

One Planet 199

Chapter 199: First Day Results! Jiang Fan's ranking!

Exactly where he was just teleported in.

Around him were also candidates who were teleported out.

A black out!

Most of them looked relaxed.

There were also a few of them who maybe didn't study hard at all times.

They were depressed now.

“Jiang Fan.”

A familiar voice came.

Jiang Fan turned his head to look.

It was Fang Zhenting.

Fang Zhenting smiled and said, “How did you do in the test? A perfect score shouldn't be a problem.”

“It should be the same as you.”

Jiang Fan smiled back.

“Come on, let's go sit at a nearby restaurant, have a drink, and wait for the results to come in.”

Fang Zhenting pointed to a tall building next to the square.

According to the rules of the entrance examination, at noon, no one was allowed to go out.

Food and drinks would be provided accordingly to everyone in this square and it was free of charge!

“It would have been nice to have this kind of treatment for the college entrance exams in my previous life.”

Jiang Fan sighed inwardly.

Then, he and Fang Zhenting arrived at the eighth floor of the building.

It was all automated services here.

Both of them took a drink.

They were sitting on the edge of a floor-to-ceiling window!

They were looking down at the hundreds of thousands of candidates in the black!

“It can only be easy and relaxing now.”

Fang Zhending took a sip of her drink and lamented, "In the afternoon and tomorrow, there will be a real battle."

Jiang Fan smiled faintly.

The entrance examination was divided into four subjects.

The first subject was the theory test of "Planetology".

It was the easiest.

It could be said that it was a free points section!

As long as you are usually prepared.

Surely it won't be too bad.

Even the geniuses of the Heavenly Pride List and the ordinary students behind them.

Their scores won't be too far off.

The next three subjects were the real deal!

Effort alone was not enough for those three subjects.

It would directly distinguish the level of ordinary geniuses and top demons!

It was different from his previous life.

The college entrance examination here had on the spot results.

In theory exams like "Planetology".

There were no subjective questions.

All were objective questions.

For the college entrance exam space that had all sorts of incredible methods.

It finished checking the test papers of all candidates.

It was an instant thing!

As twelve o'clock approached, inside the building, in the square, the voices of everyone's discussion gradually decreased.

Everyone's attention was placed in the sky.

There!

In a while.

The results of the "Planetology" from earlier would be announced!

.....

In the No. 7 middle school, inside the large conference room, principal Tong Zhensheng and a group of leaders and teachers, gathered together!

They were watching this one together.....

It was the most important exam for each school!

Tong Zhensheng took a deep breath.

He seemed more nervous than the first time he held a girl's hand.....

“Headmaster, sit down and wait.”

The teacher Liu Yue next to him laughed.

“There's no need.”

Tong Zhensheng smiled.

In the previous year's high school entrance examination, Tong Zhensheng talked and laughed, and his heart was very calm.

However, this year was not quite the same.

Tong Zhensheng was already old, his retirement was coming in a few years.

This year's Jiangcheng competition was the more important college entrance examination.

Let Tong Zhensheng feel his second dream of being a principal for decades—

Win a high school entrance exam!

It was also possible to achieve!

After all, this year, there were two demonic students in No. 7 middle school who were ranked on the Heavenly Pride List.

It was promising to get a good score.

The greater the expectation the greater the time.

His mind tends to get nervous.

But he was not afraid of the eventuality.

This was a theory exam.

In previous years, there were some talented people who were careless or negligent.

They missed the test by a score or two.

For the fierce competition for the top spot, every point was fatal!

“Well, the results are out.”

A teacher shouted loudly.

Immediately, everyone's eyes turned to the front on the huge projection!

In the projection here, all of them were candidates of the No. 7 middle school, arranged in order of admission ticket number.

The eyes of Tong Zhen Sheng and a group of leading teachers just quickly skimmed over the other students' achievements.

The focus was on the names of the two Heavenly pride students of No. 7 Middle School: Jiang Fan and Tang Qingqing.

“Tang Qingqing, perfect score.”

“Jiang Fan, also a perfect score!”

A teacher read it out.
