best gifts in the world!"

When Chu Xiaobei thought of this, his surprise gradually turned into surprise.

but.

Out of consideration for Su Lang, Chu Xiaobei still said: "Su Lang, if it is unnecessary, let's not offend Emperor Luo You Wu to death. After all, he is a Emperor Wu.

Now that the battle of the mainland is about to break out, if you really want to kill Emperor You Wu, I am afraid that the Emperor Wu Palace, Xuan Daotai, Qingyou Emperor Realm and other forces will not agree.

Emperor Luoyou Wu is also a veteran Emperor Wu. He can't be killed, but he is offended to death, which would be a great disaster. "

Su Lang had just gained a foothold in the southern land, and he was regarded as a rising star in the Canglan Continent.

And Emperor Luoyou Wu is a veteran Emperor Wu. In addition to his own power, his connections are not comparable to Su Lang. If he can't be killed, it will be really troublesome!

but.

Su Lang still didn't plan to let Emperor Luo Youwu go.

"Someone is bullying us, do we have to be patient?"

A sneer appeared at the corner of Su Lang's mouth, "Emperor Luoyou Wu is indeed a veteran emperor, with a deep influence and strong connections. Maybe a few emperors will help him.

But what if I kill him in a short time? Let his background make it impossible to expand his network!

At that time, Luo You is dead and can't come back to life. Those Wudi will still find me desperately?

I'm afraid, seeing that I killed Emperor Luoyou Wu, I only dared to drop a few curses in my heart, but didn't dare to be my enemy, because they were also human, and they were also afraid of death! "

The murderous aura in Su Lang's voice became stronger and stronger, and in his words, Luo You, the superior Emperor Wu, had already been sentenced to death!

"Kill Emperor Wuyou Luo in a short time!"

"If this can be done, it will work!"

Chu Xiaobei looked at Su Lang with brilliant eyes, "You are now sure to kill Luoyou, your strength has grown too fast!"

It has been less than two months since she met Su Lang.

But Su Lang has soared from the Wuwang level to the point where he can kill Wudi, which is incredible.

The general Wudi, even the fastest, would have to go through five or six million years of painstaking practice before he could accomplish this great cause.

"Actually, my combat power has not reached the realm of Emperor Wu."

Su Lang said lightly, "What I can do is to use external means to kill Emperor Wu."

"That's also very scary!"

Chu Xiaobei was speechless, "Slaying Emperor Wu with a quasi-xian level is definitely a feat of no one before and after!"

"Hahahaha."

Su Lang shrugged his shoulders with a smile, "I have done too many feats of this kind, and I don't feel anything."

[Chapter 870: Arrived at Xuanyu Fairy Clan](#)

"Yes."

"You are a miracle machine."

Chu Xiaobei nodded and said with deep conviction, "Anything that is impossible will become possible when you put it on your body."

"Don't praise me like that, I will float."

The corner of Su Lang's mouth raised slightly, and he immediately pointed to the Emperor Dao in the Baiyue Emperor City, "The teleportation array is to the west of the Emperor Soldier."

"Is that door an emperor soldier?"

"Compared to the existence of Emperor Wu, guarding the entire White Moon Emperor City, it is really powerful!"

Chu Xiaobei looked at the Baiyue Emperor's Gate in surprise, then looked to the west, and saw a large hall of cold ice stretching for dozens of miles.

That place is the transfer hub of Baiyue Emperor City, connecting major cities.

"I will refine the imperial soldiers in the future."

"Moreover, it's not just an emperor..."

Su Lang smiled lightly, and immediately flew away with Chu Xiaobei in his arms, and fell in front of the Hall of Frost Ice.

People come and go, fish and dragons are mixed, you can see many powerful races on the Canglan Continent

-People of low-level races are basically not qualified and capable to come here.

Although Chu Xiaobei was a warrior born and bred in the Canglan Continent, he also gained a lot of knowledge.

Soon.

Su Lang put Chu Xiaobei down from his arms.

Then he used imaginary rules and other methods to disguise himself and became a handsome man in white fluttering.

The main reason was that Su Lang was worried that Emperor Luoyou Wu had already seen his portrait, and if he just passed by, he might be shocked.

His impression of Emperor Luo Youwu is just a name, and he needs to know more about this person.

After completing the disguise, the two walked into the main hall and found the teleportation array to the Xuanyu Immortal Clan.

Emperor Luoyou Wu is going to kill.

But before that, he still killed the disgusting old Xuan Dai and spit out his anger, and then rectified Chu Xiaobei's name.

quickly.

The teleport flickers.

Su Lang and Chu Xiaobei mingled with a group of travelers and disappeared from where they were.

next moment.

The two appeared in the middle of the Canglan Continent, in the territory of the Xuanyu Immortal Clan under the Luoyou Emperor Clan, and in the sub-city far away from the Xuanyu Immortal City.

The Baiyue Emperor City was mixed with dragons and fish, and did not manage it because of its strength.

But the Xuanyu Immortal Clan is not so emboldened. It not only sets up the teleportation array in the sub-city, but also sets up a large number of detection methods to conduct 'security checks' on the warriors who come and go.

What's more, the Xuanyuxian clan suffered a big loss in the recent battle with the Liudaoxian clan and lost a lot of land, so the security check is extremely strict.

Su Lang focused on the rule of imaginary, supplemented by various other rules, and the disguise he made was not detectable by the Xuanyu Immortal Clan's means.

However, Chu Xiaobei did not pretend, nor did she need to pretend, she didn't need to be sneaky when she returned to the Xuanyu Fairy Clan.

After Su Lang and Chu Xiaobei walked out of the teleportation array.

"Chu...Chu Xiaobei!!"

The Wusheng Xuanyu clan guarding the teleportation array immediately recognized her.

Because under the preaching of Xuandai Wuxian, Chu Xiaobei's portrait of this curse has spread throughout the entire Xuanyuxian clan.

At the same time, the old miscellaneous Mao also publicized his "cause" theory, making everyone know.

Those stupid Xuanyu clan people also think that Chu Xiaobei's cause caused the evil Luoyou Emperor clan to encounter a catastrophe. Seeing that the Xuanyu clan is about to be crushed!

"Chu Xiaobei, you are back!"

The Martial Saint yelled again, not seeing the gentleness of the same clan, but deep hatred.

at the same time.

The surrounding Xuanyu clan people also changed their expressions, and looked at that Wusheng along with the sound.

"What, Chu Xiaobei is back! Where is that stinky bitch!"

"Get out of the way, that selfish girl killed my father, I want to kill her!"

"This person even dared to come back, grab her and hand it to Emperor Luoyou, the catastrophe of our Xuanyu Immortal Clan will immediately disappear!"

"Yes, grab her, don't let her run anymore!"

"..."

One by one Xuanyu clan warriors rushed from around, looking at Chu Xiaobei viciously.

Those foreign warriors looked good at the show, holding their arms and pointing aside.
