

One Planet 215

Chapter 215: First in Double Subjects! The whole room is lying down! The crowd of heavenly pride is boiling over!

On the college entrance examination's square, most people, after seeing their results, turned their gaze on the two examinees who were considered to have the best chance of winning the champion spot!

Tang Qingqing and Bu Jing Yue were also looking at their results.

"84 points."

Tang Qingqing's expression did not change much.

This was something she already knew before the exam.

She turned her eyes and started looking for the location of Bu Jing Yue!

Soon, the joy in Tang Qingqing's heart instantly disappeared!

"Bu Jing Yue, 92 points?!"

Looking at this number, Tang Qingqing felt her heart trembling slightly!

84 and 92 points.

The difference was as much as 8 points!

When 92 points were converted over, that was 460 kilometers!

It was 42 kilometers more than the size of Tang Qingqing's planet!

That was a big gap!

It was equivalent to the difference between an ordinary demon and a supreme demon.

"I still lost and I lost so badly."

Tang Qingqing slightly clenched her right fingers!

There was some resignation and helplessness in her heart.

She was doing her best but she still couldn't beat Bu Jing Yue!

Bu Jing Yue was also looking at Tang Qing Qing's results at the same time but she just glanced at it.

She stopped paying attention.

Tang Qingqing scored 84 points meant, there was absolutely no threat to Bu Jing Yue!

If not for the fact that they were all in the same city, Bu Jing Yue was a genius on a level.

"The two of them, Tang Qingqing and Bu Jingyue, are really scary."

Fang Zhenting looked at the list while shaking her head and talking to Jiang Fan.

“My score is 76 points, which translates to a diameter of 380 kilometers! That’s not bad but compared to these two demons, it’s completely incomparable. Think about two months ago, we were not much different, but now we are at completely two different levels!”

Fang Zhenting was very emotional.

She talked a lot, then she looked at Jiang Fan and asked, “By the way, Jiang Fan, what is your score?”

“See for yourself.”

Jiang Fan smiled faintly.

Fang Zhenting blinked her eyes and turned her head to look.

After a few moments, she found Jiang Fan’s position.

In the next moment, a foul directly language burst out–

“F*ck!”

It was not just Fang Zhenting.

Jiang Fan’s fame in Jiangcheng was not small either.

He was also ranked on the list of heavenly pride.

He was even the winner of the previous Jiangcheng Grand Competition.

He was not as famous as Tang Qingqing and Bu Jingyue but there were people who were concerned.

Especially the students in the No. 7 middle school.

A genius of their own school.

He still had more attention.

Some candidates looked at Tang Qingqing and Bu Jing Yue afterwards.

In a blink of an eye, they looked for Jiang Fan’s location.

Subsequently.

.

“F*ck! I did not see anything wrong, right?”

“Xiao Li, Xiao Li, don’t cry, hurry up and look there!”

“Don’t talk about Bu Jing Yue, just look at the top..... Jiang Fan’s position!”

“Really? 100 points? A perfect score?”

“Is this really Jiang Fan’s achievement? Why do I feel like I’m dreaming?”

The discussions grew louder and louder just like a wave of water quickly swept in all directions!

Both Tang Qingqing and Bu Jingyue were a little surprised!

As they looked upwards, their eyes abruptly widened!

.....

At the same time, on the college entrance examination squares all over the province, individual candidates were also looking at their own and others’ results.

“96.1 points! Congratulations! We have successfully broken the historical record of the college entrance examination in Dongyang Province.”

In the Tianjing City’s College Entrance Examination Square, many people were congratulating the green-clothed girl Wei Qingqing.

It was a scare!

Wei Qingqing successfully broke the provincial college entrance examination record by a margin of 0.1 point!

A new history was set!

“Sure enough, there is no surprise, Wei Qingqing still broke the record!”

Next to him, Bai Jiao Yang said with a relaxed look.

Her grades were good too.

Everyone’s main focus was on one of the absolute best!

“Young master, the gap between everyone’s second subject results this time is not too big.” The beautiful maid beside him said, “The other few super great demons have good results. The one in East Star City got 95.5 points. The one in Amber City got 95.2 points and the one in Purple Star City got 95.6 points! ?So, Wei Qingqing’s advantage is less than one point, but..... that’s right, they are all at the same level of demon, so they shouldn’t be able to keep a distance.”

Bai Jiao Yang smiled faintly.

“Help me see who is the fifth!”

Bai Jiao Yang instructed.

“Okay.”

The beautiful maid immediately looked toward the list in the sky.

After a short while, her eyes snapped wide.

Then she pulled Bai Jiao Yang’s arm and said, “Young master, look, is the above wrongly written?”
