

Meeting The One For Me

Meeting The One For Me Chapter 191-Audrey received a call from Ryan before reaching home.

Wanda had woken up.

Perhaps she had been shocked earlier, so her mental state was a little unstable.

She wouldn't let anyone near her now, huddling in a corner and repeatedly yelling not to hit her.

Tears welled up in Audrey's eyes. The damage inflicted on Wanda by the Sayeno Town was too great.

"Mommy..." Lily nudged Audrey's arm and snuggled against her. "Was Wandflower bitten by a snake before? Why is she so scared of ropes?" Why was Wanda so afraid of ropes? Because ropes were Wanda's nightmare.

She had been tied up with ropes ever since being abducted to Sayeno Town—even during childbirth.

Audrey held the two children tightly in her arms.

"Everyone has their own fears, and of course, Wandflower does too. So in the future, should we protect Wandflower?" "Mommy, don't worry! I'll definitely protect Wandflower!" Lily said.

"I'll protect Wandflower too!" Dallas chimed in.

Back home, Dallas and Lily dragged their suitcases to their rooms to tidy up.

Dallas looked at the information about Nathan on the computer screen. He also dug up some stories about Nathan and Audrey's past relationship.

Audrey had even rejected the direct PhD invitation from Mythravia University for Nathan's sake.

Yet that day, Nathan shamelessly told Audrey not to let others call her a genius, as if she shouldn't think of herself as one. He even asked her how she would support Dallas and Lily by herself.

Didn't Nathan know that Audrey was the founder of Evergreen Biotech? It seemed Audrey's judgment wasn't that great in the past to fall for such a guy.

This man was even worse than Ryan.

In the afternoon, the doorbell rang.

Audrey opened the door and saw George's assistant, Edward, standing there.

She asked, "How is she?" Edward replied, "After taking a sedative, Ms. Wanda slept for a while and is feeling much better now. She's looking for Lily and Dallas. Mr. George asked me to come pick the two children up. Is that okay?" Audrey glanced at the two children playing in the living room, then let Edward into the doorway. "Please come in and have a seat. I'll pack up their things." Audrey handed their suitcases to Edward after briefly explaining the situation to the two children.

She then crouched down to kiss the two little ones. "You two be good and stay with Wandflower."

Audrey let out a long sigh as she watched the two children leave.

Did Wanda's sudden breakdown today have something to do with her?

Wanda had been safe and sound over the years, but the moment Audrey appeared...

Nathan invited Taylor and his assistant, Kevin, to the clubhouse for entertainment.

However, Taylor didn't show up in the evening.

Meeting The One For Me Chapter 192-"Sorry, the founder of our company has returned to Mythravia, so Mr. Campbell canceled at the last minute. I hope you don't mind, Mr. Franklin," Kevin said with a smile as he took off his suit jacket and sat down next to Nathan.

“The founder of Evergreen Biotech?” Nathan handed Kevin a glass of wine.

“The founder came back for this collaboration?” Kevin shook his head. “I don’t know, Mr. Campbell didn’t say. It’s possible, I suppose.” Nathan asked with a smile, “I wonder if it would be possible to invite the founder of Evergreen Biotech to dinner together?” “I’ll try to talk to Mr. Campbell about it. However, according to Mr. Campbell, the founder has always been devoted to the laboratory.

“Mr. Campbell and the General Manager of the Eurindel region usually handle the company’s affairs. I don’t know if the dinner will happen,” Kevin replied.

Nathan was surprised and nodded. He clinked glasses with Kevin, but just as he took a sip of wine, Kevin’s phone rang.

Kevin quickly answered the call. “Hello, Mr. Campbell. Yes, Mr. Franklin from the Franklin Group is with me.” Nathan looked at Kevin upon hearing his name.

“Okay. What? Alright, alright. I’ll tell Mr. Franklin,” Kevin said into the phone.

After Kevin hung up, Nathan asked, “What’s going on?” “Mr. Franklin, is your company cooperating with the Murray Group?” Kevin inquired.

“Yes, we were tight on time for the Evergreen Biotech order, and there didn’t seem to be any restrictions on cooperating with the Murray Group in the contract.” Nathan put down his glass.

“However, there were some mistakes on the Murray Group’s part, and the order was completed by Franklin Group in the end.” “Do you know Mr. Charles sold Evergreen Biotech’s formula?” Kevin asked.

Nathan’s hand clenched on his knee, his gaze darkening. “Mr. Hall, you can’t say such things so casually.” Kevin opened WhatsApp and handed his phone to Nathan.

In the video, Charles was seen handing over the formula to Shawn.

Nathan clenched his phone tightly and suddenly stood up.

Kevin followed suit.

“Mr. Franklin, you and Evergreen Biotech have signed a confidentiality agreement for very the formula. Now that the formula has leaked, we must report it to the police. It’s ver likely that our founder has already reported it.”

His hands trembled as he proceeded to dial Amelia’s number.

“Where is Charles?” Nathan’s voice was grim.

Amelia hesitated. “Nathan, did Charles cause trouble again?”
