Chapter 24

Calix was sitting on the edge of the bed. Down before him, Scarlett was on her knees and perked up at him. She was shy but thanks to the experience she gained from reading, she decided to steel her heart. She just promised that she would make Calix hers, it was a disgrace to back down now.

'I must do it. They say you have to use your tongue...'

Scarlett said in her mind as she gulped hard, her heart wanted to jump out of her mouth because of too much enthusiasm.

Calix swallowed greedily as he watched how Scarlett gradually moved her hands. Her eyes were looking up at him while her hands were doing the job. Calix couldn't take his eyes off of her, she's so beautiful.

She opened his shorts(together with the boxers) and wola, a massive shaft greeted her. Scarlett widened her eyes in awe, she swallowed her saliva. This was the second time she saw it but she was already drooling on Calix's enormous cock.

'C-can I do it?'

She asked herself. Could this thing fit in her mouth?

'No, I'm Scarlett Robinson, I won't back down... Besides, I want to know how good this thing is.'

She licked her lips, she didn't know that what she did was so sexy. Now all her focus was on the Calix's junior. She forgot Calix's presence and concentrated on his cock.

Scarlett started with a touch. When she touched it, she was surprised at how the cock reacted, it twitched cutely. She was amazed how this thing moved just because of her touch. Then, she braved herself and decided to completely hold it. Calix gasped feeling the sensation, he loved how Scarlett touched him.

She began stroking it which caused Calix to grunt. This was amazing, he thought. Scarlett's hands were rubbing his junior, he couldn't believe that he would experience this. Calix knew that he would never forget this moment. All of Scarlett's concentration was on his cock and he loved it.

"Hhaaahhh."

Scarlett heard his voice and she realized that Calix was reacting to every stroke she did. She licked her lips and started stroking it faster, she was still awkward and did it with care. She carefully put more pressure, she didn't want to hurt him in case she made a mistake.

Calix groaned again and Scarlett started to know how strong and fast she had to do it. She realized that with just her hands she could make Calix like this. She was amazed as her eyes glistened.

Then, her stare returned to the cock and she swallowed hard. She wanted to try this, she wanted to taste how great it is. She opened her mouth and...

'Huh, I know that it will be good... But I didn't that it will be this good...!!'

Calix's fuel is having sexual practices with the opposite gender. The moment Scarlett touched his dick, the Luck Term Attribute started working. This means that right now, Calix's life will be filled with Luck again. To be honest, his dick would be salty and musky but Calix had this invincible power that works for him. Right now, his cock should be addicting. Right now, Scarlett was tasting her favorite flavor. Yes, this may sound stupid but it's a fantasy world anyway, anything works here.

'I don't know why but I like this taste...'

She said to herself. She didn't feel any repulsion. In fact, she liked it and a unique feeling was caressing her. It was amazing how she felt good despite her giving him pleasure. Still, she could only fit about half of his massive schlong in her mouth. She released it and tasted the aftertaste.

"... It tastes so good..."

She honestly said as she stared into Calix's eyes. If this was a doujin, Scarlett should have heart-shaped eyes right now.

Calix was not sure if she was saying the truth but he liked what she said. It boosts his confidence.

Scarlett started taking her dress off, she was excited but the way she took it was sexy. Now she only had her black tube bra and a black sexy panty.

"Mm, do you wanna see it?"

She asked, coquettishly grinned.

Calix was looking at her chest and Scarlett was happy to know that Calix liked what he was seeing. Calix nodded. Scarlett seductively smiled and dropped the tube down her waist. She heard that this was sexy, and yep, Calix's junior agreed. It twitched up to show Calix's reaction.

[Now, let's start again.]

Scarlett kneeled again and opened her mouth. She shoved Calix's huge cock in her throat. She wanted to make him happy, she wanted him to fall for her. She kept her lips as wide open as possible, gobs of spit began to form over her lips. Saliva was gushing out of her mouth and onto Calix's big cock. The saliva even started to cover her tits as it fell on.

glob glob

She worked hard to fit his meat in her tiny mouth. She was moaning and gagging as she did it. Yet, she felt really good, Calix's power made her feel good.

"Mm-hmm"

She moaned, his dick deep in her throat.

Calix who was on the receiving end moaned too, he wanted to feel more. He forced another inch down her throat. He was losing himself to the pleasure.

Now, Scarlett had about five inches down her throat and she was slurping all over his cock. She made a lengthy moan as Calix's big dick was choking her. Half of Calix's pole was still out of her and shortly became covered with her spit.

Calix watched as Scarlett was slobbered and gagged by his huge cock, he was shocked and in disbelief. Scarlett did all of this, she was sucking his dick with great care. She was sloppy, or is she? Perhaps the Term Attribute helped her. Calix was so aroused by the wonderful scene unfolding in front of his eyes.

Scarlett was drooling all over his humongous cock and it was so hot!

Scarlett didn't know why but her hand started moving down her. She began rubbing her pussy, and in just a few seconds, a violent orgasm attacked her. As she came, she released the dick and screamed in pleasure. Her legs were trembling while her other hand was caressing the spit around her lips.

"Mmmm"

She smiled and a huge stream of spit fell on her tits. She looked up at Calix with desire and hunger in her eyes. With that, Calix lost his mind, he gulped and became a beast

He grabbed the back of her head and put his dick in her mouth. He began pumping, faster, trying to push every inch of his big cock in her throat. Scarlett gagged, slurped, and drool as she let his huge cock into her throat. Spit was now streaming down from her mouth.

Her tits were soaked, just like the tube around her waist. Her pussy was sopping wet. She loved how Calix gagged her.

Scarlett started making moaning noises with low guttural. She climaxed while she was slurping his dick, her hand kept touching her pussy. Calix pressed around seven or eight inches of his dick down her throat and hold it for a few seconds while Scarlett was being gagged. Then, Scarlett tapped his leg and Calix removed his cock and gave her time to breathe. Her spit was running down his cock and dropped onto her chest.
