

One Planet 233

Chapter 233: Real Time Ranking! Super Mode of Great Desolate Army!

A violent and strange aura came from the air!

Above the tall city walls, the Great Desolate Army was naturally prepared.

This time, it was not Xu Tiande's first legion, it was replaced with the Second Legion led by Le Yi!

The chief commander was still Chang Yu Chun?but the commander this time was Le Yi

The first one went over well.

In this second wave, Chang Yu Chun did not have the nerve to show off.

This must be a more powerful transcendent race than the first wave of zombies.

Soldiers of the Second legion were not afraid, instead, they were rubbing their hands with a face of excitement and anticipation!

For the Great Desolate Army, it was more than just glory.

If they won, there were also huge rewards.

Yan was not stingy about this!

“Here it comes.”

Jiang Fan also sat up straight.

He was paying attention to the passage of the planet.

With a slight ripple, the planet passage was open!

From the inside a knight came?

It was covered in darkness.

Jiang Fan raised his eyebrows.

After taking a good look, he just found out?that there was a creature riding underneath these invaders!

It looked like a horse?but on closer inspection, it was not a horse.

It was much?taller than a normal horse!

It was dark from head to toe.

On the lookout, it seemed to have a weird taste!

It was like a horse that had been resurrected from the dead and became stronger.

It made people shudder to look at it!

The knight on horseback was also pitch black, as if shrouded in a huge black robe.

But after taking?a closer look, there was no black robe, instead, it was a black fog!

These knights were shrouded in a black mist.

Their brains were?even more bizarre.

There was actually a little bit of a small but extremely bright fire!

It was like a legendary..... The Fire of the Underworld!

“What the hell is this!”

Jiang Fan raised his eyebrows.

He also didn’t recognize it the first time!

There was no way around that.

This world has?been around since the beginning of time.

There were a lot of unknown civilizations!

There were all kinds of transcendent creatures!

It was also impossible to remember everything in books.

Like a powerful planet master, after going to the planets by himself to perform missions, it was possible to know more extraordinary species!

These candidates, naturally did not have this knowledge!

In addition, this was a high school entrance exam.

It was naturally impossible for the author of the question to create extraordinary species that were commonly seen!

For example, like martial artists, Cassius, magicians, stone monsters and so on.

It was not just Jiang Fan, this time, even many teachers and planet masters were not able to recognize it.

Of course,?it was not the same for the more powerful big shots.

“Undead Knight? This second wave actually came straight to this?”

“Interesting, if placed in previous years, it is bound to be something that will appear only at the third wave, but this year it came at the second wave?”

“This is much harder to deal with than losing the first wave!”

“Look, I’m afraid, even if some demonic geniuses don’t pay attention, they might lose here!”

In City Lord’s Hall, the powerful planet masters were discussing?with a look of anticipation on their faces!

What they wanted to see the most was not a showdown between the great geniuses, instead, it was all kinds of thrills!

Many people enjoyed the elimination of Xiang Junhao in the first wave.

.....

“Undead Knight!”

In the conference room of No. 7 middle school, Tong Zhensheng saw these strange knights who were covered in black mist.

His face could not help but become more solemn.

“These transcendent creatures are called undead knights!”

The teacher Liu Yue next to him couldn’t help but ask: “It looks very powerful, it should be an intermediate civilization race, right?”

“That’s right, it’s an intermediate civilization race.”

Tong Zhensheng nodded and said, “And it’s still an extremely powerful one among the intermediate civilizations!”

“In terms of strength, the undead knights are not at the top of the intermediate civilization.”

Qiu Yunfei answered, “But?the characteristics of the undead knight are very bizarre. If?you are familiar with it, it is not so difficult to deal with?but in this college entrance examination, there’s not that much time to get acquainted!?A single slip-up would just flip over!?It’s much scarier than the horde of zombies in the first wave.”

“In my opinion.” Qiu Yunfei paused, smiled, and said, “I am afraid that many seeded players will be eliminated in this stage!”

“It is indeed difficult.”

Liu Yue’s face was also solemn, and she said, “If it were in previous years, this must have been the third wave!”

.....

“Nice guy.”

Jiang Fan exhaled gently and looked at these knights who were covered in black?but he still didn’t intervene.

Unless as a last resort, Jiang Fan was definitely not going down.

What’s more.....

He didn’t seem to be of any use either!

In front of the passage, the number of these bizarre to the extreme black masses of undead knights was increasing!

Finally, it formed a black mass?but they were not like a horde of zombies acting on instinct.

When seeing the side of the Great Desolate Army, behind the tall city walls, there was no attack, instead, they temporarily stopped in place.

Subsequently, they assembled into a formation!

Seeing this scene, Chang Yu Chun frowned slightly!

Those messy transcendents.

Even if they were more powerful, Chang Yu Chun wouldn't take it to heart either?but seeing them?organized, disciplined,?made Chang Yu Chun more concerned!

“Everyone, pay attention, half of you shoot the knights, half of you shoot the creature under the knights!”

Le Yi waved his hand and commanded loudly.

It was also a foolproof strategy?before not knowing exactly what kind of creature the other side was.

They attacked these knights from all directions?to test out?what?exactly was their weakness.

Whether it was the knights above?or the creature that looked like a horse below.

With a round of attack, they would be able to know.

At this time, after a quick observation, the first report of the Transcendental Research Group was also out,

“These extraordinary creatures are very similar to the legendary dead, and they are most similar to the zombies we encountered in the previous expedition to?the transcendent planets. Let's call them undead knights and undead horses first!”

A scholar reported loudly, “Attention, please!”

“These undead knights have weapons in their hands. It's a long sword, and it's not weak!”

Hearing this, Chang Yu Chun and the others all looked over.

Sure enough, they discovered?that in the right hand of these dark, creepy knights, there was?a pitch-black long sword!

Those swords were so sharp?that from time to time, the reflections could be seen coming?from the distance!

“Raise your attention and don't be careless!”

Le Yi also said loudly.
