

One Click 911

[Chapter 911: Recover a city in ten minutes](#)

Immediately after.

Xuan Ao took people everywhere to save people and beheaded.

It didn't take long for the entire Profound Ark City to be handled properly.

Each of the rescued Xuanyu immortal warriors knelt at Su Lang's feet, grateful, and willing to give their lives to repay Su Lang's kindness.

"Haha, it will be useful to you in the future."

Su Lang laughed loudly, dropped a word, and left Xuanzhou City with Chu Xiaobei, Xuan Ao and others.

Using the same rules of space, everyone directly arrived at the next city.

There was no accident. The city was still vulnerable. The six immortal warriors in it were all killed, and all the Xuanyu immortal warriors were rescued.

Su Lang harvested the heads of a group of six immortal warriors and continued to the next city.

Xuan Ao followed Su Lang, horrified and enthusiastic.

He participated in the war between Xuanyu Xian Clan and Liu Dao Xian Clan from beginning to end.

Even if the Six Dao Immortal Clan had a fierce offensive with the help of the Luo You Emperor Clan, they could conquer a city in a day at most.

And now.

Under Su Lang's leadership, their Profound Jade Fairy Clan was regaining their homeland at the speed of ten minutes per city!

This is something they couldn't even think of before!

time flies.

In a blink of an eye, night fell.

Ten hours have passed since the killing of Jieming and others in Shanhe City.

During these ten hours, Su Lang led Chu Xiaobei, Xuan Ao, and others to regain all the homeland occupied by the Six Dao Immortals.

At the same time, more than one hundred cities were recovered, and more than three million warriors of the Six Dao Immortal Clan were killed!

If the Six Dao Immortal Clan hadn't left too many warriors in the city that originally belonged to the Xuanyu Immortal Clan, the number of deaths might have exceeded 10 million!

But Su Lang did not kill the innocent indiscriminately.

Xuan Ao, as a martial immortal, resisted the Six Dao Immortals from beginning to end, clearly remembering which warriors were involved in the war.

All of these warriors who participated in the war were contaminated with the blood of the Xuanyuxian clan, and they all died.

And Su Lang also has rules such as spirit, yin and yang, and it is easy to discern who is truly kind.

For those who are innocent and have no resentment, Su Lang directly let go.

This was an extremely benevolent manifestation in the race battle on the Canglan Continent.

In half of the cases, race battles are the result of the complete destruction of the race on which side.

The defeated race basically means death!

At this moment.

Su Lang took Xuan Ao, Chu Xiaobei, and Yu Hu and a few other martial sages, hovering over a giant city.

This huge city is a border town belonging to the Liudaoxian clan.

And this land is also the real border between the Xuanyu Immortal Clan and the Liudaoxian Clan.

The giant city is called Tangshan, which is similar to the Red Maple City and Dongfang City where Su Lang once stayed on Blue Star.

Surrounded by the mountains, the city has a huge barrier, engraved with countless formations, it can be said that it is armed to the teeth.

Su Lang could clearly see that the formation on the barrier of Winding Mountain City had reached the level of the Nine Tribulations.

In addition, there are a total of six powerful martial immortals in the city, as well as a Nine Tribulations martial immortal with a reduced aura!

obviously.

In the ten hours since Su Lang regained the homeland of the Xuanyu Immortal Clan, the Six Dao Immortal Clan had already reacted.

Their own power is similar to that of the Xuanyu Immortal Clan, and they consciously cannot withstand Su Lang's attack, so they invited people from the Luoyou Emperor Clan to take action.

That Nine Tribulations Martial Immortal, and the additional Martial Immortal, were the warriors sent by the Luoyou Emperor!

"Hiding in the dark, do you want to attack me?"

"Unfortunately, whether it is the formation or the Nine Tribulations Martial Immortal, they are all scum in front of me!"

Su Lang smiled coldly, waved his big hand, and millions of people's heads fell like raindrops to the outside of Chaoshan City!

The whole land was instantly filled with the breath of death and blood!

"Vertical!!!"

In Winding Mountain City, six martial immortals are gathering together, and three of them are extremely angry, almost making smoke.

These three Wuxians are the patriarch and two elders of the Liudaoxian clan.

Among them, the patriarch of the Liudaoxian clan is known as the 'Liubei Wuxian', which means sheltering Liufang, and the remaining two are Liuyuan Wuxian and Liuzhi Wuxian.

There are three others, like Wuxian Jieming, who specialize in dirty work for the Luoyou Emperor.

They are not affiliated with the Luoyou Emperor Clan, or they do not belong to the surface.

[Chapter 912: Where did the dog come from](#)

"Liu Dao Patriarch, don't worry."

"After I kill this arrogant person, I can kill the Xuanyu Immortal Clan!"

"At that time, the Six Dao patriarchs can kill as many people from the Xuanyu Immortal clan as they wish!"

An Eight Tribulations Martial Immortal had a relaxed expression and spoke slowly.

This Eight Tribulations Martial Immortal was slightly fat, wearing a gray shirt, with two upper front teeth raised high, covering his lower lip.

It looks a lot like the groundhog on the blue star in Su Lang's previous life.

It's the kind that yells from the side of the road.

"Master Laya is right!"

"With an adult, today is the death date of that doggie!"

"At that time, we must slaughter the Xuanyu Fairy Clan from top to bottom, not to mention human beings, the weakest spirit beasts will kill and eat meat!"

Wuxian Liupi twisted his face and said with a grim expression.

"Don't kill them first."

Wuxian Liuyuan showed a wretched face, "I want to arrest all the young women of the Xuanyuxian clan, hehehehe!"

"No."

"We must kill all, weeds and roots!"

Wuxian Liuzhi said, "Otherwise, leaving a mixed race will be a big trouble."

"Not bad."

"If you want to kill, kill it clean."

"You want a woman? Liuyuan Wuxian, you have so many people from the Six Dao Immortal Clan, is it not enough for you to play?"

Another Seven Tribulation Martial Immortal said with a lot of fun.

Next to him was a Seven Tribulations Martial Immortal, who also agreed with a smile and nodded.

In short, it can be seen from the discussion of these six Wuxians that they are very relaxed and did not put Su Lang in their eyes at all!

In fact, based on the information they received about Su Lang, as well as their own strength, and the secret emperor, their attitude was quite normal.

Unfortunately, they didn't know that Su Lang possessed the emperor-level means, and even teased two quasi-emperors to the point of collapse.

In other words, the two unlucky children of Li Feilou and Xiao Lutian are miserable enough, and they seem to be facing great danger now...

Closer to home.

After Su Lang dropped the heads of millions of Six Dao Immortal Clan warriors, he took out the Slaughter Sky Sword and handed it to Chu Xiaobei.

"Calabash Baby, protect Beckham, know not!"

Su Lang warned with a serious face that the other party had a quasi emperor, and he didn't want Chu Xiaobei and others to be affected.

"Master Langdi, don't worry!"

"I have bred ten sword auras that are infinitely close to Emperor Wu. Keeping them can protect Master Xiaobei!"

The Spirit of Slaughter Sky Sword Sheath answered very seriously, and it had no choice but to accept the ghost name Calabash Baby.

"Oh."

"By the way, protect Xuan Ao and the others."

Su Lang smiled faintly, and then turned around and flew towards Winding Mountain City.

boom! !

The majestic momentum descended on the mountain city, and there was a huge pressure in the world. however.

Liupi Wuxian and the others were indeed shocked.

"Five...Five Tribulations Martial Immortal?"

"He turned out to be just a Five Tribulations Martial Immortal?"

"Impossible, if it is the Wuxian of the Five Tribulations, how could he kill the three of Wuxian Jieming?"

"I guess I want to confuse us, but such a trick is really ridiculous!

It's like a very weak beast disguised as a weaker beast, trying to count us, hahahaha! "

"Yes, although he can kill Jieming and the others, in my eyes, he is just a beast that lives and lives."

Take a look at me and others, look at me, and they all showed amused expressions.

Immediately after.

Six Wuxians flew together, came to the outside of Chaoshan City, and stood opposite Su Lang.

"Small offal."

"I don't care what your background is, if you dare to kill me from the Six Dao Immortals, then you have to pay the price!"

"I will use the most cruel punishment to torture you, so that you will never want to live forever, and death is better than life!"

"..."

The patriarch of the Liudao, that is, Wuxian Liupi, stared at Su Lang with a look of resentment.

Although he thought that Su Lang would die, but when he thought of the dead Liuming and Liuchang, as well as the millions of people on the ground, Liupi Wuxian hated to go crazy!

"Oooooo."

Su Lang looked at Wuxian Liupi with disdain, "Where did the dog come from, yelling and barking at the sight of people?"

"you wanna die!!"

Wuxian Liupi has his eyes protruding violently, and he must do it immediately!

"slow."

Wuxian Laya stretched out his hand to stop Wuxian Liupi.

Wuxian Liupi flicked his sleeve bitterly, and his knife-like eyes slashed across Su Lang fiercely.

[Chapter 913: Xiaya Wuxian exploded instantly](#)

"Dare to ask what is this fellow Daoist's name? What is the origin?"

Wu Xian said with an indifferent expression, he looked down on Su Lang, but he was a little afraid of the unknown forces behind Su Lang.

"Ha ha."

"My name, you are not qualified to know."

The corner of Su Lang's mouth raised slightly, "I want to know, what is the name of your groundhog?"

"Groundhog?"

Xian Wuxian looked cold. Although he didn't know the marmot, he knew that Su Lang was scolding him.

"Just forget it."

"Anyway, if you don't tell me, I know."

Su Lang mocked, "One is called Guya, one is Niubi, one is Liuyuan, and there are six hemorrhoids..."

He had already seen the attributes panel of these people.

The names of these people are also somewhat speechless.

However, Su Lang just smiled, after all, these people are dying people!

at the same time.

When Wuxian Xiaya heard Su Lang's mockery, he suddenly lost all patience.

Wuxian Liupi and others were even more angry, and they were about to explode in the next moment.

"Since you don't accept the last chance, then go to die!"

Wuxian Laya narrowed his eyes, and the terrifying rules of the earth system suddenly burst out of his body!

The whole world turned yellow in an instant, as if it came to the bottom of the earth and was about to be squeezed into a ball by the majestic pressure!

Even if Wuxian Liupi and others were not the target of Wuxian Xiaya's attack, they felt unbearable and quickly dodged in the surrounding mountain city formation.

Behind Su Lang, the Slaughter Sky Sword Sheath released a sword aura, which firmly protected Chu Xiaobei and others.

And Su Lang himself sneered coldly, using system functions that he hadn't used for a long time.

-Devouring the clone!

For an instant.

Su Lang swallowed twelve clones.

"Boom!"

The majestic breath dissipated from Su Lang like a wave.

And the waves are higher than the waves, and the waves are more terrifying!

First, the breath of the Wuxian level of the Six Tribulations, and then the Seven Tribulations, the Eight Tribulations, and the Nine Tribulations did not stop.

Laya Wuxian and others dismissed it first.

However, when the breath of Su Lang Nine Tribulations Martial Immortal came out, everyone was stunned!

The whole mountain-winding city is silent!

"He turned out to be the Nine Tribulations Martial Immortal!"

"How come, how can I hide so deep!"

"This fellow is too insidious, the dignified Nine Tribulations Martial Immortal, even disguised as the Five Tribulations Martial Immortal!"

A turbulent wave rose in the heart of Wu Xian Xia Ya, and without hesitation, immediately fled to the city.

From here to the city, for Wuxian, it is estimated that less than one millisecond will be spent.

Xianya Wuxian also deeply believed that he could escape into the city.

Including the Nine Tribulations Martial Immortal who was dormant in the city, he was not worried that Martial Immortal Laya would not be able to escape.

Therefore, he did not do anything for the time being.

But they were all wrong.

"Space imprisoned!"

At the moment of Su Lang's thoughts, Wuxian Laya's figure directly solidified, and he could no longer move, even with a trace of panic on his face.

With Su Lang's own strength, it is impossible to confine the Eight Tribulations Martial Immortal with the rules of space.

But now he has the power of the Nine Tribulations Martial Immortal, isn't it easy to imprison a Tribulation Immortal?

At this moment.

Everyone in Tangshan City was stunned.

"Empty...space rules!?"

Wuxian Liupi and others opened their mouths in disbelief!

The Nine Tribulations Martial Immortal also looked astonished: "No, Martial Immortal Laya is in danger!"

Even think about it.

The Nine Tribulations Martial Immortal who was dormant in the dark started instantly.

I saw a pure dark rule emerge, to erode the space rule that Su Lang used.

"Want to save people? It's too late!"

Su Lang curled his mouth in disdain, and immediately hooked his finger, the terrifying space force squeezed fiercely, and the Martial Immortal Cliff immediately exploded!

This groundhog-like Wuxian Xiaya usually likes to use the rules of the earth to crush others, but now it is his turn to be crushed!

"Dead...dead!!"

"Xiao Ya Wuxian is dead, my God!"

"Master Lian Qu failed to save it personally!"

In Winding Mountain City, Liupi Wuxian was dumbfounded, and the brains of the others were blank.

"Damn, dare to kill my subordinates!"

"No matter who you are, I will kill you!"

Luo Quwu's fairy eyes are about to split, and at the same time he feels a little bit ashamed.

He is a genius of the Luoyou Emperor Clan, and has always been invincible at the same level.

But now, he suffered a loss on an unknown Martial Immortal of the same level, and lost an Eight Tribulations Martial Immortal for nothing!

Even if there was a careless underestimation of the enemy and Su Lang was the first to make a move, Wuxian Luoqu couldn't swallow this breath at all.

At this time.

Su Lang's faint ridicule came: "The people who hide their heads and show their tails, aren't they coming out?"

[Chapter 914: Green puppet](#)

"Since you want to die so much, I will fulfill you!"

"Do you think that if you control the rules of space, you are invincible at the same level?"

"Today, I will let you see what is truly invincible to the Nine Tribulations!"

Wuxian Luoqu rushed out of the mountain-winding city formation in an instant, and his cold eyes fixed on Su Lang.

"Ha ha!"

"Do you think you can sweep the Nine Tribulations? A joke!"

"What's more, what's so great about the power that is invincible to the Nine Tribulations?"

Facing the menacing Luoqu Wuxian, Su Lang showed a playful expression, "You are a trash, you are also attached to the same level. You have never thought about killing the enemy by jumping above the level. Are you embarrassed to pretend to be forced?"

"Kill the enemy leapfrog!?"

Wuxian Luoqu sneered, "It's really arrogant!"

In his opinion, this kind of thing may still happen in low-level warriors.

But at the Wuxian level, every small realm is a moat, and it is almost impossible to leapfrog the enemy!

"Arrogant?"

"You are too rubbish."

Su Lang shook his head disdainfully, and immediately hooked his finger at Luoqu Wuxian, "Hurry up and die, I don't want to talk to you rubbish."

"you wanna die!!"

As a well-known genius of the Luoyou emperor clan, after being humiliated by Su Lang many times, the anger in Luoqu Wuxian's heart erupted like a volcano!

With a wave of his hands, the endless dark rules enveloped the world, turning into an endless black huge mouth, swallowing towards Su Lang!

That terrifying breath suppressed millions of miles away, and even the birds and beasts thousands of miles away fled in panic!

"The dark rules are good."

Su Lang smiled non-committal, "Unfortunately, it's just that."

Facing Luoqu Wuxian's full blow, Su Lang didn't even move his finger.

The **** mouth that seemed to have replaced the sky swallowed, but it automatically stopped at a height of a kilometer above Su Lang's head.

The **** mouth is constantly twisting and struggling, quite terrifying!

Luo Qu Wuxian was shocked to see this.

"He actually mastered the dark rules!"

"Furthermore, and my attainments are not worse than mine, even higher!"

When Luoqu Wuxian was horrified, he used the strength of the milk to fight with Su Lang for the control of the dark rules.

however.

Even if he tried his best, the dark rules would not move, and he could no longer act like an arm.

Luo Qu Wuxian immediately panicked.

The dark rule is his strongest method.

But now, the best aspect has been restrained, which makes him both shameful and powerless.

"Damn it."

"You can only use that thing!"

After realizing that his own strength could not defeat Su Lang, Luo Qu Wuxian did not insist on using his own strength to fight Su Lang.

He took out something from his inner martial arts world.

It is a black skull.

Two mung bean-like flames were burning in the skull's eyes.

"Quasi Emperor Soldier?"

"No, it's a half-puppet, half-weapon refined with the head of the Emperor Zhun!"

Su Lang saw the origin of the black skull at a glance, and showed a disdainful smile.

This black skull refines the head of a quasi-emperor into a half-puppet and half-weapon in a very special way. Although it looks like a quasi-emperor, it is actually far inferior.

In short, this black skull is something stronger than the Nine Tribulations Immortal Tool.

Just when Su Lang was looking at the black skull.

Luoqu Wuxian has urged it!

I saw that the black skull head came back to life, issuing a terrifying roar.

A layer of green streamer flowed from the flames of its eyes, covering the surface, forming an emerald green head.

Not only that.

There are more green lights hanging down like flowing water, gradually framing the body and limbs under the head!

Suddenly.

A green humanoid creature appeared in front of Su Lang.

Its body exudes a faint quasi-emperor aura, just standing there, it is like a mountain that suppresses the world.

"Quasi emperor class!"

"Hahaha, I didn't expect Master Luoqu to have such a powerful hole card!"

"As soon as this quasi-emperor-level puppet appears, that arrogant Nine Tribulations Martial Immortal will definitely retreat!"

"No! Not only will he retreat, he will also be beheaded on the spot by Lord Luoqu, in order to avenge Wuxian Xia Ya!"

"..."

[Chapter 915: You never have a chance](#)

Surrounded by mountains in the city.

Wuxian Liupi and others talked, their faces full of excitement and excitement.

They were terrified by Su Lang before, and now they seem to see the end of Su Lang being killed, how can they not be happy?

at the same time.

Su Lang looked at the quasi-emperor-level puppet in front of him, somewhat startled.

"Tsk tsk."

"This quasi emperor is really sad enough!"

"Not only was he killed, but he was also made green. This is not a tragic word."

Su Lang shook his head sympathetically, "But if you meet me, you are considered lucky, and I will free you."

As Su Lang whispered.

The green puppet was already in Luoqu Wuxian's hideous look of resentment, and slayed at Su Lang.

It carries the terrifying "rule of poison" all over it.

Wherever it passed, the vegetation instantly turned into poisonous water, and even the ground turned into a green swamp in an instant, like festering skin.

Even the space has been corroded, revealing the grid of space faintly!

Su Lang stood in place, he only needed to swallow three more clones to reach the Quasi-Emperor level, easily pinching this green puppet to death.

But he didn't do that.

"The sword is coming!"

Su Lang whispered, but instead of calling the Youtian Sword, he called the Slaughter Sky Sword Sheath.

I saw a semi-imaginary white small sword flying out of the Slaughter Sky Sword Sheath, and it didn't fall into Su Lang's hand, just pierced straight at the green puppet.

The white little sword exudes a frightening breath, as if it can penetrate everything.

Luo Qu Wuxian, who was originally murderous and grim-faced, opened his eyes when he saw the white little sword.

"Quasi Emperor Sword Qi!"

"Moreover, it is a powerful sword spirit far surpassing the general quasi emperor!"

"That scabbard, capable of displaying such a powerful sword aura, must be a quasi-imperial soldier!"

"That Goblin also has quasi-imperial soldiers, and they are stronger than mine. When it's over, I'm not his opponent at all!"

Wuxian Luoqu felt that the scabbard was a bit familiar, but after a few thoughts flashed, he couldn't recall where he had heard it.

His only idea at this time is to escape!

The decisive Luoqu Wuxian immediately abandoned the green puppet, cast the secret technique of escape on the spot, and turned and fled away.

He also knew that Su Lang had mastered the rules of space, and he didn't dare to use teleportation methods at all. He only used the power of the rules of the whole body to protect himself from escape.

Just in the next moment.

The quasi-emperor-level sword aura of Slaughter Sky's scabbard violently hit the violent green puppet.

"Boom!"

An earth-shattering explosion sounded.

The green puppet exploded directly, and countless rules of poison splashed everywhere, and the whole world seemed to turn into an abscess!

Su Lang couldn't bear the suffering of this land, waved his hand, and used the rules of space to imprison these scattered poisonous rules.

Then they used the rules of thunder, fire, light, and yang to wrap it up, and gradually wear off.

This scene happened in an instant, the Liupi Wuxian and others in the city were still smiling, but their smiles were already stiff.

Everyone in the Six Dao Immortal Clan couldn't imagine that the quasi-emperor-level puppets would be wiped out all at once, and the powerful Luoqu Wuxian did not even think about it, and fled in embarrassment!

This unexpected change directly makes them dumbfounded and their brains are blank.

at the same time.

Su Lang looked into the distance and let out a chuckle: "Even Li Feilou and Xiao Lutian can't escape from my palm. A Nine Tribulations Martial Immortal, also wants to escape under my nose?"

next moment.

A clone was dispatched by Su Lang.

In the distance, Wuxian Luo Qu, who fled with twelve points of strength, breathed a sigh of relief.

"It seems that although I lost the quasi-emperor puppet, I also stopped the mysterious Wuxian."

"With the horrible poisonous rules of the quasi-emperor puppet, you must use the rules of thunder, fire, and yang to extinguish it."

"That mysterious Wuxian possesses a quasi-emperor-level sword energy, but it is absolutely impossible to master so many rules."

While thinking about it, Wuxian Luoqu's eyes were full of resentment.

He is a genius with victorious battles, but it is shameful to have a big somersault here today.

"Xuanyu Fairy Clan..."

"If you can run, the monk can't run the temple."

"I will definitely come back, I must take revenge!"

Wuxian Luoqu fleeing quickly, clenched his fists, gritted his teeth and said.

But the next moment.

A voice that made him utterly dispelled came from the front!

—"Vengeance? Sorry, you will never have that chance!"

[Chapter 916: The death of Luoqu Wuxian](#)

"It's you!!"

"how is this possible!"

Luo Qu Wuxian looked forward, shaking all over.

I saw a man standing in the air in front of his escape route, and it was Su Lang who beat him to the ground!

"You, you, you, how could you be here!?"

"You are not entangled by the rules of poison, and you can rush to my front so quickly!?"

Wuxian Luo Qu yelled in disbelief, and his body couldn't stop backing away, his staggering appearance, embarrassed like a panicked donkey.

"Is it difficult to deal with the mere rules of poison?"

Su Lang curled his lips in disdain, "Stop talking nonsense, Luoqu Wuxian, your death date is here."

"Do not!"

"You can't kill me, you can't kill me!"

The immortal Luo Quwu roared lily, and immediately turned and fled in the other direction.

Su Lang didn't have the thought of a cat playing with a mouse, stretched out his hand, Luoqu Wuxian was immediately imprisoned by the power of space!

"Go away!"

Luoqu Wuxian let out a hoarse roar, the dark rules on his body burst out violently, trying to break away from the power of space imprisonment.

unfortunately.

No matter how hard he struggles, it will not help!

"No, don't kill me!"

"I am a genius of the Luoyou Emperor Clan, and I am highly valued by Emperor Wu!"

"If you dare to kill me, you will be chased by Lord Luo Youwu!"

"If you let me go, I will plead for the Xuanyuxian clan after I go back, and ask Lord Luo Youwu to let go of the Xuanyuxian clan and Chu Xiaobei!"

After discovering that he could not break free, Wuxian Luoqu's expression immediately changed and moved out of the background of Emperor Luoyou.

"Ha ha!"

"Since I chose to help the Xuanyu Immortal Clan, and killed Jieming and Xiaya Wuxian, don't I know your background?"

"I might as well tell you this dying person, the Six Dao Immortals are just lambs for sword sacrifices, and what I really want to cut is the Emperor Luoyou!"

Su Lang looked down at Luo Qu Wuxian condescendingly, with a slight sarcasm on his face.

"Zhan...Zhan Luo You Emperor Clan!"

Wuxian Luo Qu's eyes widened in disbelief.

Since his birth, he has never heard such arrogant words.

The Luoyou Emperor Clan is a powerful emperor-level force with a history of six million years, an everlasting and powerful dynasty of warriors, and one of the peak overlords of the Canglan Continent.

There are not only emperor-level warriors in the clan, but also a large number of martial arts powerhouses!

Even other Wudi forces did not dare to say such things as Zhanluoyoudi!

But now, a mere Nine Tribulations Martial Immortal, dare to speak so boldly!

"Hahahaha!"

Wuxian Luoqu couldn't help but mockingly said, "Zhan Luoyou Emperor Clan, I think you are a mad and stupid person, I am afraid that it is not because of your cultivation that you have become crazy!"

"An ant's vision, that's it."

Su Lang shook his head disdainfully, and immediately raised his right hand with a light wave.

An invisible and intangible death rule fell on Wuxian Luoqu.

"The rule of death!"

"My life, no--!"

Luoqu Wuxian let out the last miserable howl, and immediately lost his breath.

"Ding! You get the soul of high-level martial arts*1, the guide of space*1, the regular fairy crystal*1, the middle-level fairy tool Changye Moyu clothing*1, the best fairy jade*9834586 top-grade fairy jade*16842232... .Xian-level refining material...Holy refining material..."

"There are so many fairy jade!"

"Moreover, it can still be called Luoqu, and its status should not be low in the Luoyou emperor clan."

Su Lang pointedly cut off Wuxian Luo Qu's head directly, "This is a good gift."

Immediately after.

Su Lang twisted Wuxian Luoqu's head and returned to the outside of Chaoshan City.

"Master Su!"

Xuan Ao Wuxian and others greeted him.

Looking at Su Lang's hand, the head of the Qu Wuxian, could not help showing awe and admiration.

After Su Lang went back and forth, it took more than a dozen breaths.

In such a short period of time, he chased up and killed a Nine Tribulations Martial Immortal, carrying his head and turning back, which is simply astounding.

Simultaneously.

The warriors of the six immortal races in the city were almost scared to pee.

The Eight Tribulations Martial Immortal, Laya Wuxian, is dead, and now the real Luoyou Emperor Clan is also dead!

Their Six Dao Immortal Clan is completely finished.

Even if Su Lang didn't kill them, Emperor Luoyou would kill them in rage!

[Chapter 917: Upgrade clone dispatch](#)

"Riding on the defensive formation can resist for a moment, let's run away!"

Liu Bei and other three Wuxians rushed to the teleportation formation, trying to abandon the city and escape.

but.

Contact Qu Wuxian can't escape, let alone the three of them.

With one thought of Su Lang, the defense formation method directly changed hands, and another thought, the teleportation formation in Winding Mountain City instantly became invalid.

"Start the formation quickly!"

"What's the matter, the formation cannot be activated!"

"I can't control the formation, how is this possible!?"

"..."

The three of Wuxian Liupi stood on the teleportation formation, cold sweat broke out on their foreheads, and their faces were covered with anxiety and despair.

next moment.

"Where do you want to go?"

Su Lang's figure appeared in front of the three of them, with their hands behind their backs, with a relaxed and comfortable look.

"what--!!"

The three of Wuxian Liupi were frightened like thunder, shaking as if they were sifting chaff.

At this moment, the cold sweat was gone, the anxiety was gone, everyone was left with despair.

"huh huh huh huh."

Su Lang showed a glamorous smile, "Liu Ming Wuxian and the others are waiting for you underground. After enjoying the pain, go find them below."

After speaking, Su Lang did not wait for the three of Wuxian Liubei to beg for mercy, but directly abandoned the power of the rules and tortured them.

"No, no, it hurts!"

"Please forgive us, we are willing to be your dog!"

"Ah, please, please go around us!"

"..."

Under the instinct to survive, they began to beg for mercy.

But to no avail, instead of reducing the power of the raging rules, it is more and more violent.

Shortly after.

Liupi Wuxian and others' begging for mercy became a begging for death.

I hope that Su Lang can give them a happy way to die.

But this is obviously a delusion!

"Enjoy it."

Su Lang smiled coldly, turned and left the teleportation formation.

He ordered Xuan Ao to suppress the Six Dao Immortal Clan warriors in the city and leave everything to Xuan Ao.

Anyway, the Wuxians of the Six Dao Immortal Clan have been wiped out, and the Immortal Clan has been misnamed.

With the power of the Three Tribulations Martial Immortal, Xuan Ao could completely sweep the entire Six Dao Immortal Clan.

The conquest of the Six Dao Immortal Clan, for Su Lang, has ended here, and the six Dao Immortal Clan that survives in name only needs to be handed over to the Xuanyu Immortal Clan.

The enemy Su Lang had to face was no longer the Six Dao Immortal Clan, but the Luoyou Emperor Clan!

The death of Luoqu Wuxian and others must have been known by the Luoyou Emperor.

The revenge of Emperor Luoyou will soon come.

"Emperor Luo Youwu probably won't end up personally so soon."

"Perhaps, he will send the real quasi emperor to kill me."

Su Lang sat in a quiet room prepared by Xuan Ao, and the corners of his mouth raised slightly, "If this is the case, I would like to come soon. I am very short of money."

After a while.

Su Lang's gaze fell on the fund balance in the mysterious black space.

The previous balance of over 90 million has become 116 million of the best immortal jade!

The one who contributed the most funds is the Luo Quwuxian, who alone contributed more than 10 million fine jade.

"So much money is enough to upgrade a system function."

Su Lang opened the property panel and took a look at the system function level he currently mastered.

The ones that can be upgraded are:

One-key training function (level 31), one-key training function (level 31), clone dispatch function (level 30), one-key treasure hunt function (level 30), one-key empowerment function (level 10)

"The speed of cultivation base savings is already very fast."

"Unless I break through to the realm of Wuxian, I can open up the inner realm before I can use my cultivation base to open up the inner realm of ten directions."

"One-click martial arts training can also be put on hold for the time being, the practice of the seven immortal swordsmanship will be completed soon, and the holy martial arts skills will be practiced next to improve the types of rules."

"One-click treasure hunting upgrades are of little significance, and one-key empowerment is currently sufficient."

Su Lang silently analyzed, "Then, the clone is left to dispatch, and after the upgrade, there will be an extra clone and a clone incarnation."

In addition, an extra clone is equivalent to an extra life, and the benefits are not insignificant.

"System, upgrade the clone dispatch function!"

After making the decision, Su Lang immediately issued the order.

[Chapter 918: Spirit, the realm of emptiness!](#)

"Ding! The amount of funds is too large, and the current unit has been changed to 'Xiacheng Xianyuan'!"

"Ding! Consumption of 10,000 lower multipliers, the clone dispatch function is upgraded to level 31, and the number of clones is +1!"

The system prompts Su Lang for a moment.

"It turns out that there is a currency unit on top of the best immortal jade, called Xiacheng Xianyuan!"

"Furthermore, according to the system prompts, it can be seen that the exchange ratio between the best Xianyu and the Xianyuan Xianyuan is actually 10000:1!"

"In this way, this Xianyuan Xianyuan is a bit interesting!"

While thinking about it, Su Lang took out a piece of the best immortal jade from the storage space, and then took out an inferior immortal source from the "balance".

It is not so much one, as one.

Xiacheng Xianyuan is a completely transparent bead, giving a very pure and clean feeling.

Comparing the best immortal jade with the Xiacheng Xianyuan, Su Lang quickly discovered the extraordinary of the latter.

The best fairy jade is actually an upgraded version of the spirit jade. Although there is a fairy character, the energy contained in it is still aura.

However, Xianyuan is different!

This is a higher level of energy than aura, and it is more pure and easier to absorb!

"However, although it is higher than the spiritual energy, it has not been elevated to another level."

Su Lang played with the Xianyuan Xianyuan in his hands, "This kind of thing should be the essence extracted from the best immortal jade, and the one who can refine the Xianyuan Xianyuan should be at least Emperor Wu!"

Perhaps, Xianyu could no longer satisfy Emperor Wu's cultivation, but he couldn't find better cultivation resources, so he refined this kind of inferior source of immortality.

There is a lower source of immortality, and there should be a superior source of immortality. I don't know what the exchange ratio between the two will be. "

While thinking about it, Su Lang deposited the subordinate Xianyuan into the system balance.

And at this moment.

Su Lang suddenly changed his expression and turned his gaze to the cultivator in the mysterious black space.

At this time, the villain is full of golden light.

The halo behind his head was completely golden!

"Mental power is fully restored, and it has reached the peak level of the Sunshine level!"

Su Lang showed joy in his eyes, which meant that his spiritual realm could advance to a higher level.

"System, break through the spiritual realm!"

Su Lang gave an order, and a drastic change suddenly occurred in his mind!

I saw that the golden sun that was suspended high in the sky, surrounded by a halo, suddenly burst into a terrifying light!

The halo covering the sun shattered instantly.

Its fragments splashed around, then turned into nothingness, and merged into the world of consciousness!

The golden sun that lost the shackles of the halo did not scurry around, but trembled, and then... split...

It really cracked, cracked a super big hole.

Not only that, but the second and third cracks soon appeared!

A brighter golden light was ejected from the cracks, and a beam of light directly penetrated the edge of the current sea of consciousness, dispelling the unknown darkness!

Immediately after.

More and more cracks.

The whole sun, like she was molting, got rid of the old shell and ushered in a new life.

In Su Lang's senses, this process seemed to last a long time, but it seemed only a moment later.

The outer shell on the surface of the sun finally disappeared completely, revealing a bright core that could not be seen directly!

It seemed to be a real sun, shining on Su Lang's entire world of consciousness and dispelling all darkness.

And its light seems to be able to turn, the whole world of knowledge of the sea, there is no shadow!

Su Lang's knowledge of the sea, completely and thoroughly, is completely presented before his eyes!

The whole sea of consciousness seems to be transformed into a bright world, a bright sun in the sky shines on all things, and the earth is covered!

The phantom of the fire of the more than one hundred thousand souls has been irradiated with bright light, and there is actually a solid trend!

at the same time.

All the warriors who dedicated their souls to Su Lang felt warm.

Some warriors who are cultivating spiritual power feel that their cultivation speed has become faster.

This immediately aroused the joy of countless people.

"Konni...Is this the realm of "Konni"?"

"Nirvana with the sun will form the true soul sun, shining on the whole sea of consciousness!"

"And my sea of consciousness seems to be transformed into an illusory world. This is really Nirvana, the beginning of a new realm!!"

Su Langnei looked at the sea of consciousness, and there was an unconcealable surprise on his face!

[Chapter 919: Go to Qingyou Emperor Realm to see](#)

At this moment.

Nirvana of the Sea of Consciousness has become the prototype of an illusory world!

This also reminded Su Lang of the upcoming Wuxian Inner Realm, and even the Wudi-level life universe.

"One side of the illusory world, one side of the universe of life."

"I don't know what is the relationship between the two."

Su Lang has not yet practiced the emperor level exercises, so he doesn't know much about the cultivation of Emperor Wu level yet.

He didn't panic either.

Anyway, even the immortal level has not broken through yet!

The top priority is to break through the Wuxian level and create a ten-square inner boundary.

Su Lang moved his attention away from the sea of consciousness, and then began to sort out the various materials in the storage space.

Moreover, during this time, the exchange shops in the White Moon Emperor City also harvested a large amount of high-level materials.

Su Lang took them all from the clone.

The purpose of sorting out the materials is to see if the materials for refining "super humanoid weapons" are enough, but to prepare the materials for the emperor rank formation.

Su Lang's current method of dealing with Emperor Wu is just 'single thoughts.'

'Swallowing clones' is also a hole card, but Su Lang is not yet sure whether swallowing thirty clones can reach the emperor rank.

He estimated it would not work.

The gap between Emperor Zhun and Emperor Wu was really too big.

Swallowing thirty clones, it may be infinitely close to Emperor Wu's rank, but it is impossible to cross the sky and reach the other shore representing the Emperor's rank.

With some careful thoughts.

Su Lang synthesized most of the materials in the storage space into imperial-level array materials, and piled up a huge mountain.

"Almost a dozen five elements can be arranged with these materials, and the quantity is completely sufficient."

"However, the combined formation of Wuxingtian focuses on defense, and I have to engage in some battle-type imperial formations."

Thinking like this, Su Lang used Perfect Possession, and his consciousness descended on the clone in the Red Lotus Emperor City.

The avatar sitting on the ground opened his eyes.

On the opposite side, Honglian Wudi Ni Qianzhou was still burning that set of emperor-level exercises, completely obsessed with the exercises.

"Hehe."

"Wake him up now, I guess he will be very upset."

Su Lang smiled secretly in his heart, the corner of his mouth twitched, and he reached out and patted Emperor Wulian on the shoulder.

"Who!?"

Emperor Wulian broke out in an instant!

Those eyes ejected terrifying flames, seeming to burn the world.

However, after a short while, the anger in Ni Qianzhou's eyes was forcibly suppressed, and a smile was squeezed out of his face.

"Oh, sorry."

Ni Qianzhou said with an apologetic face, "I'm too absorbed, please forgive me, Emperor Lang."

If other people dare to disturb him in this way, just burn it to ashes.

But Su Lang did not dare to offend him.

He Ni Qianzhou still owes Su Lang a great favor.

"Aha."

"I rushed to interrupt Emperor Wu Lian because I wanted to ask some questions."

Su Lang said with a smile on his face, "I don't know which emperor clan in Canglan Continent is best at formations, I want to learn some offensive emperor-level formations."

"Oh!?"

"It turns out that Emperor Lang is still an array mage?"

Ni Qianzhou's face was surprised, and then his face was embarrassed, "Emperor-level formations are regarded as treasures by anyone, and they are afraid they won't teach Langdi."

"Haha."

"Honglian Wudi just say it."

Su Lang chuckled, "What I have is a way for them to give me the emperor rank formation."

"Uh, too!"

Ni Qianzhou suddenly remembered that Su Lang was willing to exchange even the emperor-level exercises.

If you want some emperor rank formations, as long as you come up with enough chips, those emperors are still willing to trade.

Thought of this.

Ni Qianzhou's eyes lit up again: "My three imperial formations are arranged by the famous Shang Feizi master!

If Emperor Lang wants an emperor rank formation, maybe he can go and see it? "

"It's true."

"I have already seen your formation."

Su Lang smiled, "Although I can't see through Guicheng's formation, I can also see that it is a defensive formation. I want an offensive formation."

"Oh!"

"That's it."

Ni Qianzhou nodded, and then said, "If you want an offensive formation, you can go to Qingyou Emperor Realm."

"Qingyou Emperor Realm?"

Su Lang looked surprised, "That emperor-level alliance force that has four Wudi sitting in town?"

[Chapter 920: Eighteen imperial formations](#)

"Not bad."

"It's there."

"The Qingyou Emperor Realm is almost the force in Canglan Continent that is best at formation."

"Furthermore, the four martial emperors of the Qingyou Emperor Realm are all warm-tempered, approachable and hospitable."

Ni Qianzhou said with a smile on his face, "The Emperor Lang already has the skills of formations. Going to the Qingyou Emperor Realm, there is a high probability that he can trade what he needs."

"Thank you Honglian Wudi for your guidance."

Su Lang nodded and asked, "How much do you know about Emperor Luoyou Wu?"

"Emperor Luoyou Wu?"

"The Emperor Luoyou Clan near the north?"

Ni Qianzhou didn't know why Su Lang asked Emperor Luo Youwu, but he didn't care much.

After pondering for a moment, he said, "Emperor Luoyou Wu has become an emperor with a dark avenue. He is better than me, but he probably hasn't reached the rank of Rank 4 Wudi yet."

"That's it."

Su Lang smiled, and immediately closed his eyes, releasing his perfect possession.

Ni Qianzhou looked at Su Lang's clone with some envy.

He could see that the Emperor Wu from the 'Mainland Fragment' was not only not poor, but dying rich.

At the beginning, he asked Shang Feizi to help him arrange three emperor rank formations, which almost consumed all his savings.

As for Emperor Lang, not only could he exchange the emperor rank technique, he had to go to the Qingyou Emperor Realm to exchange the imperial rank formation technique!

After a while of envy.

Ni Qianzhou continued to study and record the emperor-level exercises.

And Su Lang.

He possessed a clone of Baiyue Emperor City, went to the teleportation hall, and reached the main city of Qingyou Emperor Realm through the teleportation array.

The main city is called Qingyou City.

It is not an imperial city, but it is bigger than the imperial city, even Baiyue imperial city can't compare with it.

After all, this is a city jointly ruled by the four Emperor Wu!

Su Lang did not visit the master of the Qingyou Emperor Realm and exchange the emperor rank formation as Ni Qianzhou thought.

exchange?

Exchange a fur.

Just look at it and learn it!

Su Lang strolled around the city happily and learned all the formations here.

I have to say that the Qingyou Emperor Realm is indeed an emperor-level force that is good at formations!

This Qingyou city alone has 18 emperor rank formations! Six hundred and forty fairy-level formations!

There are fifteen defensive formations and three offensive formations in the imperial formations.

Each of these formations has its own characteristics, and it can be seen at a glance that they are from different formation mages.

The attributes of the formation are relatively common, namely wood, water, soil, and wind.

The imperial formations of each attribute are linked to each other, supplemented by a large number of immortal formations to form a combined formation.

Although this array is not as complete as the Five Elements United Imperial Array, its size is much larger than that of the Five Elements United Imperial Array in the Baiyue Emperor City, and its defense power is also very high.

The attacking array rule made Su Lang's eyes brightened.

The three attacking imperial formations are actually lightning, gold and space attributes!

Every emperor-level formation has an offensive ability of the Three Tribulations Emperor Wudi level.

As long as there is enough energy, a formation can be compared to a three-rank martial emperor!

In particular, the emperor-level formation of the space system possesses extremely powerful trapping and killing capabilities, like Emperor Red Lotus and his ilk. Once trapped, they will lose half their lives if they don't die.

However, the formation masters of the Qingyou Emperor Realm obviously have limited attainments. Although there are these three attacking formations, they cannot be united.

"I didn't expect the harvest to be so rich!"

"Those defensive formations, I can take them back to strengthen the Five Elements Heaven!"

"These three offensive formations, you can think of ways to unite them to create a stronger attack formation!"

"What the Qingyou Emperor Realm can't do can be done easily with me. Who gave me the formation skills of the Primordial Realm?"

Su Lang touched his chin, his eyes gleamed, and his heart felt happy.

Immediately after.

Su Lang sent many avatars again, and opened an exchange shop in this Qingyou City.

Everything is in accordance with the specifications of the shop in Baiyue Emperor City.

Originally, Su Lang intended to slip away after learning the formation technique secretly.

But I didn't expect that there were so many emperor rank formations, and more and more materials were needed.

And Qingyou City is bigger than Baiyue Emperor City, and it is also a good untapped market, so you can't just let it go!

In addition, in addition to the material exchange business, Su Lang also launched the material sales business.
