

## One Click 981

### [Chapter 981: Quarrel!](#)

"..."

After a Wu Emperor told him, everyone gradually became horrified.

original.

Southern Langdi not only has four rank Wudi cultivation bases, but also two emperor soldiers, and he is also good at arranging the emperor-level killing and cutting formations.

Just the formation method, besieging the Third Rank Wudi is not a problem!

At this time, no one regards Su Lang as a 'country weak' anymore.

See Su Lang flying into the city.

Some Wudi smiled, some were solemn, some were wary, and some were indifferent.

Of course, there is also hidden hatred.

It was the Emperor Ling Juewu who was remembered by Su Lang.

As for Xiao Lutian and Li Feilou, they didn't even dare to look at Su Lang directly. Where could there be a trace of disrespect?

A moment.

"Southern Langdi!"

"I have seen fellow Taoists."

Su Lang came to the front of a group of emperors and bowed to everyone.

"Friend Langdi, you are here."

Emperor Wu Lian was all smiles. After receiving the news from Emperor Wu Guan Tian, he informed Su Lang and asked Su Lang to go with him.

Of course, he didn't know that Su Lang had gone through the whole process of selling the secret keys by Xiao Lutian and he was the first person to know.

"Friend Langdi, come, sit here!"

Qing Xiao Wudi smiled back, as if he had seen an old friend who had been in friendship for many years.

After he left Luoyou Emperor City before, he suddenly slapped his head and scolded himself for having forgotten to borrow the formation from Su Lang to study.

The Suwen Empress, Cangkong Wudi, and Fuchen Wudi were also quite kind, and they responded with gifts and said their emperor titles.

Obviously, they are also very interested in Su Lang's formation.

Except for this, the other Emperor Wu will not be rude, and all respond with etiquette and introduce themselves.

Only Emperor Ling Juewu looked in other directions and turned a blind eye to Su Lang.

Of course, Ling Jue's stinky expression was seen by the emperors, but no one took it to the point.

Today everyone gathered here for the forbidden inheritance of the emperor's head, which is regarded as official.

No one wanted to participate in the personal grievances between Ling Jue and Su Lang.

Even Yaojin Wudi and Tianyin Wudi did not mention the slightest grudge against Su Lang.

At this moment.

At the invitation of Emperor Wudi Qingxiao, Su Lang followed his kindness and sat down.

However, he also pulled on the Red Lotus Emperor Ni Qianzhou.

Ni Qianzhou, as the Emperor Wu of the central and southern regions, had only two ranks in strength, which was relatively weak, and he was stronger than the two Emperor Wu who were promoted through the inheritance of the nine ranks.

Of course, Ni Qianzhou couldn't ask for it to be able to connect with the Qingyou Emperor Realm.

then.

Including Su Lang, the twenty-three Wu Emperors present took their seats.

Xiao Lutian and Li Feilou did not have seats.

In front of the martial emperors, the two of them were not qualified to sit down. They could only stand with their heads down in the corner, trembling.

"Everyone knows what we are here for."

"Xiao Lutian and Li Feilou hope to give us the secret key of the Emperor's Forbidden Land in exchange for resources. Do you have any objections?"

Jiao Qin, as the higher emperor Wu in the Wudi Palace, stood up and spoke.

Hear this.

The scene was silent and no one spoke.

"Since no one..."

Emperor Jiao Qinwu nodded, and wanted to continue, but was suddenly interrupted.

"Master Jiao Qin wait a minute."

The hesitant emperor Ling Juewu stood up, "I think that the identity of Emperor Nanlang is unknown and it is not appropriate to let him participate in this matter."

"What is unidentified?"

Emperor Qingxiao Wu curled his lips, "Everyone here, turned out to be a blockbuster, are there few blocks?"

Daoist Wanshan, didn't he also promoted to Emperor Wu in the mainland debris, and then took root and developed in the Canglan continent? "

As soon as he said this, Wan Shan nodded silently.

He indeed became an emperor on the continent fragments with the Great Dao of Rocks, and then came to Canglan Continent.

"Do not."

"This is different!"

"When Emperor Lang came out, he was Emperor Wudi of Rank Four. This is the biggest suspicion."

Emperor Ling Juewu sneered and said, "It takes millions of years for a martial artist to be promoted to Emperor Martial. It is even more difficult to achieve Emperor Martial Four.

The years of Emperor Lang's cultivation are probably at least six million years!

During such a long period of time, the Canglan Continent has experienced several continent wars.

In every continent battle, Canglan Continent went all out and made every effort, and even the Zi Ming Emperor Clan also gave their full assistance.

However, Langdi has never appeared before! How to explain this? "

[Chapter 982: Su Lang, you are a spy!](#)

Hear this.

Some Wu Emperors couldn't help but frowned, Ling Jue said it was not unreasonable.

"The Daoist Ling Jue has a bit of truth, but it can only be said that the identity of the Daoist Langdi is temporarily unknown."

Honglian Wudi Ni Qianzhou shook his head and retorted, "I don't agree with words like suspicion.

As we all know, there are a large number of continental debris, and there are only a few continental debris we know.

The vast majority of mainland fragments and the Canglan Continent do not know each other, and can only be connected through time and space cracks that appear by coincidence.

The fragment of the mainland where Fellow Langdi is located has only recently been connected to the Canglan Continent.

Before that, Fellow Langdi didn't even know about Canglan Continent, so how could he help Canglan Continent resist foreign enemies?

Moreover, Canglan Continent and Jingtian Continent have their own rules to guard.

Before that point in time, the two continents could not be connected, and the people from Jingtian Continent could not sneak over.

Therefore, Daoist Langdi came from an unknown mainland fragment, so should he be detained with the two words suspect? "

however.

As soon as Emperor Wu Lian's voice fell, Ling Jue retorted.

"joke."

"Six million years."

"For such a long time, I have experienced several wars on the mainland, who knows if it was lurking at that time?"

Emperor Ling Juewu looked at Ni Qianzhou with contempt, with a look of disdain.

At this time.

"Unidentified, it means there are many possibilities."

Yaojin Wudi was expressionless, "Canglan Continent is weaker than Jingtian Continent, so I have to be careful."

The implication was to support Emperor Ling Juewu.

"Langdi Daoist cultivator is strong."

"With the power of one person, it is equivalent to knowing how many turns of Emperor Wu."

Tianyin Wudi also spoke, "What's more, Daoist Langdi now has Daoyou Zhouyou to help, why bother to participate in the battle for the inheritance of Wudi?"

The three Emperor Wu who had hatred with Su Lang all jumped out.

Su Lang looked calm, looked around, but saw that no fourth person jumped out.

"Ha ha."

"The inheritance of the emperor's forbidden land is at my fingertips. No inheritance key is needed."

"Not only the emperor's forbidden area, but also the emperor's forbidden area, I can open it at any time."

"The forbidden land left by Emperor Wudi of Rank Nine is like an open door in front of me, free in and out."

"The reason why I came to participate in the gathering is because I respect all of you, Emperor Wu, and also respect the sacrifices made by Emperor Ninth Rank to protect the Canglan Continent."

"I also think I am a member of the Canglan Continent, and I must abide by the agreement of all Wudi Dao friends."

Speaking of this, Su Lang smiled, "Otherwise, I would have wiped out the inheritance of the two forbidden areas of the emperor's head and the emperor's body alone."

Hear this.

Everyone was shocked.

This Southern Emperor Lang said that he could easily take away the inheritance of Emperor Wudi of Rank Nine, which is really a bit...

"Nonsense!"

Emperor Ling Juewu's complexion flushed, and gritted his teeth and said: "Even the Emperor Wu Palace, without the forbidden land key, can't open the forbidden land!

just you? Unlocking the forbidden land of Emperor Wudi's inheritance at hand, it's simply a world!

Emperor Lang, you are a spy sent by Jingtian Continent. The reason why you came to participate in the gathering was to spy on the reality.

You must have deployed all sorts of methods. When the Canglan Continent and the Jingtian Continent are at war, they will explode and give us a vicious blow from behind! "

This is completely torn with Su Lang!

"Humph."

"joke."

A cold light flashed in Su Lang's eyes, "If I really are a spy from the Jingtian Continent, why not hide and attack from behind when the war begins?

With my strength, Ling Jue, do you think you can stop me with a sword?

How sure are the fellow daoists present and not be killed by me?

If I were a spy, why would I want to develop the South with a big fanfare? Why would I want to fight against Zhou You to expose my strength?

If I were a spy, why didn't I take away the Ninth Rank Wudi inheritance, so that Canglan and Jingtian Continent would lose and grow, and the disadvantage would be even greater?

Ling Jue, your mind is a good thing, but unfortunately you don't! "

With these words, Ling Jue was speechless!

The other Emperor Wu also nodded thoughtfully.

but.

Some people still retorted.

[Chapter 983: Give Ling Jue another note](#)

"Langdi."

"I agree with what else you said."

Yaojin Wudi still had no expression on his face, "However, you have repeatedly said that you can easily take away the Ninth Rank Wudi inheritance. I think no one will believe it!"

"Not bad!"

"Su Lang, you are just nonsense, and you are not afraid that the wind will flash your tongue!"

Emperor Ling Juewu seemed to see the hope of reversing the situation, and excitedly pointed at everyone, "Su Lang said he can take away the forbidden inheritance, fellow daoists, do you believe it?"

No one speaks.

Even Emperor Wu Qingxiao and Emperor Wulian Honglian pursed their lips, unable to refute them.

no way.

What Su Lang said was really crazy.

That is the entrance set by Emperor Wudi of Nine Revolutions.

"Hahahaha."

"The so-called hearing is virtual, seeing is believing."

The corner of Su Lang's mouth ticked, "Since you don't believe me, why don't you see?"

"Don't be ashamed!"

"Only you country boy, dare you say let us know?"

Emperor Ling Juewu was full of sarcasm, "I think you are a stern, hard-working man!"

"Ha ha."

A trace of killing intent flashed in Su Lang's eyes, and in his small notebook, he gave Ling Jue another note.

The smell of gunpowder in the court is getting stronger and stronger, the air seems to be filled with the sound of tight bowstrings, and the battle seems to be on the verge.

"Stop talking about it."

"Let's go to the imperial head forbidden place."

Emperor Jiao Qin Wu of the Emperor Wu Palace spoke, "In addition, there is no news about the key to the emperor's forbidden land so far, so please let Emperor Lang take action to open the emperor's forbidden land!"

It's not that Emperor Jiao Qinwu completely believed in Su Lang.

The meaning of her words is nothing more than the four words 'seeing is believing'.

The rest of Wudi nodded when they saw Jiao Qin speaking.

Emperor Ling Juwu glanced at Su Lang disdainfully, as if he was sure that Su Lang could not break the forbidden land.

"In that case."

"I opened the two inheritance forbidden areas."

Su Lang nodded calmly, "However, after opening it, I also have the right to explore."

"As it should be."

Jiao Qin smiled slightly.

Everyone has no objections.

However, Xiao Lutian and Li Feilou were anxious.

Su Lang can open the inheritance without the key, so wouldn't their keys become waste and have no value at all?

If there is no value, how can we exchange resources for becoming an emperor?

"Senior Jiao Qin..."

Xiao Lutian couldn't help stretching out his hand, looking like he wanted to talk but stopped.

"The descendant of Emperor Fen Tian, Xiao Lutian, is a good seedling, and Li Feilou is not bad."

Emperor Jiao Qinwu smiled and said, "I am the master and give you enough resources for cultivation and allow you two to enter the forbidden area to compete for inheritance."

There is no objection to this.

"Yes!"

"Senior Xie Jiaoqin, thank you seniors!"

"..."

Xiao Lutian and Li Feilou quickly saluted and thanked them.

Next.

All the emperors rose into the air one after another, showing their magical powers, and heading south.

The Guantian Emperor Clan is adjacent to the Honglian Emperor Clan. Although it is not bordered by the Emperor's Forbidden Land, it is not far away.

quickly.

All Emperor Wu arrived at the outskirts of the Emperor's Forbidden Land.

Even Xiao Lutian and Li Feilou were also brought over by Jiao Qin with their collars twisted.

There is another name outside the emperor head forbidden area, called the emperor head dead zone.

The emperor's death zone is gloomy and dark all year round, there are no plants, and the ground is dark and dry, and it turns into gravel with a light step.

The sky is pitch black, the sun and the moon are dark, but there is no dark cloud covering it, which seems to be a regular phenomenon.

The scope of the death domain of the emperor is very broad, comparable to the territory of a side of the emperor.

At the beginning, Su Lang's spiritual power in the realm of the sun could only detect the tip of the iceberg.

at this time.

Su Lang has a higher cultivation base, and he can detect more things.

"This darkness is due to the fusion of various irregular rules and visions, and there is a sense of chaos."

"The reason why this land has become like this may be due to the conflict between the universe of life left by Emperor Wudi of the Ninth Revolution and the boundless universe."

"It is so difficult to maintain the universe of life without merging into the boundless universe after death."

"Emperor Wudi of the Ninth Revolution did it, but he also made this land pay a great price."

Su Lang looked around and thought to himself, "When the forbidden land is taken out and inherited, this land needs to be remedied."

at this time.

"The entrance to the forbidden area is found!"

Emperor Ling Juewu's sneer came, "Su Lang, let us see what you can do!"

#### [Chapter 984: Get out of here!](#)

The entrance of the Emperor's Forbidden Land is always moving.

Therefore, the talents of the Lutianlou and Wuquexian clan would send people to keep their hands at the entrance.

Later, after the two quasi-imperialist forces surrendered to Su Lang, there was no one to handle, and the entrance to the emperor's forbidden land was also missing.

but.

For Emperor Wu, it is not difficult to find the entrance.

At this moment.

After finding the entrance to the forbidden area, everyone's eyes fell on Su Lang.

Ling Jue showed disdain, some others were noncommittal, some were expressionless, and some were slightly worried.

Su Lang didn't say a word, but just gave Honglian Wudi Ni Qianzhou a wink, then smiled at Qingxiao Wudi, so that they were relieved.

Soon.

Su Lang came to the entrance.

"Master Su Langlang, please!"

Emperor Ling Juewu sneered and sneered, as if he had seen the moment Su Lang was embarrassed.

"Go away, your bad breath is coming."

Su Lang took a look at Emperor Ling Juewu and waved his hand in disgust.

Emperor Ling Juewu's face turned dark, and he snorted coldly, holding his arms and not talking.

Su Lang's gaze fell on the entrance of the emperor head that was still moving.

"At first, I only saw the seal of the emperor rank formation."

"Looking at it now, I can see more famous people."

The corner of Su Lang's mouth raised slightly, and he secretly said, "In addition to the imperial formation seal, he also used aspiration and space means."

The entrance to this emperor's forbidden land.

Astonishingly like the man-made space barriers in the universe of Zhouyou Life, a barrier formed by the use of willpower and space rules.

Otherwise, in order to maintain the entrance, it is necessary to maintain the life universe from being eroded by the boundless universe for tens of millions of years. The formation method alone is obviously not enough.

However, this means of willingness by Emperor Wudi of Rank Nine was much higher-end than Qianyou's, and the forged barriers were also stronger.

But this still can't trouble Su Lang.

"First get rid of the formation."

With a thought, Su Lang stretched out his hand to poke the point where the entrance to the forbidden ground was located.

Wow!

There was a broken sound in the dark.

The emperors widened their eyes and saw that the entrance of the forbidden area suddenly expanded outwards, and in an instant it changed from a coordinate to a black hole with the size of a fist!

Moreover, the black hole no longer moves, just staying in the air, and there is a heart-palpating breath. "opened!?"

Emperor Qingxiao Wu was stunned, "The seal formation at the entrance of this forbidden area is at least the sixth-turn imperial formation, so it opened like this!?"

As the emperor-level array master, Emperor Qingxiao Wu really couldn't believe it.

That's the Rank 6 Sealing Emperor Formation!

Even if the real Rank 6 Emperor Rank Array Mage came, it would take many years to unlock it.

But Su Lang actually poked his finger, as if he had punctured a layer of film, and easily broke the emperor seal formation!

This is really incredible!

Emperor Qingxiao Wu couldn't help but look at Su Lang again, and he had a trace of suspicion about Su Lang's words that "the formation depends on the formation".

at the same time.

The other Emperor Wu was also quite shocked.

"incredible!"

"Unexpectedly, the Southern Emperor Lang had these other methods, and he instantly opened the low-level seal formation!"

"Yes, Nanlang Emperor has a hand, and he really didn't brag."

"..."

Among the martial emperors present, only Jiao Qin had a rank six martial emperor, Huangshen had a rank five martial emperor, and the rest were below rank four.

Including Emperor Jiao Qin Wu, there is no way for everyone to open this Rank 6 emperor rank seal formation.

However, Su Lang did it, and Su Lang's cultivation was just like Emperor Wu.

"Wait!"

"It's just breaking the imperial seal formation, the entrance has not been fully opened yet!"

Emperor Ling Juewu's discordant voice came, "Look, there is still a thick space barrier. To enter the emperor's forbidden area, you must open this barrier!"

Everyone took a closer look, and it really was so.

Emperor Ling Juewu glanced at Su Lang provocatively: "Su Lang, you can open the formation, but can you open this space barrier?"

A discerning person knows that this space barrier is extremely difficult and difficult to break.

Therefore, the emperors gradually pondered, their eyes slowly drifting to Su Lang's body.

"I admit that the entrance to the Emperor's Forbidden Land is more difficult than I thought."

Su Lang smiled faintly, "But that doesn't mean I can't open it. Please wait a while."

### [Chapter 985: It's emotional](#)

The voice fell off.

Su Lang suddenly burst into a powerful aura.

A terrifying space rule appeared, directly acting on the black entrance with the big fist.

"It's the rules of space!"

"Langdi actually masters the rules of space, and it seems to be very proficient!"

"Although I have mastered the rules of space, compared with Langdi, it is really far worse."

"Mastering the spatial rules of this degree, I am afraid that I already have the foundation to condense the spatial avenue!"

"By the way, Langdi hasn't displayed his cohesive avenue until now, and I don't know which one it is."

"I guess his avenue must be very strong!"

"..."

The martial emperors looked at Su Lang and exclaimed.

Emperor Ling Juewu's face was blue and red, as if he had knocked over a paint bottle and painted it on his face.

At this moment.

Under the influence of Su Lang space rules.

The spatial rhythm line in the space barrier of the entrance to the forbidden area has changed.

The most basic principle of space barriers is to cast infinitely many, infinitely long, and infinitely thin space lines in parallel.

Although the space barrier in front of us uses the means of willingness, its foundation, its cornerstone, is still a barrier cast by space rules.

Those spatial rhythm lines are like steel bars in a thick wall, serving as a skeleton to support the entire barrier!

If a building does not have steel bars as a skeleton, it is self-evident.

The space barrier at the entrance of the forbidden area will be greatly weakened even if it does not collapse suddenly without the support of the space grid.

A dozen breaths passed.

Inside the space barrier at the entrance of the forbidden area, the spatial rhythm lines became messy, and they were no longer perfectly parallel.

As a result, the space barrier began to distort and became more unstable!

If it weren't for that level of aspiration, Su Lang had already used those spatial rhythm lines to form a channel directly into the forbidden area.

This layer of aspiration means, cast with almighty aspiration, is really difficult.

"Zhou You, let your deity come over!"

Su Lang's heart moved, and he contacted the clone Qianyou.

The avatar of Zhou You was carrying the dead soul warrior around to surrender his original subordinates, and at this time received the order, he couldn't help but look bitter.

but.

He couldn't resist, he could only do it.

Su Lang casually moved, and a small bead appeared in front of him.

This is a space bead formed by the power of space, and it is wrapped in the coordinates of the entrance to the universe of Zhouyou life.

As Su Lang used his methods.

The small space beads suddenly became bigger, and the size was like a room.

next moment.

A passage appeared inside the space beads, and the figure of the deity Zhouyou flew out of it.

The channel disappeared immediately.

Su Lang waved his hand, reduced the space bead, and put it away.

"It's Qianyou!"

"Emperor Luoyou Wu is quiet!"

"The Emperor Wu, who is more powerful than me, was defeated by Emperor Lang, and he surrendered." *novel-lb*.In

"Looking at his breath, it turns out that he only looks like the Three Tribulations Martial Immortal."

"It's really touching."

"..."

Every Emperor Wu saw the familiar faces of Zhou You, and couldn't help but sigh with emotion.

Emperor Ling Juewu, an old friend from the past, had a cold face.

In his opinion, Zhou You is dead, and the current Zhou You is already the previous one, and is no longer his friend, but Su Lang's lackey!

"Master!"

Zhou You came to Su Lang and saluted.

Seeing this, the surrounding Wudi sighed with emotion, and their gazes at Su Lang also contained awe and fear.

"Ok."

Su Lang smiled faintly, "Come and help me break the pseudo-space barrier formed by this willing force."

"Yes!"

Zhou You looked at the entrance to the forbidden area, and then hesitated, "This forbidden area entrance uses a more advanced technique than mine.

I am afraid I can only weaken it, and it will take a few years to get rid of it. "

"Then weaken it."

Su Lang nodded, "How much can it weaken?"

"half!"

Zhou You gritted his teeth, "This is the limit I can do."

"enough."

"Then, give it to me!"

Su Lang ticked the corner of his mouth and gave the order.

Zhou You took a deep breath, and a large amount of wish power suddenly burst out of his body.

This kind of omnipotent, great, infinitely possible energy crashed onto the entrance of the forbidden area.

### [Chapter 986: What a long experience](#)

Soon.

These willing forces formed a kind of energy that Su Lang had never seen before, and began to erode the space barrier at the entrance of the forbidden area.

The space barrier at the entrance to the forbidden area was disrupted by Su Lang and became very unstable.

At this time, it was eroded by the weird energy transformed by Qianyou Wish Power, which immediately worsened the situation and became more unstable.

At the beginning.

The space barrier is thinning at a speed visible to the naked eye.

And, with the barriers, the means of willingness were weakened by Zhou You.

On Su Lang's side, his control over the spatial metric line increased again.

in this way.

He disappeared.

The space barrier guarding the entrance to the forbidden area became weaker and weaker, and it was about to be broken.

The Wu Emperors around were intently looking, and they were amazed by Su Lang's methods.

However, Emperor Ling Juewu was full of confusion, as if still not convinced.

at this time.

Zhou You suddenly snorted, and the aura on his body weakened greatly.

After finally recovering a little bit of cultivation base, he actually fell on the threshold of Wuxian again, and fell to the quasi-wonderland only a little bit.

In this state, he could no longer use his willingness to help Su Lang.

Su Lang did not embarrass him either, unfolding the space beads, letting Zhou You return to his own passage.

"Humph!"

"I knew you couldn't open this forbidden entrance at all!"

When Emperor Ling Juewu saw this, there was a hint of joy and joy on his face. He was very happy to see Su Lang making a fool of himself.

"Ha ha."

Su Lang sneered coldly, "I have said that I can only take tricks, don't use other means?"

This statement came out.

Emperor Ling Juewu suddenly looked stiff.

The entrance to the forbidden area lost the Rank 6 Wudi seal formation.

Wan You's method was weakened by half, and the spatial rhythm was almost completely disrupted by Su Lang.

Space barriers are no longer indestructible before!

"can do it!"

"Without the forbidden key, Langdi can open the forbidden entrance!"

"Yes, the space barrier at this time is probably the fourth rank of Wudi-level defense. Some of us present can open it as long as the deity descends."

"Today I really have a long experience."

"..."

Everyone was talking and whispering.

Emperor Ling Juewu's face became darker and darker.

at this time.

Su Lang squeezed his right hand, and Youtian Sword appeared out of thin air.

It seems that because there are too many people around, and they are all Wudi or Wudi clones, Xiaoyou did not stop chattering as soon as he appeared.

However, the two eyes on the sword grid inevitably turned around.

"Emperor Sword!"

"This breath... this emperor soldier is definitely not an ordinary one-turn emperor soldier!"

"What a terrifying imperial soldier, it makes me feel palpitating."

"Does Emperor Lang use this sword to cut open the entrance to the forbidden area?"

"..."

The martial emperors stared at the Youtian Sword closely, and seemed to be aware of the characteristics of the Youtian Sword, and their faces were a little horrified.

Su Lang didn't feel anything for everyone's amazement.

However, Xiaoyou was praised, and his eyes turned happier.

"It's time to open the forbidden area."

Su Lang held the Youtian Sword, smiled faintly, and cut the entrance in the next moment.

"and many more!"

"As soon as the entrance to the forbidden area is opened, the internal space will be eroded by the power of the boundless universe and gradually merge into the boundless universe."

Emperor Jiao Qin Wu appeared on the side and said, "We are not ready to enter, don't open the forbidden area."

"Also."

Su Lang nodded, pulled a sword flower, and put away the Youtian Sword.

"As everyone knows, Emperor Wudi of the Ninth Revolution has laid down the rules."

"Only people below the realm of Emperor Wu can enter the forbidden area. There is no limit on the number of people."

Emperor Jiao Qinwu continued, "Do you think how many people from each force should be sent in?"

"Senior Jiao Qin."

Emperor Zunsheng Wu said, "Why don't each force have a quasi emperor, nine Wuxians, ten people?"

After speaking, he looked at the others and waited.

Everyone nodded without objection.

"In that case."

"Each force has one quasi emperor and nine martial immortals."

Emperor Jiao Qin Wu nodded and looked at Xiao Lutian and Li Feilou, "You two, you can also make preparations. They are two forces."

"Thank you Senior Jiao Qin!"

Xiao Lutian and Li Feilou were immediately excited, and they also saluted the other Emperor Wu, "Thank you, seniors!"

[Chapter 987: What sword technique is this](#)

then.

The number of manpower entering the forbidden area was so determined.

Each Wudi and Wudi clones began to select suitable personnel from their own forces.

Xiao Lutian and Li Feilou also quickly contacted old friends they knew.

Although they learned that they had offended Emperor Nanlang, those old friends all avoided it.

But if it is to get a quota to enter the forbidden area, those Martial Immortals who are not powerful will definitely break their heads.

After all, this is the inheritance left by Emperor Wudi of Rank Nine.

Even if you don't get the true Martial Emperor inheritance and get other benefits, it will be infinitely useful.

Everyone went to pick someone.

Su Lang also began to pick people. He called back the empty Zhun Emperor who had built the northern bridgehead in Wuwei Xian Clan.

In addition, nine martial arts immortals including Mibai, Shuyun, Lanshan, Hongxiu, Zhuxian, and Xingtai were called.

Among them, Mi Bai, Shuyun, and Lan Shan are the three Seven-Tribulation Martial Immortals who have been invested in Su Lang's command. Hong Xiu, Zhu Xian and others are not weak.

"The next servant worships the Lord!"

The emptiness Zhundi with a look of kidney deficiency came to Su Lang and deeply admired Su Lang's feet.

"Servants wait to see the Lord!"

The other nine people also saluted Su Langqi, with a very sincere expression.

In addition to the emptiness being promoted by Su Lang as the quasi emperor, the rest of the martial arts have also received generous gifts and are quite profitable in cultivation.

At this time, they also knew what kind of opportunity Su Lang gave them-the emperor's forbidden land inheritance!

What a love this is!

Xiao Luntian and Li Feilou in the distance saw their old tribes growing and developing, and the emptiness went from the Eight Tribulations Martial Immortal to Zhun Emperor, and their moods were suddenly very complicated.

If they hadn't questioned Su Lang because of Zhu Xian's loud shout, then they are now under Su Lang's command, and they would not know how much they benefited.

But they made the wrong choice and deeply offended the terrifying Fourth Rank Martial Emperor Su Lang!

"I blame Zhu Xian..."

Xiao Lutian sighed and had a deep resentment towards Zhu Xian, the fortune teller.

Of course, Li Feilou was also very complicated.

When he remembered that Su Lang had bestowed the perfect emperor pill at the time, but he missed it with a short thought, he felt regretful in his heart.

No matter what Xiao Lutian and Li Feilou thought.

Su Lang looked at his ten subordinates and nodded faintly.

The empty and empty Zhundi and others were actually just covering for Su Lang.

Su Lang really entered the Forbidden Land of the Emperor's Head, it was him and his clones!

Time passed slowly.

ten minutes later.

The manpower of all forces has been gathered.

In order not to delay time, Xiao Lutian and Li Feilou also asked Emperor Wu Jiao Qin to help them pick up the helper they contacted.

Emperor Jiao Qinwu didn't think he was disgusted, he really sent a clone to help Xiao Lutian and Li Feilou.

At this moment.

The number of people surrounding the entrance to the forbidden area has reached nearly 300!

Except for the avatars of Emperor Wu and Emperor Wu, there are 25 emperors and 225 Wuxians.

The manpower prepared by each emperor was basically a quasi emperor plus nine Nine Tribulations and Eight Tribulations Wuxian.

Only the three forces of Su Lang, Xiao Lutian, and Li Feilou had much weaker Wuxian-level combat power.

This made Emperor Ling Juewu contempt Su Lang again.

"Sure enough, it's a hillbilly."

"Emperor Wu Tangtang, but his subordinates can't even collect the nine Nine Tribulations Martial Immortals!"

Emperor Ling Juewu sneered and curled his lips. His face was as disgusting as he was.

Su Lang just smiled faintly, and pronounced the death penalty for Emperor Ling Juewu's subordinates in his heart.

At this time.

"Friend Langdi Daoist."

Emperor Jiao Qinwu spoke, "It's up to you to open the entrance to the forbidden area."

"it is good."

Su Lang nodded and took out the Youtian Sword.

When the surrounding quasi-emperor martial arts saw Youtian Sword, their eyelids jumped wildly, and their hearts were scared, as if they were about to be hacked to death in the next moment.

This is because the Youtian Sword possesses the characteristics of 'God Slash' and can attack the spirit.

Whether it is Wuxian or Zhundi, they are only in the Sunlight Realm, and of course they are afraid of the Emperor Youtian sword.

"Broken a sword!"

Su Lang suddenly let out a low cry, a stab in his hand, the Sky Shaking Sword turned into a stream of light, and instantly hit the barrier at the entrance to the forbidden area.

"What kind of swordsmanship is this!"

"It's scary, I actually feel like I'm being restrained!"

"Bao Yijian... a strong sword technique!"

"..."

All Wudi felt the power of Su Lang's sword, and their eyes shrank.

[Chapter 988: Langdi is a good method!](#)

next moment.

"Boom!"

There was a strong explosion.

Immediately afterwards, there was a sour cracking sound.

The black hole at the entrance of the forbidden area became bigger and bigger, and it was covered with cobweb-like gray cracks!

Su Lang took this opportunity to once again increase his control over space rules.

Countless spatial rhythms twisted like small snakes, and the space barriers were greatly broken from the foundation.

The gray cracks are getting more and more dense.

at last!

Like a mirror shattered, countless fragments exploded.

The black void suddenly became the size of a mountain, like a black sun suspended on the ground!

This is the passage to the inheritance space of the Emperor's Forbidden Land!

Through the passage, the emperors could even see a little scene inside.

"opened!"

"Langdi is a good method!"

"..."

The Wudi all smiled and nodded one after another.

Emperor Ling Juewu's face was blue and ugly.

He kept saying that Su Lang couldn't open the forbidden entrance, but at this time he was slapped fiercely, only to feel that his cheeks were hot and ashamed.

"It's not too late."

"Everyone, go in now!"

With a wave of Emperor Jiao Qin Wu's hand, Zhun Emperor and Wu Xian under him rushed into the forbidden area entrance.

The other quasi-emperor martial immortals did not show any weakness, and rushed into it one after another.

Su Lang's emptiness Zhundi and others, of course, also rushed in.

quickly.

Outside the entrance, there were only twenty-three people including Su Lang, or Emperor Wu's deity, or Emperor Wu's clone.

"There is still something to deal with, so I won't wait much."

Su Lang bowed his hands to the emperors, with a thought, opened a passage next to him, and walked out of a clone.

And he himself disappeared from the place instantly.

The other Wudi who were present with their deities, such as Guantian Wudi, also dispatched clones, and the deities temporarily left.

The emperors of Wu have precious time, but they will not sit here and wait in the body of the deity.  
of course.

What everyone didn't know was that the reason Su Lang left was because the time to swallow the clone was approaching.

Moreover, Su Lang had to send a clone to it.

If the deity leaves the scene, suspicion can be avoided to a certain extent.

In the forbidden space of the emperor's inheritance.

The arrival of more than two hundred quasi emperors Wuxian did not seem to cause any storms.

The more than twenty teams were not broken up either, everyone stopped at the exit and carefully observed the surroundings.

With a face of kidney emptiness, Emperor Zhun looked around warily.

Mainly beware of other forces around, especially those under the command of Emperor Ling Juewu.

"Humph!"

The quasi-emperor sent by Emperor Ling Juewu coldly glanced at the empty quasi-emperor and sneered cruelly.

When they came in, they had already received instructions from Emperor Ling Juewu, and they were bound to kill all of Su Lang's subordinates.

Emperor Wuxian took a deep breath and secretly prepared his trump card

—One and a half tricks comprehended from the emperor level exercise technique "Emperor Heart Reincarnation" given by Su Lang.

At this time.

The other teams sent by Emperor Wu left the exit one after another, heading towards the unknown area.

However, a total of five small teams under the command of Emperor Red Lotus and the four Emperor Wu of the Qingyou Emperor realm were left behind, seeming to have the meaning of protecting the empty Zhundi and others.

Seeing this, Wuxu Zhundi and the others couldn't help but heaved a sigh of relief, and gratefully looked at the powerful Zhundi Wuxians.

"Humph!"

"Hidden for a while, can you hide for a lifetime?"

The Emperor Zhun under the command of Emperor Ling Juewu coldly snorted, waved, and left with the nine Wuxians.

"Void fellow daoist."

"I can't wait to protect you all the time, take care."

A quasi-emperor under the Qingyou Emperor realm showed an apologetic face, and immediately led someone away.

The quasi-emperor Wuxian under Emperor Wu's command also bid farewell.

Here, after all, is the inheritance space of the Emperor's Forbidden Land. Although everyone has a good relationship, they are also competing with each other when they arrive here.

The Emperor Zhunxu and others also understood very well.

Not long.

At the exit, there was only one team under Su Lang.

"Let's go too."

Emperor Zhunxu took a breath, with a hint of tension and excitement, and took the lead to walk forward.

quickly.

The exit was empty.

And at this moment.

Somewhere in the shadow, a figure suddenly appeared, the incarnation of Su Lang!

[Chapter 989: We, why fear a battle!](#)

When opening the channel.

Su Lang also saw some scenes inside the inheritance space, so of course he could send the clone here.

After using perfect leaning over.

Su Lang controlled this clone and looked around carefully.

There was no earth around, just a void, the light was dim, vague, and hazy.

The space turbulence flashes from time to time, and the light is distorted. Obviously the space here is very unstable.

Su Lang flew directly to the direction where Emperor Ling Juewu's team left.

next moment.

He broke out of this void area, and his eyes suddenly opened up.

Large tracts of white clouds form a thick sea of clouds, which is like a thick wall covering the earth!  
far away.

The squads headed by the emperor Zhun tried to dive into the sea of clouds and flew to the ground below.

Emperor Zhunxu also planned to lead Hong Xiu, Zhu Xian, Mi Bai and others to leave the sea of clouds.

But at this moment.

"Jie Jie Jie!"

"The trash under Emperor Lang, if you want to leave, you have to ask me!"

Emperor Zhunjue Wu under Ling Juewu led a group of martial immortals to block the way of Emperor Zhunxuan and others.

"You want to do it!?"

Emptiness Zhundi shrank his pupils, opened his arms, and protected Mi Bai and others behind him.

Mi Bai and the others all showed anger, but the opponents were all Nine Tribulations Martial Immortals, and only the Void Zhun Emperor was more powerful.

Xingtai Wuxian looked around and wanted to ask the Red Lotus team for help, but found that the other teams had already left the sea of clouds.

"Tsk tut!"

"See you are nervous!"

"I'm not the kind of person who doesn't agree with me."

Emperor Ling Juewu's quasi-emperor showed sarcasm, "As long as the ten of you get under our crotch, we will let you go!"

This statement came out.

The members of Ling Jue's team all laughed, and looked at the void and others with contempt.

The emperor of emptiness and others glared with anger, their foreheads bunched with blue veins, and their hands were clenched into fists.

"Oh!?"

"Staring at me like this, but not speaking, it seems that I can bear this shameful shame, hahahaha!"

The quasi-emperor of Ling Jue's team made a wanton taunt, "If this is the case, then you line up and drill our crotch!"

"Hahahaha!"

"Come on, Langdi's trash!"

"Not only you are trash, but your master is trash. One day we will be tortured and killed by our Lord Ling Juewu!"

"..."

The members of Ling Jue team ridiculed loudly, and their nostrils were raised to the sky.

"Don't think that you have nine Nine Tribulations Martial Immortals, you can beat us!"

The anger on the empty face of Emperor Zhun disappeared, but it was replaced by a strong killing intent and a thousand miles of freezing cold.

"Why can't it?"

"On your side, except for you, a polished quasi-emperor, you don't even have the Eight Tribulations Martial Immortal."

Someone in the Ling Jue team sneered, "We can spit to death the waste of your six calamities and seven calamities."

"hateful!"

"Fight with them!"

Hong Xiu Wuxian's small face was full of anger, and she and Zhu Xian and other women couldn't stand the insult the most.

"Not bad."

"Even if they die, it won't make them feel better!"

Xingtai Wuxian burst out with a strong will to fight and death.

"For the Lord's reputation, and for ourselves."

The Emptiness Zhun emperor yelled for peace, "We, why are we afraid of a battle!"

"I really can't help myself!"

The members of the Ling Jue team shook their heads arrogantly, "Since you want to die, then go to die!"

The voice just fell.

Headed by Zhundi of Ling Jue team, ten people all started!

In a short time, ten terrifying attacks overwhelmed the void and others.

"cover me!!"

The emperor emptiness yelled, raised his hands, made a seal on the center of his eyebrows, and the imprints changed rapidly. Obviously, he wanted to use secret techniques!

Wuxian Mibai, Wuxian Hongxiu and others took action one after another, and a stream of energy gathered together to form a defensive barrier, blocking the attack of the Ling Jue team.

next moment.

"Boom!"

[Chapter 990: The dead are you!](#)

no way.

Their group of martial immortals has six ranks and seven calamities.

Under the attack of ten opponents, it was a miracle to be able to hold on for half a breath.

"Hahahaha!"

"An ant with a praying man's arm as a car!"

"You Langdi dare to fight against our Lord Ling Juewu, we will give him some appetizers first!"

"..."

The people in the Ling Jue team seemed to have seen the end of emptiness and others disappeared, and couldn't help laughing.

but.

at this time.

"It's you who are dead!"

Emperor Wuxu yelled, and the seal at the center of his brow was finally over. A terrifying spiritual force fell like the Milky Way for nine days, and rushed to the Ling Jue team fiercely!

This is the one and a half trick that Emperor Wu Xu has learned from "The Reincarnation of the Emperor's Heart", which can not only exert all the spiritual power in the sea of knowledge, but also make a terrifying increase.

"Psychic attack!?"

"How is it possible, we can't resist such a powerful mental attack!"

"No, how could he be so strong!"

"escape!"

"..."

The quasi-emperor martial arts of Ling Jue team were panicked instantly.

They only felt that they were covered by a thick life and death crisis, not only the hairs were standing upright, like falling into an ice cave, but even their muscles were stiff.

The idea of running away just appeared in their minds, but they suddenly realized that the surrounding space had actually frozen!

The empty quasi-emperor of the other party actually controls the rules of space!

The people in Ling Jue's team were horrified again, and turned to despair.

Just at this moment.

The emptiness of mental attack came violently, and rushed into the sea of consciousness of ten members of Ling Jue team.

"Boom!"

The ten members of Ling Jue's team felt dizzy, as if the sky was spinning down and there was no color around them!

Immediately after.

Everything became blank, and then gradually dimmed and turned into pitch black!

one move!

With just one move, the emptiness quasi-emperor killed a quasi-emperor of the same level and nine martial immortals of the Nine Tribulations in Ling Jue's team!

Such an amazing scene directly stunned Mi Bai, Xingtai Wuxian and others!

Emptiness Zhundi himself was also very shocked!

"I... I actually killed them all in a second!"

Emperor Zhunxu raised his hands, his face was shocked and excited, "This...this is the power the Lord has bestowed on me!"

"That's amazing, Master Void!"

Shuyun Wuxian exclaimed, "No wonder the Lord will send you to lead the team to seize the inheritance of the emperor!"

"Haha."

"This is all given by the Lord!"

"If it weren't for the Lord, I'm just an Eight Tribulations Martial Immortal now."

The Emptiness Zhundi showed a smile and admiration, but the next moment, his expression suddenly changed, and blood overflowed from Qiqiao.

"Master Void, are you okay?"

Everyone gathered around, very concerned.

"It's a sequelae..."

"It's okay, I can hold it."

The emptiness Zhundi wiped out the blood, showing strongness.

at this time.

A chuckle came.

"Empty, good job."

"It's better than what I thought. It's not worthwhile to nurture you like I did."

A figure appeared from the dark, it was Su Lang, with a gentle smile, he was obviously satisfied with the performance of the empty and the others!

"Lord...Lord!"

"The Lord actually came in!"

"Servant wait to see the Lord!"

"..."

The Emperor Zhunxu and others saw Su Lang, felt the familiar breath, and suddenly bowed down one after another, very excited.

"Get up all."

Su Lang smiled, "Empty, the sequelae of the trick you used should not be underestimated."

"The servant... can hold it!"

Emperor Zhunxuan looked enthusiastic, and I was afraid that Su Lang would let him die, and he would be able to do so immediately.

"Don't force it."

Su Lang nodded and shook his head again. With a thought in his heart, a huge amount of spiritual energy poured into the mind of the emperor Void Zhun.

This is the method used in "Soul Seed Heart Dafa".

Su Lang can use his mental power to feed back his subordinates' soul fire.

Suddenly.

The sequelae caused by the use of the emptiness Zhundi immediately disappeared.

"The next servant, thanks the Lord!"

Wuxian Zhundi felt his injury disappear, and his mental strength even went further, and he couldn't help admiring Su Lang more and more.

"Ok."

Su Lang nodded, then looked at the others, "You are also loyal and commendable, these little things are rewarded to you."

While talking, Su Lang took out some pills and rewarded them to everyone.
