

## Only Fuel 201

### Chapter 201

Their two weeks of vacation were officially declared and they were free to go where they want.

Marianne went back to her clan to meet her uncle. She had to show her improvement.

Because of her recent advancement, the elders and her uncle were amazed and their trust in her was strengthened. They gave her the privilege and resources that she needed. They let her join the newly created special team. Marianne said that she wanted to focus on her cultivation and they respect her decision.

Marianne smirked and flipped her hair back as she exited the place.

"I am much stronger than before. I can feel that my cultivation has improved a lot."

Of course, she had sex with Calix almost every day so her cultivation stabilized. She confirmed that Calix is a living xp potion. Ice started forming around her as she took another step.

.....

.....

...

As for Yuna, she was packing her baggage to visit her parents. She already finished her fueling.

'Hehe, Calix didn't know that I stalked him last night.'

Indeed, Yuna's fuel was stalking Calix for ten hours. Once she completed that mission, she could freely use her Term Attribute for a week.

Yuna watched Calix and Scarlett fucking. She wanted to join but she knew that she had to hold back. So she decided to masturbate while watching the two, she was sniffing Calix's boxer brief while doing it.

Yuna's parents missed her and Yuna understood that she had to spend her time with them. Now that her emotions returned, she realized that she loves her parents.

Yuna created a portal and jumped into it.

.....

.....

...

Scarlett came out of her room and looked in the hallway. Her eyes stared at the farthest room in the hallway. Her instinct as a woman was telling her that something lewd might happen.

"Well, I already talked to Calix and we made an agreement. Just like always."

She smiled and started walking away. She couldn't stop Calix anyway. So why bother? Instead, Scarlett was adamant to protect her position. So far Calix loves her the most.

"And I can't imagine him loving someone more than me. Calix may meet other girls but his heart rests in me."

She smiled. They made a promise that they will have a date on her birthday. She was thinking of camping in the north.

"Well... I'm shocked that Calix didn't know why he unknowingly liked Nikki."

Scarlett said. As a woman, she knew Calix's preference.

"Calix likes tall, big ass, and big tits women. They are the same, that certain jujutsu mc?... but I didn't expect that it will be that TALL!!"

Scarlett recalled when Calix said his type a few months ago. Calix honestly added that her ideal girl was Scarlett because what he said perfectly matched her.

"That explains why he was looking at those boobs..."

Calix, you're a man of culture.

.....

.....

...

Because of this situation, their facility was quiet and the normal noises were none.

Three of the girls admitted that they would be gone for at least a week and only Calix and Nikki were present in the whole house.

Yes, these two were alone! Like Goddamn! Luck indeed does its job well!!

Maybe the others expected that Calix and Nikki would take a vacation too and return to their home but they were wrong. Nikki and Calix did not leave, they decided to stay.

Calix yawned and opened his eyes. He sat up and checked that it was already 9:30 am. He stood up and boiled water for his coffee.

"There is no one in the house anyway. Father is working on the Border while Nanny Lola returned to her hometown. Even Lou is in Junian right now."

Calix found it detrimental to return to his hometown. So he decided to stay and train instead. He didn't have anything to do in that place anyway.

' I'm still worried about Scarlett. I said that I was at fault too. Because of my relationship with the girls, I only have fewer moments to spend with her. But she didn't listen. She said that it's her job to be sweet and kind to me... like, I'm the guy here, that is my job. Well, Scarlett is a prideful woman so she will never show her weakness. If she said that it is her fault, then she will do her best to fix it.'

It takes two to tango. Calix had his fault too just like how Scarlett had hers. Yet Scarlett said that she would fix this relationship and they promised to have a date on her birthday.

He chuckled but he was worried too.

"I guess I will just do my best to make her happy."

That's what it takes to be a man. He knew that he made a mistake. He couldn't change the past, but he was doing his best to make the future better.

Calix's room has a kitchen itself because his room was much wider. The girls decided to give him the best room of all.

Calix looked for coffee powder but he found that he had already drunk all of it. He decided to go to the kitchen instead.

When Calix entered the main kitchen. He found that Nikki was already awake and she was cooking some chicken wings. She was humming and her raspy voice was soothing. She thought that she was the only person in the house right now.

"Oh, so you're already awake Nikki."

Nikki was startled and looked at him. Her face turned red and she greeted him.

"H- hello."

She stuttered but her voice was so weak that Calix didn't hear it.

## Chapter 202

The atmosphere was quite awkward as they stare at each other. Calix could not help but raise his head while looking at her. He couldn't help but glance at her mommy milkers too. Because they were massive.

As for Nikki, her heart was beating fast just by staying with Calix. She felt that her heart would explode. She had never experienced this kind of emotion even in the past, this was the first time.

"I already used all of my coffee so I'm thinking of getting some."

"Y- yeah."

Nikki mumbled and averted her gaze.

Since Calix was not choosy, he settled with a 3-in-1 coffee mix. He already had a mug of hot water. He poured the coffee powder and mixed it.

He glanced at Nikki who was resuming her cooking. It seemed that she was frying. The aroma of the dish was making him hungry.

He could see that Nikki was frying some chicken wings.

"What are you cooking Nikki?"

He asked just to make sure and sipped his coffee. Nikki smiled a little and answered him.

"I'm cooking chicken nuggets, my favorite, d- do you want to eat me?"

"Puh--!!!"

Calix spat his coffee.

"N- no!! I mean do you want to eat it with me?"

Nikki was startled. She just asked if Calix wanted to join in and dine in with her but the guy spat his coffee. She felt hurt and her expression turned sad because of her own mistakes. Perhaps Calix would hate her.

However, Calix had a different reason why he was surprised. He wiped his mouth and looked at Nikki with utter shock.

"Nikki? You're saying that you're frying chicken nuggets. But why do I see chicken wings in the frying pan?"

He was confused... He was afraid that maybe Nikki was one of those abominations just like Scarlett.

"Hm?" Nikki tilted her head. "Yeah I'm cooking chicken wings but they are boneless so they are called chicken nuggets."

She said honestly as if she didn't utter such a heavy sin.

"Puh--!!!"

Calix almost puked blood this time. He stared at her with fear and worry.

He confirmed that Nikki was part of the people who called boneless chicken wings chicken nuggets. An abomination. This is more despicable than pineapple on pizza!!

People who think that boneless chicken wings are chicken nuggets are psychopaths!!

Calix's hand trembled as he massaged his forehead. He couldn't believe that he would meet someone like her.

"Nikki... Boneless chicken wings and chicken nuggets are different. Chicken nuggets are made of flour, ground chicken meat, and other ingredients. While Boneless chicken wings are real chicken wings although the bones had been plucked out. Do you understand?"

Calix said this with a heavy voice. This was an important role that he had to do. He had to be the advocate of this religion.

"Chicken nuggets and boneless chicken wings are different!!"

"Eh? But they are both boneless and made of chicken."

"Damn it!"

She is completely brainwashed!! This is not good!!

Nikki was looking at him innocently while Calix was biting his lip and suffering from pain. He understood that he could never change Nikki, just like how he could never stop Scarlett from liking pineapple on pizza. In the end, as a man, Calix decided to follow her through this suffering.

If Nikki thought that boneless chicken wings are chicken nuggets, then, he didn't have a choice but to be with her.

He closed his eyes and tears rolled down his face.

"Yes... I want to eat chicken nuggets with you."

She sighed in relief.

Nikki smiled and excitedly continued her cooking while Calix was holding his tears. After that, Calix became an avid follower of chicken nuggets(Boneless).

.....

.....

...

After having a good meal, Calix offered his help to clean the plates. Nikki wanted to deny him but Calix was adamant.

'I want to talk to her about what happened last time. I can't just hide it from her.'

Calix decided to be honest than keep it a secret. He knew that it would be complicated but it was the right thing to do. Calix was weak against the girl that he had sex with, even if it was a short act. So from now on, Calix couldn't look at Nikki like she was nothing but a stranger.

Calix took a glance at Nikki who was sweeping the floor. Because of her height, she had to bend her body to reach the floor. Of course, Calix caught a glimpse of her giant booba. He swallowed hard and focused on his job of washing the dishes.

'Dear Lord, I like boobs but I didn't know that I will be infatuated with something big like those... Perhaps my instinct as a child awakened when I see them, I want to suck them like I'm a baby asking for milk.'

He was wondering if Nikki was lactating.

"That's not bad."

Calix immediately shook his head when he realized that he was thinking of something improper. A shy, tanned, tall woman with lactating breasts? Damn

Calix, you're asking for greater things. That combination is too much.

He would find it another woman.

"By the way Nikki, I'm thinking of giving you a C- Series battle suit. You see--"

Before he could finish the sentence, Nikki dropped the broom and stared at Calix with surprise.

"Um... What?"

She was confused, waiting for his explanation. She could comprehend if Calix was going to give her a normal battle suit but the C- Series? It was the newest version! It cost millions!!

"Yeah, you need a battle suit to protect you. The C- Series is the best battle suit out there. You don't have to worry about carrying it because--"

"No."

"Huh?"

"I don't want it."

This time, Nikki's voice was loud and clear. She didn't want to receive his gift. She was staring at him with utmost seriousness that Calix almost flinched.

## Chapter 203

Nikki frowned. She didn't want the battle suit.

"Wait, what do you mean? You need a battle suit to protect you."

Calix stopped washing the dishes and turn around. He was looking at Nikki.

This time, her voice was loud and clear.

"I don't want to cause you trouble."

Nikki understood that buying a C-Series cost at least a few million. Only three thousand were circulating in the market because the production of the said battle suit was difficult to do. The remaining C-Series went to the prominent clans and powerful Vindicators. Buying a battle suit like that would be detrimental financially.

"No problem, I just want to help you. Money is not a problem anyway."

"No."

He tried to explain but Nikki was adamant. She won't accept something valuable like that. Besides, she didn't want to be a burden and indebted. She didn't want to feel guilty. She had to stick to her job.

"... Okay."

Calix shrugged and didn't argue anymore. In the first place, he knew that his goodwill might be misunderstood. However, Calix has his reasons as to why he was doing this.

"I will not order a C- Series. But I will order the B-series, this time I will not accept no for an answer."

He smirked. He knew that Nikki won't accept something precious like the C-Series, but what about the lower model?

B-Series is the battle suit that can shrink at least a size of a fist. It was a much lower cost and they can buy it easily online.

"What do you think? B-Series is around 120- 150 thousand dollars."

He probed. Nikki bit her lip, she wanted to say no but it would be a mocking gesture to Calix. After Calix saved her life, she understood that she had to repay his kindness yet Calix offered her another goodwill.

She wanted to say no but Calix was seriously staring at her. In the end, she nodded her head.

"Okay, but I will pay it later..."

Six digits of money were too big even for her. Usually, she gave that money to her mother to babysit her daughter.

"No, I will not accept your money. This is my gift, it's disrespectful if you gave me money."

He was decisive and Nikki didn't have a choice but to agree. She felt that she lost. She didn't have any intention of getting close to anyone, she was solely working for the job. Yet Calix was looking at her with gentleness.

He smiled and continued washing the plates. At least his plan-b worked.

'It's a good thing that I didn't order the battle suit.'

Calix just learned that the money he invested in the stock market skyrocketed. He invested his money in Omanko corp. It was a construction company, and that company was bought by an influential conglomerate so its stock became 10 times the amount.

"I think I invested 2.3 million, so if we multiply it by 10, it will be... 23 million dollars. Hehe."

He chuckled. This protagonist is so Lucky. No matter what company he chose, it will prosper just to manifest his Luck.

Nikki was looking at his figure as he washed the plates. She looked down the floor, she felt guilty. She was the one who caused the problem yet Calix helped her again.

So Nikki promised to return to favor.

'I don't know why he's doing this to me...'

Two days after the incident on the island, Nikki was always thinking of Calix. In fact, she even dreamed of him. She was dreaming that she and Calix had sex in the island.

When she woke up after that dream, she couldn't help but slapped herself. She was getting stupid. She couldn't believe that she would think of something inappropriate with the man who saved her.

"Why was I born like this?"

She asked herself. She was a giant and most people are afraid of her. Even her mother didn't love her. If not because of her income, her mother would not even contact her.

"I have to do my best."

Nikki sighed and swept the floor. They have a two weeks rest and Nikki planned to clean the whole house. She already talked to her daughter and she promised she would visit her after she finished her job here.

Nikki started humming. Despite her voice being raspy, it was soothing to the ears. Calix was listening and he was amazed at her.

Both Nikki and Calix have the behavior of cleaning their places. Nikki loves cleaning while Calix adjusted to his miserable life and always clean his room because he didn't want to get into any accident.

Nikki finished sweeping the floor. However, she was not content as she could see that there was still dust everywhere. So she decided to use a vacuum cleaner. She turned the machine on and did her job while humming.

In this scene, they looked like a newlywed couple.

Calix is the husband who's helping his wife and washing the dishes, listening to his wife's beautiful voice. And Nikki is the wife who is cleaning the house, it looks peaceful yet lovely.

Though things turned unexpected when Nikki started screaming hysterically. Despite being a seven feet woman, Nikki has her fears, especially towards cockroaches. She was afraid of them because she was traumatized in her childhood.

"Wwaaahhhhhhhh!!! Cockroach!!!

She screamed like a girl and started jumping out of fear. She didn't like cockroaches. She hated them. She started crying while dodging the evil insect. The cockroach was flying around, trying to assert its dominance, and it seemed that the insect has the upper hand.

Fortunately, Calix came to the rescue.

"Nikki! What happened!?"

"Wwaaahhhhhhhh!!"

Calix asked her but Nikki was not answering. She was screaming and crying at the same time.

Thankfully, Calix found the answer and caught the cockroach. He knew that girls were afraid of insects but this was the first time that he saw someone like Nikki who was super afraid.

Calix immediately threw the cockroach out of the house. Then, he turned to Nikki but the woman was on her knees, crying like a child.

"Damn, that's a gap moe."

He muttered. This time, he admitted that size doesn't matter...

## Chapter 204

No matter what country you are from, or what your skin color is, girls would always be afraid of insects, particularly cockroaches... But what if the cockroach was flying, then, it was more frightening.

In human history, girls would always scream and cry as the abomination with 6 or 8 legs would fly toward them.

And even a tall woman like Nikki would be scared of them. She was traumatized when she was an elementary student. She was already tall at that time and boys and girls would make fun of her.

One time, when she was looking for her pencils, she found that her pencil case was filled with dead cockroaches and it affected her so much. She screamed hysterically like a baby but the students around her were laughing instead. It seemed that the boys plan it and the whole class didn't stop them. Instead, they watched as Nikki trembled at the sight of cockroaches falling on her legs.

She jumped around and screamed hysterically.

"Wwaaahhhhhhhh!!! Papaaaaa!!!"

Nikki called for her father, the only one who protected her.

"Nikki, are you okay?"

Calix checked her up. He was worried because Nikki was kneeling down and she was wiping her tears and snot. This was the first time that Calix witnessed an adult woman crying like this. He became anxious and made sure that Nikki was fine.

He sighed in relief when he found that Nikki's physical appearance was fine and she was not hurt. But she was still crying.

"Papa!! Papaaaaa!!!"

She was calling her father who was already dead a long time ago. She sniffed as tears rolled down her face.

Calix didn't know what to do. He gulped and kneeled. Then, he wiped her tears and calmed her down.

"It's okay, it's okay. No one's going to hurt you."

He was hushing as he tapped her back. He was pacifying an adult woman but he didn't find it cringe or gross. He was concerned.

"Wwuuu... Papa."

Nikki sobbed and did her best to stop crying. She was a soldier but she was afraid of cockroaches. Well, she didn't know any job so she settled and chose to be a soldier. Besides, the wage was great and her daughter was free from tuition fees.

"It's okay, I'm here to protect you."

Calix hugged her tightly until Nikki stopped crying.

After half an hour of staying next to each other, Nikki regained her composure. She weakly pushed Calix away and wiped her face. She was embarrassed that she was acting like this.

"Thank you."

Her voice was soft and she couldn't look at him. Calix smiled. He was at ease now that Nikki was alright.

"It's okay, as long as you're okay."

He muttered and Nikki couldn't help but avert her gaze, she wiped her tears. She didn't know why but her heart was beating so fast that she was having a heart attack. She felt that her body was itching to pounce on Calix and rape him. Yes, she was thinking of something dirty and she was ashamed.

That simple gesture of hugging her and helping her calm down affected her so much. Nobody ever did that to her except for her dead father.

"... I'm sorry for acting like that."

She wanted to hide her face. She cried like a child and caused a scene. She wanted to slap herself. She was acting like a pitiful child and it was not appropriate for an adult giant woman like her.

"You don't have to say that. I'm worried about you. If you don't mind, maybe we can talk about it."

Calix could see that Nikki's reaction was overwhelming and she had a great reason why she did that.

Calix knew that he was invading her privacy but he felt that it was his job to help her.

Nikki looked down the floor. She confirmed that her tears wet the floor and it was embarrassing. She just clean the floor earlier and it was dirty again. She sniffed and looked at Calix, unknowingly, she was acting cute right now.

'Oh my God, I want to protect her.'

This caused Calix to swear to protect her. Her appearance right now awakened his instinct as an Alpha.

"Um..."

Nikki wanted to keep this secret, but after what Calix did so much to help her, Nikki understood that it was heartless for her to hide it.

After all, Calix saved her twice already. At least she could help him by telling her history. It was all in the past anyway and she knew that Calix would never use her secret to hurt her. She can see that Calix is a good guy.

"When I was a child..."

Nikki started telling her past and Calix slowly became mad as he listened. He couldn't believe that children could do something horrible like that. Perhaps the children didn't treat it seriously, maybe it was all fun in their eyes.

Calix experienced a lot of mishaps for three years so he could relate to Nikki. He clicked his tongue.

"If you need help, I'm here."

"T- thanks."

She blushed. She never met someone like Calix. She felt that she was slowly but surely falling for him.

"For now, you can rest in your room. I'll finish your cleaning."

As expected, Calix may be a bastard sometimes but he knew when to be a proper person.

"No, I want to help you."

Nikki didn't agree. It was already too much that Calix helped her. She had to clean the kitchen at least.

"Okay."

He shrugged and let her be. If this would make her feel at ease, then Calix would listen.

He helped her stand up but something shocking happened. Nikki stepped on the wet floor and lost her balance.

"Waahh!"

She almost fell but Calix successfully caught her. However, he realized that Calix's hands were in awkward places.

"N- Nikki, I didn't mean this!"

He said as he looked at his hands that were on her big boobs. Because of his inner instinct, he subconsciously squeezed the motherfucking milkers!

"Anh!"

And of course, Nikki would react. She was embarrassed when she realized that she moaned. They both looked at each other and gulped. They felt that they were in a position where things might get wet, hot, and hard...

Chapter 205

Devon dropped his cigarette onto the road as he released a puff of smoke. He was having bad luck these days because he couldn't find a proper job. The last job he had was about young master Chen.

That guy asked him to beat a person only to find that the person was Calix Romoel, the son of the Steel Legion.

'Calix defeated me by releasing his aura and destroying the ground. He literally sent me into the depths of the Earth. As expected of him, he is indeed powerful.'

Devon admitted his defeat. He knew that he didn't stand a chance against Calix. That guy is powerful.

"Ah, I need a job. I do a part-time job in a moving company but they only have a job twice a week for me. I tried working as a waiter but customers were afraid of me. Mu scar looks scary."

He sighed. He felt that fate didn't like him because he caused something bad. Maybe he fought someone that brought him bad luck.

"But I'm not that bad... I mean, yeah, I kill people but they are bad people who did heinous crimes. I won't kill innocent people just for fun. I'm not a freak."

He accepted the job last time because the pay was good. Furthermore, he fought someone worthy so it was worthwhile. But now, his savings account was close to none.

"Maybe I'll join the military again, but I'm already retired."

As a soldier, Devon witnessed hell. He fought Aberrants for two decades, he was one of the soldiers who survived the horrible Blood Moon where monsters were all around and the sky was painted red. That was terrifying even for a veteran soldier like him.

"Mister!! Throwing trash in the public is bad!!"

"Hm?"

Devon was surprised when he heard a child educating him. He turned around and found a little girl glaring at him. The girl had tanned skin and her ears were slightly pointed, but not pointed like an Elf.

"An Ogre descent? Or maybe a goblin. Nah, goblins have pale countenance."

He shook his head, he didn't have to think about it.

"Mister, you're a bad guy!!"

The girl said, she pointed to the trashcan only a few meters away from them.

"The trashcan is there but you decide to throw the cigarette on the road instead, hmmph!"

She harrumphed. Her mother taught her to be a good girl and always follow the law.

"Ah? Little girl, are you not afraid of me? And it's just a small cigarette anyway, it will not be that bad."

Devon shrugged.

The little girl looked at him. Devon has a scar on his face, making him appear to be a devious guy. However, the little girl was not afraid of him. Her mother was much bigger and stronger than this guy.

"Hmmph! Take your trash and put it in the trash can!!"

She demanded. She was staring at Devon with no fear.

"... This little girl, okay fine."

He didn't have a choice but to listen. He grabbed his cigarette and put it in the trashcan.

"Is that okay, can I leave now?"

He asked. This little girl was too strict.

"Stop! Mister, do you know where the Port of Aoneon is? I want to meet my Mommy."

This time, the little girl lost her fierceness and she looked at Devon adorably.

Devon tilted his head.

"Port of Aoneon? Little girl, that is miles away from here. You need to take a Flying Ship to get there."

He was confused. This little girl wanted to go to that island? Alone? What kind of mother would leave her daughter?

"I want to go there, mister can you take me to the Flying Ship!"

She said enthusiastically. She was happy to know that she could meet her Mommy again.

"You mean the Terminal? Little girl, I advised you to return to your house and wait for your mother. Where's your father anyway?"

He felt that her parents were being dumb. They just let their daughter roam around.

"I don't have a daddy. Mommy said that my daddy left to buy milk and he didn't return. Well, I don't care if he returned, he's dead in my opinion."

"Oh, sorry about that..."

He found it awkward.

'That's a typical excuse.'

Devon clicked his tongue. That kind of father should be thrown into the ocean and let drown.

"Then what about your grandparents?"

He was hoping that this little girl would have someone to look for her at least.

"I have a grandma but she doesn't like me. She said that I should be born a boy... Grandma is playing around with young boys using Mommy's money so I don't like her."

"Damn."

Devon realized that this little girl's family was quite complicated. The little girl started sulking and looked at the ground. Her eyes started getting teary.

"H- hey, you don't have to be sad."

Devon was weak against children. He clicked his tongue, he was getting caught in someone's problem.

"What's your name?"

To change the girl's focus, Devon asked her name.

"I'm Patricia, but Mommy calls me Tricia."

She weakly said. She missed her Mommy the most. Grandma left her for two days and she was getting lonely. She knew how to cook food at such a young age.

"Patricia, huh? How old are you?"

"I'm three years old."

"Wait what? You're three years old and you're walking around this road alone?"

"I just came out of kindergarten."

He was shocked. He thought kindergarten was for four years old children. Furthermore, based on the girl's height, she looked like five years old at least. She's a tall girl.

"Mister, can you please help me to find my Mommy? I miss her."

She was going to cry at any moment. All she wanted was to see her Mommy.

Devon couldn't look into her innocent yet sad eyes. The little girl was begging her and her quest was quite tough. But in the end, he agreed. He didn't have a job anyway and he had all his time to do what he wanted to do.

"Tch, fine. I will bring you to your mother!"

"Yay! Thank you, Mister!!"

He didn't know why he was caught in this situation.

## Chapter 206

"Mm-- aah!!"

Nikki instinctively moaned as Calix squeezed her pair of giant mountains. She gently bit her lip and her expression was burning red, she didn't know why she felt so good with just one touch (squeeze).

"I- I didn't mean it!! I'm sorry!"

Calix immediately retracted his hands back and apologized to her. He understood that what he did was improper and disrespectful. He bowed his head to the ground, he even smashed his head to show that he was seriously apologizing.

"D- don't hurt yourself!"

Nikki was surprised when she realized that Calix smashed his head just to show sincerity.

"N- No, you don't have to hurt yourself. It's just a touch anyway."

She said squeakily, her voice quite soft yet thin. To be fair, she was not offended. In fact she found that action truthful and naughty... And she liked it. After all, no one ever did that to her. She was nothing but an ugly giant.

"I did something improper so I have to do this!"

Calix was adamant as he scratched his head against the floor, thankfully, the floor was made of tiles so his skin didn't peel off. Although it was quite painful.

"It's fine, I forgive you. You don't have to do this, I know that you feel sorry. W- what happened is just an accident."

Yet Calix didn't move. He just kneeled there and continued kowtowing. Nikki didn't know what to do. She was flustered. She was worried that Calix won't stop kneeling.

"I'm sorry for touching your mommy milkers! I mean, your big tiddies, I mean, your soft melons! Aaahhhh!!! I'm sorry, I sorry, I'm sorry!!!"

Calix couldn't control his mouth. He was probably nervous and he said everything that was in his mind: Nikki's boobas. His system malfunctioned after he squeezed those heavenly mounds. He didn't have a chance to do it last time because of the situation.

And now that he touched it, Calix found that Nikki's breasts were out of this world. They were soft yet firm that his hands calmly rest on them. Furthermore, he was shocked as he realized that his two hands were not enough to cover them. This was the first time that he experienced it.

Boobs!!! Gawdamit!!!

That was the only thing in his mind.

"I can't help it!! Your boobs are so soft and big that I want to squeeze them!! I want to cuddle my face on them!! I want to suck them like I'm a baby!! I want them to slap me like I'm a bad boy!!"

Indeed, Calix is a true homie because he did not lie. He honestly told his feelings. Definitely a chad in the making.

"W- what!!?"

Nikki was so shocked that she covered her face with her hands. Yet, the redness on her face was so bright that it almost lit up the kitchen. She was so embarrassed that she didn't know what to say.

"W- awawah!!

Her mouth stammered and her heart was jumping inside her chest. This should be deemed as sexual harassment, but Nikki couldn't hate it at all.

She felt blessed hearing his true words. She felt that she hit the jackpot even though she did nothing. Well... Her Luck was still in effect after all. It was different from Calix's constant three days Luck.

The Luck that the girls received would differ depending on the fortunes that they gained. Such as Kimberly, her Luck quickly diminished whenever she used it to create Runes. On the other hand, the unused Luck would turn into experience points, the more experience points accumulated, the faster their cultivation.

And since Nikki didn't have a Lucky moment these few days aside from being saved by Calix on the island, on top of that, Nikki is not a TA User so she couldn't accumulate experience points, so her Luck went to create this situation.

So in a way, that flying cockroach and this little incident where Calix squeezed her boobs were all part of Luck. Sometimes, it's a blessing in disguise.

Nikki subconsciously looked at her breasts. To be honest she didn't find them great, they were big, she didn't need them, and her back ached because of them.

Furthermore, they were bouncing whenever she moved around, so she didn't have a good opinion about them. However, when she looked at Calix who was still kowtowing on the floor, she felt that having big boobs was not that bad.

"... Do you really like them? D- do you really want to touch them?"

She swallowed her nervousness. She had to figure it out, or else she wouldn't fall asleep at night. Her throat started to get dry as if she needed a certain liquid.

"Yes-- I mean, no!! But Yes! Damn it!! I want to squeeze your boobs again if I have the chance!"

Calix's mind was still in turmoil. Maybe touching her boobs affected his brain so much.

'If you touched something heavenly and divine like her bazingas, you will definitely get blinded and your hands will lose their senses!'

An excuse that may sound convincing yet stupid. Anyway, it was true that Calix wanted to touch them again. Now that he experienced something fluffy like them, he knew that he had to touch them again.

"Then..." Nikki bit her lip, she knew that this decision may change her life forever. "You can touch them again if you want."

She gave consent, maybe Nikki is the best girl all along.

"Huh?"

Calix was stunned and his head robotically lifted up and stared at her with surprised eyes.

Nikki averted her gaze and her face was so red. Yet she didn't move backward, instead, she put emphasis on her breasts as she crossed her arms. Unsurprisingly, her breasts jiggled like gelatins.

"... \*gulped\*"

Calix swallowed the saliva stuck in his throat.

"Are you really sure?"

He wanted to confirm that he heard it right.

"... Yes."

Nikki embarrassingly nodded her head. Her face was red like a tomato, this was too much. She couldn't believe that she agreed to this. Yet deep inside, she was excited.

"You don't have a boyfriend?"

"No, I'm single."

"Then, I will not stand a ceremony."

Calix stood up and took a step forward. His hands were itching, shaking like crazy.

Nikki pursed her lips and closed her eyes. When she felt that Calix had touched her chest, she experienced the electricity moving through her body.

Chapter 207

Calix didn't deny that he loved to caress her tits. After all, he is a man, and a man like tits no matter what size or variation. Calix gulped as his palms started touching her breasts over her clothes. He lightly squeezed them.

"Nngghh..."

Nikki moaned and she covered her mouth. She couldn't believe that she made that noise just by a touch.

"Cute."

Calix muttered as he looked at Nikki's bright red face. She was acting like a maiden and Calix wanted to dominate her.

He returned his focus to her majestic bust. He started squeezing them, sometimes strong and sometimes weak. And Nikki would react to his touches as her mouth moaned uncontrollably. Her eyes started getting teary and her breathing was getting rough.

However, the last defense that kept her from being sane was demolished when Calix pinched her nipples over the clothes.

"Nngghh!!"

She gasped. She didn't know how Calix found her nipples but she was electrocuted and her legs spasmed. Her vision turned white for a second.

"... Nikki, I want to touch them."

"Un..."

Nikki couldn't say no to his sincere yet excited gaze. She nodded her head and gradually took her top. Calix couldn't control his mouth from drooling as Nikki dropped her clothes one by one.

Calix realized that her skin was naturally tanned and not because of the sun. She didn't have tan lines and her skin was fair. Furthermore, her nipples, they were inverted!!!

'O- Oh my God!!! This is the first time that I see inverted nipples!!! I thought they are nothing but myths!! Now I can peacefully die!!'

Calix realized that life was being good to him. He was so fucking Lucky!!

Nikki could see that Calix was staring at her intently. She subconsciously hid her breasts, she was embarrassed about her nipples. She knew that they were different from the others.

"N- no, don't hide them. They are beautiful!"

Calix knew how to appreciate art. And Nikki is a work of art. He wanted to suck those nipples till they get erected.

"Mmm-- aahhn!"

Calix couldn't control it anymore. He started grabbing her tits and Nikki covered her mouth because she was ashamed of moaning.

They were not saggy despite being large, they were firm.

Calix was playing with her massive racks like they were slimy toys. Nikki couldn't control her voice and she groaned sweetly, her vision was getting blurry. Calix was just touching her boobs yet she was already losing her mind.

Calix got thirsty and sucked her nipple, causing Nikki to tremble. Gradually, the nipples became erect. She averted her gaze, she felt like she was melting. Their height was different, Calix's face was facing her breasts directly.

"C- Calix, mmm--!!"

She tried to talk to him but Calix bit her nipple and she closed her teary eyes instead. Furthermore, Calix was pinching the other nipple too. He didn't want any of them to feel lonely.

Suddenly, an idea entered his mind. Calix began motorboating her boobs!!

"Bbbrrrr!! Brrrr!!"

It was childish but Nikki could see his sincerity. He was seriously motorboating his face against her breasts.

Her face was getting redder. This was embarrassing but Calix's action made her heart flutter. She felt that she was the luckiest woman alive.

"Calix... It feels great."

Her voice was weak but Calix heard her clearly. He lifted his head and looked at her, Nikki's expression was so cute. Her face was bright red and her brown eyes were trembling and there were tears around.

He felt that he wanted to kiss her lips.

Calix raised his head to kiss her.

He was the smaller one in this relationship. Nikki could see his intention and she lowered her head. Their lips met and they started kissing. It was soft and gentle at first. But Calix started taking the pace faster and devoured Nikki's tongue.

Nikki was not used to it as Calix attacked her tongue relentlessly. Calix didn't let her go, he pulled her head closer and sucked her innocent tongue. When they parted, Nikki was gasping for air and her eyes were blurry, a trail of drool connecting their lips. However, Calix grabbed her again and kissed her relentlessly.

"Hahaha..."

Nikki's legs lost their strength and she gradually kneeled. When her knees were on the ground, Calix halted his attack. Instead, his sadistic side awakened.

He unbuckled his pants and a giant king cobra was ready to spread its venom.

Nikki gasped as she stared at the massive cock before her. She felt that her body (womb) would be reworked if she experienced it. She felt that her abdomen was burning right now. The heat was making her dizzy. She gulped, swallowing a mouthful of saliva as she stared at Calix's standing rod.

"Nikki."

Calix gently caressed her short hair, Nikki lifted her head and stared at Calix's lustful green eyes.

"Pleasure me."

"Y- yes."

Nikki couldn't deny him. As if something forced her to compel. She strongly nodded her head. She was nervous.

Honestly, she didn't have much experience with sex. She only experienced one man, and that guy didn't even reach 1/3 of Calix's length.

Nikki didn't know what to do.

"Use your tits."

Seeing that Nikki was nervous, Calix helped her.

"Sandwich my cock between your tits."

He commanded.

"O- okay!"

Nikki did what he said. She squeezed her tits against his cock and she heard Calix groaning. Then, Nikki dropped a trail of saliva on his cock as a lubricant.

"Good."

Calix smirked and Nikki was embarrassed and happy at the same time.

She started moving her breasts up and down while Calix was moving his hips. Then, she would lick the tip of his cock using her tongue while looking at him. Nikki's brown eyes were like that of a loyal dog.

Paizuri is great.

Calix smiled, he was satisfied and he started rocking his cock between her big boobs. Then, after a few minutes, because of extreme arousal, Calix climaxed on her chest.

He spurted his sperm on her chest and face. Nikki's face had semen and it was so flavorful. Nikki subconsciously licked her lips as she tasted some of his sperm.

She looked like a sweet cinnamon roll.

With his strong lust, Calix pushed Nikki to the cold ground and devoured her lips.

## Chapter 208

Nikki was panting as her body rest on the cold floor, she was not wearing upper clothes anymore. Then, Calix followed suit.

He took off his t-shirt and threw it on the sideline. He joined Nikki on the floor and gave her a passionate kiss.

"Stick your tongue out."

"Y- yesh."

Calix had a commanding tone and Nikki didn't have the strength to deny him. She shyly stick her tongue out with a blushing face and Calix leaned over her and devoured her tongue. He started sucking her tongue, sometimes flicking it all around. Then, their lips locked as their tongues invaded each other, their saliva mixed. And when their lips parted, a trail of saliva was glued to their mouths.

Their eyes were staring hungrily at each other, their reflections could be seen.

"Mmm--!!"

Nikki bit her lip as Calix grabbed her humongous tits. Calix was still amazed at how big they were. His hands couldn't cover them, suddenly, an idea entered his mind and he started sucking them with force.

Nikki was flinching on the floor as Calix, on top of her, was torturing her with pleasure.

"Aannghhh ~~"

A sweet cry escaped from her mouth as Calix bit her tits. It was a little stronger compared to earlier when he was gently playing with them. Then, without notice, Calix put bite marks on her breasts. It was his own way to show that Nikki is his property. The bite marks were red, in contrast to her brown skin. It was lovely to look at.

"Hhaaahhhh... Hhaaahhhh..."

She was breathing raggedly. This was the first time that she experienced this. She thought that sex was nothing but an activity where the guy will insert his dick and cum inside her. Because that's what she experienced. She didn't know foreplay.

Her ex-boyfriend, Patricia's father, was an asshole that would only ask for sex and nothing else. Nikki didn't know why she fell in love with that bastard. After he found that Nikki was pregnant, he left the town with the excuse of buying milk...

"Nnggghhhh!!"

She swallowed her scream as Calix invaded her private part. He raised her feet off the ground and he started pulling her pants. He was excited to see her pussy.

"C- Calix!"

Nikki was embarrassed as Calix successfully took her pants and plain white panties. Now Nikki was fully naked with nothing to hide.

"Hm? It looks amazing."

He muttered, looking at her petals. Then he lowered his head and caught the scent of her womanhood. He grinned.

"It smells great too."

"Giyuuuuu!!!"

Nikki squealed like a broken cat. She hid her face with her two hands. His comments were too shameless and embarrassing at the same time.

'He didn't even care that I'm wearing plain old white panties!! All he wanted to see is m- my private part!'

Well, Nikki didn't know that they would fuck. If she knew, she would definitely wear something good.

'He even said that m- my private part smells good b- but I still didn't take a shower!!'

She wanted to die. She was embarrassed!! It was seven in the morning and they had both just woken up. So of course she still didn't take a bath.

However, despite being embarrassed, her heart was pounding so loud because of his honest answer. The fact that he said that her pussy smells good was enough to make her happy. And she didn't know why.

'I'm not a simple woman that will smile just because of a cringe pick-up line like that.'

... To be fair, it couldn't be considered as a pick-up line. No sane person would use this line "Hey, your pussy smells amazing."

They would definitely get slapped.

Nikki tried to hide her pussy by sticking her legs together but Calix casually spread them apart. Nikki was startled, she thought she was strong but Calix was stronger.

"C- Calix?"

She wanted to retort as Calix lowered his head. Yet the man was hungry for some pussy.

Nikki was burning red right now. She didn't shave!! Because she didn't have a reason to shave anyway, yet now, she was embarrassed because of it. She wanted to put her head inside a hole and live there forever.

"T- that's dirty! Wah!"

Calix didn't listen. He licked her slit like it was a bar of high-class chocolate. Then, his tongue did its job. His tongue was flicking her clit and sweat moans were escaping from Nikki's mouth. She didn't know why Calix's tongue felt so good as if he did this almost a hundred times.

She covered her mouth as her moaning became uncontrollable. Her eyes started to get tears as her hips twitched.

Then, out of her expectation, she felt that her brain was stirred as her body trembled. She came by his tongue alone.

"Gggaaaaahhhhh--!"

A groan-like scream escaped from her mouth. She was panting but she knew that this was not over, because a male would only stop once he had a climax.

"Let's see, you're already wet."

Calix grinned and Nikki was already tired. His gaze was like a predator that was ready to devour its prey.

"W- wait, I'm still sensitive-- ahn!!"

Calix raised her legs and rest her feet on his shoulders. Then, he inserted his cock like a piston into her sopping pussy.

"Nngggghhhh!!"

Nikki realized one thing, that the sex that she experienced was just child's play compared to this. Her body shook. She knew that it would be amazing and frightening once Calix shoved his cock but she didn't expect that it would be life-changing.

This is real sex!! A true fucking!!

Because Nikki is an ogre descent, her body was accustomed to ogre's dick of course. Her experiences were a mere tickling compared to this. She was getting fucked literally.

"Mmmmmm-- ahhh!! Aahhh!!"

Her eyes rolled up as Calix moved his hips to ravage her. As the fucking went on, Nikki started to move her hips to meet Calix in the middle. Her embarrassment dissipated as pleasure overcame her. She didn't know that sex would feel this good. She couldn't think straight and all she wanted was to get pounded strongly.

"I- It feels so good, Calix!!"

"Yeah! You're so cute!"

"W- what!?"

Calix rest his head on her tits and he was sucking her nipple while humping. In this scene, Calix looked like a Shota while Nikki was the big breast tall Onee-chan.

## Chapter 209

Nikki was gasping as Calix pushed her to the table. She bend her body and put her hands on the table while her ass was sticking up. This was the third round, her pussy was clearly wet as streams of fluids were running down her legs.

Based on that alone, it seemed that Calix pumped a lot inside her. Yet this ogre was still not finished.

"Yaaahnnn--!!"

Nikki moaned as Calix shoved his big thick cock inside her soppy pussy. He was fucking her from behind while Nikki was looking at him with love and lust. Her hips trembled as she knew that another climax hit her, her brain went blank but Calix didn't have time to rest. This man is known

for being a rough guy, in terms of sex. He won't stop until he is satisfied. And once he stopped, the woman he had sex with, will fall and love: begging to be inseminated.

"Nngghh!! Aahh!! It feels so good!!"

Nikki grunted those words. This was the first time she experienced this pleasure and she understood that she was already addicted. She could never leave Calix after this.

Since Nikki is from the lineage of ogres, her body was accustomed to taking that size. Well, she is tall in the first place.

'Compared to that bastard, Calix's cock is a T-rex!! Nggaahhh!'

The sex she had before this was nothing but a child's play, tickling her pussy. But Calix was different, he was changing the structure of her womb. Making sure that her pussy would remember Calix's massive pole. She felt that her pussy was getting reformed.

"I'm cumming!! Mmmm!"

She squirted and panted crazily. Her pussy made fart noises as Calix's weapon was grinding inside her, she felt that her mind was becoming that of a whore that only wanted nothing but a cock inside her pussy, Calix's cock.

"Haaah haaah..."

Nikki already knew that an hour already passed, but she didn't want to end this. Because of her stamina, just like Calix, she could go for rounds after rounds without rest. Maybe that was one of the characteristics of ogres, their stamina.

"Anhh!!"

Her raspy yet sweet voice echoed as Calix smashed her pussy.

"Oh God, I love this!! P- please don't stoooppp!! Nngghh!!"

She was begging him as she felt that she was going to cum again. Looking at her lovely face, Calix nodded and began giving her powerful pistons. Her ass rippled as their hips collide.

"You want this, huh!"

"Yes yes YES!!! Oooh!!"

Calix understood that Nikki has a great ass. Kimberly may have a great childbearing ass but Nikki is completely dimension above.

Her ass was supple that he felt that he was smashing two big marshmallows. They were so soft!! Like what the fuck! Is there even an ass like that?

Furthermore, her wet pussy was sucking his cock like it didn't want to let go. It was hungry for his cock. Whenever he pushed through, Nikki would squirm while holding her sweet voice and her pussy would tighten.

"C- Calix!!!"

Nikki realized that Calix was like a drug, and she could never let him go.

This man saved her life. When she was drowning, Calix appeared and saved her. That alone was enough for her to fall in love. And now that she experienced something like this, Nikki's heart swelled as the idea of being his secret lover ignited.

.....

.....

...

They were resting on the table as their chests heaved up and down. They did it for two hours. Nikki was looking at the ceiling and she was blushing as sweat covered her body. She didn't expect this.

They were both naked and breathless. Then, suddenly, Calix's fingers intertwined with hers.

"... I know it is awkward, but I can not let this out of my head."

Calix said while looking at the ceiling too.

"You have a great ass, and you have a pair of wonderful tits. I want to squeeze them every day if I have to..."

Damn, Calix, you're the man.

"T- thank you."

Instead of being offended, Nikki was embarrassed and looked at her body. She couldn't believe that she would be proud to have a body like this. She was actually ashamed of her body but Calix gave her confidence after what Calix said.

"Oh, and by the way... I actually fucked you on the island. Although it's nothing but one insertion, trust me."

"Huh?"

Now that was the awkward moment.

Indeed, Calix didn't know how to handle situations like this. He won't hesitate to drop a bomb just like last time when he talked to his father when he casually said that he was fucking two other girls aside for Scarlett.

"Huh?"

Nikki was confused. Did she just hear that right? Like, what the fuck? She was assaulted without her knowing. However, instead of being mad, she found it delightful. As if she was accepted for what she is.

"I'm sorry, please give me at least a minute to explain."

"Okay."

Nikki easily agreed. Not that it matters anyway. They already did it so she might as well lend her ears. Besides, she wanted to cuddle with him.

Calix pulled her into his embrace. Despite being a big woman, Calix handled it right with Nikki's head resting on his chest. Nikki was so happy with this simple act. This kind of cuddling was nonexistent in her life.

"Maybe this is the reason why my mother likes big dicks..."

She muttered while her mind was traveling around, she recalled that memory after her father died.

"Well, where should I start... Actually..."

Calix started talking about what happened on the island. Now that Nikki was already Lucky, he didn't have a reason to hide his secret. Maybe this situation was part of her Luck too, that Calix was being honest to her.

"So you did it to save me?"

Nikki was actually shocked. She didn't know that there could be something unique of a Term Attribute like him. This was the first time she heard it. For a second, she felt sad. However, that sadness immediately disappeared as Calix kissed her forehead.

"Mmm... So, wanna do it again?"

Nikki offered. After all, she could see that Calix's junior was regaining its strength.

Chapter 210

The whole day passed and Nikki and Calix did nothing but procreation mindlessly, all using their genitals to think. Sometimes Nikki would "sit" on his lap while bouncing her supple ass as his cock was appearing and disappearing in her wet pussy and the sound of sloppy claps reverberated. Sometimes, they would cuddle in the bed spooning so close that their sweat would mix.

In just one night, they traveled all around the house, fucking like rabbits. They did it in the hallway, the gym, and even on the balcony on the second floor. Calix was not surprised that he could last a day, especially if the woman was beautiful, sexy, and tall.

He liked it whenever Nikki's humming moan would turn into a full cry, whenever he was thrusting his huge rod inside her hot sloppy cunt. He knew that he came a lot of times in her, in different styles and positions.

When their arduous sexercise was over, the two decided to lay down on the couch in the sala with a sheet over them, while watching Netflix. They were naked, at one time, Calix's hand unconsciously squeezed Nikki's ample breasts and she sweetly moaned... Then they did it again because Calix became horny when he heard her voice.

While laying on the couch, Calix was fucking her from behind while they were facing the large television. Watching the lead characters fucking.

"Mmmm."

Then, Calix lifted her ass so the insertion would be much easier.

"M- more!"

As the day went on, Nikki's embarrassment slowly disappeared as her desire to be ravaged grew. Now that she experienced something big like Calix, she didn't care anymore.

They were not even watching the movie, they were just fucking. It was a great coincidence that they were watching Euphoria, it depends on you which one, the animation or the western series.

Nikki's moaning and the moaning from the movie were echoing at the same time.

"C- Calix!! Nngghh aaaahhhh, I'm going to cum!"

"Let's do it together with them."

Calix made sure that his climax would be at the exact same time as the movie. When he came, the male character in the movie came too.

"Aaahhhh--!!"

Nikki's little voice became that of the grunting of a lady who was getting crazy over a cock, she screamed as her legs spasmed and her eyes rolled up. Even her ass twitched like she was electrocuted.

"Haahh haaahhh..."

They were both panting as they closed their eyes. They didn't have the time to go to their respective room to sleep. Instead, they slept on the couch hugging, knowing the warmth.

When Calix opened his eyes, he found that Nikki was sleeping close to him. Unlike the other girls who would sleep on his shoulder, Calix was the one sleeping on Nikki's shoulder, as if he was the woman in the relationship. Well, he was much smaller and his shoulder was smaller than Nikki's too.

"Fucking adorable."

Not that it matters, because Nikki is cute. Calix smiled as he watched Nikki's calm sleeping. She is not ugly in his opinion, she is cute. Calix accepted her because he was already attracted in the beginning.

"From the moment I saw those tits, I know that I will have to squeeze them."

He didn't just squeeze them, he bit them and his bite marks were still on her breasts, he even slapped them while they were having sex. Her breasts were flapping left and right at that time and Nikki had an orgasm.

Calix gently stood up, making sure that Nikki won't wake up. He wanted to give her a proper rest because what they did yesterday was too tiring, but not that he hated it. In fact, he was thinking of making it rougher and more fun.

"That's why I don't want to disturb her sleep because she won't get a rest later on."

He chuckled. He remembered that he was still naked and his clothes were in his room.

"But first, let's have a coffee."

Calix used a 3-in-1 mix and went to his room, sipping on his coffee. When he entered the room, he checked his wardrobe and took a t-shirt and a boxer brief. However, his keen sense triggered and he immediately activated Mento.

He dropped his coffee and the small gun of his necklace glowed and transformed into a handgun, Calix grabbed the gun and aimed it at the blunt weapon that was coming to him. He pulled the trigger and the attacker was forced to jump backward.

Controlled energy escaped from the gun and destroyed a portion of the wall, it was smaller than usual because Calix did not have the intention to kill the attacker.

"As expected from a man who trained at a such young age, you know how to handle this situation."

Athena glanced at the punctured wall, she understood that her body would have a hole if she did not dodge it.

"Athena, what are you doing here? Scarlett returned to the Clan so you don't have anything to do here."

His gaze was cold and dark, aiming his gun at her and ready to pull a shot.

"I'm not her maid anymore."

She was actually disappointed at that. Scarlett didn't want Athena to serve her now that Scarlett was 19 years old. She was forced to obey her will.

"Eh, I didn't know that. But still, you can't just show up and attack me."

"I have a reason."

She was doing this for her Master. She raised her metal bat, and she was ready to cast her spell and cut this whole room to pieces if she wanted to.

"Is this about me and Nikki?"

Calix had a hunch.

"Yes, I was waiting for the right moment to interrogate you about the island incident, I was curious why you stripped her pants and did it. Yet, you didn't have an ounce of shame and had sex with her even after what you did."

Athena found it disgusting. After he took advantage of Nikki, he still had the guts to have sex with her.

"You cheated on Lady Scarlett and hurt her and Nikki. You're a heartless person."

"Wait, I can explain it okay, I assume that you didn't hear our conversation and you just saw what we did but I will say to you that--"

"Enough with that useless excuse, you cheated on Lady Scarlett and raped a woman! That's the gist of it!"

The silver-haired woman roared and swung her metal bat.
