### Chapter 188: Blue Star's Evolution! Ten years of development! Changes in the Heavenly Pride Ranking!

It had not been collected yet.

“My Lord, surrender.”

Beside Zhu Chongba, a strategist advised.

Since it was known that Xia De had accepted the title of king from the court, everyone on Zhu Chongba's side had their minds floating!

There was no need to fight and there was also a wealth of glory.

Who wouldn't be tempted.

The key thing was that they simply couldn't beat the Great Desolate Army.

Zhu Chongba's face was a bit grim, his momentum had been great.

He was making money quietly but he totally didn't expect that, it would take only a few days for the Great Desolate Army to hit Jiankang City.

The most important advisor around him, Liu Tianji, also committed suicide, letting Zhu Chongba no longer see a glimmer of hope!

“No, I, Zhu Chongba, am the Son of Heaven, how can I surrender.....”

Zhu Chongba clenched his fists and decided to fight to the death!

Early at night, Zhu Chongba personally ordered his troops to night raid on the camp of the Great Desert Army.

However, the Great Desolate Army was prepared for this.

Jiankang City had a lot of inside information.

There were others who were ready to surrender.

Zhu Chongbao's such a big action, naturally could not be concealed!

Zhu Chongba failed to steal the chicken and lost his rice!

Not only did the night attack not succeed, they also stepped into the trap of the Great Desolate Army!

Gunfire was everywhere.

The fire was soaring!

The Great Desolate Army rushed over from all directions after Zhu Chongba's team held on for a while, it completely collapsed!

A crushing defeat.

By dawn, Zhu Chongba's army of 30,000, the dead were dead, the wounded were wounded, and the descendants were descending .....

They basically lost the fight and Zhu Chongba himself couldn't do anything and killed himself directly on the spot!

So far, there were no more resistance forces in the southeast.

The whole territory surrendered!

Only Sun Quan of Jiangdong was left!

"My Lord, surrender."

"My Lord, surrender!"

"I beg the Lord to surrender."

"....."

In Sun Quan's house, people were kneeling down!

Even Lu Sun, who was usually most trusted, was kneeling in the first row!

Advising him to surrender!

It was not just that the Great Desolate Army was unstoppable, it was more because this was the trend of the world!

The Great Desolate Army clearly represented the more advanced side!

In name, it was the orthodoxy of Xia Kingdom.

Xia Kingdom ruled for hundreds of years but it was still very popular among most people.

The natives of Jiangdong were even more eager to move, so he publicly announced that he wouldn't fight with the Great Desolate Army but on Sun Quan's head, there were already growing gray hair!

"You are my subjects, how dare you persuade me to surrender!"

Sun Quan looked angrily at these strategists and generals.

His whole body was trembling slightly.

No one responded.

Everyone knelt and bowed their heads.

They were expressing themselves with silence!

"Forget it, forget it."

In the end, Sun Quan waved his hand and said, "Go ahead and let me think about it."

As the people left, something didn't feel right.

Lu Sun pushed in the door with his men and discovered that Sun Quan had fallen to the ground.

There was an empty glass beside him!

Sun Quan's suicide, let Jiangdong no longer have anyone to preside over the big picture.

No one had the heart to resist.

The Great Desolate Army came across the river with ease and took over the area!

For Yan, what the Xia Kingdom needed now was stability and development.

So she did her best to be soothing!

The first thing they did when they came to Jiangdong was still to take away all the scholars!

This time, Jiangdong surrendered so smoothly.

It was natural also because there were a few spies with black tokens among them.

Lu Sun was..... One of them!

Lu Sun, who was determined to become a scholar, accepted the terms of the Great Desolate Army but he also didn't intend to betray Sun Quan.

So he led the crowd to prepare for persuasion.

He didn't expect that, Sun Quan would commit suicide.

At this point, the entire Xia Kingdom had basically returned to completeness!

Only a few isolated areas remained.

There were still some small forces struggling.
