[Chapter 901: I also thank you very much](#)

"..."

Everyone talked a lot, although Chu Xiaobei also said that his progress was made by Su Lang alone, but everyone didn't believe it.

Indeed, Su Lang's methods are too abnormal, too unreasonable, and completely beyond people's imagination.

at this time.

Su Lang appeared in front of everyone.

Everyone gradually closed their mouths.

They are still very afraid of Su Lang!

"Hey!"

Chu Xiaobei smiled and ran to Su Lang with a happy expression.

suddenly.

"The villain thanked the lord for taking care of Beckham!"

The old woman Mi knelt and kowtowed to Su Lang, her expressions and words were very sincere.

Immediately afterwards, those warriors who were silent also knelt down and bowed to Xie Sulang.

There is less fear and more respect.

Some small children even worship Su Lang very much, thinking that being a martial artist should be so powerful and domineering.

"Everyone, please."

Su Lang smiled faintly, "I heard Chu Xiaobei say that you did not take care of her less before, and I also thank you very much."

After that, he also took out some cherished medicines and rewarded them to Mi Lai, Lai Bang and others.

Almost everyone who had cheered around Chu Xiaobei received a reward.

Holding the pill given by Su Lang, they were directly stunned. They were sacred pill and quasi elixir of perfect quality.

What they didn't know was that if their cultivation level were not too low, Su Lang would have rewarded them with elixir.

at the same time.

Mi Laoyu and others also drew a conclusion from Su Lang's words and actions.

That is, this mysterious adult has regarded Chu Xiaobei as his own person, that is to say, the two are very close, as if they are one body, that is, the relationship between the Taoist couple!

"With such a powerful Taoist guardian, Chu Xiaobei's cultivation path will be much safer."

When everyone thought about it like this, they suddenly felt that Chu Xiaobei's hope of becoming Emperor was much greater.

At this time.

Xuan Ao had already brought some confidants and came to Su Lang's side, obviously ready to go.

"I'm about to set off to clean up the Six Dao Immortals."

"You wait and practice in Xuanyu Fairy City, and don't worry about me and Xiaobei."

Su Lang left a word to stop the old woman Mi and others from wanting to follow.

Immediately after.

He took Chu Xiaobei, Xuan Ao and others to Shanhe City.

As the front line of Xuanyu Fairy City, Shanhe City has no direct teleportation formation on the surface, in order to prevent the enemy from attacking the hinterland through the teleportation formation.

Of course, there is of course a secret teleportation array.

This is also the reason Xuanhan Wuxian can run back from the outside so quickly against Su Lang.

Through a teleportation array, Su Lang and his party arrived at a mountain stream 10,000 miles away from Shanhe City.

In the narrow mountain stream, there is a huge cave made of Conferred God Stone, which can block and deceive the exploration of the gods.

The cave can accommodate tens of thousands of people, and at the same time, it is also the place where the secret teleportation array is located.

The light flashed, and Su Lang led Chu Xiaobei, Xuan Ao and dozens of others out of the teleportation formation, and saw a group of remnants and defeated generals.

There are more than 10,000 of them, most of them are of the level of the **** of war, and there are only about 20 of them, and the leader is a quasi immortal.

But no matter how high or low the cultivation level is, all of them are covered in injuries, obviously undergoing a hard fight.

Presumably, they are the warriors of the Xuanyu Immortal Clan who collapsed in Shanhe City, condensing and repairing again here.

Too.

The opponent is so strong, a group of defeated generals can't escape far, they can only hide.

Moreover, this group of people did not escape back to Xuanyu Immortal City through the teleportation formation. They were obviously not reconciled, and wanted to wait for reinforcements and counterattack back.

This group of people, like Xuanyue, is a tribe with a 'heart of seeking Tao'.

"Master Xuan Ao!"

A badly injured quasi immortal was crying and fell to his knees, "The villain lost the city of mountains and rivers, a capital crime, please be punished!"

"Yu Hu, the enemy is too strong. It's not a war, so excuse me!"

Xuan Ao waved his hand, and then quickly said, "Come and meet this Master Su and Chu Xiaobei!"

While talking, Xuan Ao also gave a demonstration and performed a very, very humble prayer to Su Lang.

When Yu Hu and the warriors under his command saw this scene, they were so surprised that their tongues were about to fall.

[Chapter 902: Sad Mountain River City](#)

"What is the identity of this lord, why does lord Xuan Ao kneel down and worship him?"

"Also, Chu Xiaobei, that is Chu Xiaobei, yes, I have seen the portrait, it is exactly the same! She is back!"

"The hope of Emperor Cheng, the hope of Emperor Cheng, why do you want to come back, why do you have to take risks yourself, come to this most dangerous place!?"

"Chu Xiaobei, there are unknown mysterious men, what are they doing here!?"

"..."

Everyone had different thoughts, but there was no negligence in the etiquette, and immediately followed Xuan Ao and bowed down to Su Lang.

"Get up, it's important to heal your injuries!"

"Take these pills and heal your injuries quickly. We will soon counterattack the Six Dao Immortals and retake Shanhe City!"

Su Lang asked everyone to get up, and gave a lot of the best healing pills.

"God, this is a quasi elixir!"

"Not only is the elixir of high grade, it is also a perfect quality pill!"

"What on earth does this mysterious lord come from? He can give so many cherished pills at his fingertips, just like spilling a handful of beans!"

"..."

Stormy waves rose in the hearts of everyone, only to feel that Su Lang's figure became taller and magnificent, and was shrouded in a layer of mist, unpredictable.

Immediately after.

Everyone took the pill, and the medicine was almost cured. The wounds healed quickly, and they couldn't help but rejoice.

"How is the situation in Shanhe City now?"

Su Lang looked at everyone and asked aloud.

"Yu Hu, come on."

Xuan Ao nodded to Yu Hu.

The battlefield situation is changing rapidly. Although he left Shanhe City and returned to Xuanyu Fairy City in a short time, no one can say whether Shanhe City has any new changes.

"Return your lord!"

Yu Hu was signaled by Xuan Ao and saluted Su Lang, "After Master Xuan Ao and Master Xuan Han left, the news was revealed, and the Six Dao Xian Clan attacked Shanhe City under the leadership of two Wuxians.

Shanhe City fell in an instant, and we were scattered everywhere. We were chased and killed by the six immortals. During the period, the enemy was chasing after us.

We tried to kill the spies before we got rid of the enemy and gathered here.

However, there are still surveillance methods of our Xuanyu Fairy Clan in Shanhe City.

Then, we witnessed the scene of the six immortal clan massacre!

In Mountain River City, all members of the Xuanyu Immortal Clan, as long as they were not from the Six Dao Immortal Clan, were killed.

A city with mountains and rivers, even if it was reduced to a frontline battlefield, and many people moved away, there were still millions of people!

But now, those millions of people have all been killed, all dead!

The blood flowed into small rivers and gathered into big lakes, flooding the entire mountain and river city!

The corpses were piled on the ground, forming a mountain in the city!

The city with beautiful mountains and rivers has become a city with corpses as mountains and blood as rivers! "

At this point, Yu Hu was already in tears.

But he didn't stop, wiped a tear, and continued: "We also discovered that after the fall of Shanhe City, another mysterious Seven Tribulations Wuxian came.

He discovered the surveillance methods we left behind and destroyed them. We are now blind and have no ability to spy on the outside world. "

Yu Hu's voice echoed in the silent cave.

One by one the defeated warriors gritted their teeth and bowed their heads, their eyes split.

With just a few words, Su Lang could feel the blood and horror of the massacre scene.

And the tyrannical, fierce and vicious faces of the Six Dao Immortals.

Su Lang took a deep breath. He killed a hundred thousand people himself, already thinking that he was cruel, but the Six Dao Immortals were truly cruel.

Millions of people were killed directly!

"Six Dao Immortals are as cruel."

"Since you are unkind, don't blame me for being unrighteous."

Su Lang's eyes flickered with cold light, sweeping across the crowd, "After a quarter of an hour, let's go. I want the people of the Six Dao Immortals to know what cruelty is!"

This statement came out.

The crowd was thunderous, their faces unbelievable.

Except for Xuan Ao, they didn't know the true identity of Su Lang, and only thought that he was a powerful martial immortal from the clan who invited him to help.

But in Shanhe City now, there are two Wuxians from the Six Dao Immortal Clan, and one mysterious Seven Tribulations.

Can only rely on them, the defeated generals, the Three Tribulations Martial Immortal Xuan Ao, and this mysterious lord, can counterattack Shanhe City?

This is impossible!

Unless, unless this mysterious adult is a powerful Martial Immortal of the Eight Tribulations, then he can counterattack.

but.

Everyone couldn't help taking a look at Su Lang, and found that he didn't look like the Eight Tribulations Martial Immortal.

[Chapter 903: Ridiculous, extremely ridiculous](#)

"My lord...just those of us, go to attack Shanhe City?"

Yu Hu rubbed his eyes and asked in disbelief.

"Hahahaha."

Su Lang laughed loudly, "To be precise, I went to attack Shanhe City by myself, so you should call Six Six Six."

"What is Six Six Six?"

Everyone looked dumbfounded, only Chu Xiaobei covered her mouth and chuckled. She knew about the ancient culture of the blue star of 'Sixty Six'.

"You just go to witness, Master Su will take care of everything!"

Xuan Ao Wuxian on the side solemnly said to everyone.

Seeing that their old bosses were so serious, the ideas of Yu Hu and others were immediately reversed.

"It seems that this mysterious lord is really a martial immortal of the Eight Tribulations, or even a more powerful martial immortal!"

"With the help of this Wuxian, we will be able to recapture Shanhe City. At this time, there are only six immortal people in Shanhe City, so we will kill them all!"

"..."

Everyone's eyes lit up, and everyone was excited.

As the defeated generals, they all took a breath, and they were about to spit out smoothly at this time, wouldn't they be excited?

"If you have no doubts, let's go!"

Seeing everyone rising to war, Su Lang smiled happily.

Next.

Leading by Xuan Ao and Yu Hu, Su Lang and his party flew out of the cave and headed for Shanhe City.

The crowd was large in number, and the momentum was not small, and soon attracted the attention of the Liudao Xianzu warriors.

First, a group of Six Dao Xian tribes who were searching for Yu Hu and others discovered the escape of Su Lang and his group.

"A lot of people, they all seem to be from the Xuanyu Immortal Clan!"

"There are at least tens of thousands of people, which is exactly the same as the number of the Xuanyu Immortal Clan who fled before!"

"I couldn't wait to find them, but at this time they ran out of their own accord. It really didn't take much effort to break through the iron shoes and find nowhere to look!"

"Quickly, send a message back to the city, telling Master Liuming that the little cubs of the Xuanyu Immortal Clan ran back to look for death!"

"..."

One by one, the excited Six Dao Immortal Clan warriors took out the jade card for communication and sent it to their boss.

Immediately after.

They also flew towards Shanhe City.

But before they could fly far, a terrifying mental power suddenly descended.

It turned out that Su Lang used a mental attack!

The terrifying mental power attack launched by the Wuxian's Sunshine Realm was simply not something those Wushengs could resist.

In just a moment, all the Six Dao Immortal Clan warriors within the range of Xuan Ao's spiritual power were all dead.

With this move alone, there were more than a dozen martial sages, and thousands of martial sages died in Su Lang's hands.

The Soul of Wusheng, the Soul of Valkyrie, the guide of space, and various materials suddenly entered Su Lang's storage space.

Xuan Ao originally wanted to do it, but seeing Su Lang did it, he held back.

at the same time.

Mountain River City.

The three Wuxians were sitting in the sky, holding a beautiful woman Wusheng, while admiring the blood-colored mountains and rivers at their feet, drinking small wine, wanton debauchery, so happy.

Two of them are the Liuming and Liuchang Wuxians of the Liudaoxian clan, both of them look like old men with the bones of immortal wind.

The two of them guarded a middle-aged man, who was the Wuxian of Seven Tribulations in the mouth of a tiger.

The Seven Tribulations Wuxian was named Jieming Wuxian, and he was a member of the hidden force under the Luoyou emperor clan, who specialized in dirty work.

Just when the three of them were eating, drinking and having fun.

The news that the Xuanyu fairy clan warrior had fled and returned reached their ears, causing a burst of laughter.

The female saints also agreed and laughed. For a while, the sky over Shanhe City was full of smiles.

"Hahahaha!"

"It's ridiculous, extremely ridiculous!"

Liuming Wuxian was full of sarcasm, "I never thought that the warriors of the Xuanyuxian clan would actually do stupid things like moths fighting the fire!"

"Yes."

Wuxian Liuchang shook his head contemptuously, "I originally planned to let them live for a while, but I didn't expect that, haha, I sent it to the door by myself!"

"Perhaps, did they come prepared?"

"Let me see what they are here!"

Jie Ming Wuxian smiled playfully, and thought in his heart: I'm afraid that Xuan Yue, the clan chief Xuan Yu, will be off in person. If this is the case, I will be very lucky.

[Chapter 904: Did it come to surrender?](#)

However, when Jie Ming Wuxian unfolded his mental power and saw the incoming person clearly, he was disappointed.

Because the people who came were only the defeated group of soldiers before!

In addition to these people, there is also a Three Tribulations Martial Immortal Xuan Ao, and there is also a young martial artist who seems to be at the quasi immortal level, but whose actual combat power is a little weird.

"Ok!?"

"There is also a female quasi fairy!"

"This woman is...Chu Xiaobei!"

Jie Ming Wuxian was taken aback for a moment, and then he showed ecstasy!

Liuming Wuxian and Liuchang Wuxian saw that Jieming Wuxian was so surprised, they couldn't help their expressions, and they started to look at them.

At this time Su Lang and others were very close to Shanhe City.

Wuxian Liuming and Wuxian Liuchang noticed Chu Xiaobei instantly!

"It's Chu Xiaobei!"

"Chu Xiaobei, the emperor of the Xuanyu Fairy Clan!"

"Didn't she escape? Why is she here!?"

Liuming Wuxian muttered, his face mixed with surprise and surprise.

"Their group did not have the strength to fight us, but they went and returned."

Wuxian Liuchang thought with his face: "Moreover, I also brought Chu Xiaobei with him. Could it be that he came to surrender!"

"It should be like this!"

"Xuanyu Immortal Clan has long been unable to withstand the pressure we exerted."

The surprise on Wuxian Liuming's face gradually disappeared, "surrendering at this time and offering Chu Xiaobei is their only choice for the whole world."

"But there is something wrong!"

"They came to surrender, why kill the warriors we sent out to hunt them!?"

Liuchang Wuxian frowned, "That's not less than a dozen martial sages and thousands of martial gods."

"huh huh huh huh!"

"In my opinion, they just want to mention conditions and strive for some benefits, so they pretend to be tough."

Jie Ming Wuxian sneered on the side, a look of contempt that had already seen everything.

"Haha, Master Jieming can see it clearly!"

"This group of remnants must have such thoughts!"

Liuming Wuxian sneered, "But they think that pretending to be tough can cover up their weakness and weakness?"

"Hehe."

"This group of people are already on the fish, we are knives, we can cut how we want."

Wuxian Liuchang was also full of disdain, "It's ridiculous to pretend to be tough, hahahaha."

"Stop talking for now."

"Go, we will meet these fish and meat, and then think about **** them."

Jie Ming Wuxian waved his big hand, and didn't let go of the female saint in his arms, so he hugged the female saint and flew towards Su Lang and the others.

Liuming Wuxian and Liuchang Wuxian followed suit, holding a woman and closely behind Wuxian Jieming.

Behind them, a whole hundred more martial sages rose into the sky and followed.

When these martial sages heard the discussion of the three martial immortals, they naturally thought that Su Lang and others had come to surrender, and all of them looked relaxed, with a hint of sarcasm.

Not long.

The three martial gods of Jieming, Liuming, and Liuchang, and a hundred or so Wushengs stood on the edge of the mountain river city.

Across the newly established city guard formation, you can see that Su Lang and more than 10,000 people are not far away, and they can see their figure clearly with the naked eye.

"Turn off the formation."

"To deal with a bunch of trash, what are you doing with the formation?"

Jie Ming looked around the formation, waved his hand, and ordered it to be turned off.

Some martial sages suddenly laughed and turned off the formation.

Such a move shows how contemptuous it is for Su Lang and others.

at the same time.

The other side.

Su Lang, Chu Xiaobei, and Xuan Ao Wuxian's 10,000 people all stopped to escape.

"What are these people going to do?"

Xuan Ao Wuxian was a little puzzled, "You turned off the formation directly?"

"Ha ha."

"They look down on us!"

There was a sneer at the corner of Su Lang's mouth, "Even looking at their relaxed and smiling expressions, it is not difficult to guess that they think we are here to surrender."

"surrender!?"

"It's so ridiculous."

Chu Xiaobei snorted arrogantly, "We must kill her crying father and mother later, let them see if we are here to surrender!"

"It's more than crying father and mother who killed him."

"I said before, we will kill the city!"

Su Lang showed murderous intent, "Go, let's go up and see these idiots."

[Chapter 905: You can fan open with a wave](#)

Soon.

Su Lang took the lead and flew forward.

Chu Xiaobei clung to Su Lang's side, and Xuan Ao and others followed.

Not long.

Ten thousand people like Su Lang are within easy reach of Shanhe City.

Both sides can clearly see each other's beard, hair and look with bare eyes.

Jie Ming Wuxian and the others discovered that Su Lang and his party were not led by Xuan'ao Wuxian, but by the somewhat weird quasi-xian, and they were suddenly a little surprised.

"Xuan Ao child."

"Are you so timid?"

"Even though he pushed a quasi immortal out to take the lead, but he hides behind him, are you trying to laugh at me!"

Liuming Wuxian pointed at Xuan'ao Wuxian, mocking and laughing wildly.

Hundreds of martial sages behind him also agreed with laughter, and for a while, the world was full of disdainful voices.

"Liu Ming old chopsticks."

"You Six Dao Immortal Clan are bullying and cruel, and my Profound Jade Immortal Clan specially invites Master Su to take action. Today is your death date!"

Xuan Ao Wuxian sneered, "It's ridiculous that you still don't know it when you die, and you dare to open the defensive formation. It's ridiculous."

This statement came out.

Jie Ming, Liu Ming, Liu Chang Wuxian and the hundreds of Wu Sages suddenly looked stagnant.

Aren't these people here to surrender! ?

How could you say such a thing?

"Xuan Ao child!"

"I thought you were a little self-aware."

"The reason why I came back is to offer Chu Xiaobei and make peace with the Six Dao Immortals."

"But now it seems that you want to hit the stone with the pebbles and use the mantle arm as a car!"

"Don't you really know how to write dead words? Do you want me to teach you?"

Liuming Wuxian raised his chin, facing Su Lang and the others with his nostrils, his face was sneered.

"Not bad."

"Xuan Ao child."

"The Lord Su in your mouth is just a quasi immortal."

"At most, he can also be used as a weak Wuxian. With such waste, he wants to kill us. It's a horrible thing in the world!"

"Xuan'ao child, I wonder if you were deceived by this trash quasi immortal. Would you like me to help you to expose him as a liar?"

Liuchang Wuxian was also mocking, shaking his head constantly, looking at Su Lang and others as if he was looking at a fool.

"You are waste, your whole family is waste!"

Chu Xiaobei stared at Liuming three men viciously. These people dared to slander Su Lang, she was very angry!

"Not bad."

"You violent people are just ants in front of Master Su."

"It's ridiculous that you dare to speak up in front of Master Su, and watch, you will die miserably!"

Xuan Ao Wuxian sneered, he seemed to have seen the tragic death of Liuming Wuxian and others.

Su Lang is still merciless to the internal enemies of Xuan Han and other Xuanyu Immortal Clan, and he will definitely be more cruel to the people of the Six Dao Immortal Clan!

"Without further ado."

"I don't care if you are crazy or stupid."

"Since you are automatically sent to me, I will accept your life, and I will accept Chu Xiaobei too!"

"It's a pity that Chu Xiaobei was the one named by Lord Luoyou, otherwise I would have to see if she tastes better than other women, hehe!"

A wretched smile appeared on Wuxian Jieming's face, and then he grabbed it with a big hand, and the world suddenly changed color!

I saw countless black clouds condensed above the mountain and river city, and thunder and electricity flowed in the lingering clouds, just like fierce wild beasts.

next moment.

Countless lightning strikes instantly, covering everyone on Su Lang's side.

"The power of the Seven Tribulations Martial Immortal!"

Xuan Ao Wuxian looked up at the sky, his face pale.

He is only the Martial Immortal of the Three Tribulations, and under the rules of thunder cast by the Martial Immortal of the Seven Tribulations, he can't afford a trace of resistance at all.

Even the Wuxian Xuan Ao was so afraid, and the 10,000 people including Yu Hu under his command were trembling with fear.

However, out of trust in Su Lang, they still stood up straight and faced the terrifying lightning strike.

"Hahahaha."

"Are you trying to shock us to death with a fart?"

Su Lang, who had been laughing and not speaking, finally laughed and laughed at the rule of thunder cast by Wuxian Jieming as a fart.

But in fact.

For Su Lang, the trick of Jie Ming Wuxian was really no different from the power of a fart.

Anyway, it can be opened with a wave of hands.

[Chapter 906: Don't be whimsical](#)

But Su Lang didn't bother to fan the fart himself.

"Calabash baby, come on!"

With a thought on his mind, the Slaughter Sky Sword Sheath rose into the sky and broke into the sky.
next moment.

Qi Ling Gourd Baby controls the scabbard to eject dozens of terrifying sword auras.

These sword auras are at least the power of the Nine Tribulations Martial Immortal, immediately like blazing sunlight, directly dispelling all cloud auras.

Those thunder and lightning were also cut off and wiped out like earthworms, which was simply vulnerable.

In an instant.

This piece of heaven and earth shrouded in black clouds changed once again, the sky is cloudless, and the light shines on the earth!

Such a scene.

Suddenly stunned everyone.

"As expected of Master Su!"

"This trick 'Calabash Baby' is so powerful, it defeated the Seven Tribulations Martial Immortal's attack all at once!"

"Hahaha, I already knew that Master Su is very powerful, what Seven Tribulations Martial Immortal is just a shit!"

"..."

Yu Hu and others showed excitement and couldn't help talking.

at the same time.

Jieming, Liuming Wuxian and Liuchang Wuxian were directly dumbfounded.

"This is...quasi...quasi emperor soldier!"

"How could it be possible that the quasi-emperor soldiers must at least be owned by the quasi-emperor!"

"Who is this Master Su, what is his background, and why can he be in charge of the quasi emperor's army in the realm of quasi immortality!?"

Jie Ming Wuxian stared at the horrible scabbard with his mouth stunned, the stormy sea in his heart was about to break his heart! .

"Quasi Emperor Soldier!"

"This quasi immortal actually has quasi emperor soldiers!"

"A quasi-emperor soldier is equivalent to a quasi-emperor!"

"No wonder, no wonder they dared to go and return, it turns out that they really found their support!"

Liuming Wuxian and Liuchang Wuxian looked at each other, their eyes and faces were full of horror.

The female sage in their arms, and the hundreds of martial sages behind them, have long lost their laughter and laughter, each of them frightened to death!

"Who is the chicken egg, who is the rock?"

"Who is the praying mantis and who is the chariot?"

"Who is the fish, who is the sword?"

When Jie Ming and others were frightened, Su Lang walked through the air step by step, asking rhetorically every word.

The ridicule and mockery immediately caused Jieming and others to be extremely ashamed.

But they dare not refute it at all.

And the only option is

--escape!

"go!"

Jie Ming Wuxian shouted, suddenly a burst of light burst out of his body.

That was a sign that the portable teleportation array had been activated. In the blink of an eye, Jieming Wuxian could escape the danger.

but.

Will Su Lang give him this blink of an eye?

of course not!

"Want to escape?"

"Don't be whimsical."

While Su Lang sneered, the rules of space had already imprisoned the entire city!

Not only that, there are also a large number of formations appearing out of thin air, covering the entire mountain and river city into a dead prison!

"Space rules!?"

"Suddenly rising formation!?"

"How is this possible! Impossible, this is a nightmare!"

Seeing the light of the teleportation array on his body stopped abruptly, Jie Ming Wuxian was shocked!

The Liuming Wuxian and Liuchang Wuxian around him have become even more arrogant and helpless.

Those martial sages were so scared that their legs became weak and they were urinating!

At the first thought of Su Lang, they couldn't escape and became a turtle in the urn!

"It's over, we can't escape!"

"What to do, what to do, he has quasi-imperial soldiers, we cannot escape!"

"Surrender, only surrender can survive!"

"..."

Each Wu Sheng talked in a panic, and the idea of surrender gradually spread.

Compared to the warriors of the Xuanyu Immortal Clan, these Six Dao Immortal Clan's warriors are really unscrupulous.

The knife hadn't been cut on the body, just closed it, thinking of surrendering.

"Humph!"

"Those who dare to surrender, die!"

Jie Ming Wuxian was about to kneel down when he saw those cartilage heads, and he was furious and wanted to kill them himself.

"My prey, can you move it?"

The corner of Su Lang's mouth twitched, and a formation appeared out of thin air, completely confining Jie Ming Wuxian.

Those martial sages represent the souls of martial sages and the lead of space, and they can't bear to be killed by other people.

[Chapter 907: You can go and die](#)

"You...sir, who the **** are you!"

Jie Ming Wuxian was anxious, but not desperate, because he had a backstage.

"Who am I, you are not qualified to know."

Su Lang looked down at Jie Ming Wuxian disdainfully.

"You, don't be too arrogant!"

"I am under the command of Emperor Luo Youwu, and I work for Emperor Luo Youwu!"

"If you kill me, you will offend Emperor Luo Youwu!"

Jieming Wuxian moved out of his backstage and gradually calmed down.

In his opinion.

Even Su Lang came from an imperial clan, and he would stop immediately after knowing his identity.

After all, there are only twenty-nine Emperor Wu of Canglan Continent.

Everyone does not see what they see when they look down, so there is no conflict easily.

Each step back and peace is the best choice.

unfortunately.

Jie Ming Wuxian was very wrong.

Su Lang was determined to kill Emperor Luo Youwu, how could he be afraid of offending Emperor Luo Youwu?

"Emperor Luo Youwu is a fart."

"In a few days, I will chop off his head and kick it."

Su Lang sneered disdainfully, his gaze at Jie Ming grew colder.

"Wh...what!?"

"You dare to insult a Martial Emperor!"

"You still want to kill Emperor Wu and kick the head of Emperor Wu as a ball. You lunatic, you are dead!"

Jie Ming Wuxian was stunned by Su Lang's words, and finally became flustered again with his calm emotions.

Liuming Wuxian and others, even those on Xuan Ao's side, thought that their ears were broken, and auditory hallucinations appeared.

Tianle!

Cut off Emperor Wu's head to kick the ball?

How arrogant and bold this is!

"Hehe, isn't he just a Wudi?"

"What's wrong with Emperor Wu, Emperor Wu can't kill him? A joke!"

Su Lang shook his head contemptuously, "Stop talking nonsense with you, now, answer my question."

"What...what's the problem?"

Liuming Wuxian tremblingly asked.

In his opinion, if Su Lang offended Emperor Luo Youwu, he would definitely end up miserably, but no matter how miserable it is, it will be afterwards.

The top priority now is to save lives!

And Su Lang wants to ask them questions, and this may contain the hope of survival!

"Who is the chicken egg, who is the rock?"

"Who is the praying mantis and who is the chariot?"

Su Lang looked around at the crowd and asked faintly, "Who is the fish, and who is the sword?"

"I, I am a chicken egg! I am a mantis, I am a fish!"

"Master Su is a rock, Master Su is a chariot, Master Su is a sword!"

"When I offend Master Su, I don't know how to live or die, and I beg Master Su for mercy and go around us!"

Wuxian Liuchang hurriedly answered Su Lang's question, and begged for mercy by the way.

Jie Ming Wuxian said before that those who arbitrarily surrendered were dead, but at this time even the Wuxian of the Six Dao Immortal Clan begged for mercy, and his face was suddenly blue and red.

"Hahahaha!"

Su Lang got the answer from Liuchang Wuxian and couldn't help but laugh up to the sky.

"Haha, haha, ahaha!"

Wuxian Liuchang agreed and laughed, and Wuxian Liuming and others also laughed, their faces full of flattering.

Xuan Ao and the others also thought about whether to agree with Master Su Lang and laugh together.

But at this moment.

Su Lang suddenly looked cold: "You dare to call me a stone, a car, a kitchen knife, and you think you got the answer right. It's ridiculous."

"what!?"

The laughter of Wuxian Liuchang and others stopped abruptly, their faces full of daze.

If you don't answer that way, how should you answer?

Liuchang Wuxian was not stupid, so he immediately changed his mind and said, "Master Su is as high as the sky and as wide as the earth. You should compare it to the universe of the sun and the moon..."

"The answer was not satisfactory."

Su Lang smiled non-committal.

Seeing this, Wuxian Liuchang immediately strengthened his skills and slapped Su Lang's flattery.

Unexpectedly.

"No matter how good the answer is, it's no use."

Su Lang was full of playfulness, "I just want to see how respectful you are, and play with you. Now, you can go and die."

As soon as the voice fell, the power of the rules fell on Liuchang Wuxian.

"no no!"

"Master Su, don't kill me!"

"I am willing to serve as a slave, and give everything, ah, no!"

Wuxian Liuchang screamed, and then found that he was not dead, he couldn't help but feel happy.

But then, the intense pain made him want to die!

Especially when the soul was tortured by the rules of spirit, yin and yang, Liuchang Wuxian almost wished that he was never born.

[Chapter 908: Haha, as you wish](#)

In the field.

Su Lang tortured Liuchang Wuxian in full view.

Including Liuming Wuxian, the warriors of the Liudaoxian tribe were trembling with fright and stood upside down.

Even Jieming Wuxian is like falling into an ice cave, cold all over.

Because he suddenly discovered that Su Lang not only mastered the rules of space, but also mastered the mysterious rules of the five elements, life and death, yin and yang, and spirit.

Let alone the quasi immortal, even the quasi emperor is unlikely to master so many mysterious special rules at the same time!

"This person keeps saying that he wants to kill Emperor Wu."

"It can display so many rules."

"Could it be...could it be that he is not a martial emperor!!"

Thinking of this, Jie Ming Wuxian's line of defense suddenly collapsed!

He felt unprecedented fear and despair. He began to tremble and began to want to ask for mercy.

And at this moment.

Su Lang walked in front of Wuxian Liuming.

"Big...sir!"

Liuming Wuxian plopped and knelt in front of Su Lang, but could not speak.

"I also ask you a question."

Su Lang raised his mouth slightly and asked with a smile, "Do you know how the dead word is written?"

How is the dead word written?

This question is exactly what Liuming Wuxian said when he mocked Su Lang and others.

"I, I know!"

"It's written this way, it's written this way!"

Wuxian Liuming hurriedly carved out the word 'death' on the ground with trembling fingers.

He first deliberately wrote the words of the Xuanyuxian clan, and then wrote the words of the great emperors.

Finally, he wrote all the dead words he knew, and thousands of different dead words were written on the ground.

It can be seen that Liuming Wuxian's desire to survive is very strong.

but.

"Hahahaha."

"Sorry, you are all wrong."

"Dead words, that's how it is written!"

Su Lang showed a playful and icy smile, and pointed at Wuxian Liuming.

next moment.

"what--!!"

Liuming Wuxian screamed and fell softly to the ground.

Countless rules of power were also shrouded in his body, and the intense pain made him doubt life.

At the same time, he also understood that his tragic end was the word 'death' in Su Lang's mouth!

"It's your turn."

Su Lang came to Jieming Wuxian with a deep sneer on his face.

"If you want to kill, you have to pluck, just listen to it!"

Jie Ming Wuxian's legs were weak, and in the weakest tone, he said this very hard sentence.

He could see that Liu Ming and Liu Chang Wuxian suffered more than just ordinary punishments!

He just imagined the pain that went deep into his soul, and he couldn't help shaking.

"Haha, as you wish."

Su Lang shrugged his shoulders with a smile, and immediately displayed a lot of power of rules, and began to torment Jie Ming Wuxian!

"Ah!"

Jie Ming Wuxian screamed soaring to the sky, scaring the animals and beasts tens of thousands of miles away from Shanhe City to tremble.

In the city, the warriors of the Six Dao Immortal Clan looked at the three martial immortals who had been punished, all of them looked blank and their brains were blank.

That's a superior Wuxian who dominates countless creatures.

But at this time they are like weak ordinary old men, unable to fight back, they are tortured with tears and feces!

Immediately after.

Su Lang's gaze fell on these Six Dao Immortal Clan warriors again.

He had said before, to slaughter the warriors of these six immortal races!

"You can't go to death easily."

"Then let you become a hot oil fire for cooking Zhiji Ming, Liuming and Liuchang!"

Su Lang looked indifferent, and his words were like a cold wind blowing in the abyss.

next moment.

The hundreds of martial sages, including the city head, and the tens of thousands of elites of the Six Dao Immortal Races in the city, were all wrapped up by the power of Su Lang's rules.

In addition to the power of various torturing rules, there are also rules of life that extract their breath of life to make up for the three of Jieming, Liuming and Liuchang, so that these three will not easily die.

Suddenly.

The whole mountain and river city was full of screams of despair.

This scene made the warriors of the Xuanyu Fairy Clan look very happy!

The three old Wuxian men are the chief culprits who have slaughtered millions of people in Shanhe City!

Those tens of thousands of warriors slaughtered Shanhe City's minions and weapons!

At this moment, they finally got the severe punishment they deserved!

"Okay, great!"

"Hahahaha, just can't let them die too happy!"

"The Xuanyu people who died in Shanhe City, have you seen it? The murderer who killed you has been punished!"

"It was Master Su who avenged us. I should pay tribute to Master Su, and remember this grace forever!"

"..."

One by one, the warriors of the Xuanyu Immortal Clan bowed down to Su Lang and kept kowtow.

"Get up all."

"This is just the beginning!"

Su Lang looked at the direction of the Six Dao Immortal Clan, with a charming smile at the corner of his mouth.

[Chapter 909: A gift for the next city](#)

Time passed quickly.

Soon, the ordinary warriors of the Six Dao Immortal Clan were drained of their breath and fell to the ground one by one.

But the three of Jieming Wuxian, Liuming Wuxian and Liuchang Wuxian are still alive and well, screaming Jiang Tianchang!

The whole mountain and river city was about to be shaken by the cry of these three Wuxians!

This short time.

The pain they tasted is more and deeper than all the pain in their millions of years of life combined!

Su Lang did not have the idea of slaughtering them directly.

Just like this, accompanied the martial artists of the Xuanyu Immortal Clan, quietly watching the three sinful martial arts howling.

At the same time, watching them scream, it is estimated that there are still millions of Shanhe City residents who were massacred.

Over time.

Ji Ming Wuxian and the other three were not able to get supplemented by the breath of life. Under the power of Su Lang's rules, their injuries gradually worsened, and their crying became weaker.

I don't know what moment it is.

Wuxian Liuchang, the weakest, burped first.

Immediately there is Liuming Wuxian, followed by Jieming Wuxian.

System prompts came one after another, which meant that these three people were completely dead, without any suspicion of escape and hope of resurrection.

Looking at the dead Wuxian and warriors of the Six Dao Immortal Clan.

Xuan'ao Wuxian and other Xuanyuxian warriors are sad and happy.

I am pleased that the culprit has been put down, and the Six Dao Immortal Clan has also lost two powerful martial immortals, which is regarded as a serious injury.

The sad thing is that people are already dead, and the Xuanyu people who died in Shanhe City can no longer survive.

"Xuan Ao."

Su Lang faintly called.

"Master Su!"

Xuan Ao quickly ran to Su Lang's face.

"You left some people to bury the warriors of Shanhe City."

"The corpses of the Six Dao Xian Clan warriors, all beheaded, and the heads are handed over to me."

"Next, we are going to recover all the cities that were captured by the Six Dao Immortal Clan, and in turn capture all their territories!"

Su Lang gave the order in a relaxed tone, as if what he said was just a trivial matter.

"Yes, my lord!"

Xuan Ao Wuxian took the lead.

Then immediately led thousands of Xuan Yuxian martial artists to execute Su Lang's orders.

Su Lang accompanied Chu Xiaobei to talk.

Not long.

Xuan Ao Wuxian and the others took care of everything.

I have to say that the efficiency of the warrior is really too fast.

"Are all the heads in here?"

Su Lang took the ring that Wuxian Xuan'ao handed over, and took a look. It was filled with the hideous heads of the Six Dao Immortal Clan warriors, tens of thousands.

And these people are all pioneer warriors of the Six Dao Immortal Clan, all of them are elites, at least at the level of the **** of war.

"This is the gift I want to give to the next city."

"It is given to the city that originally belonged to the Xuanyu Immortal Clan, to comfort the warriors of the Xuanyu Xian Clan who died in battle, and also to the Six Dao Immortal Clan warriors who guarded the city."

Su Lang whispered, and immediately waved his big hand, leading Chu Xiaobei, Xuan Ao Wuxian and others to the next city.

Shanhe City only left a part of the Valkyrie, responsible for cleaning up the city and other chores.

Anyway, there is a formation left by Su Lang, so there is no need to worry about their safety.

The team of Su Lang and others shrank to thousands.

After obtaining the space coordinates of the next city from Wuxian Xuan'ao, Su Lang directly used the space rules to send everyone there.

Xuan Ao and others admired this trick.

A city named Xuanzhou appeared in front of Su Lang and the others.

The warriors of the Xuanyu Fairy Clan in this city were not slaughtered, but those who had not had time to escape were all turned into slaves and received inhuman treatment.

Many men of the Xuanyuxian tribe were casted and used control methods to make them worse off than pigs and dogs.

Women are even more miserable...

Seeing this scene through the formation, Su Lang did not hesitate at all and chose to do it directly.

"dark!"

With a thought, dark rules shrouded.

The entire Profound Ark City suddenly changed colors, turning dark and invisible!

The warriors in the city were shocked and panicked.

But those warriors of the Xuanyu immortal clan who had suffered so quickly came back to their senses with surprises on their faces.

[Chapter 910: Really reckless](#)

"It must be the power of the clan to rescue us!"

"Great, great, we are going to be saved, Xuanzhou is going to return to the embrace of the Xuanyu Immortal Clan!"

"Hahaha, I'm so happy!"

"..."

This terrifying darkness, on the contrary, brought hope to the warriors of the Xuanyu Immortal Clan.
at the same time.

The warriors of the Six Dao Immortal Clan were terrified.

Because they know that it is Wuxian who can use such horror rules!

"A Wuxian attacked our Xuanzhou City!?"

"How is it possible? There is still Mountain and River City ahead, as well as Master Liuming and Master Liuchang!"

"Could Shanhe City have been beaten back by the warriors of the Xuanyu Fairy Clan?"

"Impossible, how many kilograms of Xuanyu Immortal Clan, we don't know yet?"

"Yes, not to mention that we still have an adult from the Emperor Clan to help!"

"But, this, this, what's going on?"

"Maybe it's not from the Xuanyu Fairy Clan, there is a misunderstanding in this!"

"..."

The high-level warriors of the Liudaoxian clan stationed in Xuanzhou City were frightened and talked.

But at this moment!

Wow!

Countless heads fell from the sky and scattered all over Profound Ark City.

These heads all carry the racial characteristics of the Six Dao Immortal Clan, and they are obviously all heads of the Six Dao Immortal Clan warriors.

"It's a warrior in our clan!"

"Oh my god, aren't they the warriors who attacked Shanhe City!?"

"This head, this head belongs to Master Liuming, Master Liuming died in battle, how could it be possible!?"

"Not only Master Liuming, but Master Liuchang, and Master Jiming from the emperor!"

"Just received the news, all the warriors who went to Shanhe City could not be reached 1"

"All dead, all dead! From bottom to top, all the warriors who attacked Shanhe City are dead!"

"Report! A slave from the Xuanyu Immortal Clan in the city took the opportunity to make trouble!"

"..."

The warriors of the Six Dao Immortal Clan in Xuanzhou City have thoroughly recognized the facts.

The city of mountains and rivers has been broken, and the three martial arts of Liu Ming, Liu Chang and Jie Ming have all died!

It was the terrifying enemy who killed the three martial immortals who used the methods to cover the entire Profound Ark City!

Aware of the identity and horror of Su Lang and others, the warriors of the Six Dao Immortal Clan guarding Xuanzhou City were all desperate.

Even the mountain and river city guarded by three Wuxians was destroyed.

What's more, their city is not guarded by Wuxian?

"surrender!"

"Up until now, I can only surrender!"

The matter of the Six Dao Immortal Clan in Xuanzhou City made a decision.

then.

Su Lang only used the dark rules, dropped his head, and before he could kill, all the six immortal warriors in Xuanzhou City took to the street, knelt on the ground, and descended!

Su Lang was not surprised at this scene either.

The six immortals bullied the soft and feared the hard, even Wuxian knelt to beg for mercy, let alone these little martial sages?

"My lord of the Xuanyu Fairy Clan, I am waiting to come down!"

The words of the Six Dao Immortal Clan warriors crouched in front of Su Lang, trembling, not even daring to lift their heads.

"Ha ha."

"Did I say that I would accept your surrender?"

Su Lang looked down at the martial sage of the Six Dao Immortal Clan, and a sneer spread throughout the city, "What I want to do is to kill you all!"

"Big...sir!"

This person mustered up the courage to raise his head, "There are still a large number of warriors of the Xuanyu Immortal Clan in the city, and we are willing to change their lives, otherwise they will undoubtedly die!"

This is to treat those Xuanyu immortal warriors in the city as hostages.

"Play tricks in front of me?"

Su Lang sneered coldly, "It's really reckless!"

He used the dark rules, but he was not aimless!

next moment.

Enveloping the whole city, the dark rules that are ready to take off seem to have come alive, directly killing all the Six Dao Immortal Clan warriors.

The Six Dao Xian Clan warriors kneeling in front of Su Lang were slumped to the ground, shivering, trembling all over, and they didn't even have the strength to speak.

"Xuan Ao."

"Leave some people to rescue the Xuanyu fairy clan warriors in the city, and temporarily take them back to Xuanyu Xiancheng to avoid accidents."

Su Lang ordered, "Then cut off the heads of all Six Dao Immortal Clan warriors and go to the next city!"

"Yes!"

Xuan Ao bowed in excitement, and then first chopped off the Liu Dao Xian clan who was limp on the ground.
