

Only Fuel 28

Chapter 28

Two days later. Within these two days, Scarlett and Calix did a lot of things about each other's bodies. They were trying to know each other, physically.

Scarlett was naked, her bare skin looked mesmerizing as Calix get closer. Calix chuckled as he leaned closer, he kneaded one of her tits and started massaging her back gently.

Calix kissed her shoulder up to her neck and Scarlett gasped sensing his lips moving towards her lips.

He whispered, " I want to kiss you."

Scarlett said nothing but she moved her head and kissed him. Scarlett moved her arms around Calix's neck as they devoured each other.

"Oh God, I want to do it with you."

Calix couldn't contain his desire for her. Scarlett giggled and kissed his cheek.

"Okay, my love."

Calix's heart almost jumped out of his mouth as Scarlett teased him with sweet words.

"Say it again."

"My love."

Calix gently put Scarlett on the bed and lie her down. Her crimson hair brushed off the bed and her red eyes kept staring at him.

Calix moved his eyes down to her waist onto her crotch. He realized that Scarlett was so wet. He extended his hand and touched her which led Scarlett to weakly moan, his thumb circling gentle strokes on her clit. She unconsciously spread her legs to accommodate Calix.

Her eyes fluttered and Calix started rubbing her clit. She grabbed the pillow as Calix played with her pussy. Calix watched as Scarlett arched her back, Calix licked his lips and inserted a finger in her.

"Hauup!"

Scarlett closed her eyes, and her body shuddered. Calix moved the finger in and out of her. Her pussy started secreting liquid and sounds of wet pumping echoed. Then, he took out his finger and licked it, he loved her taste. He wanted to taste more of her so he inserted two fingers. He snatched her leg and raised it up, then he started moving his fingers inside her.

"Aauugghhh!"

Scarlett bit the pillow as she shuddered. It was just fingers, but she experienced orgasm. She started thinking if Calix had experienced with the opposite gender. He was so good that Scarlett almost believed that he experienced having sex with a different woman. Fortunately, she knew that she was his first time, and so was hers.

"Aaahhh Callliixxxx!!"

Calix inserted three fingers inside her and all of them were wet, her thighs reflexively clamped around his hand. Calix watched as Scarlett lost herself through his fingers. Scarlett's toes bent and she cum again. She was puffing as her eyes were weakly open.

Her eyes sickly fluttered seducing him. Calix couldn't take it anymore. He grabbed her waist and positioned her on fours, in a dog-style position where her asscheeks were in the air. Calix saw how her ass moved as she breathed. His dick was already erect and sprung up while he moved closer. Scarlett felt his massive shaft touching her edges, it was teasing her.

"Please give it to me... I want it. Make me into a mess. Own me again."

She said as she rubbed her ass onto him, and Calix immediately shoved his giant cock in her with one stroke. Scarlett screamed and closed her eyes in pleasure, her body trembled as Calix started

pulling and pushing his hips. Calix started fucking her fast with his huge shaft. His cock magnificently appeared and disappeared inside her. The cock was covered with her wetness as it devoured her completely. Scarlett felt like she was being sliced in half, the hot rod inside her was changing her inside to its taste. She loved it, and she knew that she was already addicted to this pleasure

Scarlett moaned and says "God, ngh, fuck me hard. Aannnhh, I love it when you do this to me."

Calix didn't stop and kept ravaging her. His balls were slapping on her crotch as Scarlett moans, they were both drowning in pleasure.

Calix felt her pussy, it was very wet and tight yet it accommodated his massive dick. She was moaning and looked into his eyes with affection. She wanted to feel more of Calix's cock.

Calix leaned and started kissing her ear and neck and Scarlett further moaned. She was moaning like crazy. Then they changed position and Scarlett was now on her back, she bent her legs and now her head was on her knees. God knows how flexible her body is! She was holding her knees as Calix fucked her with great vigor, she was begging him to do so.

They were fucking so hard, Calix could tell that Scarlett was close to orgasm again. He smelled the aroma of her pussy, she was close and he could feel it.

Calix slammed his dick deep in her and she cried. Her body shuddered and her legs fell on the bed, her chest was moving up and down as she was puffing hard. Calix's semen was oozing out her pussy, the white stuff slowly drizzled down.

Calix bent and kissed her. Scarlett giggled as she said, "Mmm, that was amazing." While she stared into his eyes.

.....

.....

...

Scarlett's eyes fluttered open as she realized that she fell asleep. She rubbed her eyes and sat up, the bedsheet brushed down her waist as she raised her body. She looked around and found that Calix was at the table reading something. He had books all around the table. He looked serious as he changed the pages of the book he was currently reading.

"Hm? You're awake? Want some hot chocolate?"

Calix asked. Scarlett yawned and nodded.

"Yes, please."

Calix got up and prepared one for her. Scarlett smiled and slowly stood and walked towards the table. She felt tired and her hips were aching, yeah, they did it five times and she fell asleep again.

She checked the books and realized that they were all about Term Attribute Control, or how to control Term Attribute.

She looked at Calix and realized that he finished preparing the hot chocolate, and gave it to her. Scarlett gleamed as she grabbed the warm mug, she sipped it and asked Calix.

"You still didn't find the answer?"
