

One Planet 214

Chapter 214: Floating leaderboard! Results announced! The shocked crowd!

One boy shook his head and sighed.

“I cried, mine was 59.5 points, only half a point to pass!”

The other boy was very upset and unwilling.

However, the rating of the planet diameter was very strict.

Every point was rated to the last decimal place!

There was no such thing as rounding up.

“With only 63 points, my dream of a top-notch university should be out of the question.”

A good-looking girl saw her results and was immediately left with tears!

Many people were lamenting and shaking their heads.

A few girls even cried out directly on the spot!

Of course, about the size of the planet, everyone had already made up their minds before the exam.

When this result was announced, most people were not very responsive.

After a short period of emotion, they turned their attention to other people's names!

Especially those geniuses and demons!

For the candidates in Jiangcheng, the main focus were the two people, Bu Jing Yue and Tang Qing Qing!

Immediately after that, there was an uproar.

.....

In the conference room of No. 7 middle school, the eyes of Tong Zhensheng, Liu Yue and other school leaders and teachers were focused on these two as well.

Both were the first to find out where these two were.

Tang Qingqing.....84 points!”

A teacher with a loud voice shouted out loudly.

The meeting room was silent for a moment!

Followed by, the crowd vibrated!

“84 Points, Tang Qingqing really doesn't show her true strength.” The teacher said excitedly.

“According to the proportional conversion, that's 420 kilometers! I think when she just awakened, Tang Qingqing's planet's diameter was not even 30 kilometers, a super genius. It was totally unexpected that Tang Qingqing would

give us such a big surprise! It seems that Tang Qingqing has prepared well enough in the past two months, and her brother is a teacher at Tianxing University, so she must have been cultivating with all her strength. That's why she has such a good result!"

"We were worried that Tang Qingqing would be pulled apart by Bu Jing Yue in the second subject. Now it seems..... We don't need to worry anymore. She might even pull back!"

One by one, the teachers were very excited.

Even Tong Zhensheng's right hand couldn't help but shake slightly.

Then pressed his hand and said, "Don't rush yet, let's see the results of Bu Jing Yue."

Others were quiet.

Their eyes swept at the rest of the list.

A few moments later, they found the column of Bu Jing Yue!

However, after seeing the results displayed behind the three characters "Bu Jing Yue", inside the conference room, there was silence!

The excited expressions on each of their faces were frozen!

.....

"Mr. Tang, congratulations, congratulations."

On the eighth floor of the Planet Association, a bunch of teachers and supervisors were congratulating Tang Yushu.

On the projection in the hall, on the middlemost display, it was the result of Tang Qingqing!

84 points!

This was a very bright result!

Many teachers here knew that this score was enough to be ranked in the top 1000 in the province!

Maybe even the top 500!

"Don't congratulate me just yet."

A small smile appeared on Tang Yushu's face.

He was also very happy, it was not in vain that he had worked so hard to train for so long but he still kept a little calm and said, "Look at other people's achievements."

The middle-aged supervisor understood the situation.

He naturally knew who this other person was referring to.....

Bu Jing Yue!

Soon, in the projection star, there was the column of Bu Jing Yue!

It was the same as the conference room of No. 7 Middle School.

All of a sudden, everyone quieted down.

Every face was a little incredible!

Tang Yushu was also surprised for a moment.

Then he shook his head and sighed, "There's nothing you can do about it, Qingqing, you're already very good, and it's not wrong to lose!"

And in the conference room of No. 7 Middle School, the faces of the people were not so nice.

First came the surprise.

Then there was an even bigger "surprise"!

The results of Bu Jing Yue shocked everyone and left everyone speechless.

Including the originally expected Tong Zhensheng.

His expression also froze slightly.

He originally thought that there might be a chance to overtake in this second subject but now, looking at Bu Jing Yue's amazing results, he just knew that this subject was directly pulled away by a big difference!

"Principal, isn't there still Jiang Fan? Let's see his score."

Liu Yue next to him saw that the atmosphere was not right.

So she immediately spoke up.

"Yes, there's also Jiang Fan."

Tong Zhensheng regained his composure.

It was not the same as the huge floating leaderboard in the college entrance examination square.

In the projection here, it was impossible to project everyone.

Only part of it could be selected at one time!

Soon, Liu Yue took the initiative and projected the location where Jiang Fan was.

When she saw the results after the word "Jiang Fan".....

Inside the conference room, everyone was once again silent!
