

## One Planet 194

### Chapter 194: The Great High School Entrance Examination! The Battle of 100 Cities! Billions of geniuses!

Early next morning, Jiang Fan got up early.

He had a simple meal.

After that he came to the entrance of the neighborhood.

A few moments later, a talisman car came flying!!

It stopped in front of Jiang Fan.

This was the special arrangement of the school to pick up and drop off students for the college entrance examination!

The door opened.

Jiang Fan boarded the car.

He could see it at a glance..... It was Teacher Liu Yue, who he had met before!

“Ms. Liu.”

Jiang Fan greeted her.

“Student Jiang Fan.”

Liu Yue smiled slightly, clenched her fists and said, “Come on.”

Jiang Fan glanced inside.

Sparingly, there were not many people.

Some students had their own cars at home.

There were fewer students like Jiang Fan.

The talisman car flew steadily into the sky.

Speeding towards the No. 7 middle school!

In the air, Jiang Fan saw many, many, many different kinds of transportation!

Talisman cars were the most common.

There was also a spirit boat from the immortal civilization!

Originally, aerial flights were forbidden in the city!

However, the day of the entrance exam was the exception!

Everything was allowed for the entrance exam!

The city guards had also been dispatched early in the morning to maintain order at various locations.

For everyone, the college entrance examination was just one chance!

It would determine the height of the future life!

At the same time, in Dongyang Province, there were five hundred and eighty cities, with countless candidates!

There were billions of geniuses on their way to the exam center, under the nervous and expectant eyes of family and friends.

.....

In the masterless star field, at the outer edge of the planet, a dominantly shaped airship was parked.

Inside the airship, a door to a room opened.

A tall young man came out of it.

By looking at that appearance, he was only 18 or 19 years old.

“Finally, I’ve passed the five-star mission.....”

The tall young man breathed a long sigh of relief.

Looking at the time, he said with a grin, “This time in the college entrance examination, let me see how many real geniuses there are in the province!”

With that he started the airship and started traveling towards a city in Dongyang Province.

This was the latest model of airship from the immortal cultivation civilization.

The speed was amazing.

In half an hour, you could fly back to the city where you were!

.....

In the westernmost part of Dongyang Province, at a towering mountain peak.

On top of the mountain, there was a villa with a simple shape and a unique atmosphere!

On the balcony of the second floor of the villa, a young man in white slowly opened his eyes.

He was looking at the mountains and forests covered in clouds and mists in the distance!

At this time, a sound of footsteps came from behind.

A bald elegant old man came over.

The young man in white turned around.

Looking at this bald and elegant old man, he respectfully said, “Teacher.”

“Your strength is beyond doubt, but.....” The bald and elegant old man looked at his proud disciple and said, “In the college entrance examination, the situation

is changeable. You just need to take the top spot. There's no need to get hung up on breaking records."

The bald and elegant old man warned him accordingly.

He knew that this apparently bland disciple of his own was extremely arrogant deep down!

The top spot was just the beginning, his goal was to break the long history of Dongyang Province on the record of the college entrance examination!

"Teacher, I'll remember it."

The young man in white bowed slightly and replied respectfully.

.....

In a large and luxurious manor, in a huge hot spring bath, the water splashed with a clatter and a slender, handsome young man stepped out of the bath.

"Young master."

A beautiful maid next to him immediately handed over a clean white towel.

Handsome young man wiped water at the same time.

While walking to the outside of the bath, he picked up a piece of fried egg with a knife and fork, placed on an elegant dining table.

He took a gentle bite and looked at the beautiful maid and said, "You said, young master, this time."

"With your strength, young master, you are bound to beat the overall top student of the entire Dongyang Province in this college entrance examination!" The beautiful maid immediately replied loudly.

"Overall champion!"

The handsome young man, however, shook his head.

A smile curled up at the corners of his mouth, and said, "Although I am arrogant, I still have some self-awareness. If it were the previous years, I could win this championship. But this year, there are four big demons! Super big demons!"
