

One Planet 89

Chapter 89: Astonishing Might! The whole audience is shocked! Grand Competition..... First!!!

Only a few of them were intact?but?there was a hint of fear in the eyes of?these intact Xiu Ling people.

They were so close to death!

It was not just those people, the bows and arrows of the Xiu Ling people were?also severely damaged!

“Ahh!”

Seeing this tragic scene, the aged Xiu Ling clan chief couldn’t help but scream mournfully!

From the beginning of birth, the Xiu Ling Clan knew that they were the favorites of God.

They could gather the spirit of heaven and earth.

The essence of the sun and the moon!

Since the Great Competition, it was easy to sweep the opponent in every match!

There was no civilization?that?could make them spend a little more effort.

While facing the Great Desolate Army, they were?even higher up.

It was like killing these ordinary people was dirtying their?hands.

But, this one explosion still took all of their pride.

The Great Desolate Army told them the truth.

To be able to reach the final, none of them were weak.

Knock, knock, knock!

There was a neat sound of footsteps on the ground!

All the soldiers?of the Great Desolate Army came over.

From all directions, they gathered around the big pit?and surrounded?the surviving Xiu Ling people and the two-spirit?trees below!

Looking down from above,?there was no relaxation on their face.

They were still on high alert!

It was extremely frightening.

Not to mention.....

The opposite?was the powerful Xiu Ling clan!

Under that horrific explosion, there were still over 400 people who survived!

But now, the initiative was already on the side of the Great Desolate Army.

The previous situation?completely flipped over!

Most of the surviving Xiu Ling people were injured?and still trapped at the bottom of the big pit.

But didn't give in!

They still had more than 400 people, and they could still fight!

“Prepare to use more gun?powder!”

Qi stared at the Xiu Ling people at the bottom of the big pit and shouted loudly.

“Gun?powder!?”

“This terrible thing is called Gun?powder?”

“There is such a thing, how come I never heard of it?”

“It should be made by the civilization of ordinary people that Jiang Fan built, right?”

“Unbelievable! An ordinary human civilization is capable of giving birth to such a terrifying weapon?”

“.....”

As the words of Qi fell, the viewing room immediately boiled.

After the explosion just now, people were in shock.

The biggest confusion was?what this powerful thing was?

Now, after hearing the words of Qi they?knew.

It turned out to be an unprecedented weapon!

“Gun?powder?”

The city lord of Jiangcheng was also chewing on this new term.

In his long career, something that could make him take a closer look?was?not many left!

As for?the big competition this time,?there was more than one such experience!

With this order from Qi, the guards behind moved.

A few more large sealed boxes were brought over!

The amount of gun?powder just now?was more!

A few moments later, in the battle room, Bu Jing Yue's voice sounded: “I admit defeat!”

A white flag rose up on?the battlefield on the side of Bu Jing Yue!

Looking at this white flag, Qi breathed a long sigh of relief.

In fact.....

All of the gun?powder was used up in the explosion just now!

Qi's command was just for bluffing!

Even if these Xiu Ling people were trapped in the big pit, it was impossible to actually beat them? without paying a huge price.

In order to make the Xiu Ling people lose their fighting spirit, Qi had to resort to the trick of bluffing.

As a result.....

It worked!

Everyone agreed.

The few large boxes carried by the personal guard must have contained such horrible weapons!

In fact, there were?just a few big rocks inside.

Xiu Ling people and Bu Jing Yue were hit.

They could still fight?but even if it was humiliating to admit defeat, they surrendered?to ordinary people because they didn't want to experience it again.....

That terrible weapon!

“The warriors of the Xia Kingdom, we..... won!”

Qi stood on horseback, raised his long sword, and shouted loudly.

All the soldiers of the Great Desolate Army?and the Transcendental Research team cheered in unison!

Some of them even shed tears with excitement.

This trip to the Grand Competition?in which there were nine group matches, five elimination matches was completely over!

They won all the matches!

Finally.....

Take the glory!

“Well done.”

Jiang Fan also could not help but open his mouth and praise.

The victory of the Great Desolate Army was not beyond Jiang Fan's expectation?but doing it so perfectly was rare and valuable.

The performance of the Great Desolate Army this time also made Jiang Fan realize?that the human beings born on the Blue Star seemed to be more powerful than the human beings of the former Earth!

It was not just about physical fitness but?the spirit, willpower, fighting spirit, hard work, self-confidence, etc.

All were way higher!

With Bu Jing Yue's own words to admit defeat, inside the viewing room, it was more like a gun? powder explosion blew up right away!!!
