

Only Fuel 261

Chapter 261

"Do you think she's telling the truth?"

Marianne asked Kimberly. They left Rinaha's place after the woman said everything she knew. They were now flying in the sky.

"50-50. Maybe she is lying, maybe she is not lying."

Kimberly could discern that some of what the Principal said was true.

'However...'

Kimberly glanced at the copy of the blueprint in her hands. She spread it on the table and studied the blueprint.

"This is probably fake, even the Dungeon."

She confirmed.

"You mean she lied to us? But she knows that you will never give her the C-series Battlesuits if she lies."

"She is not that interested in the Battlesuits... I guess she's contacting the Vice-president right now."

"What?"

Marianne was startled.

"Don't worry, it's within my expectations. Besides, this blueprint can help us too. Maybe it's not the real one but it's enough to judge the overall map of the mansion."

Kimberly smiled.

--Ring ring!!

Suddenly, her mobile phone started ringing.

She clicked her tongue as she read the contact's name.

"Who is it?"

Marianne asked.

"It's Yuna. She is asking where is Calix."

"So what are we going to do?"

"She's useful."

Kimberly took a picture of the interior of the flying car and sent it to Yuna.

In just a few seconds, a portal materialized and Yuna appeared. The pink-haired woman was wearing a military uniform. Of course, she was still in her usual twin tails.

"What happened!? I can't contact Calix!"

It looked like she was worried. She had sex with Calix two days ago before she went on a mission. Her mission was to deliver rations to the Border, Port of Aoneon, and other military bases, back to back.

She just finished the job.

"Yuna, calm down and dropped that gun."

Kimberly and Marianne were ready to attack the woman because Yuna was showing her Yandere vibes.

Kimberly was prepared to summon a weapon while Marianne's water marbles were encircling her. Marianne was prepared to shoot the Yandere.

Yuna glared at the two, but in the end, she dropped her weapon.

"It's really funny. Whenever Calix is not around, we are always trying to kill each other."

Unlike Calix, the effects of Luck were longer for the girls. If they fought, no one would die.

"So, what happened?"

Yuna asked and Kimberly started speaking.

.....

.....

...

The three made a pact, to save Calix from the hands of Esmeralda.

'We don't want another rival, and a grandma at that.'

They agreed that they did not like Esmeralda. Well, they don't like any girl that might lust on Calix. As long as they can, they will keep Calix for themselves.

"So we will not gonna contact Scarlett?"

"I think you already know the answer."

"Yeah, fuck that bitch."

They were smiling. All this time, Scarlett was always the first place. This was the right chance to gain brownie points from Calix.

They had a consensus that Scarlett must go. They kept quiet and they did not talk to Scarlett about Calix's current situation.

"What about Nikki?"

Yuna asked. She did not like that giant woman, but she still asked.

"Nikki Stringendo has a Term Attribute but she can't control it. She has to receive fatal wounds to activate her power. She will not be useful."

Nikki is like Hulk, or perhaps She-Hulk. Because she could twerk with her big dump truck!

'Besides she is...'

Kimberly asked Nikki about her newly acquired power. Nikki was secretive at first but she decided to be honest with Kimberly. Nikki was indebted because Kimberly protected Patricia.

'It's amazing that Calix can transform a normal person into a TA User. This is gonna be troublesome, especially Nikki.'

The fact that Calix could do it, Kimberly was really amazed and afraid at the same time. She was shivering at the truth.

'If he had sex with a hundred ordinary women... I don't know what will happen.'

Calix could make an army!

Of course, Kimberly and the other girls would not let that happen, his time with the girls would decrease if that happened.

"Hey, do you think Esmeralda wants Calix because of his power? I mean, Esmeralda is a DemiGod. Perhaps Calix can make her breakthrough the--"

Yuna shut her mouth when the two girls coldly glared at her. Yeah, it would be dangerous if Esmeralda became a God Rank. Esmeralda would definitely imprison Calix if that happened.

Imagine a person who can make a God, people would be crazy just to kidnap him.

"I will create simulations using the blueprint and find the right one so that we can use it to teleport."

"Um, maybe you can talk to your dad, CEO Mark. I'm sure he can help us."

Marianne offered an idea and Yuna agreed to her.

"No."

Nonetheless, Kimberly disagreed. She shook her head, her focus was on the blueprint.

"Why not?"

"You don't know how my father does things."

"Okay?"

'My father will ask for something in return if I request help, and he will definitely do his best to take advantage of me.'

She experienced it. Mark Cudgel is heartless, he sees people as tools that he can, or will, use. There's no such thing as children in his dictionary. For Mark, Kimberly was nothing but an heir in case he died, his replacement.

"Just trust me, I can do this."

Kimberly looked at the blueprint and she already made thousands of possible layouts.

"Give me at least five minutes."

Yuna and Marianne keep quiet. They believe in Kimberly. After all, she is the best inventor in the country of Dellia and perhaps she is the best inventor in the whole world.

"Okay, I got it!!"

.....

.....

...

The next day, the sun was blossoming and people were rising up to start their day.

It was a normal day, for most of them.

Sadly, not everyone could have a normal day.

"Thank you for your information, but don't worry, I will be fine."

Esmeralda ended the call. She gave the phone to her assistant and walked ahead. The assistant put the phone in her pocket and followed the Vice-president.

Esmeralda just finished her job, some torture here and there, and it was time to talk to Calix again.

"I want you to spy on Rinaha after this."

She said to her assistant who was pushing a cart of dishes.

"Yes, Vice-president."

"Hm."

Esmeralda was busy these days despite having a high position. Almost every day she had something to do.

"What about the other spies?"

"They are doing their job."

"Good."

Actually, Esmeralda did not have breakfast and she wanted to dine with Calix.

'Ah, I'm stressed. I guess I need to spend some time on my hobby.'

She licked her lips.

'Maybe I can talk to Rinaha if I have some time.'

She chuckled.

'She acts shy but once she's horny, she will easily succumb to pleasure. Well, what was the last that I had sex with her again? I think it was 7 years ago,? She said she wanted to retire and live peacefully, but I stopped her and I decided to make her a principal instead. It's not bad, at least I can contact her and ask if she has talented students that I can recruit.'

Their relationship was simple.

Esmeralda liked sex, and she did not care about the person's gender because she swings both ways. Female or not, Esmeralda would fuck her/him if she found him/her beautiful and sexy. Of course, she was always the boss in the relationship.

In Rinaha's situation, Esmeralda found her cat ears and tail attractive so she fucked her. Nothing much, just using some straps and scissors...

'It was great because we both know how to pleasure each other.'

Chapter 262

Then, she glanced at her assistant.

"Are you free later?"

"Vice-President Esmeralda, no matter how much you try, I will never let that happen. I have a boyfriend."

Her assistant looked into her eyes seriously.

"I know. I'm just joking."

She laughed. Her current assistant was talented and she respect her decision, she did not want to find another assistant.

"So what about-- Ugh!"

One of Esmeralda's Prada was broken and she lost her balance. She instinctively grabbed the cart behind her but she only touched the towel.

She dropped to the ground. However, her suffering was still not over. A fair of utensils fell directly into her eyes.

"Vice-president!!"

The assistant screamed. It was too fast, no one could react.

"... I'm fine."

Her pupils slightly trembled as she stared at the pair of fork and knife one inch close to her pupils.

Thankfully, the darkness saved her before the utensils stabbed her eyes. She was actually surprised, even her heart was beating so fast.

"Phew, I can't believe that I almost lost my eyes there... What is this Final Destination scene?"

She asked herself. It was scary, to be honest.

"Ma'am!! Are you okay!?"

The assistant was worried and helped her stand.

"Yeah, I'm alright. By the way, can you send me new shoes?"

Esmeralda glanced at her high heels.

"Another Prada ma'am?"

"No, I prefer rubber shoes, Mnike or Assdidas."

For a moment, she was scared there. Esmeralda decided that she would not wear high heels, ever again.

"I can't believe that a DemiGod like me will be scared like that."

She chuckled and she was slightly sweating.

A final destination death was scary. The fact that she almost died by being stabbed in the eyes frightened her.

They reached the door safely. Esmeralda fixed her clothes just to make sure.

Then, she opened the door and found that Calix escaped his restraint but he could not leave the room. He lost his weapon and Battlesuit. Right now, Calix was an ordinary guy.

The room was dark, and only a crack of light was shimmering.

"What are you doing?"

She asked.

"Isn't it obvious? I'm trying to escape."

"Well, this room is reinforced and it's impossible to break it, even if an earthquake happened."

"Yeah, I think so..."

He sighed. He tried his best but he still failed.

He glanced at her watch.

"What time is it?"

"It's 6:30 am."

"... Shit."

"Yeah?"

She shrugged. She did not know why the man in front of her looked distressed, perhaps Calix was afraid of her.

"Don't worry, I will not hurt you."

"No, I'm not afraid of that. In fact, I'm not afraid of death."

"Nothing but a flimsy action."

When Calix realized the time, he lost his last will. He just sat at the edge of the bed.

"Let's eat."

"Okay. I'm quite hungry."

"I'm surprised that you stopped struggling."

She was looking at him sitting.

Calix glanced at the dishes, making sure that he was safe.

"It's futile anyway. Not when I'm like this."

"Indeed, you cannot win against me."

She nodded.

"So? I thought you want to torture me, to get information?"

Calix used a spoon and carefully ate calamares. He chewed it, to make sure that he would not be choked.

'Hopefully, my seafood allergies will not act up.'

"I have my ways. Besides, I already tortured a few guys earlier so I'm quite tired of doing it."

Esmeralda started eating too.

"I just want to know how you can stand toe to toe with me and the Bakunawa. You look weak, and even your strength is mediocre, but you almost defeated me. That makes me curious."

"About what?"

"I want to know if I can use you."

"Not a fucking chance--- Ptui!! What the fuck is this?"

Calix spat the steak.

"It's fucking raw!!"

He realized that the steak was not cooked.

"What do you mean raw?" She took a bite of steak.

"It's rare," She added.

"What do you mean rare? This meat is still breathing! Look!! It has muscle spasms!"

Calix showed that his meat was twitching.

"Meh, it's rare."

"I prefer medium rare!! Heck, I will eat well-done steak than this living meat!"

Calix was appalled by the idea of eating raw or rare. For it him, it was still raw.

"Well-done is horrible."

"I prefer well-done steak than eating this rare meat."

He had a disgusted face.

"Rare is good."

"... Are you perhaps one of those abominations?"

Calix met people who had horrible taste buds. Scarlett Robinson who likes Pineapple on Pizza. Nikki Stringendo who believes that boneless chicken wings are chicken nuggets.

Now, the woman in front of him believed that raw steak is a rare steak.

"Hm? What about it?"

The woman glanced at him, forcing him to eat.

Calix did not have a choice. Perhaps this was the effect of his backlash too, eating raw meat.

"I just want to say that you will get nothing from me. Torturing me is useless."

He stated.

"... Is that so? Well, I was hoping that you will speak but I guess I have to use another way."

Esmeralda already had an idea, but she wanted to confirm it.

'But right now, I don't feel anything. I want to make sure that he is indeed related to Fate.'

"Let me leave."

He added.

"Nope, not until I get everything I want."

Esmeralda finished her rare steak.

'I don't know how people can eat rare steak... They are disgusting.'

Calix grimaced. Sadly, he would start eating rare steak, just like eating Pineapple on Pizza and Chicken Nuggets(?). There was no way out.

His eyes were peeking at the door a few times. He wanted to escape this place, but he understood that his Backlash was his last boss.

Then, he looked at the woman.

'My power will recharge if I had sex with Esmeralda, but that will be dangerous. Esmeralda will be Lucky, and I don't know what will happen if I give her Luck.'

Esmeralda Margaret is a known DemiGod, perhaps she was trying to find a way to break through and reach God Rank, a stage that no one touched for hundreds of years.

Just like Calix, Esmeralda was studying him.

"I will never hurt you."

She crossed her arms after wiping her lips with a napkin.

"How can I trust you?"

"You don't have to."

She smiled. Her figure was emitting hormones just by sitting in front of him. Esmeralda is a thick, hot, and fuckable woman. She has the perfect body.

She is 5'8 feet, and her vital statistics are 33, 23, and 32. Definitely an hourglass body!!

Even Calix gulped just by looking at her body. He averted his gaze, or else he might do something that he would regret later.

Chapter 263

"Aww, you don't have to be shy. You can stare all you want."

She put her blazer down and her bra could be seen under her white sleeve. Because she was sweating earlier, her sleeve was a little transparent.

Perhaps she was seducing him.

"... I don't know what you're talking about."

"Come on, I already have an idea."

Suddenly, the darkness pulled him towards her.

"Calix Romoel, your power is called Luck Term Attribute. You are suffering from your Backlash when you are in high school, I assume your Backlash makes you unlucky."

"..."

She grinned, her information was spot on. Well, she did not have all of the information about his powers but it was already enough.

"I guess you decipher your Term Attribute... Which brought you here."

"Bullshit."

"I don't think so."

There was a long silence. The two were looking at each and no one dared back down.

"Calix, I have a simple request. Help me win the Election."

"..."

"I know that you have the ability to do that. All I have to do is..."

She leaned closer to his ear and whispered.

"All I have to do is please you."

Calix was affected by hearing her but he was fighting back. He was not showing any reaction.

"Ara ara. You really are an interesting guy."

She chuckled.

"Well, I guess I have to be honest. I want to have sex with you to win the election. You will stay here for three months, you can only leave once I'm the President. In return, I will help you as much as I can."

"..."

Calix realized that this woman already knew his power.

Which means--

"That's right, someone gave me this information."

She smiled and crossed her legs.

Using her dark tendrils, she opened the door and someone was standing in front of the door.

Calix looked at the person. He was not surprised. After all, he had a clue.

"Nikki..."

Nikki Stringendo was staring at him. Unlike last time, she did not look like a shy woman. Instead, her expression was cold, as if her feelings for Calix were fake.

"That's right, Nikki Stringendo is my spy and she has been gathering intel about your team."

Nikki did not flinch.

"I can say that she did her job..."

Esmeralda was satisfied despite knowing that Nikki was not a great spy. After all, she acquired something interesting, although she had to do it physically.

Esmeralda licked her lips.

She wanted to plant dozens of spies on their team but Nikki was the only one who succeeded. Thankfully, Nikki obtained interesting information.

"Did you betray us? No, did you betray me?"

Calix was staring at Nikki. His voice was cold.

"Huh? Of course--"

"Shut up, Esmeralda. I am talking to Nikki."

His gaze was vicious that even Esmeralda was dumbfounded.

"... Yeah, my mission is to acquire information and give it to Vice-president."

She spoke... But it seemed that her weak voice was not fake. Nikki really has a weak voice.

Yet Calix heard her. He could see that the woman was speaking the truth. Indeed, she betrayed Calix.

"Do you love me?"

"..."

Calix asked something significant, and Nikki's pupils trembled.

Nikki Stringendo was having a crisis. She could not open her mouth because she did not know what to say.

"Answer me."

Calix asked again. His eyes never leave her.

"Come here."

This time, he ordered her to come closer. He was serious and Nikki could see it.

"Hey, who says that you can order my--"

"Shut up your mouth, Esmeralda, I'm not talking to you."

Esmeralda instinctively flinched when Calix glared at her, his greenish eyes were glowing. She tried to grin, but she was actually shaken.

"Nikki, if you don't come here, I will never fuck you again!"

"Ah!"

This was the last wall that made her crumble. As a woman who felt the greatest pleasure, she was afraid that she would never experience his cock again.

She knew that her betrayal may cause Calix to despise her. But she had to do it. Tears rolled from her eyes, but she did not sob.

She was still standing at the door.

"Nikki, you may leave now."

Esmeralda spoke but Calix would never end this conversation without a proper closure.

"I know that Nikki is a spy."

"Is that the reason why you are not surprised?"

"Yes."

The Vice-president nodded while Nikki looked shocked. Perhaps Nikki did not expect Calix to figure out that she was a spy.

'I have to thank Kimberly later.'

Kimberly already expected that the soldiers who applied to their team were spies, still, the woman decided to accept one of them. Out of all of them, Kimberly decided to choose Nikki.

Calix knew it too. But in the end, he accepted her. Just because of a simple reason... Booba!

"I know that you will betray us, and I know that you are working for someone. Now I realized that Esmeralda is your real master."

Perhaps it was a mistake to accept Nikki, but it was already done. He did not care that much, Calix would still smash.

"I... I--"

Nikki was surprised and broke down her facade. Her strength left her and she almost lost her balance.

Calix already knew that she was going to betray him, yet he still saved her.

"Since when?"

"From the start."

This means that Calix saved Nikki even though he knew that she was a spy. He could have let her drown but he did not do it. He saved her and protected her against the Aberrants.

"... Calix."

This time, Nikki took a step on her own.

"Nikki Stringendo, I command you to stop and leave us!"

Esmeralda realized that the woman was not that trustworthy.

'Damn it!! This is the reason I send more soldiers to apply because I know that Nikki is easy to crack!!'

Yet out of all of them, only Nikki was accepted, perhaps destiny was playing with Esmeralda.

Nikki did not listen to her boss. She kneeled in front of Calix. There was only one person whom she wanted, it was Calix.

Suddenly, Calix saw some signs of torture on her body.

"I- I'm sorry!! They took Patricia and I didn't know what to do!!"

She cried. She said the truth, she was threatened.

Calix grabbed the knife and jumped onto the Vice-president.

His weapon almost grazed her neck but the black tendrils constricted Calix. They were holding his limbs so that he could not move.

"Esmeralda!"

He growled. Hurting his loved ones was the last straw.

Yet, Esmeralda just smirked.

"Ah, it seems like my secret is found, huh."

"You--!!"

He fought back and tried to tear the tendrils but he failed. The black tendrils were tough, especially in the space where darkness surrounded them.

"Okay, okay. Since my real face is shown, I guess I don't have to act like a good guy. And here I thought I can convince you by showing that Nikki betrayed you."

Her plan did not work so back to the basic-- subdue him using absolute strength.

"What did you do to Patricia!?"

"Don't worry, she is fine." There was a cold smile on her face. "As long as you do what I want."

Nikki tried to help Calix by fighting Esmeralda but she easily suppressed Nikki too.

"Uh, you awakened your Term Attribute, I think. Congratulations, but you can't use it here."

She chuckled and all Nikki could do was glare at her.

Chapter 264

Esmeralda snatched the knife from his hand and put it back on the table.

Nikki and Calix were constricted by her black tendrils and they could not move.

The woman smiled and sat back in her chair. She took a sip of red wine.

"You crazy raw meat eater!!"

Calix spat. He was on the table, but he could not take a move.

"Hey, it's not raw, it's rare."

"Fuck you."

She shook her head. It seemed that her plan backfired.

"I shouldn't have let you meet Nikki. She is too fragile to hide a secret."

She leaned on.

"That's right. I tortured Nikki. Her Term Attribute is a problem so I did it carefully, of course. When I said that I'm going to torture you, I was actually thinking of Nikki. She is a spy but she betrayed me."

"No! I did not betray you! Calix is not part of the people I should spy on! He is not part of the list!"

Nikki tried to break free but the tendrils were stronger. Despite her strength, it was not enough to rip the darkness.

"Yeah, I did say that. Well, you sent every information you gathered around the team, except Calix."

Nikki's job was to spy on Scarlett and the others girls.

"But they are nothing, compared to Calix. So when I asked you about him, you decided to shut your mouth. You betrayed me, so of course you have to be punished."

She swirled the wine glass.

"Can't you believe it? It took me a whole night just to convince her. I don't know how she can withstand that. So, I decided to use her daughter. It's quite easy actually."

"You..."

Calix was grinding his teeth listening to her condescending. This woman is not afraid to use a child to get what she wants.

"Patricia is not part of this."

"Indeed, but now she is."

Nikki started sobbing. She did her job, she gave every information she knew about the girls. However, Esmeralda was too greedy and she wanted to know Calix's secret.

Nikki did not want to say it at first. While she was being locked, she was hoping that her Term Attribute would trigger but Esmeralda was good at her job. She broke down when she realized that Esmeralda abducted her daughter.

Then, at the exact moment when Calix's backlash returned, Nikki started speaking of his secret. Yup, it is always about Calix's Luck.

If his Luck was still working, this situation would never happen.

Sadly, fate is unpredictable even for Calix who can alter it.

"Okay, now that I'm a bit tipsy, let's do it!"

She giggled. Then, Nikki was pulled to the wall and her limbs were tied by the darkness.

"Nikki, this will be part of your torture too. Since you failed me. I hope this will be a lesson, so don't ever fail me again."

Esmeralda could kill Nikki if she wanted to, but she deemed the woman worthy.

'She is not special in the past. A disposable. But now that she awakened her Term Attribute, she can be useful... This is one of the reasons why I'm interested in Calix Romoel. He can create a Term Attribute User, it's a frightening ability.'

She flicked her fingers and Calix was carried by the darkness.

He was struggling but he still failed. His arms were tied across the poles of the bed. Even his feet were tied too.

"You're a great boy toy."

"I swear, if something happened to Patricia I will kill you."

He was serious.

"Come on, boy toy is not that bad. You can have sex with me. It's a great reward. Men want to fuck me in their minds, but you can do it with me, literally. Be grateful. Don't you know that a large percentage of men can't have sex? While you, Calix, all you have to do is lay there and you will get some pussy. Female Domination is not that bad. At least you can still have some pussy while the other men are thirsty but they can't quench their thirst."

She began preaching.

"So, don't hate being a boy toy."

"Woman, from the moment I accepted Scarlett. I already prepared myself to satisfy her lust. It's the same for all of my girlfriends, I will do my best to satisfy them."

"That's good. I hope you can satisfy me too."

"I will destroy your asshole, I promise."

"Ara Ara, you are scary~~"

She stripped naked. Her breasts were a bit saggy, and they were big. She had a smirk on her face as she got on the bed. She kneeled between his legs.

"Let's see if your Term Attribute can help me."

"You will never become a God."

"God?"

The woman began laughing.

"Calix you don't know what you're talking about. I live for so long that you can never fathom my real age, transcending to Godhood is not easy. I bet even your cock cannot help me."

She touched his limp dick. It seemed that he was not horny. Well, this situation was not arousing.

"All I want for you is to help me win the election. After that, I will free Patricia and everything will be alright."

"I don't believe you."

"Then you have to."

She lowered her head and started licking his cock. Calix's face was ugly.

Esmeralda's hands were on his legs, she was only using her face to arouse him. Her nose and mouth were grinding against his shaft. The woman was smelling his scent and goddamn it was seductive!

She looked happy as she smothered his cock around her face. Her tongue licked the base while her nose cuddled the middle.

"... Ugh."

Calix gritted his teeth. He swallowed a groan. The woman before him is powerful.

"Fufu, looks like your junior can't hold it in."

She giggled as she felt that his pole was getting hard.

Calix tried to kill the horny but he failed. Not when Esmeralda was wholly doing her job to arouse him. She just licked and cuddled with his cock but it was already attached to her.

'Junior you dare!!!'

He screamed inside his mind.

Chapter 265

Unfortunately, his junior did not listen to his order. His shaft gradually woke up from its slumber as Esmeralda cuddled with it using her face.

"Ara Ara, what a fierce one you have here."

She giggled and licked her lips when she realized that Calix's full power was actually big. It seemed that a deep tube cleaning would happen.

"Well, I have some experience with this size so let's find out the difference."

For a woman who lived for so long, Esmeralda witnessed and experienced a lot of stuff. Perhaps that was the reason why she started fucking girls too.

Without using her hands, she started sucking the tip of his manhood. Of course, it would be hard to do a deep throat right at the start. She slowly lubed his cock using her drool.

She was gently moving her head, and her saliva was covering his cock.

With a pop sound, she took his cock out of her mouth and grinned.

"Oh, you have nice taste. It's a good thing that you have shaved."

Then, she decided to use her hands. She was stroking his cock using her two hands, yet they were not enough. The tip of his cock needed some loving too.

So Esmeralda was sucking his head while her hands were doing stroking motions. The movements of her hands and mouth were so fluid that the sensation made Calix groan. She was doing it in the right motion, her hands and head together.

"Guh..."

Calix gritted his teeth. He failed to keep his horniness and now his cock was in full rage.

Furthermore, because Esmeralda was groveling in front of him, he could see her nicely shaped ass.

For a second, a thought entered his mind.

'I wonder how it feels to tap that chocolate ass.'

He was quite hungry for some chocolate girl.

'No! Calix, you have to control yourself!! This woman is using you!'

However, he shook his head and erased the dirty thought.

He started muttering something to stop his arousal.

"Hm? What are you thinking right now?"

Another popping sound happened when Esmeralda released his cock out of her mouth. She asked because she realized that Calix was whispering some shit.

"Nothing, I just realized that Bungee Gum has the properties of both rubber and gum."

"Huh? What the fuck are you talking about?"

She frowned. She did not know the reference.

She squeezed his cock and Calix twitched. He glared but Esmeralda just smirked.

Then, she started sucking him again. She kinda liked sucking his cock and she did not know why. Perhaps she just liked him.

Her drool already covered all parts of his rod.

Suddenly, Esmeralda decided to change her position. She turned around and sat on Calix's face.

"Since you don't have anything to do, why don't you play with my pussy, it's kinda lonely."

She muttered and grabbed his cock again.

That's right, they are in the 69 position right now where Esmeralda was on top.

However, Calix did not listen and he just kept his mouth shut. Despite having a great view of her pussy, and being drowned by her scent right now, he did not lick it.

Anyway, Esmeralda did not force him. She was already satisfied by sucking his pole. She was weakly grinding her pussy against Calix's face. In fact, his nose was right into her entrance. So Calix could smell her scent.

'... It's quite nice. I guess she uses feminine wash because it smells like flowers.'

Calix sighed. Again, he was seduced by her. He was eager to lick her clit but he decided to persevere. He promised that he would never show any eagerness... Not when Nikki was watching intently.

That's right, Nikki was watching the whole scene. In fact, her camel toe was so wet that it was obvious to see. Her crotch juice was leaking and her pants were getting soaked.

She was mad and jealous as she watched Esmeralda loving Calix's penis. She could see that his dick was shiny because of Esmeralda's drool.

She felt like she was an MC in an NTR Hentai, where she watched her partner getting stolen. Her bloodshot eyes were glowing, she wanted to pull the woman and take over.

She could not even open her mouth to talk because her mouth was blocked by the darkness too. At the moment, all she could do was watch and let her pussy get wet.

She began weeping watching the scene. Maybe this was the most painful torture of all-- where she couldn't join and just watch.

"Mmm..."

Sadly, Esmeralda did not give him a deep throat. Well, a head is a head. Blowjob is already good.

"Haaahh... Really, it looks like my hands and mouth are not enough to make your cock happy. Fufu."

Her voice was sweet, but Calix understood Esmeralda's intention.

The woman moved her ass.

"Don't you dare!"

"Oh, I will."

She positioned herself in reverse cowgirl but she was sitting between Calix's legs and not sitting on them.

There, she lifted her ass and directed his schlong right under her pussy and slowly inserted them.

"Hmmm..."

She sighly moaned. She was slowly getting used to his size as she gyrated her ass, she still only reached 1/3 of his size.

"Don't worry I'm getting there-- Ahhhnn!"

She moaned. Perhaps she had to take her time to adjust.

So, Esmeralda was only accommodating 1/3 of his cock and she was fucking it slowly.

"Yeah... This is what I like."

She closed her eyes and bit her lip.

Calix was just watching. He could not see her reaction since she was facing away from him. All he could see was her supple ass gradually taking his cock.

He noticed that she was horny too because her pussy was wet and white juice was covering his dong.

Anyway, since it was all good and it feels good, Calix decided to let her have her way.

He already accepted that today will be another day of fucking.

Chapter 266

'I can't escape this place since I can't defeat her. So all I can do is wait and let her finish her job. Once she is tired, that's my time to take revenge.'

Suddenly, his eyes travel to Nikki and he realized that the tall woman was silently crying. Her tears were all around her face. She was watching Esmeralda taking Calix's cock inside her.

It hurts her for unknown reasons. It was different than the time when Nikki was watching Calix having sex with the other girls. Well, she could join them unlike in this situation. Her arms and feet were tied and she could do nothing except watch, that's probably the reason.

Calix felt guilty. Then, he glared at the supple ass in front of him.

"Is that all you can do?"

Calix taunted Esmeralda and Esmeralda turned her head and glanced at him.

"Ara Ara? You want me to insert it down to the base?"

"If you can. But I guess the mighty Goddess of the Night is not that strong huh."

He had a mocking smile.

Esmeralda giggled and shook her ass sideways, Calix grunted as the fleshy wall squeezed his cock.

Anyway, she returned her focus to his cock and began gyrating her ass down. Then, after a few minutes, she reached the hilt of his cock but she was already creaming. She already came.

She was sweating but she wanted more.

'Oh my God, this is insane!'

Esmeralda looked blissful and happy. So she decided to slowly move her ass up and down. She was still not that brave to take his cock in full piston power.

Still, the sounds of the fucking were already obvious, so much so that Nikki could hear the gushing.

Nikki's pussy was so wet. She wished that she was in Esmeralda's position.

As for Calix, he was just there, resting his head on the pillows while looking at Esmeralda's chocolate ass.

"Oh come on! Why don't you do it!!"

He grinned.

"Shut up, I'm taking my time!"

She moaned and her movement was getting faster. At last, the real fucking was happening.

She started moving her hips and her ass collided with Calix's crotch. Her ass rippled every time their flesh collided. Furthermore, her breasts were bouncing too as she moved. Unfortunately, Calix could not see it.

He was just there to take her. He could not use his hands since they were tied. Even his feet were tied, so his hips were not moving well. All he could do was met Esmeralda in the middle.

His legs and crotch were already soaking as the woman was sweating and juice leaking, all of them landed on him.

"Ngggnnhh--- Ahh!! This is fucking deep--!"

She shrieked and her body shuddered.

She rest her head on the soft bed while breathing hard. It felt so good, she almost lost herself. Her vision blurred. That climax was definitely one of her best.

"Haaahh... Haahhh..."

She took her time to recover. Well, it would only take a few minutes since her body was quite tough. A DemiGod has a strong body.

"Kyah--!"

However, the woman yelped when someone grabbed her arms and turned her around.

"What are you doing?"

Esmeralda was surprised when she realized that Calix escaped from her power. Calix was being tied by her darkness and it was impossible to escape from it.

"What did you do?"

She asked, but her voice was a bit mild and sweet because she just came. Even her body was still weak right now.

"I don't know. Maybe you lost your concentration that's why I can escape."

"Bullshit."

The woman understands her power more than else, she knew that she would never lose focus.

She glared, but the young man was over her. Even her arms were gripped tightly, surprisingly, that she could not escape.

"All I can say is that you are quite stupid."

"Huh?"

Calix grinned like a devil. He was breathing hard, he was like a beast ready to pounce on his prey.

"You assumed that everything will be alright after you had sex with me."

"What do you mean?"

She was confused, her ass was trembling for an unknown reason.

"I see. So you don't know my Fuel and Backlash."

"Is that even important?"

Esmeralda only knew about his power.

Suddenly, Calix began laughing. He found this situation funny. How many times did this thing happen?

"Thank you, Nikki, it looks like you did not betray me after all."

He was smiling, but his eyes were glowing dangerously. Even Esmeralda felt that something bad was going to happen.

"What are you going to do?"

She asked, hoping that she could take some time to rest.

"Me? I'm just going to repeat what you did, but rough."

He pushed her body down into the bed.

"You see, Miss Vice President, my power works using sex. Once a woman had sex with me, she will become Lucky, that she can do the impossible. Now, you are probably wondering about my Fuel, as you guessed, it is indeed sex, and I will be Lucky for three days. What about my Backlash then? I will suffer from misfortune."

Since Esmeralda already inserted his penis into her pussy, Calix did not have any reason to hide his power. It was futile anyway. Esmeralda would get Lucky no matter what he do.

So, Calix was going to get the most out of it.

"Aahhnn--!!"

She moaned as Calix punctured her from behind. In one thrust, he hit her womb deep and Esmeralda's eyes rolled up.

"Nnnhhhh... W- what about it?"

She asked but her eyes were a little bit teary. Tears slowly built up.

"Nothing much, it's just that I'm a monster in the bed. No one can dominate me... Unless I'm suffering from the Backlash."

'Or Fate wants me to get dominated. It's something that I can't change. But this situation is favorable to me.'

He grinned and smashed his fat rod deep balls into her.

A loud 'pah' sound echoed.

"Aaahh!!"

Esmeralda screamed and her hips trembled. She clutched the bedsheets and glared at him, but her image was too seductive right now. Besides, Calix did not care. He licked his lips and kissed her back then bit it hard!

"Gaaahh! Don't bite me!! Aaahh! Aanh!! Oh! Oh! Oh! Oh! P- please, be gentle! Nggh~~"

"There's no gentle gentle, bend the fuck over!!"

He roared and the woman instinctively raised her ass to give him easy access to her wet pussy.

Chapter 267

He was holding her waist while fucking her roughly.

"Ugh guh Ugh!"

Her screams echoed in the room. Unfortunately, the room was soundproof so no one could hear her begging voice.

"S- stop!! Nnnggnn--!! I- I said stop!!"

She was crying and looking at him, almost begging. She tried to escape but her body was weak.

She crawled out of the bed but Calix was grasping her waist, thrusting into her entirely that her brain fried.

She stretched for help. Her upper body was now on the floor but her ass was still being ravaged by Calix. All she could do was lean on the cold floor.

"Haaa--!!! P- please, I'm begging you!! B- be gentle!! Ahhh!"

The man did not listen to her. He was screwing her womb and Esmeralda felt her inner muscles being pounded and pulled by his hot cock as it went in and out of her.

She did not expect this scenario.

"Huh? What the fuck are you saying? You think I will stop!! I will do you so much that you will never remember your name!!"

Calix was like a devil.

"Now bark!! Fucking bark!!"

"N- no!! S- shit! I'm gonna cum!!! Oh shit! Oh shit!!! Fffuuuuuccckkkkk--!!"

She screamed at the top of her lungs but Calix did not give her the time to recover from her climax. Her body trembled pitifully.

Then, Calix carried her legs. He did the wheelbarrow sex position. Esmeralda was using her hands just to balance while Calix was holding her legs. Her world was shaking, and she could not stop it.

[This is a wheelbarrow, yup, I think you guys can imagine the position right?]

Just use your imagination

"Oh! oh! Oh! Ah! Aaahhh~"

She felt that she was seesawing, and her vision was moving up and down but all she could see was her hands on the ground.

Calix gripped her legs and she yelped in pain, but her cunt getting pounded overpowered her.

"Oooff--!! Fuck!! I'm gonna cum again!! Aahhh-!!"

She felt another set of electricity running down her brain but stopped midway.

"Huh? Why did you stop!?!?"

She screamed at Calix who stopped pistoning her. His thick rod was just stuck inside her and it was not moving. Calix had a mocking smile, looking down at her.

"Bark."

"God damn it!! I'm so close!! Just stop with these shenanigans and fuck me!!"

She wanted to cum. Her body was aching for an orgasm. Her hips were trembling, she was so close that she was going to be crazy.

"Please!! Just fuck me..."

She started sobbing. Her tears fall to the floor. She was crying, she looked pitiful right now. But Calix did not accept her begging.

"I said bark."

His voice was so cold and struck her heart.

"... Arf... Sniff... Arf..."

Left with no choice, because of desperation, Esmeralda did what he ordered. She barked like a dog. She felt humiliated, she was weeping.

Just a few minutes earlier, she had the upper hand. But now, she was being wheelbarrowed and crying. Her emotions were erratic because of sex.

In just one sex after, the strongest woman of Dellia became a sex slave. She thought she could control Calix, but she was wrong.

Now, she was nothing but a dog.

"Arf!!"

"Good."

Calix smiled and decided to move his hips.

"Mmm so good~"

Esmeralda felt incredible joy after Calix started moving. She felt that her hard work was worth it.

This was the start of her masochistic side, but only for Calix.

"Nnggghh~"

Just as Calix promised, the woman got her orgasm. She groaned and her whole body spasmed as she squirted and released her fluids around his cock.

She looked nothing but a slut.

Ah, how the tables turned.

.....

.....

...

After half an hour of thrusting, Calix grunted a pumped a thick load deep inside her.

"Ah! N- No! I'm not on pills!"

"Suck it up!"

Calix replied.

He dropped her legs and the woman landed on the cold floor. White gooey semen escaped her hole. Her hips were twitching and she was breathing hard.

"Bastard!!"

Esmeralda cried.

"Yeah, right. Not like you who will use a hostage to threaten people."

Calix just shrugged and sat on the edge of the bed. He was sweating too, but he could do another round if he wanted to.

'But first, let's talk to her.'

Esmeralda did her best to stand up, a leak of cum running down her legs. She was glaring at him. She was never humiliated like that, and she had mixed emotions. A part of her hated it, but there was a part that made her satisfied and fulfilled.

"You think you won? Hah!"

The woman scoffed. Calix had to pay. Yet Calix was just sitting and he did not look like he was afraid, this made Esmeralda mad.

A pair of black tendrils materialized and grabbed his neck.

However, they failed to touch him.

"Huh?"

Esmeralda was confused and shocked. She controlled the tendrils but they still failed to touch him, as if there was a barrier protecting him.

"What did you do!?"

She was getting angry as time went on. She was going to explode.

Calix just chuckled.

"I don't know, I did nothing but plowed you."

"You bastard!"

"Well, I have an explanation I guess. The first is that I gained immunity against your power. The second is that, deep in your heart, you don't want to hurt me, that's why your powers failed to touch me."

"That's impossible, you're saying that I don't want to hurt you? Don't kid around!"

She could not accept it. So she used more tendrils to grab him but all of them failed.

"Damn it!"

In the end, she pounced on him and attacked him.

But just like her, Calix is a trained soldier. They were both masters of hand-to-hand combat. Unfortunately, Calix had the upper hand this time.

"It's over Esmeralda, I have the higher ground."

"You underestimate my power-- annggg--!!"

Esmeralda was still weak and her knees were not listening to her, so Calix easily subdued her.

He pushed the woman down into the soft bed, then, he raised his hand and hardly slapped her ass.

"Ah!!"

She cried.

Chapter 268

The two were breathing raggedly. Calix was leaning over the woman. Esmeralda was tired and she could not believe that she was at the bottom.

However, she did not have the strength to turn around and push him, she could not even look at his face.

She was just breathing laboriously, her body was sore. Despite being a DemiGod, Calix smashed her till she experienced being sore. Tears filled her eyes, but she decided to accept him because it felt so good.

"Ah!!"

Suddenly, Calix pulled her hair and the woman yelped. She glared at him, she tried to use her power but she failed again. Calix was invulnerable. Her tendrils could not touch him.

"Release Nikki."

He commanded. His dark eyes were so deep that she could not fathom what he was thinking. Esmeralda shuddered and her expression became ugly.

"No one dares to order me!"

She yelled.

"Huh? You really think you can say no?"

"Ngggnnhh..."

She sighed when she felt his cock twitching deep inside her. She instinctively gyrated her ass to feel him more.

"... What do you want?"

She felt defeated.

"I said it, release Nikki."

"..."

She clicked her tongue and the darkness that bound Nikki disappeared.

Nikki landed on the floor, her legs were a bit weak because she was horny.

She approached Esmeralda and tried to punch her, the Vice-president abducted her daughter and threatened her. She had a valid reason to be angry. However, Calix grabbed her arms.

"Nikki, you don't have to do this. I will fix this problem."

"But..."

"I'm sorry for doubting you, and I'm sorry that Patricia was kidnapped because of me."

"N- no, you know that you're not the reason." The tall woman trembled, she was guilty. "I was the one who should say sorry, I betrayed you. I'm a spy from the beginning."

Nikki started crying. Her heart was heavy that it was hard to breathe.

Yet, Calix just smiled. As a man, it was his duty to accept someone he loves wholeheartedly. It may sound fucked up, but that's what it means to love. You have to put your trust in someone, even though you might get betrayed.

"It's my choice, and I never regret it."

"Calix..."

The woman started sobbing until it became full-blown crying. She hugged Calix, tightly.

She realized that she could never find someone like him. She was the bad guy, but she was forgiven.

It looked wholesome, if not for Calix's dong being deep inside Esmeralda.

The scene looked like it came from cuckqueen porn, where the wife was kissing her husband while he was penetrating another woman.

Nikki was sniffing.

"I'm sorry..."

"It's fine."

He comforted her.

"Nikki, can you give me a little bit of time to speak with Esmeralda? I promise I will save Patricia, just trust me."

Nikki nodded. She did not know what Calix was planning, but she trusted him.

Nikki glared at Esmeralda who was getting dominated, she turned around and left the room.

"Now, let's talk Ms. Vice-President."

Calix grinned and pulled his manhood out of her juicy cave. Esmeralda trembled a bit when the tip grazed her entrance, but she endured the pleasure.

She turned around and tried to grab the man's neck but Calix just evaded her.

"..."

Her expression was mixed with anger and embarrassment. Her whole face was flushing red.

"I will kill you."

She muttered under her breath.

"Esmeralda, let's not talk bullshit here. I know that you love it when I penetrated you."

"Bullshit."

"I just said that let's not talk bullshit. Anyway, you can't lie. You had orgasms so many times, that I can't count them. Woman, you are twitching a lot, and I know that those are not fake-orgasms."

Well, Calix never witness a fake orgasm in real life because he was good in bed.

"I- I hate you!!"

She stuttered, her face red, and she did not know what to say. It was humiliating that this man pushed her to bed, and she could not stop him. As a strong woman, it hurts her pride.

"You are strong, but there is always a stronger man. It's biology."

Something that might not be true in this fantasy world, but it was indeed a fact that a man is stronger than a woman.

Esmeralda gritted her teeth. Her eyes were glistening with tears, it appeared that she was going to cry at any moment. Especially when she looked at Calix's wide mocking smirk.

'Grrrr, damn it! It's irritating to look at his face, but I can't deny that his talent in bed is so fucking good... That's why I can't accept him!'

She was having a crisis.

"Let's calm down and forget about this. I have something important to tell you, maybe it can convince you to let Patricia go."

Calix felt responsible for the child.

Esmeralda closed her eyes for a second. Then, her expression became calm after.

"I'm listening."

"Of course."

Calix nodded. At least Esmeralda could be not overtaken by her emotions.

'As expected of the strongest woman of our country.'

Calix tapped his ring. It was fortunate that his ring was still in his possession.

A rock appeared.

"I'm sure you know what this is."

"You..."

Her pupils dilated, she could not believe it. She extended her hand but Calix did not give the rock to her.

"Where did you get this?"

She tried to control her emotions but Calix already knew it. Her eyes were glued to the rock.

"I got it from Sergio Osmeña, the gay I killed yesterday."

"..."

"He is a member of the Council of Torment."

The puzzle was fixed.

"You do understand that I can take it from you."

The embarrassed Esmeralda disappeared, and only the prideful Vice-president could be seen.

"It's impossible. In this situation, I am above you."

Calix was not afraid.

In fact, Esmeralda was trying to hit him with her power but it was futile. The darkness failed to reach Calix as if he was protected by something.

She bit her lip. She pouted in distress.

'Hoh, she looks cute when she's anxious and aggravated.'

Perhaps only Calix could see this kind of expression. Esmeralda never showed these emotions to anyone.

"Right now, you are nothing but a normal woman, and I can defeat you... You know what I mean."

"Shameless! Dirty!"

Calix said it confidently that his junior twitched up. This caused the woman to blush, but her eyes were glued down there.

She gritted her teeth and took a deep breath.

"Okay, I get it. I will free Patricia."

"I'm not finished. I want you to free General Bronal too."

"That will be impossible."

"With this rock, I know that you can convince the Senate. Besides, you can use this situation to elevate your position, what do you think?"

"... If not for your irritating smile, I will easily say yes."

Her brows furrowed. But in the end, she did not have a choice but to agree.

Chapter 269

"General Bronal is your ally, it will be good to help him."

"I will do it."

Esmeralda did not have a choice. She realized that Calix was just playing with her. This man already has his way to get out of this predicament.

She sighed. Perhaps she was too arrogant. She was completely defeated...

She sat on the bed and crossed her arms.

"I will free Patricia and I will help Bronal."

"Here you go."

"H- hey, do not throw it like that ever again!"

Calix nonchalantly threw the rock to her. Esmeralda frantically caught the rock. This rock was precious yet Calix just casually threw it.

"By the way, I realized that you actually have nice tits. They look gorgeous, a little bit saggy but I'll fuck that."

"..."

As a prideful woman, that was a bit painful to hear. She was being objectified.

"Oh, and you have a fat pussy, noice!"

FUPA(Fat Upper Pussy Area) is a great feat. They look cute, kissable, and nice to look at.

"I want to eat that later."

"And what in the hell, do you think that I will let you?"

"Um, you're actually wet."

Calix smirked while looking down at her.

"Y- you..."

She clutched her legs to hide her wetness. She glared at him, but Calix just chuckled.

"Oh, and nice cute ears."

"... What are you talking about?"

Esmeralda was actually shaken inside.

"You don't have to lie, I know that you are hiding your real appearance."

"Since when did you know?"

"Earlier when I'm fucking you in the Wheelbarrow-- Hey why are you angry?"

The woman pounced on him but again, Calix subdued her.

.....

.....

...

After that, they had sex again and Nikki even joined in the middle of the session. The description was not needed since a lot of snu snu happened last chapters...

Let's just say that Calix used his hand to satisfy the other one while fucking the other one.

Esmeralda protested at first but Calix just dominated her. Then, Nikki bullied Esmeralda too.

.....

.....

...

Nikki left the room first after satisfying sex. She was having a hard time walking, but she had to.

Calix said Patricia's location and Nikki would find her daughter. It seemed that the Vice-president and Calix made a deal and Patricia was free to leave.

However, Nikki was not satisfied. She already bullied Esmeralda, but she had to take revenge on the abductors that kidnapped Patricia.

On her way out, a golden hammer materialized.

[So you are not going to say something about me to your boyfriend?]

"..."

Nikki disregarded the voice in her mind. She believed that this was the side-effect of using the weapon-- she became slightly insane.

*Crunch.

She crushed the ground as she took a step.

Just like the Hulk, nobody likes to see Nikki angry. It was OGREING time!

"So I guess this is it."

Esmeralda gently sat up. She wiped the sweat and other liquids on her body. She looked tired at first, but because of her physique, she quickly regained her strength.

She giggled at Calix.

"I did not make the mistake of choosing you."

She was mad, but she understood the job well. In business, emotions were not needed. It's all about the benefits and profits that she could have.

In fact, Esmeralda had an inkling that having sex with Calix solved one of her problems.

'I'm trying to find a way to save Bronal. But I did not expect that Calix had the answer.'

She looked at the ordinary stone in her hand.

It looked normal, but Esmeralda who has strong senses felt the enormous energy inside the stone.

The stone that she was holding was the Fragment of Excalibur, the never-ending energy. The object that pushes the Obice to work continuously.

'Based on what I gathered, this Sergio Osmeña has the power to control the flow of blood. He is the suspect who saved Leon Abhorwell and killed my guards months ago. Then, he may be one of the people who infiltrated the Obice and stole the Fragment...'

She did not know how Lucky she was. She just had sex, then a Fragment just landed on her lap. She smiled, she was satisfied.

'It is a mystery why the Fragment is in Sergio's hands instead of sending it to their headquarters, perhaps they have another plan that we do not know.'

Well, now that the Fragment was back to them, the Council of Torment had to find another Fragment, which should be impossible.

'We are busy last time because of Blood Moon, but it's different now.'

She glanced at Calix who was trying to eat raw(?) steak, he was frowning.

"Ugh, no matter how much I try, I will never like raw meat."

"It's rare."

"Fuck off Esmeralda."

"Ara ara~"

She giggled but deep inside she was angry. It did not change the fact that this man before her smashed her haphazardly. It felt good but it broke her pride.

Her expression was twitching. Trying to act tough, that the rough sex did not affect her.

If she bow down before him, Esmeralda would never be the same.

So she was trying to hide that her cunt was leaking juices.

"So, what is your plan? You said that you will help me become the President."

She asked, trying to change the topic.

"To be honest, President Donald Biden is a good person, but he is not good for the position."

"Hoh, why do you think so?"

"Intuition, he is too good."

Esmeralda was surprised that Calix deduced it like that.

Indeed, the current President was not worthy of the position.

Esmeralda nodded. She decided to share her knowledge.

"President Donald Biden is suffering from a curse, which made him a useful tool for the Senate. He is a DemiGod Rank, but because of his passive attitude, he is easy to influence, and he always forgot a lot of stuff."

This confirmed Calix's intuition.

"The Senate does not want to see a strong leader like me. They don't want that to happen. You don't know how long I tried to take the position. It was 67 years. But I always failed."

"Maybe the election was rigged."

"Definitely, that's why I need someone like you to help me."

Esmeralda accepted the truth. To change fate, she needed someone who can change it.

"You can use the Fragment to negotiate with the Senate."

"How about I announced to the media that I found the Fragment?"

"They never know that it was missing."

"Then I will say it first."

She was like a little devil that was controlling the flow of the world.

"I see..."

Calix just sat there. As long as General Bronal could be free, then Scarlett would be happy.

Calix was doing all of this for Scarlett.

"Oh well, I guess I have to start now."

The woman stood up and dressed up.

"By the way, if you actually have this spatial ring, why did you not use it to escape?"

She was curious.

"..."

However, Calix kept quiet. He was sad about it.

'I tried to, but for unknown reasons, the ring did not listen to me...'

Esmeralda just shrugged.

Before she left, she took a glance at him.

"Don't leave, I still need you."

"Fine, but it all depends on how can you last."

"Ara Ara~"

She was amused and horny at the same time.

Chapter 270

"This is not acceptable!! I plead to the Elders to give me at least a week, and I will solve this problem!"

Scarlett Robinson was standing in front of the Elders of the Tempest Clan. They were having a meeting inside a vast hall, where Clan members could attend.

The Elders made a decision that they would not help Bronal. Instead, the Elders started planning to put another person to take the position of Patriarch.

General Bronal is a powerful and great leader. However, it was the main reason why most of the Elders did not like him because they could not control him.

So instead of helping Bronal, the Elders planned to solidify the next Patriarch before Bronal got out of prison.

"I'm sorry Lady Scarlett, but our decision is already done. We will promote Dario to be the next Patriarch."

"You..."

Scarlett crumpled her fists looking at these old farts. If not because of her father, perhaps their Clan would be nothing but third rate such as the Francine.

"The reason why our Clan dominated the country is because of my father's position as a DemiGod, you can't deny that!"

She protested.

"Indeed."

The Elders acknowledged it. But their greed was stronger.

"You can't just push this agenda! No matter what, I will fight for it. My father declared that I'll be the next leader."

"But it will take a while."

One of the Elders snickered.

"Bullshit!"

Athena reacted but the Shadow stopped her from disturbing the meeting.

"Athena, you have to calm down."

Athena and the Shadow were just listening to their conversation. Their loyalty lay on the Robinson, not the other families. So if they tried to join the conversation, the other TA Users from the branch families would join too, which would be problematic. So all they could do is trust Scarlett.

"Lady Scarlett, you understand that being the Patriarch of Tempest Clan means that you have to be the strongest warrior of our Clan. Right now, your Uncle, Dario Robinson is the strongest."

"Thank you Elder Tanda."

A lanky old man showed up. The old man had short red hair, his eyes were like the eyes of a snake, and his posture was a bit tilted.

He is Dario Robinson, the older brother of Bronal.

Despite being the older brother, Dario failed to become the Patriarch because his talented brother reached Godhood unlike him.

It irked him even now.

"Scarlett, my lovely niece, you know that my cultivation is so close to breaking through. It will only take a few years before I become a DemiGod."

He was grinning devilishly.

Dario was 3rd Advanced for two decades and he was close to Godhood.

"Bronal will have at least 7 to 13 years before he can come out of prison. Once he returns, my position is already solidified and he can do nothing but accept it. Just like what you're going to do."

"Uncle!"

Scarlett roared.

The lanky old man that was always hiding in the dark showed himself at last.

"After what my father did to this Clan, you guys still have the guts to betray him."

She was angry. It is a good thing because her Fuel is anger.

"Come on, Scarlett. I'm doing this for the betterment of the Clan. The Clan needs a strong leader, and I can do it. The other Clans are vying and waiting for the moment to attack, it's time to strengthen our forces."

Dario said like a virtuous person. He was smiling the whole time.

"Then, let's not wait any longer let's start the voting."

"Hold on, I never agree to this!!"

Scarlett tried to stop them but the Elders did not listen.

There were currently 17 Elders in the meeting, all of them were 3rd Advanced and some of them were close to breakthrough just like Dario.

However, they were actually afraid of becoming DemiGod, because advancing to the realms of God was a dangerous process.

There were almost a million 3rd Advanced in the country, but only a handful broke through the DemiGod.

'The tribulation is the scariest part of the process. No one is confident that they can survive it.'

That's why only a man like Bronal could overcome the tribulation. It demonstrated how brave he was.

Scarlett glared at Dario but his uncle was just happily waiting for the outcome.

Out of all 17 Elders, 8 voted for Dario to become the next Patriarch, 6 voted against it, while the remaining 3 were neutral.

Scarlett was a bit relieved to know that almost half of the Elders had loyalty to Bronal, perhaps.

Unfortunately, the outcome was still obvious.

"Muhahahahaha!!"

Dario started laughing like a mad scientist. At last, the position that he was vying for was in his hands.

Scarlett was grinding her teeth. She was mad at his uncle, and she was mad at herself. If she knew that this thing would happen, perhaps she would have started to make connections to the Elders. But she could not bring back the past.

"Your first order, Patriarch Dario."

The Elders who voted for Dario started butt-licking.

The First Order of the new Patriarch was heavy and respected, every member must fulfill it.

Decades ago, Bronal's First Order was to strengthen their Clan by pushing the members to join the military and the whole clan respected his decision.

"As the Patriarch of the Tempest Clan! I command Scarlett Robinson to marry Methacula, the Young Master of the Rosanic Clan."

"What?"

Everyone was stunned. They did not expect that Patriarch Dario would make a dick move.

It was a tradition that the First Order of the new Patriarch must be respected no matter how absurd it was.

Everyone looked at Scarlett. The woman had cold emotions as she stared at Dario. She knew that her uncle did not like her, but it seemed that her opinion of her uncle was shallow.

"Scarlett, we made a deal with Junian and Rosanic Clan. They agree on the condition that you will marry their young master. Don't worry, young master Methacula is a good guy."

"I will never marry him."

She spoke.

Athena and Shadow were worried. Athena even glanced at Shadow, signaling him to get ready. Shadow nodded. They would take Scarlett and escape the Clan.

However, Scarlett had a different plan.

She pointed her finger at Dario.

"I order a Duel for the position of Patriarch!!"

"What?"

"That's absurd!"

Everyone was shocked, some even gasped. They looked at Scarlett who announced a battle against her uncle.

"Lady Scarlett! We will not accept this duel! A duel in front of the Elders, for the position of Patriarch, means that you will fight for death!"

"That's what I mean. I announced it knowing that the duel is a battle to the death."
