

Only Fuel 281

Chapter 281

As for Nikki, she was blushing for being praised.

Laura glanced at her daughter, hiding her frown. Then, she looked at Calix and smiled. Using her small height, she used the best angle to distract Calix.

'It's a good thing that I'm wearing V- necklines that emphasizes my cleavage, fufu.'

She slyly grinned. She slightly bowed so that Calix could see her nice cleavage.

Calix took a glance but he did not react. Instead, he approached Nikki who was taking care of Patricia who was sleeping.

"I bought fruits."

Calix took a basket of fruits out of his spatial ring and put it on the table.

"Thank you."

"It's not that a big thing, you know that I'm worried about Patricia too."

"Hm."

Nikki sweetly smiled and tucked her hair behind her ear.

"I will peel you some apples."

"Thank you."

Calix approached Patricia who was currently sleeping.

"How's Patricia?"

"She's fine. The doctors said that she will be sleepy for the rest of the week, but overall, she is healthy."

"Thank God."

Calix wanted to ask what happened to the kidnappers but Laura was with them so he kept his mouth shut.

'Perhaps Nikki crushed them around... She's a monster when she transforms.'

Nikki needed to be heavily injured to go berserk. She is like the Hulk. Once going berserk, it was impossible to stop her.

"You don't have to worry about the money, I will pay for everything."

Calix assured her, knowing that Nikki was having a financial crisis.

'She is looking for a house. The last apartment that she found was destroyed by the Aberrants.'

Since the Port of Aoneon was in shambles, most of the properties were destroyed.

"You don't have to. I can pay for it."

She shook her. She was happy that Calix was worried but she would never ask for help. She had to stand up by herself.

"Maybe I can help you find a house. There's a nice apartment here."

"I actually found one, I'm just taking my time to sort things out."

"Here in the Capitolium?"

"Yeah."

"How much?"

Calix was curious as he knew that an apartment in the Capitolium cost six to seven digits annually.

"2,000 dollars per month. It's already good for us, there are two rooms, a living room, a kitchen, and a nice bathroom."

"Really? That's amazing."

2,000 dollars per month, for an apartment in the Capitolium, that's impossible to find. Perhaps only Nikki could accomplish it.

"Although I have to pay for electricity and water, so I guess around 3,000 to 3,500 dollars."

She calculated in her mind. She had to think about the living expenses too.

"That's still amazing."

"Thanks."

"..."

Laura was dumbfounded listening to their conversation.

She bit her lip.

She was dumbstruck when she witnessed how Calix took out a basket of fruits from his spatial ring.

'... Nikki found a real deal... What the fuck?'

She understood that someone who had a valuable item like a spatial ring was a rich person.

'... Fucking bitch.'

She muttered under her breath.

She glared at Nikki, hiding her thoughts.

'She found a rich man and she didn't even inform me. This daughter of mine, after what I sacrificed to give birth to her, this is how she treats me?'

She could not accept the lovely atmosphere between the two.

"Oh my sweet Patricia~

Laura approached her granddaughter and started acting pitifully.

"I'm so sad that this happens to you. If not because of your mother who's always working away from home, huhuhu. Your mother is irresponsible."

She stroked Patricia's hair.

Nikki paused for a second, but she controlled her trembling hands and continued peeling the apples.

"Oh, by the way. Calix I didn't know your job?"

"I'm a soldier."

"Ah, I thought so. Haha. Of course, a man is only good as a soldier, that's their job."

"... Excuse me?"

"Anyway, how much money do you earn?"

Her eyes twinkled with that. She was deeply curious about how much he makes.

Calix's eyelid twitched.

There are things that you should not ask men:

1) Their salary

2) Their penis size

3) Who was in Paris

4) What they're doing at 3 AM

"... Private information, so I think I have to decline."

"Mou, you don't have to be secretive, it's just me~"

She got closer until she could smell his scent.

'Hm, he smells good. No cologne, but he smells so manly.'

She licked her lips.

'How about I take this one? After all, Nikki can't keep a man. Gosh, I can't believe that she was impregnated by someone and dumped the child on me.'

"So~ What's your father's job?"

She started asking questions, to show that she was interested in him.

'Of course, that's the best way. I just have to act like I want to know him.'

"My father works in the military too."

'... Thought so. Man's job is nothing but being a soldier. Aside from that, I think they are stupid to have any job.'

"Eh? So you're from a military family?"

Her eyes fakely widened.

"Yeah, my father is actually General Romoel."

"... Seriously?"

"Um, Mrs. Stringendo I think you're pulling Patricia's hair too much."

"Oh, I'm sorry about that."

She covered her mouth and giggled.

'What? His father is General Romoel? Damn, he is definitely filthy rich. Now I know why he has a spatial ring. His father probably gave it to him.'

"Mom."

Nikki gave Calix a plate of peeled apples. Then, she turned to Laura who was acting like a bitch.

"I want to talk to Calix, so can you please give us some time?"

"Ah, look at my manners. I'm sorry. Don't worry, I will leave now. Bye Patricia~"

She gave her granddaughter a pat.

"Nikki don't forget about what I said to you earlier, okay?"

"... I'll contact you later."

"See yah~"

Before she left, she gave Calix a flirty gaze.

The atmosphere eased when she was gone.

"Phew, I'm sorry about that. You see, my mother doesn't see me as her daughter."

Nikki looked sad.

Calix grabbed her hand and gently squeezed it. He kissed the back of her hand.

"I can see that you have a rough childhood."

"Hm."

"Does she know where you live?"

"No, I didn't say it to her."

"Good. Don't give her money."

"Calix?"

Nikki was shocked.

"You don't have to give someone like her your money. It's your money, you worked hard for that money. So don't give it."

His gaze, it was ordering her to obey.

Nikki gulped and nodded her head.

"I- I will. Just for you, I will do anything."

Chapter 282

Nikki nodded her head like a puppy. To be honest, she didn't want to give her mother more money, as she knew that Laura would just show up again and ask for more.

"I'm a stranger but I can obviously see that your mother doesn't have feelings for you."

"... Hm."

She bit her lip. She could understand why. Her heart was already broken and it was impossible to fix their relationship.

"Nikki, I have an idea. Why don't you change your name?"

"Huh?"

"You and Patricia can have new identities. I'll have someone who can help you."

"No, if you are talking about Esmeralda, I don't want it."

She shook her head. Esmeralda abducted her daughter, tortured her, and she didn't want anything from her.

"Besides, I don't want to change my name. My father named me and I treasure it, I don't want to erase my identity. I'm a Stringendo."

"I see. I apologize, I didn't think about it."

"No it's fine. How about your business with Esmeralda? Did she agree?"

"She agreed. If not, I will spank her ass again."

He chuckled and crunched a slice of apple.

"Did you take revenge for me?"

It was something that she wanted to know. She understood that it was pathetic, but she was still mad about Esmeralda.

"I did... Now she will never be the same."

There was a devilish grin on his face. Calix opened a door for Esmeralda and he made sure that Esmeralda would never escape.

'She is going to be my slave.'

Now, Esmeralda had a masochistic tendency. Calix broke her till she accepted the pain and turned it into pleasure.

In fact, the whole week they spent together, Calix and Esmeralda did nothing but BDSM. As time passed, Esmeralda accepted her masochistic side. Calix changed her identity. Perhaps he was the only one who could do it.

Esmeralda lived for hundreds of years and only Calix could pull this off.

Even now, Calix was controlling the remote. He was changing the intensity of the vibration every few minutes.

'Esmeralda is probably fidgeting right now.'

He set the vibration to the max.

"Thank you. I know it sounds pathetic, but I'm happy that she was punished... By the way, I want to experience it too, please."

She averted her gaze, a bit shy and embarrassed. She never knew that she would reach the point where she would ask for something embarrassing.

"You want BDSM?"

"No, but I will do anything for you."

Licking her lips, imagining how Calix took her, Nikki's insides trembled in excitement.

"Let's set a schedule. I have to meet Esmeralda every three days."

"Okay. I'm already happy that you agreed."

She giggled.

"Mn, Mom...?"

Nikki and Calix heard that Patricia was waking up.

"...Mommy? Mister Calix?"

Patricia was blinking, looking at the two. She rubbed her eyes and yawned.

"Hi sweetheart, how's your sleep?"

"Mommy are we still in the hospital?"

Patricia looked around. She did not like this place because it was boring. She wanted to see their new house.

"Sweetheart, do you want fruits? It's Mister Calix's gift for you, so make sure you're going to be healthy."

"Un. I want a strawberry banana smoothie."

"Sweetheart, cold is not good for you."

She gently stroked her hair and Patricia grinned foolishly. Having her mother next to her made her happy.

"Okay, I want strawberry and banana."

"Just wait a few minutes, okay? Be a good girl."

Patricia nodded.

Then, she glanced at Calix who was currently playing with the Remote control.

"Mister Calix are playing games?"

Her eyes twinkled. She wanted to play games again, but Nikki was keeping her away from any digital games. That's why she didn't want to stay in the hospital because she couldn't play.

"Oh this? It's just a simple remote control, do you want to touch it?"

"Can I?"

She was curious.

Calix gave the remote control to her and Patricia started pushing some buttons.

"What will happen if I pushed the max button?"

She was excited.

"Nothing."

Calix kept his ambiguous smile.

"Okay~"

Patricia decided to push the button.

Somewhere inside an office room, a woman held her moan as her hips trembled. There was a satisfied smile on her face, she learned the true meaning of pleasure. It was something that she did not have control of, where she entrusted her body to someone.

"Good job, now you have taken revenge on the bad guy that hurt you."

Calix said and Patricia was confused but nodded still.

"Sweetheart, your fruits are here."

"Yay!!"

Patricia returned the remote to Calix, she easily lost interest in the remote control.

A few minutes passed and Patricia finished her meal. She started looking around, looking for someone.

"Mommy, did grandma visit me?"

Complicated emotions could be seen in her eyes as she asked.

"... About that, your grandma visited earlier but you are sleeping so I didn't wake you up."

"Really? ... She didn't cause a scene, right?"

Patricia was worried that Laura would make a ruckus. She knew her grandmother well. She used a lot of methods to demean them.

"No, your grandma left peacefully."

Nikki did not elaborate as she deemed that the child didn't have to know everything.

Patricia sighed in relief. She was afraid that Laura would bully Nikki again.

"... Mommy, I don't want to live with Grandma anymore. She always leaves me in the house alone. Sometimes she brings people in the house and they would party all night, sometimes I hear them hurting each other."

She said it with a weak and sad voice.

"What do you mean they hurt each other?"

"Sometimes I hear Grandma screaming 'harder!! Harder!! Uggghhhh, you're killing me!' Just like that."

"..."

Nikki massaged her forehead. Her temples were aching. She was oblivious to this.

"Did you see them?"

"No, grandma always locked me in my room."

"..."

Calix kept his mouth shut and listened. However, he could not believe that Laura would do something horrible like that.

"Sweetheart," Nikki hugged her daughter, holding her tears. "Everything is going to be alright. From now on, mommy will always be with you."

"Hm. I love you, Mommy."

Patricia closed her eyes and rest in her arms. Drowsy was knocking again and Patricia fell asleep.

"I love you too."

Nikki said gently.

Chapter 283

"Thank you for visiting me."

Nikki said, wiping her tears. The fact that Calix was worried about her eased her heart.

"I'm happy to see that you are fine."

Calix replied.

"Thank you."

There was an awkward silence between the two.

"T- then do you want to stay here?"

Nikki embarrassingly asked and averted her gaze. She didn't know why she was acting like this.

Calix glanced at his watch and nodded.

"I'm free today."

"... Then."

Her heart was beating faster. She looked at Calix who had the same expression as her. They both wanted it.

Nikki approached him and Calix grabbed her waist, causing the woman to sigh.

His hands explored her back until they reached her pair of big ass-cheeks.

"Not here..."

She said, looking at her daughter that was sleeping.

She did not want to do it in this place where Patricia was resting.

"How about the rooftop?"

Calix asked while squeezing her ass and Nikki hummed.

"Hm. The rooftop is free to use."

She bounced her head.

They shared a passionate kiss before they break apart.

They excitedly exited the room and went to the rooftop like children in the playground.

"??"

While walking, Calix felt that there was someone following them. He smirked at looked at Nikki. Perhaps Nikki was too horny that she didn't sense the surrounding.

'Well, let us enjoy the show.'

.....

.....

...

"This is strange."

Laura was biting her nail. She was waiting in the corner, looking at the patient's room.

She could not accept that Nikki has a handsome man. Her daughter was dating a hunk!

'An ugly woman like her? that's impossible. I have to fix this...'

She shook her head in denial.

"Furthermore, he is rich. That's unfair..."

She gritted her teeth.

"I have to talk to Calix. I have to tell him that Nikki is not good for him."

She nodded, thinking that she was doing a good thing. Then, a smile crept out of her mouth.

"Perhaps I can talk to him and convince him that I'm much better than Nikki. I mean, I'm more beautiful, sexier, more mature, and I'm better in bed. Unlike that goliath girl."

She chuckled, she was loving that idea. Her pussy twitched as she imagined how Calix would smash her.

Suddenly, she saw Calix and Nikki excitedly walking out of the room. They looked happy and eager while holding hands.

"This..."

Laura had an inkling witnessing their movement. She was dumbfounded at first but she immediately followed them.

She realized that the two went to the rooftop. Laura narrowed her eyes and followed them.

-- Glub glub glub.

"Huh? What's that sound?"

She halted when she heard a certain noise. She felt that she knew the sound, as if...

She walked silently.

There was a pair of people behind the farthest corner that were covered by plants.

Laura gasped when she confirmed what they were doing. She covered her mouth, and her eyes were glued to them.

Nikki was squatting, her head bobbing on Calix's shaft.

-- Grug Grug Grug.

Her spits run down to her neck and dirtied her clothes but that did not stop her from moving.

Calix groaned, his hand was on her head, stroking her hair.

Nikki then shifted and the cock was hitting the back of her left cheek, showing the bump.

Laura could not control herself and started touching her cunt. Her eyes did not leave the two, hungry to witness more.

Calix grabbed the back of Nikki's head and started fucking her face.

-- Glob glob glob.

Nikki was gagging as the cock hit the back of her throat. Her eyes were blurry, looking at Calix so gorgeously.

"Gaaahhh gaaggg hhhhaa..."

She gasped when Calix took out his rod.

"How is it?"

"Yes~"

He started slapping his cock on her face. Nikki giggled and instinctively extended out her tongue. And of course, Calix slapped his cock on her tongue.

"... Turn around."

Just like Nikki, Calix was horny too. He wanted to get a grip on her ass.

Nikki quickly pulled down her pants and bend over the wall. She has a pink g-string with rose patterns.

Calix didn't want any hindrance so he tore her underwear, Nikki happily yelped.

"Mmm~"

She was eagerly shaking her ass against his cock. Calix guided the tip and rubbed it on her already wet slit. Nikki hummed as the sensation of his tip against her cunt made her shiver.

"Baby please, fill me up so good ~"

She said, shaking her ass like a dog.

Calix gladly took her will.

He inserted his shaft and Nikki gasped and closed her eyes. Realizing that Nikki was tight, Calix was slowly thrusting his cock into her.

"Huuu..."

Nikki took a deep breath when it reached her womb.

"Oh God!! You're so good!! Baby, I love you~~"

Nikki was not a talker but she could not help but praise Calix. He deserved it, every word that Nikki said.

They started fucking!

'Oh my God! It's so hot! I can't believe it! Nikki is a bitch!'

Laura had an orgasm as she witnessed their copulating. She was surprised that she could cum like this. The sounds of their flesh colliding could be heard.

Nikki's face was on the wall, her body rhythmically moving.

Calix's hands went inside her shirt and unclipped her bra. His hands grabbed her two mountains and squeezed them strongly.

"Hhhhaaa~ Nnnngghh --!!"

Nikki covered her mouth. Her eyes rolled up and her hips trembled. She came while his cock pounded her.

Since they were in the public, they could not moan as much as they like. However, they could not cover the sounds of their flesh slapping. Calix was fucking her roughly that they were making obvious noises.

Perhaps someone already knew that they were having sex.

'Shit!'

Laura was hiding behind the plants, her panty was covered by her own fluid. Still, her hand did not stop touching her clit. She could not help it, especially when there was hot sex right in front of her.

Laura imagined that she was the woman that Calix was fucking.

'Isn't fucking awesome?'

She said to herself.

"Guh-- Haaa!!"

Nikki squealed and Calix didn't have a choice but to cover her mouth. Her body arched back, Calix was bending her so much that he could see her face.

They started making out while fucking. Their tongues rubbed each other, and Calix's hands hugged her tightly that Nikki was having a hard time thinking.

However, instead of being uncomfortable, Nikki felt nice. She wished that they would stay like this forever-- his cock inside her.

But since reality was often disappointing. Their lovemaking ended after half an hour. They both understood that they have something to do.

"Hmmm."

Nikki finished Calix with a sloppy blowjob and ended the lovemaking.

They walked out off the rooftop as if nothing happened. While walking, Calix looked around and realized that Laura already left. He chuckled and let the woman have her way.

Chapter 284

Calix and Nikki returned to the room as if nothing tiring happened and had a conversation. The atmosphere around them was so sweet as if someone was baking cake.

They were so close like they are in a relationship. They were laughing, giggling, and flirting.

However, Calix looked at his phone and bid farewell.

"Nikki I think I have to go now."

"Hm."

There was disappointment in her eyes but she immediately hid it. She smiled and followed him down to the exit. The touches that grip her skin earlier were burning as she walked. Her waist was weak.

"Have a safe trip."

They looked like a unique couple. Well, Nikki is 7- ft tall woman so her height alone was grabbing attention. People were looking at them, but Nikki was too happy to see it.

"See you next time."

She smiled and hugged Calix for the last time. She was like a mother sending her child to school...

.....

.....

...

Calix walked for a few minutes before halting. He knew that someone was following him.

'One, two, three--'

"Hey!"

Just as he expected, someone called him. He turned around and confirmed that Laura was calling him. He smirked, knowing her intention.

"Mrs. Stringendo? I thought you leave? Two hours already passed."

He tilted his head, acting confused.

"I met someone, it's quite a coincidence that we're meeting close to the hospital, fufu."

"Is that so?"

"Yeah, you can call me Laura. I don't like being called Mrs. Stringendo."

"Why?"

"Nothing. Anyway, I have something to talk about with you... Wanna grab a coffee with me?"

She smiled like a teasing whore. Her lips were glossed and her makeup was perfect. After she witnessed their lovemaking, Laura fixed her dress and makeup. She found that her underwear was soaking so she switched it with a sexy t-back. She went to the nearest clothing store just for that.

Her intention was so obvious that pheromones were lingering around. She was seducing him.

Calix nodded as if he did not know what was going to happen.

"My treat."

She added.

"Okay, let's go."

"I swear it's going to be fun."

She approached him and Calix caught her scent. She smelled good, but Calix could sense the fakeness in her.

Still, he wanted to see where this was going.

They reached the coffee shop and their conversation was quite amiable. In fact, Laura was a good talker.

"I love my husband. After he left, I feel so lonely that I forgot about my daughter."

There was a melancholic voice as she wiped the tears from her eyes, looking down, and showing that she was pitiful.

"I'm sorry about that. I didn't know that you had it rough. It seems that rearing a child is hard."

There was a hint of sarcasm but Laura did not grasp it.

She sobbed.

"That's why I'm happy that Nikki found a man like you."

"I will do my best to make her happy."

Hearing that, Laura bit her lip in anger but she acted like it was because of sadness.

She touched his hand, her palm grinding his skin.

"Thank you. Nikki is a sweet child. I'm just sad that sometimes she is too innocent and good... She talked to you about her past relationship with Patricia's father, right?"

Calix raised his brow and he was a little bit intrigued.

Seeing his reaction, Laura wiped her tears and there was a grin on her face.

"It was actually late when I found out. One day, I realized that Nikki was pregnant. I asked her who was the father and she started crying. It seemed that the man left her when he realized that Nikki was pregnant. I was heartbroken when I heard it."

Calix was just listening, trying to understand the truths and the lies.

"Can't you believe it? She had sex then the man left her?"

There was mocking in that tone, something that Laura failed to cover.

"... Are you not disappointed? Nikki already has a daughter. This relationship will not end well, that's why I recommend you to stop before it's too late. Instead, I can swap--"

"Mrs. Stringendo."

"Yes?"

"You don't have any right to say that."

"Excuse me?"

"Nikki and I are already adults and we both know what is right and wrong. We will decide it on our own."

His voice was heavy that Laura instinctively agreed. His green-brown eyes were looking deep into her.

"T- that's right. I- I just want to give you my thoughts."

"Thank you, I promise that I will give Nikki a better life, and I will make her happy."

"I- I see..."

She grabbed the cup of coffee and gulped it even though it was hot. She almost spat it because her throat burned but she endured the pain.

She licked her lips and smiled forcefully. She leaned closer, slightly showing her cleavage, and she caught Calix peeking.

"So... I have something to show you, do you mind if we go somewhere?"

She shoots her shot. She was looking at him, her lashes fluttered, and she was waiting for his answer.

Calix was silent for a few seconds before nodding his head.

"Okay, where do you want to go?"

A clear smile appeared on her face.

"Sure, how about a hotel? I know a place where we can rest."

The way she said it was so hot. Nothing could change the fact that Laura was a sexy mature woman even though she had a horrible attitude.

.....

.....

...

After a few scruples here and there, Laura and Calix checked in and reached the hotel room.

Laura checked her appearance in front of the mirror. She was currently retouching her makeup in the bathroom. She fixed her eyelashes just to make sure.

'Gosh, I didn't know that he is easy. A good person my ass, it's obvious that you don't love Nikki enough.'

Calix was laying on the bed and waiting for her to come out.

'Anyway, he is tall, rich, and handsome. He has everything that I want. If can't have a proper relationship with him, then I'm good with him being my sugar daddy. I'm sorry Nikki, it seems that Mommy will have the last laugh.'

She looked in the mirror, she is amazed at how beautiful she is.

Laura came out of the bath with nothing but her underwear. She was wearing a white frilly bra and t-back, a complete set that she handpicked.

"Are you ready bad boy~?"

She was excited to have the cock that she witnessed earlier, it was so big that she understood that her pussy was already wet.

Chapter 285

Calix's eyes were on her body, Laura has a nice figure. She was around 5'5 ft and she has thick hips but a tiny waist, a very nice shape.

It was obvious that she was taking good care of her body.

Laura straddled on the bed and approached him coquettishly. Calix did not speak but his silent treatment was screaming affirmation.

"Fufu."

Laura giggled and touched his chiseled chest, down to his well-toned abs. Laura saw a lot of body types, she saw men who had nice bodies but Calix was different.

His body had scars, but it did not make it ugly, instead, it shows his story. That Calix overcomes trials over trials, Laura likes strong men of course.

'It seems that he is a veteran in the military, a young one at that.'

She licked her lips and looked at his face.

'Gosh, I can't get over his face. He is so handsome.'

She leaned on him and kissed his chest up to his neck. Her smooches were nice and ticklish.

Then, she reached to his face and kissed him. She gave him a french kiss but Calix did not respond. She was hoping that Calix would kiss her back but the man was not moving.

Laura subconsciously moved away. There was a hint of embarrassment in her eyes. She awkwardly laughed.

"Fufu, you bad boy~ You want me to do all the job while you're just laying still... I like that."

She was surprised but she decided to let go of her pride, especially in front of a man like Calix who could pummel a woman to orgasm.

Laura was the type who rarely cums in one-on-one sex. Perhaps only her deceased husband could do that. Since then, Laura started having sex with two or more men at once just to have an orgasm.

However, when she witnessed Calix's vigor, she realized that Calix could make her cum. Perhaps he was far better than her husband who gave her the best sex.

"I can't believe that you will do this to Nikki, cheating on her. Well, I can't blame you, I'm a great woman after all."

Of course, Laura would jab him since her pride was hurt.

"What do you mean?"

This time, Calix opened his mouth.

"You know, the fact that you are here with me in this room shows that you don't really love her."

She shrugged and bend over. She started kissing his abs, perhaps she has an abs fetish. Particularly, she started caressing his scars.

"..."

Calix just looked at him.

Believing that Calix's silence was a confirmation, Laura decided to mock Nikki.

"You know, Nikki is not only a poor girl. But she is stupid too. I can't believe that she was going to be pregnant, my gosh, I thought they used contraceptives."

She started speaking her inner monologue. She was tired of acting. She believed that Calix would agree with her. Well, Calix had to agree, or else he won't get her pussy.

"I thought I talked to him about it..."

She muttered.

"What do you mean by that?"

Calix reached her head and started stroking her hair.

"Hm, it's simple." There was a grin on her face. "I was the one who talked to Patricia's father to have sex with Nikki."

"... Tell me more about it."

Calix's voice was heavy.

"It's a long story, but for you, I will make it short. You see, I had this plan to make Nikki submissive to me. So I asked one of my younger friends to seduce her. It started well but I did not expect that he will impregnate her."

Calix closed his eyes. This was getting interesting and infuriating.

"When he realized that he impregnated her, he immediately left the town, I can't blame him for that. My daughter is too ugly for a man like him to marry."

She sighed and continued the story. She thought Calix did not care since he was not reacting.

"Sadly, my stupid daughter decided to keep the child. Something that makes me mad, it's a fucking burden!!"

It was obvious that she was disappointed.

"But oh well, at least she started listening to me... But everything changed and she wants to leave me now."

"Why are you doing this?"

He peeked into her eyes and he was shocked to see her real self.

There was anger in her eyes that Calix was afraid to understand.

"Isn't it obvious? Because she destroyed my life? Someone like her deserves to be sad forever. I wanted to become a famous actress, but because of her, my dreams are impossible to achieve... Or course, I love my husband, and we promised that we will be together. Then, one day, I realized that I'm pregnant. I wanted to abort the child, there was an audition and I was accepted for the lead role... But my husband begged me to keep the child."

"..."

Calix did not know what to say. She just dropped a bomb casually.

He thought Laura was an unbelievable woman, but it seemed that she was just a bitter one.

"Since then, I tried and tried but it ended with failure. And it's all because of that child. I hope she suffers, I hope she dies a miserable death-- kyah--!!"

Calix could not control his arms and quickly pushed her away.

He thought he could endure her disgusting face but he was damn wrong. He could not do it. Especially when he felt strong repulsion towards her.

'No matter how much I try, my dick never gets hard. This is probably the reason why.'

The whole time, his body was not reacting.

"I'm sorry but I think we have to end this before it's too late."

An angry sigh came out of him. He turned around and walked away.

"W- wait a minute!!"

Laura, who was dumbfounded on the floor, realized that her target was leaving. She crawled and tried to stop him but Calix was adamant about leaving.

"Mrs. Stringendo, I can't blame you nor I can judge you. However, hearing everything you said makes my stomach sick! I can't believe that there's a mother like you."

"I--"

She stammered when she looked into his eyes. Calix's expression was so cold. For unknown reasons, the fact that he was holding his necklace made her shudder. She did not know why but she thought that Calix would kill her.

"Please, you have to understand that not everything is a fairytale. If you think that you are suffering, then you have to think in Nikki's shoes too. She is suffering just like you."

Laura was pale and stricken, she gritted her teeth and screamed.

"So what!? What about her? I gave her life, and yet she destroyed mine? H- how? How can I love someone like her?"

She started crying.

Calix just shook his head. He was not a master of emotions, he never took a psychology degree, and heck he didn't even enter a college university.

All he knows is that he has to protect his loved ones. That is his priority.

"Begone thot!"

He muttered like a chad.

Chapter 286

'At first I want to teach her a lesson and turn her into a submissive woman like Esmeralda. I want her to reconcile with Nikki and understand that her daughter is suffering... But I was wrong, Laura is impossible to fix. Her hatred is too strong to disappear.'

Calix was talking to himself with a cold expression.

He strode out of the hotel with nothing but his boxer briefs. People began looking at him but Calix was too occupied. He left the woman crying at the door.

"Hey look at that?"

"Wow, is he a model?"

"I know right."

People were murmuring around him, his body was like a perfect sculpture. But Calix just walked ahead and reached the exit.

Calix learned a few things-- that there are broken people who are impossible to fix.

That's why Calix promised to himself.

"I'll never make any of them sad. I will make them happy for the best that I can."

He did not want to see any of the girls darkened like Laura. Especially Nikki, Calix was afraid that Nikki would be devastated once she learned the truth.

Sometimes Calix was asking himself if he did the right decision. What if he didn't accept Kimberly? What if he pulled the trigger and killed Yuna? What if he let Marianne be abducted by Leon?

What if...

Calix shook his head.

"I can't turn back the time, all I can do is make things right. No matter how much I fuck up, I will do my best to make it right."

Suddenly, he recalled his mother. Her warmth made him feel safe. He missed her, he felt grateful that she was his mother.

--Honk!

A taxi pulled over in front of him, and Calix entered.

"Take me to the National Memorial Cemetery."

His mother lies in the cemetery where soldiers and the soldiers' families could be buried. It was a privilege that only the soldiers and their families could have.

Right at the entrance of the cemetery, he found a store that was selling flowers. He recalled that his mother loved white roses.

He entered the cemetery and saw some people, they were here to visit their loved ones too.

After a few minutes of walking, Calix found his mother's grave. He kneeled and gently put the flowers on her grave.

"Mom, I'm 20 now. I'm sorry if I didn't visit you for five years. You see, a lot of stuff happened and I almost lost the will to live. Fortunately someone saved me and changed my life."

He started talking to the grave, he tried to recall everything that happened to him.

"Calix?"

"Huh? You--"

Calix turned around and his eyes trembled when he found Scarlett standing behind him. She was holding white roses too. Just like Calix, Scarlett was confused at first but she immediately remembered that she should be angry right now.

"Hmmp--!! W- what are you doing? This is public!"

Scarlett scoffed and turned around but she was surprised when arms wrapped around her and hugged her tightly.

Scared tried to break free. She should be angry right now! She did not hear a thing about him for a week. And now she found him in the cemetery!

Of course Scarlett had a reason to be angry. Added the fact that she learned that Calix and Athena had a relationship.

"Let go of me!"

"Please... Just give me a minute."

"... Calix?"

She realized that Calix was sad and down. She did not know what happened, but in the end, she decided to let him be.

Calix hugged her from behind. Scarlett was just there standing and accepting him. She put her hands on his hands and squeezed them affectionately.

"I'm here for you."

"I know. Thank you so much."

"I love you."

"I love you too."

These simple replies could make them happy. A simple 'I love you' could erase any depression. The fact that there was someone who loves you dearly, it was a blessing that was impossible to let go of.

Time passed and Calix made an awkward laugh.

"I can't believe that I did that."

"No, it's fine."

Scarlett's voice was sweet. She turned around and faced Calix. She could see from his face that he was gloomy. She gave him a peck.

"I will always be here."

Their faces were so close and it led to kissing. Unlike the usual hungry and horny kisses, this time it was tame and sweet. Yet they felt more connected.

"I met my father earlier and I decided to go here to greet Auntie."

Scarlett said and put the flowers on.

"Ah, I forgot to introduce you. Mom this is Scarlett, I know that you already meet her, but I want to introduce her as my girlfriend. I struck a gold mine, right?"

"Hello, Auntie. Just like I promise, I will protect Calix."

"Wait, you made a promise with my mother? When?"

"When I was young."

"And you still remember it?"

"Of course."

"What did she say to you?"

Calix was curious.

"Well, she said that you are stupid and reckless and she was afraid that you would grow like that. So she said that I have to look at you and make sure that will never happen... Now that I think about it, I failed. You are still reckless and stupid."

"Hey!"

"Fufu."

The two started laughing, their fingers intertwining.

"So, what happened? You're not going to keep it secret from me, right?"

She raised her brow, she was quite scary actually.

Calix averted his gaze as she did not know where to start.

"Well, how should I say it, I realized that I'm happy to be alive."

"... We will talk about this later"

Her gaze was piercing him and he immediately nodded.

"O- okay."

"So..."

"Guh!"

She grabbed his hand and squeezed it, but unlike earlier, she put pressure on Calix and he winced.

"Do you mind explaining what happened between you and Athena?"

"I thought so. So you already know."

"Hm, Athena said it to me after I became a Matriarch."

"Oh, let's see. She tried to attack-- Wait a fucking minute? What did you say? You became what?"

"I am now the Matriarch of Tempest Clan."

"... Wow! We are talking about the Tempest Clan here, not the Robinson family?"

He asked just to make sure.

"Yes."

They were having a nice conversation, forgetting the fact that Calix was only wearing boxer shorts in the public...

Chapter 287

Scarlett started talking about her week. She did her best to control the Elders that tried to cling to another leg, such as the Rosanic Clan in Junian.

She was actually afraid to tell that she killed her uncle, but in the end, Scarlett decided to be honest.

Calix just listened and he did not ask anything. He did not flinch when he heard that Scarlett murdered a whole family down to the third generation. He just nodded.

"Are you not afraid?"

"Why would I? If I was there, I will kill them too. They hurt you, and for that, they deserve to die."

He squeezed her hand, reassuring her. Scarlett was scared at first but she realized that Calix loved her too much and that idea of murder was mediocre.

"Fufu."

They both started laughing. In this peaceful cemetery, they spend their time talking. They were sitting on the grass, resting under a tree.

Calix was rubbing the grass for some reason.

"Calix, why are you touching grass?"

"To become normie again. Anyway, I stayed months in the hospital so I can't touch the grass."

"Hm... So care to explain what happened between you and Athena?"

It seemed that Scarlett never forget about it. Her crimson eyes gleamed.

Calix awkwardly laughed and started telling his side of the story.

"Honestly, I don't want to have sex with her. But your maid just bust into my room and tried to smash my head... So, things happened and I fucked her."

Calix summarized it quickly, and it ended in fucking...

"... Looks like there are some things you left but I will not ask anymore."

It happened already and Scarlett could not change it. Besides, she was not angry. She was just disappointed.

"Actually, I didn't want to have sex with her, but she has lactating breasts so I can't help it."

He scratched his cheek. He was a simple-minded asshole who wanted to know the taste of a woman's milk.

"Seriously? She has lactating breasts?"

Even Scarlett was surprised.

"Yeah, it was quite nice, I want to taste her tits again."

"... I wonder if you like it if I started lactating too."

She murmured and rubbed her belly, imagining that there was a life inside her.

"Hm? Did you say something?"

"Nothing. Oh, I want to say that I became a 3rd Advanced too. The Blood Moon increased my cultivation and I broke through. I defeated uncle Dario using my new power."

"Okay."

Calix just nodded.

"Wait, you are not surprised?"

"Well, I know that it will happen sooner or later, I'm not that surprised. Congratulations."

Calix got closer and lightly kissed her lips.

"Geez, don't do this in public."

She blushed and weakly pushed him away. They are in National Cemetery and this was the place where the heroes of the nation rest. The idea of fucking in this place was quite exciting but Calix and Scarlett have a strong respect for the dead.

"So what's your power? Can you show it to me?"

"I can't."

Scarlett shook her head and looked afar.

"Why?"

"Because you are never afraid of me."

"Of course, I always love you. It will never change."

He said it straight and with conviction that Scarlett started fanning herself with blushing cheeks.

"H- how can you say it like that without getting embarrassed!?"

She was the one getting embarrassed instead. Her face was already so red that she could be identified as a tomato.

"Why? I'm not joking. I love you forever."

Calix was confused.

"Geez~"

She averted her gaze and covered her face, squirming like a worm. She wanted to bash her head into the ground and hide.

'He is saying cheeky stuff and I'm reacting like a stupid one!! Calix you idiot!'

"Hey, Scarlett? Did I do something, why are you hiding your face? Ah, do you want to hear it again? Do you want me to scream it to the sky?"

"N- no!! Please I'm going to die if you--"

"SCARLETT ROBINSON I LOVE YOU SO MUCH THAT I'M DYING! I WILL LOVE YOU FOREVER! I LOVE YOOUUUU!"

The asshole did not listen and screamed it so loud that the birds were terrified and flew away.

"Scarlett? Scarlett, why are you running? Hey!"

Calix turned around only to realize that Scarlett was leaving him, she was walking fast. Her face was bright red.

"This is the reason why I can't use my power on you!! Because you love me so much!"

She was so happy that her heart was going to explode. There was never fear in Calix's eyes, only love and reverence, and Scarlett could not handle it.

So, she started running away.

Calix followed her but Scarlett did not stop. She had to control her emotions and calm down before he could face him again.

.....

.....

...

Calix and Scarlett reconciled and they are traveling around the Capitolium, running in circles. They visited a lot of great places and it seemed that they were not going to stop even though it was late at night.

Right now, their car was under an old tree near the highway. It was already midnight and the cars traveling were few.

"Aaahhhh... Uuuuuuhhh~"

Scarlett moaned as she lowered her rear and slowly inserted Calix's hard penis into her vagina.

"God, you're so tight."

Her vaginal passage was so tight that Calix grunted and gripped her ass.

Calix was laying on the recliner and Scarlett was sitting on his crotch. Scarlett was facing away from him, looking through the window, seeing cars passing by.

"Nnnngghh~ Oh my God, you're so fucking good! Uuuhh! Uhh uh!"

She started gyrating on his cock and nasty noises echoed inside the car. Calix was looking at her figure, her back was so beautiful and her ass was nicely heart-shaped.

He gripped her ass, he wanted to imprint his hand on her ass. Then, they started moving rhythmically. Slowly at first until it reached the point where Calix was hugging her tightly and fucking her so roughly that Scarlett's eyes rolled up.

"Oh my God! Oh my God! Oh my Gooooooooo~! I'm gonna cum!! I'm cumming! Fuck me, baby!! Fuck me!!! Ggaarrhhg!!!"

A guttural voice echoed and their car was shaking as if an earthquake hit them.

Calix pulled her hair and came deep into her womb. Yet he did not stop despite releasing a thick load. He was still pistoning her up that Scarlett was moaning crazily. Perhaps he really missed her so much.

"Scarlett!! Take my cum deep into your womb!!!"

"Yes!! Yes~! Give it to me!!! Baby, I want your thick cum!! Impregnated me!!!"

They started kissing each other while fucking. They spend their whole night inside the car, and the car was filled with their scent, their fucking scent.

Chapter 288

In the middle of a private field, a single barn was standing, people were busy collecting their equipment. They got intel that their location was compromised.

"What do you think?"

Suddenly, the people flinched at a voice of a woman. The woman started walking out of the darkness. Next to her was a tall mid-forties man who had short red hair.

"They are enough."

Bronal nodded and glanced over the place and confirmed that these people were terrorists. The illegal weapons that they were holding were enough for him to decide.

"So, start your job disciple."

Esmeralda disappeared and Bronal was left behind.

Then, he flicked his fingers and a giant flame bird materialized and engulfed the whole place.

"Arrrgghh--!"

The screams of the terrorists echoed but no one saved them. In the first place, their job was to die and become a stepping stone.

The terrorists had a few 3rd Advanced but in front of a DemiGod like Bronal Robinson, they were nothing. In a normal situation, they might have the upper hand but Bronal was a master of destruction.

"Caawwww!!"

The Phoneix roared and burned their bodies alive.

Bronal spared three people to be tortured later on. Esmeralda lost a few toys and she wanted more.

It did not take a long time for Bronal to eliminate the terrorists. The whole barn turned into ashes together with the terrorists.

"You did a nice job."

Esmeralda showed up after work. This time, she was holding a rock.

"Now... Let's face the media that is waiting for us."

She chuckled. This was the best way to promote her name.

Just as they expected, the media and a whole bunch of old people showed up after Bronal cleaned the place.

They received intel that this group of terrorists was responsible for the disappearance of the Fragment of Excalibur.

"Miss Vice President! Please look this way!"

The reporters were fighting over Esmeralda who was holding the Fragment of Excalibur.

"Miss Vice President! Is that the--"

The reporters gasped when they found that Esmeralda was holding a rock. Based on their information, this certain Fragment of Excalibur was in a form of a rock.

"Hm, we retrieved the Fragment and captured the terrorists!"

Esmeralda announced and raised the rock. The rock started glowing until it covered the whole place. It was probably a way of publicity. Now that this whole situation was being broadcast live, Esmeralda was doing her best to get to the citizens' hearts.

'Here's your Fragment, now give me your vote, fufu.'

The reporters started taking pictures crazily. Their cameras never leave Esmeralda and the Fragment. The reporters flooded her with questions and Esmeralda answered those that she wanted to answer.

"That's right, now that we have the Fragment, the people of Dellia don't have to be afraid anymore."

She assured them. She looked amazing, like a hero, and the reporters were enthusiastic to ask her more.

Esmeralda caught the limelight just as she planned. She found a group of terrorists and used this situation to announce that she retrieved the Fragment.

Only Bronal knew of this plan and he did not object, especially when his freedom was related to it.

"Of course, I can't haggle all of the honor, General Bronal Robinson helped me too."

Esmeralda added and the cameras went to Bronal for a second. Bronal nodded and kept his mouth shut.

"General... Thank you."

The old Senate Leader Tito Sotsot approached him and said his gratitude. This time, he was genuinely thankful. The other Senators were behind him. Perhaps they want to get some publicity too by arriving in this place.

"I just did what I have to do."

"I know that we have a few bitter misunderstandings but I hope that this will not cause a crack in our relationship."

"Don't worry Senate Leader, I will keep my duty."

"That's good to hear."

The Senators behind Tito Sotsot were relieved to hear it. They started praising Bronal as if they didn't push him to jail.

"By the way, I heard what happened in your Clan... If you need help, just ask me."

"Thank you Senate Leader."

The old Senator Tito Sotsot patted his shoulder and left. Tito Sotsot just wants to see if they would retrieve the Fragment of Excalibur. Now that everything was over, he wanted to take a rest.

As for the problem with the Presidential Election, to be honest, he didn't care much. Esmeralda prefers the military and she wanted to settle the account with the neighboring countries, but overall, Esmeralda is a great leader, someone whom he respects.

The Senators left the place after being interviewed by the reporters. Of course, they praised Bronal and Esmeralda but they did not forget to add their participation and contribution. Just like the Presidential Election, they have Senatorial Election too.

Bronal watched the whole farce happening. Perhaps he was the only one who understood that the real person who retrieved the Fragment was not here.

'I don't who he is, but he is the real hero. It's a mystery why he gave the Fragment to Esmeralda instead of selling it to the other countries, perhaps he is a Dellian.'

... He did not know that the hero he was talking about was currently plowing his daughter, ahem.

'With this, I'm now free.'

Bronal heard that Scarlett became the Matriarch and she killed her relatives. Bronal did not blame her, it was a must to show her conviction. The death of Dario would be an example.

'All I can do is help her.'

Bronal was stripped of his position but he was not bitter. Being a leader of a powerful Clan is not an easy job. He would help Scarlett and ease her job as much as he could.

"Maybe this is what it means to let the child go and grow."

He has been liberated now that the Blood Moon was over.

"Scarlett, I'm proud of you."

He muttered.

"Miss Vice President, now that you announced that you're running for the Presidential Election, who is going to be your Vice-president?"

A reporter curiously asked.

"Isn't it obvious? General Bronal is a great leader, I believe he can help me as a Vice President."

Esmeralda pointed at him. Having a devilish grin.

'... Shit.'

Bronal said in his mind.

Chapter 289

"... So this is Melbed, the capital city of Junian."

Athena muttered as she looked at the skyscrapers that were standing up all over her. She looked around and gulped.

The Capitolium of Dellia was a prosperous one but she did not expect that Junian and its capital would defeat it in just a glance.

She could see the flying cars traveling with vigor in low altitudes. She could see people of different ethnicity walking around.

"Junian, the country of freedom."

Based on the history, this country was founded by Elves and its name was Hulian. Then a few hundred years passed and humans occupied this place.

They enslaved the Elves, Beastkins, and every Demihuman they found. Although that changed a hundred years ago.

Now, the Demihumans could live freely and walk freely without the fear of being whipped.

Athena kept looking around. She did not know what to do. Her whole life was meant to serve Lady Scarlett. She did not know where to start.

"Help!! There's a robber! Somebody help me!"

"Get out of my way!"

Suddenly, a man with a mask on sprinted, passing people by. He was holding a purse and he was trying to get away.

"Help! Please!"

Athena looked around and she realized that instead of helping, the people moved away from the scene. As if they did not want to get caught in the problem.

"Hey, you bitch! Get out of my way!"

Being called a bitch, Athena recalled a certain man, and her muscles spasmed. She instinctively grabbed her metal bat and swung it to the running robber.

"Ugh!"

The robber was hit in the stomach and he groveled on the ground.

Athena was surprised by her action. But since she already made it, she decided to help.

She took the purse and approached the crying woman. However, Athena was surprised when she realized that the woman was blind.

The woman was wearing a blindfold that covered her eyes.

"Um, here is your purse ma'am."

Athena said, she almost stammered. Athena has a strong sense that she honed on the battlefield. She felt that this woman was not ordinary.

"Oh, thank you, young girl."

The blind woman bowed her head. Then, she went to the robber who was currently groaning in pain.

Without hesitation, the blind woman kicked him in the groin.

"Guh--! I'm sorry!! Please spare me! My balls!! Ack!!"

Yet the blind woman did not stop kicking him until his mouth started bubbling.

"Hmph! That's what you get for bullying the weak!"

Right after that, the police showed up and arrested him. Athena realized that the robber was a Beastkin, from the tribe of Tiger.

"Thanks for helping me young girl. Can I get your name?"

The blind woman was thankful. In this environment, it was hard for her to move around.

"No, I just did what is right."

Athena clenched her fist. She could feel that the blind woman was studying her.

Athena gulped and stood straight. She never felt this except when she met the Demon-God of Port of Aoneon.

'No... She is far stronger than the Leviathan.'

Athena confirmed. She was shocked to find that there was a hidden master in this city.

"Here, this is a 20 dollar, you can buy a burger with it. Thank you again!"

The blind woman gave her money and started walking away.

"..."

Athena was dumbfounded. She looked at the crumpled cash and the blind master.

She gritted her teeth and decided to gamble. She decided to follow her, only to realize that she was already a few meters away.

"W- wait a minute, ma'am."

Athena ran just to reach her.

"Hm? What is it?"

The blind woman was confused.

"C- can you teach me how to become stronger?"

Athena knew that Master Bronal became stronger because Esmeralda guided him. Athena was looking for someone to teach her and make her stronger.

"You mean me?"

"Yes."

"Hm. I'm surprised that you sense my true power. Perhaps you are lucky. Anyway... Let's see... I think there's already something in you that is making your cultivation faster."

"What do you mean?"

Athena was confused as the blind woman scanned her even though she was blind.

"It's in your womb, there's an energy that makes you stronger. It will take a year or a half for you to become a 3rd Advanced... Hm, interesting."

The blind woman nodded as if she found something.

"Ma'am?"

"Anyway, you want to become my disciple?"

"Yes, I want to become stronger."

"Fine, I will take you."

"Thank you. I will do my best."

Athena bowed her head. The passerby glanced at their unique combination.

"First, you have to carry my purse."

"Yes, thank you Master!"

"And don't call me Master. My name is Medu."

"Yes Mas- I mean, Medu."

"That's good. Now follow me."

The two started walking away.

'I don't know why she has the energy of Fate in her womb, but it's interesting. Let's see how long she can last.'

Medu didn't have the intention of being a master.

'Maybe I can make her my servant, that's not bad.'

.....

.....

...

"Ah, what a lovely day."

Calix smiled as he sipped a coconut juice. He was currently resting on a private beach, laying down in a tent. He was relaxing.

"Isn't it right?"

"Chupuh, muah, yes, this is the best~"

Said by the woman who was kneeling between his legs.

Kimberly was currently giving him a blowjob. She was wearing her sexy bikini and her glasses as usual.

Kimberly licked his foreskin and balls. Then, her tongue went to the back of his tip. She was giving her best to satisfy him. Her face was painted in drool and precum.

-- Glug Glug Glug!!

She started deepthroating and gagging on his cock that was hitting the back of her throat.

"What a nice view."

He said while stroking her hair.

"Kimberly, I want to cum on your face."

"Okay~"

The woman giggled and took out the cock in her mouth and started stroking it vigorously. Her two hands pumping it while she was licking the head.

"Here it comes!"

Calix grunted and released a thick load of semen. They landed on her glasses, hair, and nose. But that did not stop Kimberly from stroking his cock. Just like the usual, she cleaned his cock after using it.

A few months already passed after the kidnapping incident and only a week before the voting day.

Kimberly snuggled next to him after she made sure that her face was clean.

"I love you~"

"I love you too."

Chapter 290

"Not fair!!"

While the two were busy cuddling under the tent, a portal materialized next to them and a pink-haired woman showed up and she was having a tantrum.

"Grr..."

Yuna Garcia grumbled and glared at Kimberly.

"How's your day Yuna?"

"Grrr!"

Kimberly giggled and rubbed her face on Calix's chest. Yuna was gritting her teeth.

"You whore! There's still cum on your face! I want to lick it!"

"Oh, thank you for that~~"

Kimberly wiped the fluid and licked it like candy.

"Damn it! I found it! It should be mine!"

Yuna tried to jump on Kimberly but Calix stopped her.

"Yuna, you have to understand that it's Kimberly's day and it's our time to spend together. You also had fun with me yesterday too."

"But still..."

Yuna was jealous, especially when she could see that Kimberly was making fun of her. She was licking Calix's nipple and Yuna wanted to do it too.

"Kimberly, stop that. Can't you see that Yuna is getting mad?"

"Why? I want to stay with you. Besides, I bet Yuna also did it with you yesterday."

"Well..."

Kimberly was right about that. In fact, Yuna and Calix had sex under a bridge where cars were running over. They did it for hours.

Calix stroked her hair and Kimberly giggled.

"Yuna, why did you come here?"

Calix had nothing but his swim shorts and he was stenching in the smell of sex. Yuna was getting high just by smelling him.

"Calix~~ I want it too~~"

She said it sexily and approached him. She rest next to him and lay her hand on his other nipple.

"Hey, I ask you why are you here."

But Calix did not budge. They had a ton-fuck of sex yesterday so her sexy-jutsu won't work on him this time.

"Tch!"

She clicked her tongue and rolled her eyes. She heard Kimberly laughing and she glared at her.

"Yuna."

"Okay, fine. The Vice President is looking for you. She said that it is her schedule tomorrow but she wants to see you now."

"Esmeralda specifically asked you to deliver that message?"

"Yes. I'm the only teleporter who can locate you."

Calix was dumbfounded. He did not expect that Esmeralda would use this method just to see him.

"That's not fair!"

Kimberly, this time, was the one who was grumbling. She stood up and her glasses fell. Yuna took this moment to laugh at her.

"Ha! Serves you right! Who said that you can haggle all of Calix's load?"

"But it is mine, it's my hard work!"

Since Kimberly lost her reasoning, she started crying on the sand and her appearance was pitiful and seductive. Calix was in a dilemma, seeing Kimberly like this was making him sad and horny...

"Yuna, did Esmeralda need me right away?"

"No, but I think she wants to see you tonight."

It was still 4 pm and Calix has time to make it up for Kimberly.

"Kimberly, don't cry. We still have a few hours to spend together."

He pacified the crying woman and put the glasses on.

Kimberly was sniffing.

"B- but, I want to stay with you tonight."

"How about this, I have some free time this Sunday and we can go on a date."

"Really?"

Kimberly's eyes twinkled.

"I promise."

"Yay!"

Kimberly hugged him happily, rubbing her chest against him.

However, Yuna witnessed Kimberly's calculating grin.

'... This bitch is scheming!!'

Yuna was shocked. Now, Kimberly occupied Calix's day off! How infuriating!

"Me too! I want to join too! That's right, I can take you to a nice place! Right, Kimberly?"

"Humph!"

Yuna tried to add herself to the formula but Kimberly scoffed instead. Then, Kimberly pulled Calix to the trees.

"Calix, you said that we still have time. Then... can we explore the island?"

Calix chuckled as he realized Kimberly's intention.

"Okay, let's do that."

Kimberly pulled him and Yuna followed them shamelessly.

Right at the moment that the three entered the bushes, Kimberly and Yuna pushed Calix to a tree and they started kissing his neck and chest.

"We have to savor this moment!"

The two women made up their minds. They have to make him tired so that once he met Esmeralda, Calix will be too exhausted to fuck her.

Unfortunately, even Kimberly failed to understand that Calix's stamina was close to infinite.

"Hmm... Slurp~ slurp~"

Yuna was sucking his cock while Kimberly was kissing him. They spend a few minutes in that position until Calix could not hold it anymore.

"Bend over and beg!"

He roared and the two women immediately bend their asses.

Yuna quickly spread her slit so that Calix could see her gaping vagina. As for Kimberly, she was shaking her ass, wiggling like a marshmallow. They both have their uniqueness.

Yuna was petite but the way she moved her body was addictive. Furthermore, she was the best in terms of pleasing him. Yuna was always hungry but she always make sure that Calix met the best fucking.

As for Kimberly, she was the type to give her body and let Calix do what he wants. She always prioritizes Calix over her lust. As long as Calix is satisfied, then Kimberly is satisfied.

"Let's see..."

Calix cupped their asses and both girls moaned. His fingers massaged their clitorises, then he inserted his fingers into their cunts. He was fucking them using her fingers and he made them cum.

"Calix~~ I want you!!"

The pink-haired woman cried.

"Shut up bitch! Who said you can order me?"

Calix slapped Yuna's ass and left a red mark. This Yandere did not understand her position.

"Because of that, you have to settle with my fingers!"

"Nnggh!"

Calix shoved his cock into Kimberly and she moaned in joy. Their bodies started moving hungrily, they were moving their hips in rhythm and most of the time it was fast-paced.

"Aaahh!! Nnngghh!! Nnnmmn!! Thank you very much!! Thank you!! My pussy feels good... Mmm!"

Kimberly was screaming while her pussy was getting pounded. Juices rolled down her legs as she closed her eyes like a bitch in heat.

Yuna was jealous but she did not speak. After all, two fingers were inside her and they were enough to make her cum.

"Oh fuck oh fuck!! Nnngghh!! Aahhh-!! Fuck!! Calix, you're so big!! Fuck that pussy!! Fuck that pussy so good!!"

"Yeah, you like it!?"

Calix was pistoning her so strongly that her ass was bouncing and rippling on his cock!! Fucking her brain out!!
