## Chapter 101

Kimberly gave the gun to Calix before he was teleported. The gun was shrunken but Calix activated it and the gun turned to its original size. He used the gun to escape and disabled Yuna.

Calix was happy to have Mento. Yup, that was the name of the pistol, Mento. It didn't come from a certain brand of menthol candy such as mentos, definitely not...

Calix didn't know if the first owner of the pistol had a bad sense of humor in terms of naming. Well, the owner of the pistol was an Ogre so it was explainable. They had strong physiques but they were slow-minded, usually they would name their sons and daughters Bigfoot or Shrek. You know, the typical name of Ogres.

"Now, what will I do to you?"

Calix stared at Yuna who lost her consciousness, Calix used a taser gun and shot her. Calix didn't use maximum firepower, he just used enough to make her faint. Yuna passed but she was not dead. Calix's intuition was telling him not to kill Yuna.

He lowered down and checked her, he touched her forehead that had blood. He wanted to administer first aid but he didn't have a kit to do that. He was just a simple guy.

He cut a piece of his shirt and wiped the blood on her face, Calix was confused why he was doing this. After he saw her face, the hatred in his heart immediately disappeared. However, he knew that this was not a love-at-first-sight thing.

Why? Because he already knew her.

"She's the woman that I often meet in the hallway of the dormitory... "

He remembered her, possibly because of her pink hair and golden eyes, they are unique features. He admitted that she was beautiful but because her expression was always cold, Calix thought that it was a waste. This woman would never smile, cry, or show any emotions.

But now, after what he witnessed, he confirmed that Yuna had emotions. Especially how she moved her ass, that action was so damn good and it was filled with emotions. Based on her gesture, Calix acknowledged what she was saying.

"Through her actions, she's telling me to love her. To accept her... I don't know what happened to her to be this desperate."

To be honest, it was unknown how he could read her feelings based on fucking...

He finished wiping the blood on her. Now that he thought about it, they were both naked downward. It was fortunate that no insects were biting them.

Calix kneeled and carried her on his back. Calix was not stupid, he knew that Yuna saved him from falling and she was injured because of that.

"How can I kill someone who saved me? I know that she kidnapped me. At first, I was afraid and disheveled. The thought of being abducted was scary. But when the sex started... I felt good. I don't want to lie, I lost my sense of danger when the sex started."

Calix easily admitted that. Yuna was the best whenever she moved her body against his.

"I know that it's bad to compare girls because they have their own uniqueness but damn, this girl knows how to fuck."

On top of that, Yuna didn't hurt anyone. As if the thought did not enter her mind. She had the guts to kidnap but she didn't have the guts to kill, it was good by the way. At least, she wasn't evil... For now.

"She's just messed up, I don't know why. But I feel like she's a baby in terms of handling her emotions."

With her power, Yuna could kill Kimberly and Scarlett. She had a lot of chances to do that but she didn't. She just evaded and escaped from them. This was enough for Calix to treat her as a lesser evil.

"She's obsessed with me, that, I know. I recall that we only met seven times I think. Whenever she goes out of her boyfriend's room... Oh shit, now that I think about it, this woman has a boyfriend. If I'm right, his name is Lionel Ichiro, a member of the karate club, I think."

Calix recalled the guy next to his room, they were the same grade but they didn't know each other. He only knew that the guy was sort of famous because he had a unique Term Attribute related to his legs, anyway, Calix would not even remember him if not because of Yuna.

.....

.....

...

Calix met Scarlett and Kimberly midway, they were searching for him. They sighed in relief when they confirmed that Calix was fine. Although they were confused why Calix brought Yuna with him.

"Let's put her in the hideout."

Kimberly said and Calix followed her decision. They tied Yuna, they knew that bondage won't work for Yuna because she easily escaped the net earlier.

However, Kimberly easily got the gist of Yuna's power when she witnessed it earlier. So she decided to cover the hole using Scarlett's fire. The hole melted and the only way to leave was by using the door which was currently locked.

"Her power is strong but she can't pass through solid."

Kimberly said.

When Yuna was already tied and the hideout was covered all around. Calix woke her up. Yuna winced and gradually opened her eyes.

"This!!!"

She tried to escape but Calix immediately grabbed her shoulders. Yuna was electrocuted by his touch, in a good way. This was the first time that Calix touch her with his own volition. Well, this was their first time getting close so almost everything was 'first time' for her.

"Ara~~~"

For Yuna who had restricted emotions, Calix's touch was like a drug that set her off. She hiccuped and she couldn't control her body from getting happy. This was the first time that she felt so much happy, she felt like her life was fulfilled. She didn't have a regret anymore.

It says that emotion was the reason why people kept living. Now Yuna realized why. She wanted to die, yet at the same time, she wanted to live. She wanted Calix to touch her more.

"Mmmm."

She squirmed. It was sexy and dumbfounding to see Yuna like this. The three looked at one another, they admitted that Yuna was different.

Well, Yuna couldn't help it, she had just recently deciphered her power. The emotions resurfaced and she didn't know how to handle it. Did she regret it? Probably not.

Because Calix gave her the reason to continue living. This was important to her. So being touched by Calix was a great achievement, she would treasure it forever. Her face blushed and even Calix subconsciously gulped. The very image that Yuna was showing was so assertive.

Heck, if Kimberly and Scarlett were not there, Calix didn't know what to do. Perhaps he would kiss Yuna and fuck her again.

Chapter 102

An hour before Scarlett and Kimberly disturbed their lovemaking.

Yuna was staring at Calix with blushes on her cheeks, she was grinning ear to ear as she stared at him. Calix was tied to the chair and he couldn't move his limbs. He tried his best but it was to no avail.

"Ooff off!!!"

"Fufu, good boy, don't worry, this cute sister will not hurt you."

Yuna couldn't control her mouth and giggled as Calix mumbled his words. She touched his leg to make him calm down, she didn't want to frighten her. She said 'cute sister' to make him relax, she heard that older women, like mothers, were good at calming people. She rubbed his leg but Calix started fidgeting.

As a woman who experienced a lot of things with men, she knew one of the best ways to relax a man. She touched his peaceful rod over his pants. But instead of relaxing, Calix started trembling. Yuna tilted her head, she was confused.

"Ooofff!!! Ooofff!!!"

Calix tried to talk but it was not the time to release the gag, at least not until he calmed down. Yuna was distressed but the grin on her face was not erased. She was happy to have Calix here. She leaned over and whispered sweetly to his ear.

"Ahh, don't be sad, sister will be here to keep you safe~"

"Ooogfggff!!!"

She rubbed his shaft and Calix further mumbled, he bend forward as she took his pants off. He was fighting Yuna in his own way by preventing her from taking the pants off. Because he knew that he was going to be fucked if that happened... After that, everything was hazy for both of them.

.....

.....

...

Present.

Yuna was happy that Calix touched him by his own accord. Her eyes glistened as she stared at Calix, she tried to open her mouth but Scarlett appeared. Yuna glared at Scarlett, she was angry that someone disturbed her time with Calix.

"What's your name?"

Scarlett asked but Yuna remain quiet. Her lips tightly closed and she was just stabbing Scarlett using her glare. She didn't have a reason to answer her.

Calix felt like things won't advance if this continued, he tapped Scarlett's shoulder and signaled her. Scarlett pouted but Calix kissed her. In the end, she backed out with a blushing face.

Yuna's emotions further went down but they disappeared when Calix asked her.

"You're name is Yuna, right?"

"Yes! My name is Yuna!"

She answered his question enthusiastically, she was happy that Calix knew her name. This means that he loves her, right? Right? RIGHT? That's the only explanation that Yuna could think of. Calix knew her name because he loves her, she believed so. She was staring at Calix with affection.

Calix nodded as he knew what was happening.

'As expected she would only answer my question. She doesn't care about the others. Maybe I can use this situation to my advantage.'

Calix saw that Yuna was weak to him. He took a step forward and touched her cheek, she gasped. Yuna trembled in happiness. Her hips shuddered and she felt the wetness between her legs. Oh God, she cum just by his touch!

Calix sensed that but he acted as if he was infatuated. His face got closer to her until they sense each other's breath. Yuna was bright red, she couldn't breathe. Her heart stopped beating for a second.

"Say," Calix whispered just like how Yuna did it earlier. Yuna squirmed, this was too much for a woman like her. She almost couldn't handle herself, she wanted to hug him and kiss him so much that she was ready to die.

"This big brother wants to know why you kidnap him, hm? Big brother will be sad if you lied, so please tell me honestly. You don't want big brother to be sad, right?"

"No! I will be honest for big brother!"

Her emotions erupted as she raised her voice. She would do anything for him. If Calix told her to die, Yuna won't hesitate to do it. However, on the other side of the coin, Yuna wanted to have Calix all for herself. Perhaps if they have children, she would never let them have him. Calix was all for herself, she strongly believe that. Especially now that Calix was staring at her intently that it made her so wet. She was rubbing her thighs.

Kimberly and Scarlett looked at one another, they confirmed that this woman was crazy.

"Big Brother, when will we get married?"

"Huh?"

"Huh?"

Both women reacted to that.

"I will decide if you answer my questions correctly?"

"Yey!"

"What?"

"What?"

Both women lost their color and became pale.

"Yes! I will! Everything for big brother!!"

Yuna was so happy that the blood on her head started rolling down her face. Calix didn't know why but the image was kind of hot. It may look gruesome to others but Calix liked when Yuna was covered with blood as if he was possessed by something. He swallowed hard and regulated his heart.

"Wait a minute, that-"

Scarlett raised her voice but Kimberly stopped her. She shook her head and Scarlett swallowed a groan. She knew that Calix was doing this to interrogate Yuna but she couldn't accept that someone would marry Calix, she had to be the first to do that. She grumbled. This was unacceptable, she won't agree even if it was fake.

Then, she heaved her chest. She is a prideful woman, she couldn't accept this even if it was all for the sake of the argument.

'If Calix has someone to marry, it should be me.'

She strolled and grabbed Calix's shoulder, she pulled him away from Yuna. She stole his lips and kissed him so hard, both Yuna and Kimberly widened their eyes because of surprise. It took dozens of seconds before their lips set apart, they were both breathless.

"Calix, I don't care if you're acting but I will never let anyone marry you. At least not until you marry me. I'll always have the first, everything of you. You and I will have our first."

Calix was so shocked that he just nodded. He had a grin on his face, he was dizzy.

Kimberly wanted to step in but she just clenched her fists. Not now. She had to maintain her position, this was not the time to attack.

As for Yuna, the woman started screaming curses at Scarlett. Her golden eyes dilated and she was gritting her teeth so hard that her mouth started bleeding.

Chapter 103

Women.

So far Calix only had a few relationships with females.

Let's start with his mother, Clara Romoel. Calix lost his mother when he was young. To be honest, he didn't have many memories of her. But he recalled that his mother had green eyes just like him. His father said that he inherited that features from her.

The second woman in his life was Scarlett. They became friends because Andreas was working under General Bronal at that time. They became playmates immediately because of Calix's outgoing personality.

The third was her Nanny. Nanny Lola appeared in his life when he lost his mother. She was an old woman who dotes over him. Because Andreas was usually not around the house, Nanny Lola became a mother-like figure to him. By the way, they were living in Evitac, a city in the western part of Dellia where seafood was the common food.

Then there was Kimberly, the recent woman who he fucked for weeks. His relationship with her was still not that intact. Although Calix wanted Kimberly to be with him. He was greedy.

Overall, his relationship with women was still shallow. Let's not forget about the fact that most of the women would scorn him, such as Marianne who almost pierced his heart.

Then, there's Yuna Garcia... The crazy bitch.

.....

.....

...

Yuna's bloodshot eyes glared at Scarlett, cursing her for what she did. This woman disturbed her time with Calix, what a great way to ask for death! Scarlett kissed Calix and Yuna couldn't accept it.

Yuna almost jumped and appeared behind Scarlett to choke her but Calix glanced at her, causing her body to tremble. Calix's gaze was like the abyss, if you look at it, you will disappear in eternity. Yuna's face flushes, ah, the way Calix stared at her was frightening and blissful at the same time. She wished to be in his eyes forever.

"Thanks, Scarlett. I love you."

Calix smiled and gave Scarlett a peck. The woman nodded and caressed his chest. She looked up at him.

"At least you know it, I love you too."

You know, it was sort of an NTR to see Scarlett and Calix like this, the two women felt bitter while watching them. As if they were not part of their world, it was painful to admit it but Calix indeed loves Scarlett the most. Well, the battle was just starting and the finish line was still far away. No one could guess what would happen in the end. Maybe Scarlett will die and Calix will become heartless, lol.

Anyway, Calix bit Scarlett's lip and kissed her again. He didn't know why but he wanted to stay close to Scarlett and cuddle. He chuckled and rubbed her hair, then, he turned around and faced Yuna who was fidgeting because of unknown reasons.

He looked down and realized that Yuna's legs were wet, as she just had an orgasm. He frowned. Now that he recalled where his heart really is, he found that Yuna was quite crazy. A person who had an orgasm without any reason was scary.

Calix was attracted to Yuna but he could control his expression. He grabbed her chin and faced her so close.

"Mento, activate Handgun Mode."

Then, the pistol in his hand turned into a Desert Eagle. He aimed the gun at Yuna. His emotions were unknown. Scarlett gave him the time to understand who he really is. He's Calix Romoel, he loves Scarlett, he likes Kimberly, and this woman in front of him kidnapped him.

He shouldn't have feelings for someone who kidnapped him, that was fucked up. So he pointed his gun on her temple, zero point-blank range and her head would disappear in just a trigger. His reasoning returned as his green-brown eyes stared at Yuna with an emotionless gleam.

On the other hand, Yuna was so happy that Calix was touching her chin. This was the best day of her life. In fact, despite knowing that a gun was on the temple of her head, she was happy and ready to die for him. If Calix pulled the trigger, Yuna would accept her death without regret. She was ready to die for Calix, that was true.

Despite having a gun, Yuna's golden eyes still looked at Calix with affection.

Calix saw her expression, for a moment, he was shaken but he acted tough and spoke to her.

"Give me a reason to let you live."

"I love you!"

That was the best answer she could say and she delivered it well because Calix slightly blushed. That was unexpected, he heard two women click their tongues but Calix just coughed and returned his focus on Yuna.

"Yuna, it's too fast for you to say that. We only met 5 times."

"Y- you exactly remember how many times we met each other!? Oh my God, I love you so much! Calix, marry me!"

She started squealing, Calix didn't find it annoying. Instead, he wiped the blood on her face. Of course, he was still showing an emotionless expression.

Since Calix understood that Yuna would only speak shitty stuff if he let her be, he decided to interrogate her.

"Why did you kidnap me? I want you to be honest."

"I will be honest!! I'll do anything for you!"

"Then start talking."

First of all, let's not forget that there was a handgun on her head but it seemed like Yuna was not afraid of it. Well, to be fair, Calix didn't have any intention of killing her. He just wanted to show that he wasn't the type to be trifled with. He didn't want to appear weak in front of Yuna.

"I kidnapped you because love you so much that I want you all by myself."

That was a red flag, I tell you. Calix didn't change his expression but the two women behind him evaluated Yuna as a dangerous person.

"What else?"

"Um, I want you to fuck me? Oh! I know! I want to have your children. I want to be your big sister, wife, and mother of your child."

Calix sighed. What should he expect? It was obvious that Yuna had loose screws in her head. Calix released his gun, he won't achieve anything if he asked Yuna.

He understood that Yuna would only answer his question honestly and stupidly. Calix could see that Yuna was not lying. He was amazed that Yuna would answer his question without being afraid, especially when there was a gun on her head. On top of that, the fact that she said she loved him resonated in Calix's heart.

'Do men who fuck girls easily fall in love with them? Man, I don't know. I'm happy that there's a woman who loves me but I'm scared at the same time.'

Calix started asking himself. Perhaps he turned crazy after what he experienced for three years. Maybe he was longing for affection because he didn't get it for years. That's why he didn't feel any hatred towards Yuna. Well, Yuna gave him a good fucking earlier so it was hard to hate her.

'I mean how can I hate someone who embraced me passionately while moving her ass up and down to accommodate my dick in her pussy? No, I can't. On top of that, she was the best woman who gave me a blowjob, she knows how to suck a dick.'

It was hard to blame Calix for that reasoning. He stared at Yuna who was looking at him with glistening eyes. She was indeed a beautiful woman.

[You can't hate a girl who gave you a good fucking.

- Calix Romoel.]

## Chapter 104

A week after the incident, Calix groaned as he opened his eyes. He felt like someone was under his bedsheet. Sure enough, he found a woman giving him a morning blowjob when he lifted the sheet. He sighed as he looked at Yuna who was sucking his hard cock passionately. Her eyes were glassy as she realized that he woke up.

It was addicting to see someone like Yuna stare at him intently. Yuna released his dick, her spits covered his cock, and she licked her lips. She smiled at Calix and greeted him.

"Good morning Calix!"

"... Good morning."

Calix greeted her, this thing kept happening almost every day now. Calix decided to let Yuna go. However, he threatened Yuna that if she tried to kidnap him again, he would become angry and kill her. At first, Yuna just nodded and Calix could see that she didn't take it seriously.

So instead of threatening her, he said that he would hate her if she tried to kidnap him again. That's when Yuna became pale, the last thing she wanted was to get hated by Calix. She strongly nodded her head.

Calix recalled what happened after that.

.....

.....

...

"And I want you to remember this. Don't ever try to hurt Scarlett or Kimberly."

Calix could see that Yuna might do something bad once she completely lost her reasoning. She was that type of person.

"But why?"

See? What did I say? Calix took a deep breath, he let her live because he couldn't stomach killing a woman who gave him a good time. Especially someone like Yuna who stared at him with real love in her eyes.

However, he has limitations too. Just like when Kimberly was hurt by Timmy, Calix didn't hesitate to pull the trigger to kill two people. He knew that he could do it again once his loved ones were hurt.

Calix got closer to Yuna and the woman gulped so hard, her face was red like a tomato.

"If you tried to hurt them, I will kill you. Do you see this?"

Calix aimed the gun at the wall and it disappeared from existence because of one trigger.

"That's what will happen to you."

"I understand, I will not hurt them."

"Good."

End of the flashback.

.....

.....

...

"Um, Calix, do you want to fuck?"

Yuna shyly asked while waiting for his answer. She already sucked his cock and he already cum. However, his huge schlong was still standing straight. It didn't look satisfied at all.

Yuna was like a puppy waiting for her master to pet her. Calix slightly smiled and patted her head, Yuna snuggled his hand and looked at him.

"Yeah, let's have sex."

"Yey!"

She was happy, it was early in the morning and she was already horny.

"By the way, did you refuel your Term Attribute?"

"Yeah, I did."

Yuna honestly told Calix about her Term Attribute. Calix needed to know it because it was related to him.

Yuna had to stalk Calix for 12 hours non-stop every week to maintain her power. And Calix must never know nor locate her. In short, Yuna was in full iguana for the whole twelve hours. She must never show herself to Calix for that whole time. It was quite fun actually. Such as when Calix was taking a bath, Yuna would steal his boxer shorts and smell them. You know, the usual actions of perverts.

Yuna started undressing. She started by taking her top and throwing it on the floor. Then, she took off her shorts but she didn't take her underwear.

"Wanna try having sex with me while I'm wearing my underwear. It's kind of hot, you know. Sliding the underwear to the side and inserting your cock inside my sweet tiny pussy while keeping the underwear on track is like focussing on two things. "

"Okay, I'm cool with that. It's kind of sexy."

Every time they had sex, Yuna would always bring new stuff in the bed. Although Calix already experienced having sex like that, the first was with Scarlett, as expected.

Calix sat on the bed and Yuna was on top of him, she was facing backward, a reverse cowgirl. Yuna slightly raised her ass and slowly inserted his big cock inside her pussy. She was biting her lip as she felt the sensation of his huge Godzilla slowly sliding inside her. It was so good that she didn't want to release it.

Reverse Cow Girl might be addicting to watch, in Calix's opinion. Because he could see her heart-shaped ass without any disturbance.

She gasped as the cock completely entered her. Then, she slowly moved her ass up and down. Calix was just watching while Yuna was doing the moving, his fingers were hooked around her underwear just to make sure that it won't disturb the fucking. His legs were just relaxed, staying still and letting her do her thing.

"Nnghhh! Hhaaahhh! Hhhhaaah!!"

He was watching as Yuna's ass bounced on his cock, this was the best. Watching her back like this would never make him bored. Yuna's hands were on the bed, giving her the balance to shake her ass.

They stayed like that for a few minutes, Yuna's ass moving up and down, that is. Sometimes she stopped and she would rotate her waist instead, savoring the sensation of his cock inside her lovely tight pussy.

"Mmmm, aahhh aahhhh, yes yes yes baby~, oh shiiittt!"

She had an orgasm and Calix watched her as her hips trembled. Calix knew that her eyes were closed as she was caressing this moment. Too bad she was facing away from him so he couldn't see her face.

"Are you finished?"

"Y- Yes!"

She was breathing roughly but she still nodded with an innocent smile on her face.

"Then it's my turn."

Calix still didn't cum. He always give his women the time to enjoy themselves, he had to make them cum before he cum. That was his standard operating procedure. It was a talent that most men would beg to have, the ability to make a woman cum.

They changed position with Yuna on the bed and Calix giving her mating press, where Yuna's legs rest on his leg. Their faces were so close to each other that they would kiss every dozen seconds.

"Aahhh~~"

Calix was pounding her so hard that the only way to keep her quiet was by kissing her. He was hammering her in the mating press position, and the woman couldn't do anything except being under his command and moaned, likely almost squealing.

[Wholesome codes, yum yum.]

Chapter 105

Yuna lay on her stomach, her hips were shuddering as semen slowly rolled down the crack of her pussy. Her ass was red like a tomato as it was smashed for an hour straight. Once Calix started fucking, he won't stop for at least an hour. He had strong stamina and he won't stop as long as he was not satisfied. His average was five cum so it was equivalent to five hours...

In a way, Yuna was gangbanged by one person(Calix), the bruises and marks on her body were created by one man and it was hot and shocking. No matter how many times they fuck, Yuna was still mesmerized by how long Calix lasted. He was a stud in its finest.

Yuna was confident in her stamina because she was so experienced with sex, however, Calix always pushed her into bed with nothing to defend on. She was like a fucktoy, for his pleasure alone.

She didn't care, in fact, she loved it. How Calix threw her body around, spanking her ass, and pistoning his monster cock into her pussy so hard that it felt so good.

She moaned as she cum, an aftershock of the recent sex. She was staring at Calix who was bare naked and ready to take a shower. She sweetly smiled.

"Next time, let's have an anal."

Her voice was music to the ears and Calix paused. He glanced at Yuna and scratched his head.

"I'm sorry, I promise to Scarlett that I will have my first anal sex with her."

Good, that's what a man is. He has to keep his promise no matter how hard it is. Besides, Scarlett would definitely be disappointed if Calix gave his first anal sex to anyone.

"Tch!"

Yuna clicked her tongue, it seemed like Calix was tougher to crack. No matter how many times she seduced him, he would always have the will to defend.

Calix chuckled watching her reaction, Yuna was indeed cute. Her pink cotton candy-like hair and golden hawk eyes, they were so unique.

"Anyway, want to take a shower with me? I'll wash your back."

"Un."

Calix offered and Yuna nodded, she weakly stood up. She was exhausted, Calix grinned and carried her to the shower.

Just like he promised, Calix washed her back. But he didn't end with that, he cleaned her pussy using his dick too. He used his cum as a soap to clean her pussy, what an innovative way! Now, Yuna was cleaned inside out.

.....

.....

...

The Regional Tournament already started and the people who were part of the quarter-finals were announced. Of course, Scarlett was part of that. That's why she was busy and she could only spend her time with Calix for a few hours. They always spend it precious, so close together with no clothes between them.

However, because Scarlett was started to get busy, she didn't have time to be with Calix right these past few days.

So Calix was in his usual spot on the Campus, the library. Just like always, girls would look at him but Calix was already numb. Some girls tried to flirt but Calix denied them without hurting their feelings, he was smooth. He was wearing a necklace that has a small pistol attached. That pistol was not ordinary. So far Calix was the only one who could use it. On top of that, the coin( fragment of the Excalibur) was his property too, it was the only energy that could power the pistol endlessly.

While he was turning the page of the book he was reading, he saw that a guy walked out of the library. The guy looked arrogant as if he was above the others.

"Isn't that Lionel Ichiro, Yuna's boyfriend? I mean, ex or something? I didn't clarify their relationship but Yuna said that it was just a fling."

Calix tilted his head, he saw that Lionel was looking at his phone and his teeth showed as he grinned. He was indeed handsome but he was kind of shallow. He was popular with girls, or so Calix heard.

He closed the book.

"... Why do I feel something bad?"

Calix frowned and decided to stand up and follow him.

.....

.....

...

Sure enough, it seemed like his intuition was right. Calix found that Lionel went to the girls' dormitory. Usually, it would be hard for guys to enter this place but Lionel had his way.

Luckily, Lionel immediately came out of the dorm with a girl. However, the girl was Yuna. But this time, Yuna had a cold expression. The sweet gentle smile on her face was nowhere to be found.

Calix was shocked but he already expected it in a way.

Calix hid and did his best to listen to them. He didn't know why he was doing that. Perhaps, he slightly felt betrayed.

"Come on, Yuna. Just this time, okay? I called my friends and they miss you. Everybody misses you, even I miss you. Don't you miss me? The time we spent together, hm?"

Lionel was acting shitty with his mouth pouting. Calix could see that Lionel was not sincere at all, he was just horny.

"I'm sorry, but you have to call your other girlfriends. I don't want to do it again."

It was almost three months since Yuna deciphered her Term Attribute. She lost her interest in other boys since then. She didn't join any party or sex party, she was all reserved for Calix. Every hole of her body was for Calix to use.

"Why? You said you love me?"

"Huh? I never said that? Are you stupid?"

Yuna won't say that kind of thing. She didn't have the emotions to say that.

Love never entered her mind, only Calix gave her that sensation.

"Tch, okay fine. But I will show this video and pictures to the other students if you don't want to go."

Lionel smirked and showed the sex scandal on his phone.

Truth be told, he saw Yuna smiling in the park while looking for someone last time and it was so damn beautiful. Lionel couldn't believe that Yuna could smile like that. Lionel realized that Yuna was not a simple woman and he loves to fuck her again, she changed and Lionel wanted to taste some of it. Sadly, Yuna stopped replying to any of his messages and she didn't join any of their fun times. It was depressing.

"Go on."

"What?"

"I said show it to them. I already know that you're bragging about how you fuck me so I don't care if you show it to others. They already know that I'm a slut."

"Hehe, let's see how long can you maintain that tough bravado of yours."

Lionel gritted his teeth and walked away. For a moment, he wanted to kick Yuna and teach her a lesson but they were in front of the dormitory so it would be impossible. He knew that Yuna would fly 20 meters if he did that.

.....

.....

...

Just as Lionel left the place.

The person who was hiding was determined to stop Lionel from showing the pictures and videos. Calix didn't like when his property was getting shown by others.

He was curious about Yuna's past. But first, he had to protect his girl.

Chapter 106

Calix decided to go back to the dorm first, why? Because he wasn't stupid enough to believe that Lionel didn't have a copy of the scandal in his room. Except for his phone, his computer has a copy

too, Calix believed that. After destroying the copy, Calix would steal his phone and destroy the evidence.

"People who blackmail always have a second copy, that's a fact."

Calix reached the hallway and stopped at the door seven meters away from his own door. He tried to open the door and surprisingly, the door was not even locked. Calix chuckled at this coincidence.

He entered the room without a problem and started looking around. First, he poured water into the CPU, then he wiped it to make sure that there was no evidence. Then, he came out of the room without a problem. He didn't know why but he felt like Lionel only have two copies, one from his phone and one from his computer.

Calix decided to enter his own room to look like he didn't trespass on somebody's property. He took a fast shower and left the dormitory. His real mission was to steal Lionel's phone.

But then, while he was walking down the street, he found that there was an accident. There was a guy who kept crying because he lost his legs, it was painful, he was screaming at the top of his lungs as if he lost everything. Calix's eyes gradually widened as he recognized the person.

"Lionel Ichiro..."

Calix paused. He found that a truck hit Lionel and he lost his legs because of that, his pretty face was destroyed. He lost almost everything good about him.

"Isn't that Lionel, what a poor guy."

"Yeah, I heard he was part of the semifinals in the Regional because of his Term Attribute, it's such a shame that he can't use his power ever again."

Calix heard people talking about Lionel. He tilted his head, as he didn't know what they mean. The people started talking about Lionel's power.

"Apparently, his kicks are so strong that they can destroy concrete walls. I heard his Fuel is related to his feet, but now that he lost his legs..."

[Lionel Ichiro]

[Kick Term Attribute]

[Fuel: He has to walk ten meters every day.]

[Backlash: Unknown because he never fails to refuel.]

Calix was dumbfounded as he further listened. But then again, Lionel was a bad guy so karma was just retaliating.

But was it really karma?

"Apparently, the driver is missing..."

One of the bystanders said and Calix turned around. He walked in the direction where the girls' dormitory is. He wanted to deny it, but his mind kept telling him the possibility.

His walking started to get faster until it became full-blown running. He ran so fast, he was worried. He didn't realize it but he was anxious, he had to protect Yuna, his heart was telling him that Yuna needed him right now.

Three hours just passed after Lionel and Yuna had a confrontation. Calix's breathing was unstable. He passed the convenience store where he bought bento last time. Then, he saw a glimpse of a pink-haired woman who was happily eating, as if she was innocent.

Calix stopped and turned to the convenience store. He was panting as his chest constricted and swelled. He didn't know why but the sight of Yuna happily eating brought a smile to his face. He was relieved. However, he had to make sure, so that he could save her.

"Yuna."

Calix mumbled as he approached her. Then, Yuna's eyes looked up and her pupils brightened when she saw Calix.

"Calix!"

It was a different reaction compared to when she talked to Lionel. Yuna felt like she was saved just by one glance at him. This was the sensation that she could never get to anyone except him. Calix was the one who saved her from suffering that she experienced for three years. Her cheeks turned pinkish, Calix was the only one for her.

"Calix do you want to eat, I can share my food with you if you want to."

Calix chuckled and nodded. Yuna raised her spoon and gave Calix a mouthful of food. Calix swallowed the food without hesitation.

"U- Um, you can have my drink too."

"Thanks," Calix drank the drink she passed. "By the way, isn't this indirect kiss?"

"What?"

Yuna lost herself for a second, she didn't think about it, her golden eyes set on the spoon and bottle. Then, she immediately put the spoon and bottle in her purse.

"What are you doing?"

"They are treasures!"

"... Okay." He was confused and recalled something. " By the way, I can't find my boxer shorts, perhaps do you have an idea where they are?"

"N- no, I don't know..."

Yuna averted her gaze and she used the fork to eat instead. As for the drink, she bought two drinks for Calix and herself.

"Yuna, did you know what happened to Lionel?"

Calix decided to go straight to the point. Out of his expectations, Yuna nodded and she honestly told what happened.

"Yeah, I used the truck to kill him. But he didn't die. Well, I'm satisfied that he lost his legs, together with the most important part of his life."

Her golden eyes were staring straight into his eyes. Her hands slightly trembled, perhaps because of guilt or hatred.

"..."

Calix was silent. Yet, he found one important thing.

Yuna was not afraid to kill. She was afraid to lose him.

"Well, if he found a powerful healer that can bring back his two legs, everything will turn to normal. Although he has to spend millions of dollars to pay that said healer. And if he tried to threaten me again, I'll make sure that he will die."

Calix was seriously listening.

"That man threatened me, how dare he do that? After what I gave to him. After he witnessed everything about me. I'm disappointed and hurt, I gave my body to him a lot of times... But, he's still greedy and he didn't respect me, he deserved it. Hah!"

Yuna scoffed, she looked dangerous as her teeth showed because of the wide grin she had.

"To be honest, I don't care about how the others see me..." Her face contorted.

"But I'm afraid that you will hate me."

Yuna glanced at Calix, she was afraid to see his reaction. She knew her title on the campus, she was the dirtiest girl, the easiest girl, she knew her standing.

However, the young man shook his head.

"No, I will never hate you."

"..."

Yuna bit her lip and tears slowly gathered in her eyes. That struck her. How could words make her cry?

"Even if I'm a slut? Even if dozens of men used me like a rag?"

"Never will I hate you. It's all in the past and I can't judge you by that, even if you're a prostitute or the biggest slut on campus, I will never hate you. That's all in the past. Do you know that I'm famous too? I'm known as the easiest guy to bully. What I'm seeing right now is the current Yuna, the girl who is desperate for me... Eh? Yuna, why are you crying?"

"Huh?"

Yuna touched her cheeks and she realized that tears were rolling down. Calix gave his handkerchief and Yuna's tears started pouring like rain in the summer.

Calix is her hero, indeed. What he said saved her.

Chapter 107

Yuna wiped her tears, sniffing as Calix looked at her with anxiety in his eyes. He didn't mean to make her cry, he cupped her cheeks and wiped the tears that were rolling down her face. God, this crazy woman is beautiful. Despite being kidnapped by Yuna, Calix couldn't hate her. Despite almost killing someone, Calix couldn't hate her. Not when Yuna was crying in his arms.

Yuna cried and Calix tapped her head to ease her feelings. However, while Yuna rest her head against his shoulder, a slight grin formed on her face. Slowly but surely, she was getting his affection. The crying was not an act but she decided to use it to her advantage.

Just like the saying, "men are weak to a woman's tears."

She pulled the hem of his shirt and sobbed, she was glad that Calix accepted her despite knowing her past. She knew her impression to other people, she felt saved that Calix wasn't the type to judge.

After a few minutes of outburst, Yuna came to her senses. She talked about how she made the crime.

"I have an alibi so Lionel will find it hard to pin me. I'm here for almost three hours and the security camera recorded it."

Calix listened, actually, he wasn't afraid about the aftermath because as long his Term Attribute was active, everything would fall into a big piece. He was just worried about Yuna.

Yuna shyly glanced at him as she tugged his shirt.

"U- um... Can I visit your place, later on, if you don't have something to do?"

She brushed her pink hair and coyly got closer to him. Calix smiled and kissed her on her forehead.

"Well, Scarlett is busy because of Tournament and Kimberly is working under the Cudgel Tech right now. Kimberly has a contract with her father and she had to show her face at least once a month. So yeah, since both of them are busy, I can give you my whole time."

"Yehey!!"

"Y- Yuna, we're in the public right now!"

Yuna climbed to his lap and gave him a hug, they were so close and people started looking at them. The singles clicked their tongues, cursing the couple because of their public display of fucking affection. Get a room! They screamed internally.

.....

.....

...

Just like what Calix predicted, Lionel didn't file for anything. Why? Because he lost a part of his memories, the last two weeks' worth of his memories were missing and he didn't know what he did. Apparently, his head was injured in the car(truck) accident. Even his face was mutilated, he was ugly as fuck.

Because of that, the incident ended without a problem. Of course, Lionel suffered because he lost his legs. But it was just the start.

His Backlash appeared to torture him. His Backlash was being paralyzed, so he couldn't move his body or even his mouth. It was quite brutal, but hehe, who cares! He was not an important character anyway, he was just a garbage character to spice up this arc. So his character will never appear again.

As for the other bastards who tried to flirt with Yuna knowing that she was a slut, Yuna declined all of their invitations. They were nothing to her, even their stamina could never reach Calix's.

Her mouth, butthole, tits, and pussy were all for Calix to use, she was Calix's property. Some tried to blackmail her or forcefully used violence to subdue her but unlucky events happen to them, it was quite fleshy and gruesome so let's omit them.

.....

.....

...

The Tournament completely ended and the winner was announced to the whole country, even some people from the other nations watched the grand finals.

The winner was Scarlett Robinson. In the last battle, she unleashed her secret. The whole world was shaken when they realized that the record of being the youngest person who became 2nd Advanced was rewritten. From now on, Scarlett Robinson was the youngest person who became 2nd Advanced.

The people who watched the finals had their eyes and mouths wide open when Scarlett defeated her opponent in just ten seconds. She used her Flame Arrow to burn the enemy, she didn't kill him but he would definitely be traumatized by that.

Since then, thousands of people tried to have connections with Scarlett. The fact that she became the youngest 2nd Advanced was enough to prove her talent. The people were eager to even shake her hand.

As for the Clan Leaders and higher-ups of each country, they are looking at the Red Tempest(Robinson) Clan with utmost importance. They believe that the current generation was going to overtake the world and Scarlett would be part of that. Even some of the Clans were trying to talk to General Bronal to have Scarlett engaged. They know that the engagement between Chen and Scarlett was terminated for some certain reason. They were going to take advantage of that situation.

Apparently, CEO Mark denounced his son and Chen disappeared in the scene without knowing what happened to him.

Overall, the people looked seriously at the Robinson. Now that Scarlett achieved something that no one could do. Even the family members of the Red Tempest Clan were excited about it, those who have bad thoughts closed their mouths. It would bring negative effects for the Clan, for now.

Even their country, Dellia, gave them a huge amount of resources because of this achievement, for nurturing Scarlett who would become a person who will be written down the history. So the Clan members didn't have the right to condemn Scarlett nor Bronal.

So where is Scarlett right now? She was hiding from the people who kept asking for her autograph. She realized that being too famous won't bring her peace.

Right now, Scarlett was eating Hawaiian pizza together with Calix. She was fidgeting while glancing at Calix who was busy pouring the juice to the glasses. She was rubbing her thighs together, she was kind of nervous as if she was a virgin.

Scarlett was thrilled to give her anal virginity. Calix kept denying Kimberly and Yuna to do anal sex because he wanted to keep his promise to Scarlett. He was the best man that she could ever have, she smiled and ate a mouthful of pizza. The taste of sweet pineapple and savory ham were so good that she even squealed.

After eating their food, Calix and Scarlett stared at each other. They didn't know what to do, it was quite awkward.

"..."

"..."

In the end, Calix made his move. He was the guy. Calix gulped and approach his woman, Scarlett shuddered as he lay his hand on the back of her neck and gently pulled her into his embrace. Calix stole her lips, invading her mouth, reclaiming its property.

Scarlett didn't let the battle be won easily, she retaliate too. She moved her tongue and fought valiantly against his invading tongue. They tasted their saliva, it had the hint of pineapple. When their lips parted, Calix slightly smiled as he stared at her bright red face. No matter how many times he said it, Calix won't be tired.

"You're so beautiful."

"I know."

She replied, acting tough but her red face was telling her true emotions, she was pleased to hear his words. Calix said that she is beautiful almost a hundred times but she would never get tired of hearing it. Especially when Calix was staring at her with love and lust. She rubbed her thighs, she felt like her slit was wet because of his compliment alone.

His hands started moving around, particularly around her ass. He was squeezing her butt cheeks and Scarlett lightly squealed.

"Mmm, wanna see what's under?"

" Yeah, I want to see your plump ass."

"Go on."

Calix gently turned her around, he pushed Scarlett to bend her body and she giggled. Calix kneeled and pulled her shorts shorts. Unsurprisingly, she was not wearing any underwear.

However, Calix swallowed hard when he found something that made his heart beat faster.

"Do you like my gift?"

"Yeah, I love it so much."

Calix slightly pushed it and he witnessed how her ass shivered.

"I did it for you ~"

"I love you so much."

"I love you too."

Scarlett had a buttplug in her anus. She came prepared. She knew that with Calix's monstrous manhood, it would be painful so she trained her anus by putting a buttplug and stretching the entrance. She researched it quite well. For a woman who read erotic novels, she knew what to do.

"When did you start doing this?"

"Two weeks ago."

"Two weeks ago? You're wearing this while participating in the Tournament?"

He was shaken, he felt so hot that his chest was going to burst out. God, it was so arousing imagining Scarlett fighting those weaklings while having a buttplug stuck in her.

"Mmm, yeah, that's right I was wearing it the whole time. All for you, baby, I'm thinking of you the whole time."

"Wow."

The fact that Scarlett prioritized her promise and trained her butt for Calix was touching. Calix stood up and gave Scarlett a breathtaking kiss. He didn't stop until he was satisfied. When their lips separated, Scarlett was panting and she put her head on his chest. Smelling his scent, she was eager to have their sweat mixed together.

To be fair, Scarlett made a lot of preparation for this moment. First, she trained her butt to take Calix's big DingDingDong by putting buttplug and using a dildo as a starter. Then, she bought a bottle of lube and it was resting in her purse to be used. She knew that lube was needed. Then, before she even entered Calix's room, she has already taken a toilet break. She didn't want to be dirty, not in front of Calix.

To be honest, we all know that anal sex can be dirty. So Scarlett did her best to keep this moment a memorable one by cleaning herself.

Calix caught her hand, their fingers intertwined. Locking and didn't want to separate. Scarlett felt his big rough hand over her small gentle hand, it was large and she confirmed the difference between a man and a woman. She was a powerful Vindicator but she felt like she could never beat Calix, never. Not in the bed and not in the battle, Calix was being protected by an invisible force.

She glanced at the very tiny gun attached to his necklace, this minigun is a weapon that could kill a 2nd Advanced without a problem. And Calix was the only one who could use it.

'I tried carrying the pistol in its original size and it was heavy, I'm amazed that Calix can use it without sweating a lot. Even for a 2nd Advanced like me, it was hard.'

She admitted that. Actually, she had mixed emotions when she realized that Calix became stronger. It was selfish but she wanted Calix to be weak forever so that she could take care of him. So that Calix would be dependent on her. It was dangerous thoughts, she couldn't help it.

Then, Scarlett sensed his hunger, she smiled and turned around, she walked to the bed and put her hands on the mattress, and bent over. Her ass was in the air, waiting for Calix.

"I'm cold baby, I need you to warm me."

She coyly said. Calix chuckled and approached her. He raised his hand and slapped her ass, Scarlett jolted and giggled. Calix stripped his pants and his standing cobra was ready to bite some meat and spread venom.

Scarlett licked her lips looking at his menacing sword. He could slay any bitch with that weapon.

Calix pulled the buttplug out of her ass and Scarlett gasped as she felt like her life was getting sucked out. She felt like her bottom was wide opened, a gaping hole was hungry for some long thick hard cock! Oh yeah! Time to do some anal dicking!

"W- wait a minute, I have lube in my purse, please put some... No, put a lot please."

Scarlett was begging, half excited and half afraid. Calix smothered the lube around his cock, stroking it till the lube was all over. Then, he put the mega D slowly into her butt. Scarlett bit her lip and closed her eyes.

As the huge cock slowly entered her, she felt like she was getting full. She was having a hard time breathing, but it wasn't bad, she liked it. Calix started with slow fucking and Scarlett's weak moans echoed in the room.

## Chapter 109

Scarlett and Calix felt like their connection strengthen, as if they made a taboo together and this cause their relationship to take another level, their trust became firm.

Calix was gently moving his dick inside her, it was tighter than a vagina and it was hot inside her.

Scarlett felt that her g-spot was getting hit despite Calix was doing anal. It was so good. Surprisingly, she thought it was going to hurt but it was actually good. Perhaps her butt was already trained well to take his dick or maybe it was because of Calix's Luck. Either way, it felt so good.

Both of them were groaning while their bodies were slapping against each other. Scarlett turned her head, cooing Calix for more.

"Fuck me, baby~ ahhh, God I love this.... Haaahh, Nnggghhhh!!! Say my name, Calix! Say my name, I'm your slut. Call your slut, baby~ Yaaaahhhh~~!!!"

"Scarlett..... Scarlett!!!"

"Calix I love you~~~!!"

Scarlett shuddered as Calix slapped her ass twice, she felt like she squirted. Her pussy released juices by the stimulus she received from her ass. Perhaps she was so happy to be Calix's first anal sex so she was more sensitive this time. It was good, she prepared well because she wanted this to be memorable.

She read some articles that anal could be bad memory or an extraordinary one. It all depends on the person and love. She loves Calix that she wanted this first time to be memorable, so their first anal was the best.

Scarlett cried as Calix pushed deeper into her, she clutched the bed sheet and squirmed.

.....

.....

...

They were laying on the bed, kissing each other intimately. Calix bit her lip and Scarlett would bite back. She was not the type who gets bitten without a fight. She giggled when their lips parted, they were sweating and their scent lingered with sex. It was a strong smell of sex.

"Did it feel good?"

"Mmm, it's the best. I heard that some women didn't like anal sex because their first-time are quite unprepared, they didn't use lube."

Scarlett rest her nose against his neck, she licked his skin, it was salty and she loved it.

"Let's do it sometimes."

Calix said.

"Mmm."

"I'm surprised that you squirted."

"Me too."

Scarlett was embarrassed and hid her expression. Suddenly, Calix yelped as he was stung.

"Ouch."

"Fufu, sorry I just want to bite you. You're a beast in the bed so this is the only time I can get my revenge."

Scarlett honestly said. They have proper sex too after the anal sex. At that moment, Calix was rampaging and Scarlett couldn't do anything except moan under him. Calix is a bad guy.

Calix touched the bite mark on his neck, it was painful but he didn't bother. Scarlett could do whatever she wanted to his body.

"I'm sorry..."

She felt guilty so she licked the bite mark, Calix smiled and pushed Scarlett down the bed.

"Kyah!"

She squealed as Calix put her hands over her head, then, he kissed her so strong and made her breathless. He was digging in her mouth, exploring every part. Even her tongue that tried to escape was subdued by his. Scarlett became red, flushing, her hands tried to move around but Calix didn't let her go. She lost her strength. Despite being a 2nd Advanced, she lost against the weaker Calix.

Perhaps Calix was stronger because of his Luck Term Attribute.

While they were happily cuddling, they both sensed that two people were peeking at them. To be precise, they were from the window and the door. Calix and Scarlett nodded, their movement was smooth and they have proper coordination.

They both stood up and approached the window and door simultaneously. Scarlett opened the window while Calix opened the door. They have different expressions when they discerned what was happening.

Calix smiled as he found Kimberly averting her gaze and fixing her glass, her cheeks blushing. She was ashamed because she disturbed their snu-snu time.

As for Scarlett, she clicked her tongue when she found that Yuna was hanging on the window, peeking at them like a pervert.

"Hi!"

Yuna grinned and waved her hand.

Scarlett wanted to close the window, but in the end, she let Yuna go inside the room.

"Hi, Calix!"

Yuna pounced on him. Kimberly and Scarlett had complicated faces when they watched how Yuna made her move. They wanted to stop her but Calix welcomed her with open arms. Yuna was there when Scarlett and Kimberly were busy. It was hard to hate her.

Well, Calix was having a hard time hating someone he had sex with, he made a connection between her so hating her would be difficult.

"So... Why are you guys here?"

Scarlett asked, the temperature inside the room was slowly increasing. Her time with Calix was disturbed by these two. Worst at that, they even peeked while they were having sex. They didn't have restraint or dignity.

"I'm here because Calix asked for his new battle suit. It's shrunken and it's one of the best quality that I made, so I want to deliver it personally."

Kimberly immediately fixed her glasses and said her motives.

"Only a stupid person can be fooled by that."

Scarlett rebutted, crossing her arms. She was quite in the bad mood. Then, she turned to Yuna who was looking at Calix like he was a treat.

"And you, why are you here?"

"Me? I want to see Calix! I miss him!"

Yuna was honest. She smiled so wide like an angel but both Kimberly and Scarlett knew that Yuna won't hesitate to do illegal things, heck she kidnapped and almost killed someone. She was never close to an angel at all. They even secretly fought last time.

Scarlett facepalmed. She sighed and grabbed Calix to the bed.

"Now that you're done, you can get out of here. Just close the door and don't disturb us."

She said and embraced him.

"Actually... I want to join too."

Kimberly averted her gaze, her face was bright red. At any moment, she might throw her glasses and act thirsty instead.

"Me too, let me join!!"

Yuna started taking her clothes off.

"..."

Scarlett sighed.

.....

.....

...

In the end, they have a foursome!

Arc 2

Knowing the Fuel.

Radish in Vegana Arc.

Yeah, so we finished this Arc. For now, I don't have anything to say because even I am clueless about what will happen next arc. Calix will go back to his house after graduation, that's my opening chapter. Thanks for reading this series. I'm really happy that people appreciate my works. I will try my best to keep up with your expectations. Please leave a like or comment, that helps me a lot. I mean really really a lot. Some said that more heart reactions will bring this series back to trending so...

Chapter 110

The graduation was ongoing. A bunch of cameras kept flashing all around, some are from the parents who are proud of their children. But most of the cameras are from the reporters who are recording every second of the ceremony.

Why? Because Scarlett was the student who have the highest honor. Every people, in each country, was serious about the movement of the youngest person who had ever achieved 2nd Advanced. Scarlett was worthy of their time spent in this graduation. The news about her boomed worldwide.

Scarlett talked about her experience in the school. She told every nice thing she encountered and she told the bad ones too. The reporters scribbled on their notes, taking every sentence she said. It was a word of wisdom from the most talented.

Scarlett was elegant the whole time, she was smiling and the boys were mesmerized by her. She was truly the Goddess of the campus even if she graduated. That fact would never change.

In all honesty, Principal Rinaha talked too but most of the students and reporters didn't listen to her. Scarlett was the main character of this ceremony. She won the National Tournament. Well, they recorded the ceremony and broadcast it just for the sake of respect, for Scarlett.

The whole time that Scarlett was giving her speech, her eyes kept glancing in a certain direction. Nobody found that Scarlett was looking at a person. Calix Romoel, the love of her life.

Well, two people actually noticed it. First was Calix who was trying to hide his blushing and Yuna who was grinding her teeth on the other side. Scarlett had the audacity to flirt with Calix! Yuna screamed internally.

The ceremony went well and each of the graduates received their diploma. Just like the usual, they threw their graduation caps into the air when the ceremony was finished.

.....

.....

...

Calix already packed his things. Scarlett left yesterday right after the ceremony. She wanted to stay longer and have some time with Calix but her Clan wanted her back immediately. Scarlett promised that she would contact him once everything calm down. Scarlett planned to beat every one of the family members who maltreated her.

To be specific, their Clan had a hundred of 2nd Advanced but nobody reached that stage at her age, so she was considered a prodigy. The real grades where people would take her seriously are the DemiGod-Rank, just like General Bronal, he was a DemiGod. Although there was a loophole in that explanation. You see, there are some Term Attributes that have powerful abilities despite being in the first phase.

Just like Calix's Luck Term Attribute, it wasn't even a 2nd Advanced but its effects were so out of this world. It may even be considered as a DemiGod-Rank in terms of abilities. A Term Attribute that could increase someone's cultivation through sex. It was one of a kind.

"Scarlett is in the Robinson Clan while Kimberly is busy with the Cudgel's company."

He mumbled. Kimberly congratulated him on the phone yesterday. She said that she was sorry that she couldn't attend the ceremony. The company needed her and Kimberly had to show activeness at the moment. The shrunken battle suit was her gift for Calix. She made it by herself and it had better features than the battle suit that can be bought in the market.

Calix touched the two Items attached to his necklace. The pistol and battle suit was bound to the necklace and he could use them without a problem. No one will expect that the miniature pistol and battle suit is actually armor and weapon.

The armor was the best quality while the pistol was only listening to him. Calix could say that he was ready at any moment.

He carried a bag, he didn't have anything important in him. He turned around and looked at his room for the last time. It was completely different when he first enter this room, the walls had cracks and it didn't look new at all.

But...

"I will miss this place."

He sadly smiled, he spent three years of his life in this room. It was sad to leave because he already treated this place as his home. But, a new batch of students would enroll and one or two of them would use this room, so he had to take his leave, forever.

"It's kinda bad to give them a room filled with cracks but not that it matters. I suffered so they have to."

He buckled up his bag, grabbed the doorknob, and opened the door. He set off to his home, the place that he didn't see for three years. He recalled that his old nanny brought a girl, he wondered what happened to his home.

"Yeah, I have to think about my future too."

Calix wasn't sure about his next step. Should he enroll in a college? Or should he help his father and become a soldier?

And if he decided to go to college, what major will he choose, should it be a proper education or a course related to Vindicators? He was not sure.

"Well, for now, I just want to spend my life without holding back. I'm thinking of traveling the world. Maybe I can apply for a passport."

He smiled, that was not a bad idea.

Maybe he would learn different things if he set his feet in another country. He wanted to learn more about the world.

He reached the terminal and waited for the flying ship, because of Kimberly's invention, traveling became much easier and cheaper.

Calix looked up and found that the humongous ship was going to land. Then, his ticket number was called. It was time to set off and return to his place.

Passengers entered the flying ship, Calix's seat was on the side of the window and he could see the buildings and people getting smaller as the flying ship get higher into the sky.

The Ship was really huge, it had three floors and it could aboard almost thousands of passengers. It was usually divided into the business and economic classes.

He smirked and close his eyes, he wanted to take some rest. Perhaps he could ask Yuna who was stalking him somewhere to take care of him while he was sleeping.

'I can feel her gaze, but I don't know where she is.'
