

One Planet 209

Chapter 209: Consecutive explosions! Unprecedented in history! The record terminator..... Jiang Fan!

In previous college entrance examinations, except for the provincial city of East Star City, the results of Tianjing City could be said to be very excellent!

In certain years, they could even get dozens of super-class academic admission places and this year, it was considered by many to be the most promising one to win the provincial championship!

Because out of the four recognized super demons out there, one of them was a student of Tianjing city!

In the ranking of the Heavenly Pride List, of course they were also the top four!

As for specific rankings, everyone was controversial but there was no doubt that it was hard to tell the difference between the top four!

Anyone could take the top spot.

It depended on the overall performance of the high school entrance examination, not to mention the theory test in the morning.

The two subjects in the afternoon were crucial for the demons who were going to compete for the overall top spot.

Every year in the past, the competition for the first prize was very intense!

The final score difference was often only in single digits!

Even, just one or two points away!

So the second and third subjects in the afternoon were quite possible that it would let this unprecedented championship battle determine the winner in advance!

“Let those four super demons fight it out, it has nothing to do with me anyway.”

Above the square, a handsome young man with a very relaxed demeanor, while looking at the nervous crowd around, was all the while flirting.

“Young master, before the results come out, everything is possible.”

A voice came from the side.

She was a very good-looking girl.

It drew the attention of many people around.

Each one had a hint of envy in their eyes.

This beautiful girl called this handsome young man named “Bai Jiao Yang” “young master”, and she was not flirting but it was really his maid!

The handsome young man had an amazing family background.

The self-talent was also very scary.

His Heavenly Pride Ranking was even ranked in the top 10!

What's more critical was the beautiful maid beside him.

Surprisingly, she was also raised to be a supreme genius and also made it to the list of heavenly pride!

Simply envious and jealous!

“Fortunately, we still have that demonic monster in Tianjing City this year, otherwise, Bai Jiao Yang will take the top spot, which would be really annoying.”

A male candidate said sourly.

Hearing this, everyone else turned their heads.

They were looking at the edge of the crowd.

There was a girl in a green dress.

This girl looked ordinary but there was an ethereal aura around her.

Even in the dark crowd around, she was the first person anyone could notice!

This girl in green was the undisputed peerless genius of Tianjing City this year!

She was also recognized as one of the four super great demons.

A strong contender for the overall top prize in the Dongyang province!

Many people thought that.

In the second section of the examination, this girl was the most likely candidate to take first place because at the time of the Awakening Planet, this green girl's planet was as much as 39.5 km in diameter!

It was more than all the geniuses in the province!

Ranked No.1!

“Look, this is a real demon.”

Bai Jiao Yang pointed to the girl in green and said to his own beautiful maid.

The beautiful maid also looked at the girl in green.

She couldn't help but asked curiously, “I heard that this girl named Wei Qingqing is the most likely first in the second section, is this true?”

“Not most likely, but inevitable.”

Bai Jiao Yang smiled slightly and said, “The most likely and most hopeful words are all good words. Let the public out there think there's suspense, while in fact, as everyone knows we know that the first in the second subject is definitely Wei Qingqing. The only suspense is to see if Wei Qingqing can break our province's college entrance examination record!”

“What about the other three super great demons? No possibilities either?”

The beautiful maid asked.

“The second subject is out of the question, but.....”

Bai Jiao Yang paused for a moment and said, “There will be a fight in the third section!”

“There is not a single person in the third section who dares to say that he or she is sure to win first place! In this subject, I dare to say I’ll fight the four great demons!”

“Everyone says that the third subject is generally not high scoring and is the hardest one to pull off.” The beautiful maid said.

“That’s for sure.”

Bai Jiao Yang nodded and said, “The third section examines species richness and system integrity! Can you still expect how high a level 1 planet can be in this regard? Therefore, the examiner’s score won’t be much higher! Just look at the scores from previous years. It’s already very good to be at 80!”

Right at this time, the people around were suddenly in a commotion!

“It’s here! The Hanging Leaderboard is out!”

Someone shouted.

Bai Jiao Yang and the beautiful maid suddenly stopped talking.

All heads were up.

Everyone was looking up towards the sky!

There.....

There was a huge floating leaderboard slowly forming!

Everyone at this moment looked up and stared at this ranking list!

East Star City.

Amber City.

Purple Star City.

In each city, on the college entrance examination square, hundreds of millions of candidates looked up, one after another!

They were waiting for the release of this results list!
