

Only Fuel 341

Chapter 341

Calix swallowed his saliva. It was so beautiful. This sweet, small, yet fluffy pink cunt had been ravaged by him last night. And now it made him excited.

Lou rested her upper body on the kitchen table, breathing hard as she could not see what Calix was doing. All she could feel was the touch of his rough palm.

Behind her, Calix traced her ass down to her slit and Lou jerked uncontrollably. The sensation of being touched in her private place was so tingly.

"Are your hips okay? Are they not sore?"

He asked, worried but horny. He licked his middle and ring fingers and gently inserted them into her pussy.

"Mmm. No... Haahhh, I feel fine, not sore at all. Ngghh."

She replied, moaning and holding her breath.

The man rubbed her pussy gently, he could feel her inner muscles squeezing his fingers.

"Mm... Ngggnnhh! Ah! Hhuuu."

Lou whimpered with each thrust of his fingers. Her face was already on the cold table, but she felt hot instead. Her belly burned.

"I see... You can tell me if you want to stop."

"Okay~ Ahhh ~"

Then Calix buried his face in her ass and licked her wet pussy.

-- Lick lick lick.

Lou closed her eyes and her hips shook. She squirmed when she realized that Calix had parted her pussy and used his tongue to enter her.

"Aaahhhh~ Aannhhh~ Feels good..."

He licked her pussy aggressively. Of course he didn't forget her clit. His tongue licked her clit as well. His fingers and tongue explored her lower body, even caressing her beautiful legs.

The bruises from last night were still visible on her legs. Calix kissed the bruises he had caused sweetly.

He worshipped her body. His nose rubbed against her skin and Lou felt nothing but sensual sensitivity. Her eyes were already rolling up as the triggers of pleasure invaded her.

"Aahhh aahh ahh ah!"

Calix's fingers fucked her. The woman's pussy became wet as the seconds passed.

-Slosh slosh slosh.

The sound coming from her pussy was naughty and dirty. Her eyes were already blurry from the tears.

"Mmmhhpp! Humph!! Aagghhh!"

She moaned recklessly, quite loudly. Her fingers scratched the table as her womanhood was assaulted by Calix's middle and ring fingers.

Shrieking sounds could be heard along with her moaning. Calix fucked her thoroughly with his fingers alone.

His fingers were moving so fast, almost like a vibrator. Finally, Lou jerked up and came. She squirted and the liquid soaked the floor.

"Haahhh haahhh haahhh haahhh."

She gasped for air. Her hair was disheveled, her chest bobbing up and down.

Then Calix pulled her up.

Lou was a mess. She felt tousled. Her eyes could not focus at all.

But Calix put his fingers in her mouth and played with her tongue.

"Mmmmm."

Lou sucked his fingers and tasted her own juice. She looked at Calix full of love and asked for more. She was fascinated.

Calix grinned.

Her drool covered his fingers as it came out of her luscious mouth. Calix sucked his fingers too, just to get a taste of her.

But it was not enough. He kissed her lips and devoured her. His tongue dominated hers. Lou shuddered as Calix hugged her from behind while kissing her.

He sucked up all of her drool. He licked her tongue aggressively, giving her no time to rest.

"Guhah-- Mmm muah~"

She gasped for air after Calix was satisfied. Her vision was already blurred from tears.

"Calix, I want you to feel good too."

"Okay."

He replied after kissing her neck.

Lou knelt down and rubbed her face against his shorts, smelling his scent. Her nose tickled his manhood over the thin shorts.

Her fingers sensually climbed up and pulled his shorts down. She was greeted by his cock erect and hard.

Her pupils dilated as her vision was filled with nothing but his rock-hard cock.

She smiled foolishly and touched it. Her lips kissed and sucked on his balls, causing Calix to grunt.

She made sure his balls were wet before moving to his cock.

"Fufu, your so big~"

She giggled as he noticed his cock had pre-cum. She licked the tip of his cock like a lollipop, savoring its taste.

Then her tiny mouth slowly devoured the head. She sucked it so well that Calix exhaled loudly.

"Damn..."

Her tongue licked it well and covered it with her drool. His cock was glistening, Lou could even see the thick veins around it.

She began to suck and deepthroat. She eagerly moved her head to get the most of his member.

After a few seconds of sucking, she let it out of her mouth so she could breathe. She slapped the cock against her cheeks as if it was the right thing to do.

She felt like a whore who should be beaten by his big dick.

"I feel bad... But I want more."

She smiled the whole time. She was in bliss while pleasuring Calix. She felt the joy of making her man happy.

She looked into his eyes. In this sight, kneeling before him, she was nothing but a slave. Calix was the king and she was the servant giving him saliva-filled fellatio.

Her eyes said one thing - breed me!

- Guh glug gruh guh guh!

These were the sounds that came out of her mouth as she deep-throated him. She bobbed her head eagerly as she looked at him, worshipping him like a god.

Calix could only swallow his saliva.

'Damn, she is so beautiful.'

He thought as he watched her suck his glistening cock. It was amazing how his cock slid in and out of her mouth, reaching the back of her throat and almost choking her.

"Gush... Shaashh... Calish, do you like it?"

Lou asked, saliva running down her neck and soaking her breasts.

"Yes Lou, I like it very much."

He stroked her head like he was stroking a cute and submissive pet.

"Fufu~"

The woman giggled and rubbed her face against his palm.

Chapter 342

Lou kissed his glans sweetly as she looked into his eyes.

"Mmm. Calix... I want it now."

"Okay."

Lou sat on the edge of the table and spread her legs. Her palms rested on the cold table for balance.

Calix slid her nightgown up and he could see her gaping, juicy pussy, hungry for a dick.

God knows how many times he had ravaged and unloaded his seed into that tight cunt.

"Please fuck my pussy... Hm~"

She moaned as Calix slapped his cock against her clit before he reached her entrance.

"Uuuhhhh~"

Lou gasped as the penis reached the deepest part of her womb, almost made her crazy. She had been stretched last night, but she was stretched again. Her wet pussy convulsed as she cuddled Calix's mighty shaft.

"Ooohhh~"

She cried as she stared at his chiseled jawline. Calix's face was that of a Chad. He had the perfect personality, looks, and cock to please her.

"Hhhuuuu, Oh God, fuck me~~ My pussy feels so good..."

Her eyebrows furrowed as the cock pushed back gently. She felt the space in her pussy was lonely. But the space was filled a second later and Lou closed her eyes as she bit her lip.

She cooperated with Calix as they began to move their hips. Her nightgown slid down her shoulders, revealing her titties.

Knowing that Lou had been tired last night, Calix watched his thrusting so as not to hurt her...at first.

Still, the fact that his cock was tightly wrapped around her warm pussy was out of this world. Calix fought his inner demon.

As he moved in and out, Calix watched her breasts bounce.

"Aahh~ Calix~"

He grabbed one of her tits and squeezed it, squeezing hard and Lou moaned. She shivered as Calix pinched her nipple.

"M- My breasts..."

She spoke with a pleading look.

"What about them?"

"Touch me more."

Her body rocked.

"That's not a polite way to ask."

"Please... Aang~ Touch my lonely breasts~ please~"

"Hm."

"My milkers... Mmm... You can suck them as much as you want!"

She cried as Calix stabbed deeper into her vagina, hitting her weak spot. She almost lost her strength. But Calix quickly woke her up when he grabbed her titties and sucked them both.

"Uhh!! Guuhh!! Nnnngghh! Yay! Yes! My tits, you can pinch them, suck them, even slap them! Aahhh! Just don't stop fucking me!"

Calix focused his mind on her white bouncing tits and sucked both of her nipples at the same time.

Of course he didn't stop violating her unprotected womb. He kept ramming into her vagina until it was almost his property.

Lou watched as her breasts were stretched as Calix bit her nipples like a baby.

"Hhuuu yeaaahhh~"

Her guttural moan escaped.

She felt her breasts being sucked. Calix's teeth and tongue were on them.

"Aah! Ah! Ah! H- Aah!"

When Calix released her tits, a bite mark was deeply imprinted on both. There was also a bite mark around her nipples.

"Oooh... Hmm~"

She shuddered and laid her back down on the table. Her eyes stared at the ceiling. But she could not see anything except the fact that her pussy was being smashed.

She could not think straight, maybe Calix's cock was messing with her brain too.

Her hazy eyes shone, reflecting the light.

Calix saw her expression. His thumb found her clit and rubbed it aggressively.

"Aah! Guuuhhh~"

She moaned and arched her back. She came just like that.

Even though she could not see it. She knew her pussy was building up white creamy fluid on his cock. The sloshing and gushing sound became clear.

He grabbed her waist and started to pick up the pace. His thrusting became faster and faster.

"Gguyuu! Aahhh! Ugh! Ugh! Ngggnnhh!! D-don't stop! Oohh ffuuuck~! T-This is... Aahhh! Feels so good! I'm coming~"

"Then take this!"

Calix slammed so hard that the table almost moved. The force he put into each thrust was tremendous and Lou's breasts bounced all around.

"Nnngghh~!"

Lou squirmed on his cock. She could not stop her hips from shaking.

"Fuueehh~"

Her orgasm made her face go silly. Her tongue was sticking out and her eyes were staring out of nowhere.

She felt that she had released all of her frustration and that there was nothing left for her.

But even though he knew she was coming, Calix kept his cock inside her, rubbing against her flesh.

How could he stop when her pussy hugged his cock so tightly? Every time he pulled out, her pussy sucked him in.

The pressure was too much, it stimulated his penis. So he kept hitting her.

Besides, Lou would not stop him. She smiled stupidly while being fucked.

"Fueehh~~ Heeehhh~"

Her cheeks were covered with her own saliva.

"I love you Calix~~ I love your cock!"

She moaned recklessly. She didn't care anymore. Even if Mera woke up and found them fucking, Lou didn't care.

All she wanted was to have his cock inside her, stuffing her pussy so well that she went crazy.

"Promise me you will eat healthy!"

"I will!"

"No instant noddles!"

"Yesssss~~ I will never eat instant aannhh~ noddles again!"

She almost cried as she said this.

"Please just don't stop! Fuck my sweet pussy! Mmm! I want it! I want it so good!! Ngggnnhh!"

She was willing to say anything to satisfy Calix. She had missed his cock for two years and it would be stupid to let it go.

She knew how lonely it was not to have his cock. For those two years she had made do with a dildo to satisfy her lust.

And now that the real thing was in front of her, no, inside her, she would do anything to make him happy.

"Uuuhh! Ughh! Guhh!! Aannhh~"

"I want to come on your face!"

Calix felt that he was about to cum and ordered Lou.

The woman immediately got down from the table and knelt in front of him.

Her face was only an inch from his cock.

"Aaahhhh..."

She stuck out her tongue, preparing for his release.

"Oh shiitttt! Yaaaahhh!"

Calix grunted and shot his cum into her face. Some of it landed on her cheeks and splattered, some on her tongue and mouth.

Lou looked like a cake covered in frosting.

"Mmm..."

Of course she cleaned his cock with her tongue and mouth. Making sure she swallowed it all. That was her job after good sex.

"Good girl."

He slapped her face with his cock.

"Fufu~"

Lou giggled, accepting the slap as if it was the most natural thing in the world - his dick on her face.

Chapter 343

As night falls, the couple sleeps side by side. Their bodies rested comfortably against each other. They were naked under the sheets and their skin brushed against each other.

Yet they felt safe and comfortable sharing their warmth. Just as Lou had promised, they didn't eat unhealthy food earlier and went out instead.

They brought food for Mera and fed him. Then they went back to the room and had sex again.

.....

.....

...

"Do you want to go to my place?"

Calix offered. It just slipped out of his mouth.

"Huh?"

Lou looked at him. She was combing Mera's cozy fur.

"Nyah~"

Mera rolled around happily as Lou brushed him.

"You mean you want to take me to your place?"

She was confused.

"Yeah, I just thought of that. This place is small... If you want, you can stay at my place instead."

Calix looked away. His motivation seemed obvious.

"... Pfft-haha!"

Lou chuckled. It was fun to see Calix embarrassed as well.

"What do you think?"

He asked.

"Let me guess, you're concerned about my well-being, or you just want me to live with you?"

"Both. I'm concerned and I want to see you every day."

"I think I'll pass. I know you have a mission right now and I don't want to disturb you. But if you want to invite me later, I will do my best to visit you."

Her face blushed as she said this. There was a meaning behind her intention, and Calix understood it very well.

"If you want, you can visit me every day."

"W- Well... If you want."

Now she was flushed as she looked down and rubbed Mera's belly.

He laughed as he watched her reaction. Lou is sweet and adorable. God, he wanted to kiss her right away.

He approached the woman and hugged her from behind.

"Hm."

He planted a kiss on her neck and Lou shivered weakly. His lips were so hot they burned her skin.

"What about now? Do you want to go with me?"

He whispered into her red ear and Lou did her best to hide her squirming.

"O- Okay."

She couldn't refuse his offer. With a kiss, she was hypnotized and easily agreed.

'I'm not easy to get, am I?'

She wondered. She felt like she was acting like a slut, but only for Calix.

Still, she didn't want to show how perverted she was, so she held back her reaction and just nodded.

"I'm going to take a shower."

"Okay."

.....

.....

...

When Lou got out of the shower, she almost stumbled when she realized Calix was holding something.

"You have quite a collection, Lou."

Calix's mouth twitched as he held a large dildo, almost the same size as his...

"I found this under your bed. I'm sorry, I don't mean to invade your privacy, but this thing is just lying there..."

He scratched his head.

"D- Don't think of anything inappropriate! I- It's not what you think!"

Lou was blushing with shame. She could not believe that Calix had found her toy! She wanted to scream and die.

Well, Calix was used to seeing things like this. Yuna had tons of them, and even Kimberly made some dildos to ease her loneliness.

Hell, Calix even used one on the President!

In his opinion, a simple dildo was not so bad and questionable. Yandere Yuna had toys that were almost a crime against humanity. Calix could not and did not want to describe them.

"... Would you like me to use it on you?"

A playful grin appeared on his face.

"N- No!"

Lou stammered as her legs weakened. This was humiliating!

"Don't worry, I'll be quick."

"Noooo! Ahhnn~"

She swallowed her moan as Calix turned her around and bent her over the wall. Her freshly cleaned pussy was immediately stuffed by the dildo. Calix used the toy as if it was a real cock, pulling and inserting it into her stretching pussy.

Lou was shaking. Her face was against the wall while her vagina was being played with a fake cock.

"Mmmmm!"

She finally squirted and wet the floor.

.....

.....

...

"Now that I think about it..."

Calix looked around, Mera was on his shoulder, nuzzling his neck. The kitten had only two moods, active and sleeping. Calix noticed that Mera loved to sleep. He would only wake when he smelled food.

"It's semester break."

He noticed that most of the students were relaxed and some of them were carrying luggage. Most of the students would return to their families and spend a long holiday.

"... Lou, do you miss your parents?"

He turned to Lou, who was walking beside him.

Lou nodded and smiled bitterly.

"I miss them, but you know it will be hard for me to go back to Dellia. I have a lot to do, I have to finish my homework. Besides, Dellia and Junian are having a fight. And I can write letters to my parents."

Phone calls and the Internet were available in Junian. But foreign communication was heavily guarded by national security. So the best and cheapest way to contact her parents was through letters.

"If you want, maybe I can help you."

Calix could ask Yuna to bring Lou to Dellia to meet her parents. Yuna's teleportation was fast, easy, and there was no jet lag.

"I'm fine. I don't want to burden you."

She smiled instead.

Calix sighed in defeat and took her hand. With a simple gesture, he wanted to show that he was there for her.

"Calix, there are people around us!"

Lou said weakly, embarrassed when she realized that people were watching them.

"So what? Let them watch."

"O- Okay."

"Your palm feels nice."

"Geez, you don't have to say that!"

"Haha!"

Their fingers interlocked as they walked on.

Little did they know that another problem would arise once they reached the apartment.

Chapter 344

Calix hasn't forgotten his mission. He must find the missing daughter of Esmeralda Margaret. And the only thing he knew about the mysterious daughter was that she was a dark elf. Even her age was hidden by Esmeralda.

'This long week's holiday, I will contact one of the families in Melbed that has a connection to the Dark Elves.'

Since he didn't have a clue, he could only start from scratch.

'Esmeralda said I could find her. But I don't know where, when, and how.'

He sighed as he walked. He looked at Lou, with whom he was holding hands. The woman was fidgeting, trying to hide her blushing face.

"Lou, do you..."

"Hm?"

"No, never mind."

He shook his head. He wanted to invite her to Melbed, but he realized that he was on a mission right now. Lou might get into trouble if he asked her. Besides, Lou's identity was a Dellian and that might cause a problem.

The apartment was quite far away, but neither of them was angry. They were happy to spend time together, holding hands and walking down the street. They preferred walking instead of using vehicle, considering that some streets were under construction.

"Here we are."

"You live here?"

Lou was stunned as she looked at the tall building in front of her. Her neck was already hurting as she looked up. Perhaps because the building was too tall, Lou could not see the top.

.....

.....

...

"... I wonder if he is safe."

Oni Chichi kept looking, hoping that she would find him. He didn't return for two days and Oni Chichi hoped that he survived the monster wave.

"Oh, Oni, you're here! Good morning!"

"Huh?"

As they walked to the entrance, Calix found Oni Chichi coming out of the building. He waved and greeted her.

The woman looked haggard and had large bags under her eyes. It looked like she didn't get enough sleep.

"Huh?"

Oni Chichi was stunned, her feet stopped and she stared at Lucky(Calix). She didn't know why, but her heart started beating fast when she realized that she wasn't dreaming.

Calix was standing before her.

Her eyes turned red. She thought that something bad had happened to Calix.

Calix was a nice guy and he treated Oni Chichi well. In the last few months that Calix had been at the university, his relationship with Oni Chichi had improved. They became friends.

That's why Oni's chest felt relieved when she found the man who greeted her with a smile.

"L- Lucky--"

She almost ran and hugged him, but her feet stopped when she realized that someone was standing next to Calix. It was a woman. A beautiful, lovely woman wearing a nice T-shirt and knee-length shorts. A simple yet elegant woman.

Moreover, Oni Chichi knew the identity of the woman. It was Lou Viola, her friend...

Oni Chichi swallowed her saliva and her lips twitched as she tried to smile.

"H- hello..."

"Oni!"

Lou Viola was glad to see her friend. She approached Oni Chichi and hugged her.

"Thank God, I'm glad you're okay!"

Oni almost jolted when she realized that Lou was hugging her. Lou's feelings were genuine and she was glad that Oni was alive after the incident.

"Y-yeah."

Realizing that she was acting suspiciously, Oni hugged her back. But her gaze was on Calix who was watching them.

"It's nice to see that you're okay."

Calix smiled. He had a friendly relationship with Oni. Sometimes he asked her about things he didn't know at Horvart University.

"Y-yeah, me too."

Her smile was a bit forced, but Calix was no longer looking at her. He was staring at Lou with a soft gaze.

Oni Chichi felt her heart being crushed. Nevertheless, she did her best to smile.

'Indeed... Oni, you must remember your past. You don't deserve happiness.'

She bit her lip and weakly pulled away from Lou after the hug.

Lou wiped away her tears and so did Oni.

There was a teasing grin on Oni's face as she looked at them.

"So... you two, are you...?"

She narrowed her eyes and studied them. Lou and Lucky were not that close, but now...

"Hm, let's see. I'm surprised to see you together. Did something happen the last two days?"

"N- No, it's not what you t- think!"

Lou blushed.

"I see," she nodded and looked at Calix.

"Lucky T. Tiko, if you hurt Lou, I swear I will hit you. Do you understand?"

"We're just friends."

Calix smiled. He denied that they were together because it could affect Lou's college life.

He knew he was not here to study but to find someone. Even if he wanted to say that he and Lou were in a relationship, he had to keep his mouth shut.

He did this to protect Lou.

"Humph! So be it! Anyway, I'm leaving now! I have something to do! Bye!"

She waved her hand and left.

"Be careful on your way!"

"I will!"

Knowing that she was already far from the building, Oni clenched her fist as she left. She felt that she had missed something important and regretted it deeply.

Maybe she should have been honest and told her feelings... Maybe she was afraid of being rejected.

.....

.....

...

"So, Calix, why do you want me to go to your apartment? Maybe you have something naughty in mind. Huh, what do you think? Am I right?"

Lou teased Calix in the elevator. She could see that Calix had a reason for wanting to take her to his place.

As a woman who had sex last night and was still affected by her pheromones, Lou thought that Calix wanted to take her to his place because he wanted to have sex...

"You'll know when we get there."

When they reached the place, Calix immediately went to his room to get something.

'I wonder what he's going to do.'

Lou was curious as she looked around. This was her first time at his place and she was nervous.

But when Calix appeared, he was holding a box of DVDs.

"... Are we going to watch something? Don't tell me it's something perverted?"

Lou was confused, but Calix just kept smiling.

"No, I promise it's not porn. It's something better, I prepared it for you after I found out that I'm going to Junian."

"For me?"

Chapter 345

-- Hello Lou? If you're watching this, I want you to know that you don't have to worry about us. We are doing fine here!

Nanny Lola waved her hands happily at the screen.

As she watched the video, Lou covered her mouth, tears rolling down her cheeks.

She looked at Calix.

"I contacted Nanny Lola and your parents as soon as I found out that I was going on a mission to Junian. I promised to myself, I'm already sure that I will find you no matter what and give you this gift."

He said while looking at the screen. He spent a day in Nanny Lola's hometown just to make these videos. He took a video of Lou's hometown and put them together, and in the end, he collected three DVDs.

"I also talked to your parents. I told them I have a way to send these videos to you and they agreed."

The video changed scene and Lou could see her parents greeting her.

Lou sobbed and wiped away her tears. She had been gone for two years and she missed her family.

Just to see them on the screen made her heart swell.

"Thank you... Thank you so much."

"I did it because I know you miss them."

Lou hugged him and cried against his chest. She thought she was done being a crybaby, but here she was, crying like a baby.

"I was actually trying to think of a gift to give you. I'll settle for this."

To be honest, Calix wanted to give her a nice dress or a large amount of cash. But he knew Lou would never accept such things. She never even touched the money he sent to her bank account.

"Hm, I like it."

Her voice was hoarse as she replied.

Calix is a thoughtful guy. Even though their time together was short, he was gentle with her, showering her with love and kindness.

This time she was clearly in love.

The two shared a sweet kiss and went back to watching the video. Lou sniffed her snot the whole time and Calix was there to comfort her.

-- Lou, we want you to know that you don't have to be hard on yourself. You can ask for anything and we will do our best to help you. What kind of father am I if I can meet your needs?

-- Lou, honey, please eat healthy food. Don't go hungry and sleep well. I know you are a disciplined child, but sometimes it is not bad to have fun. Although I don't want you to go to dangerous places.

Lou's mother spoke lovingly.

They might be strict parents, but they were strict because they loved their daughter. Lou understood very well.

"Hm, I will be a good girl, Mom."

Her eyes were on the screen. Seeing that Nanny Lola and her parents were healthy and well made her feel better.

"Thank you, Calix, I feel good now."

After watching the video, Lou smiled, her eyes shining and reflecting her joy.

"I'm glad to see you are happy."

Calix kissed her forehead.

There was no sex or passionate kissing. They just held each other for a long time and that was enough to show their love.

Lou giggled as she wiped away her tears after they parted.

.....

.....

...

"Are you sure you don't want me to take you home?"

Calix asked worriedly. He stared at Lou, whose eyes were bloodshot from crying too much.

"No, I'm fine. Besides, I want to spend some time alone."

"Okay, but I want you to take a flying car."

"It's expensive, you don't have to. I can just walk."

"I insist. Do you really want to see me get angry?"

The road was blocked, but flying cars could be used without a problem. However, the flying cars were not allowed to fly at higher altitudes because of possible attack by the Aberrants.

"I will call a flying taxi and will not leave until I have seen you get into the taxi. Don't worry about the money, I'll pay for it."

"No..."

"Lou Viola, do you want to be punished? Huh?"

"I don't."

She blushed and lowered her eyes. To be honest, she did want to be 'punished'. She knew that Calix would punish her with his third leg.

It was a punishment Lou was ready to accept at any time.

However, it was not the time for jokes and Lou was reasonable enough. She knew that Calix only cared about her and wanted to see her safe and sound.

Calix handed her an inch cube.

"I'll be gone for a week. I want you to take care of this while I'm gone."

"I-I will."

She nodded. She stammered, wanting to say no. But she knew that Calix would only be disappointed if she refused his goodwill again. The cube Calix gave her was a C-Series Battlesuit.

"Contact me when you return."

"Then have a good week. Let's meet again next week."

She waved as she walked to the flying taxi that landed.

She squeezed the cube as she entered the car and waved again.

She was definitely going to miss Calix this whole week... Maybe she had to use her toys again to satisfy her loneliness.

When Calix saw that Lou was already gone. He went back to his apartment.

When he entered the place, his face stiffened when he realized that there were five women in bikinis in his apartment. They were like hyenas ready to devour him.

"... Calix, would you mind telling me who that woman is?"

Scarlett approached him with a smile, but not a smile. She was wearing a skimpy bikini that covered nothing but her private parts.

"Calix, you smell like a different girl!"

Even Yuna grinned angrily as she sniffed his body. She caught the scent of another woman... And her blood was boiling.

There is another bitch to look for!

"I..."

Calix gulped.

Lou was lucky to have escaped the confrontation. If she had been even a minute late, she would have been harassed by the five women.

Chapter 346

"Calix, I love you~ Fuck me please!"

"Use me like I'm nothing but your toy~"

"This pussy is yours, baby."

"Ahem... You know you're the only one who stretched my vagina, you must take responsibility."

"..."

Each of them had their own sentence, but they had only one meaning - "Calix, let's have sex".

Calix sighed and began to undress. He immediately tore the bikini of the woman closest to him, which was Scarlett.

"Aannhh~"

Her breasts bounced as they escaped the restraints. Calix immediately smothered his face in her breasts and sucked on them like a baby.

"Fufu, you really like breasts."

Scarlett muttered and hugged him.

As for Yuna, who was standing next to Calix, she sulked because she had the smallest package of all.

"Humph! I can beat you with my technique!"

She kneeled down and pulled his pants down. His cock was still limp, but Yuna sucked it deep into her throat. In one fell swoop, his cock was covered in drool. Yuna started bobbing her head as she felt his cock getting hard.

Kimberly, Nikki, and Marianne joined in on the fun, pleasing Calix.

Right now, Calix was drowning in them, and he loved it!

His mouth, penis, and hands were all busy. He was finger fucking Kimberly and Nikki, fucking Yuna's cunt, licking Marianne's clit, while Scarlett was tickling his nipples.

"Aahhh~"

When Yuna had an orgasm, Marianne quickly kicked her out. She fought excitedly for the position of riding Calix.

The blonde elf sat on his cock and moaned as his rock-hard penis penetrated her hungry pussy.

"Nnnngghh!"

She closed her eyes and began to move her hips. She wanted to enjoy this moment. The last time she had sex with Calix was six days ago, but that felt like an eternity to her.

"Hey Marianne! You already came with one thrust, now it's my turn!"

Scarlett barked but Marianne kept the cock in her pussy.

"D- Don't misunderstand! I didn't come with his cock! I- I don't feel good at all! Mhmm~"

She was clearly lying.

After everyone came on his cock, they kneeled close to each other as they sucked Calix's cock with each turn.

Calix would point his cock at someone and that girl would immediately stuff it in her mouth.

He pointed it at Scarlett and the woman licked his cock greedily.

Then he pointed it at Kimberly. She sucked it all out, her cheeks squeezing his cock tightly.

Each of the girls had her own way of sucking. But of all of them, Yuna was probably the best cock sucker.

Her cheeks were splattered with her own saliva as she dirtily sucked on his huge penis. Yet she never choked while deep-throating him. As if she never needed air to breathe, she blocked her throat with his cock!

.....

.....

...

Calix performed the deeds and satisfied his lovers. It was tiring because it was an all night game. But because of his ogre blood, he had a strong libido and could even endure three days of procreation.

Ogres might be gentlemen, but they were monsters in bed. That's why women love Ogres. Unfortunately, this race had already disappeared from the face of the earth.

Calix yawned and stretched his sore limbs. He grinned as he saw naked women lying next to him.

He rubbed his eyes and stood up carefully so they wouldn't wake up.

'Today is the day I have to find a certain family.'

He prepared food for them and one by one the women awoke to the smell of a delicious meal. They were hungry after a night of lovemaking.

"Calix, say aahh~"

At the dining table, Scarlett lifted her spoon to feed Calix.

"Scarlett, I'm not a child."

"Aahh~"

Scarlett's crimson eyes glowed. Calix shrugged and accepted her food. As always, he could not fight Scarlett.

"Fufu~"

The redhead giggled as she watched Calix munch. Then she gave him another one and Calix just accepted it. The food tastes good.

"Tch!"

Marianne rolled her eyes and continued to eat. Although her hands were shaking uncontrollably.

"Damn it! She beat me to it!"

Yuna almost pounded her fists on the table. She gritted her teeth as she watched Scarlett feed Calix.

As for Kimberly and Nikki, they were much more mature and could keep their emotions in check. They might be jealous, but they had enough understanding not to fight in front of the food.

"Calix, feed me too!"

Scarlett begged him sweetly and Calix shook his head in defeat. In the end, he spoon-fed her, but Scarlett asked for everything.

"Calix, you stupid baka! I'm not talking about food, I'm talking about something else."

"What do you mean?"

He tilted his head and lowered the spoon.

"I'm talking about this!"

Scarlett moved closer and sniffed his neck. She licked her lips and bit it.

"Ah. Yes, I remember you're consuming blood too... Go slow, you don't want me to pass out, right?"

Calix said casually as he let the woman consume his blood. He was already used to it. Scarlett liked his blood. She would only drink his blood and nothing else.

"Mm, tastes good as always. Thanks, babe, I love you!"

She hugged him and sat on his lap.

"Can I eat now?"

"Of course."

He continued to eat. Maybe this kind of situation was already normal for him.

He ate while the other girls looked at him with pleading eyes. Scarlett, however, just grinned as she watched their bitter expressions.

"This man is mine. You are nothing but cock sleeves!"

She said with a look.

'We'll see about that.'

The other girls replied with their glares as well.

It seemed that they could communicate with their gaze, which was amazing in my opinion.

Chapter 347

"So who's the lucky girl?"

Scarlett asked as she sat on his lap and rubbed her ass against him to stimulate him.

"I think I have an idea."

Before Calix could answer, Kimberly beat him to it, adjusting her glasses.

"It's Lou Viola, right?"

"What? That maid!"

This time, Yuna slammed her fists on the table and the plates clattered. Luckily, they had just finished eating.

"I see... So that woman, huh?"

Scarlett's eyes twinkled.

The first three women in the harem already knew about Lou Viola. But only Yuna had seen the maid in person. Even Kimberly had not met her.

"Interesting."

Scarlett muttered.

"From the moment Calix decided to stay at this university, I knew this would happen."

Kimberly sighed. But no matter what she did, this outcome was going to happen anyway. The COO of Cudgel Tech had no power over this foreign country.

"Who is Lou Viola? Can anyone explain who she is?"

Marianne asked curiously. She had never heard of this woman and felt left out. She looked at them and Kimberly was the only one who wanted to explain.

"She's the fourth girl."

"The fourth girl?" Marianne frowned. "But I thought I was the fourth?"

Her expression was not good.

"Pfft-haha, you think you are that high up in the hierarchy? Marianne, you are the fifth!"

Scarlett rubbed salt into the wound and giggled. As always, she would find a way to make fun of Marianne. Perhaps their rivalry was still strong to this day.

"..."

The blonde elf's face was red. She clenched her fists, she could not believe that someone had beaten her to it! She was not the fourth girl all this time! And no one had told her! What a shame!

Suddenly, she glared coldly at each girl, but no one was afraid of her.

Then her eyes stared at Calix, who was acting innocent. She raised her eyebrows and asked condescendingly.

"Calix, you never tell me about this fourth girl of yours."

Since this was a tough competition, Marianne wanted a much higher position.

"Well, you never asked."

Calix answered as best he could. He wiped off his sweat and pretended to do nothing.

He looked at Marianne and Nikki. He sighed in relief when he realized that they were not that angry. At least Nikki acted nice, she never took the placement seriously. As long as Calix loved her, she was fine with any placement.

"Besides this Lou, do you have any other girls we should know about? Maybe I'm not even the fifth girl."

This time the women stared at Calix, waiting for his answer. More sweat covered his face. They wanted to know if he was hiding someone...

"Ahem, Marianne, I can assure you that you are the fifth..."

"I don't feel good at all, humph!"

She rolled her eyes.

"As for hiding someone... I actually had sex with someone."

Their ears twitched to hear more.

Know your enemy, know yourself. A thousand battles, a thousand victories.

-- Sun Tzu. Art of War.

That was the right reference, guys.

Everyone listened to his next words.

"Her name is Athena Hercul."

"..."

They were stunned and immediately glared at Scarlett.

"You vixen! You dare to use your henchman to increase your power! Unbelievable!"

That was their first thought when they heard Athena had sex with Calix.

"Don't look at me like that, I never ordered Athena to do that. Besides, I already kicked her out of the Tempest Clan."

Only Scarlett and Nikki knew about Athena.

"Okay... So what number is she?"

Marianne asked. She was worried that her ranking would drop again.

"She's seventh. Before Esmeralda."

"I see. Not bad, I guess."

"Yes, yes, so Esmeralda is the eighth... Hehe, too low."

When they heard that Athena had defeated Esmeralda, they were no longer angry. They smiled and giggled as if they had won the battle.

It seemed that their hatred for President Esmeralda was stronger than Athena's secret fucking.

Esmeralda Margaret was the 'strongest' opponent. No one could defeat her, even if they worked together. The only way to beat her was to become a Demi-God. And only Scarlett Robinson had the qualities to become a Demi-God as of now.

"Good, we are calm now."

The girls stopped asking questions. They cleared the table and got ready to leave. Before they left, of course, Calix had to kiss them on the forehead.

It was a custom now, every time they said goodbye. They felt that something was missing if Calix didn't kiss them goodbye.

.....

.....

...

"Well... Let's get ready and go to Melbed."

He packed some clothes after the girls left.

"Hm? They left nice gifts."

He noticed that the girls had left their bikinis in his closet. It would be bad if someone saw them, so he put them somewhere protected - in his spatial ring.

He closed the door and set sail.

.....

.....

...

The journey was not that long as the two cities were close to each other.

"Strange... I think this place reminds me of something. Probably just my head making false memories."

Calix entered the rural village near Melbed. He was here to find the family that was said to be confirmed descendants of the Dark Elves.

"This is the place."

He found the house, which had a beautiful garden of red roses around it. The houses here were a hundred meters apart. Everyone had beautiful plants on their property.

He knocked on the door and waited for someone to answer.

A few seconds later, a woman who was about 30-40 years old opened the door.

"Hello, is this the house of Alb's residence?"

"Ah, yes," the woman smiled and looked at him. However, her eyes trembled when she recognized him.

"Clara? My daughter?"

"Huh?"

Calix tilted his head. The woman's reaction was too strong and overwhelmed him.

The woman began to sob and hugged him.

"Clara! I miss you so much!"

Calix was stunned. He tried to push the old woman, but stopped because he felt sorry for her.

He looked at her in confusion.

'Who is Clara? Wait, that's my mother's name!'

Suddenly he realized something big.

"Alb..."

This was his mother's maiden name! This was so shocking that Calix's jaw dropped!

'My mother is a descendant of High Elves, and she is a descendant of Dark Elves as well!'

He never expected that.

'That means this woman is my grandmother? But she looks so young...'

Chapter 348

Calix was stunned as the old woman embraced him, crying loudly as if she saw her dead daughter...

"W- Wait, ma'am, you need to calm down! I'm not your daughter, can't you see that I'm a man? I'm a he! My pronouns are he and him!"

He declared and pushed the woman.

"Wuu wuuu wuuu wuuu..."

The woman wiped away her tears and looked at him.

Indeed, this man was not her daughter. The only thing they had in common was the eyes, the green eyes like the forest...

"I... I'm sorry."

She sniffed and stopped sobbing. Still, her heart was broken. It took her half an hour to calm down.

Calix felt bad watching her cry. If he was right, this woman before him was her grandmother. He only met her once, and he was just a baby back then, so he didn't remember her.

He pulled out a handkerchief.

"Ma'am, you can use this."

"Th-thank you."

She stopped crying and tried her best to smile. But it was obvious that she loved her daughter very much.

"So... May I know who you are and why you are here on my property?"

"I'm a reporter from CNM and I want to interview you about the tragedies of your ancestors."

"I see, so it's the same guy again. I can't remember how many times this has happened lately." She frowned.

"The last time was a woman who asked me the same thing! But I'm not stupid. I know that they are just using the past crimes of the royal family to kick the current king off the throne!"

"Y-yes."

Calix nodded and agreed. He hadn't expected that the people were really crazy. They would bring back the crimes of the past to demonize the current government. Slavery was over, but some organizations used it to create division.

"You're one of them, huh?"

The woman looked at him, this time a little questioningly. She had no respect for reporters and paparazzi. Most of the time, they would do anything just to get a good scoop. They didn't care about someone's privacy.

Her gaze was even heavy. Calix started to sweat as he realized that this woman was not easy.

But in the end, she let him in.

"You can come in... About your kitten, wait, why do you have a kitten sleeping on your head anyway? Is that the latest fashion trend?"

"Ah no, this is my cat Mera and he likes to sleep on my shoulder and head, I don't dare to disturb his rest because he's cute."

"Miao~"

The kitten replied sleepily and fell asleep again.

"A valid explanation."

She nodded. Even she would not disturb a cute sleeping kitten, she would rather take a picture.

"But before that, I want to make things clear. What happened in the past has to stay in the past. We can't blame the current government for what happened back then."

"Alright."

Calix's real intention was to ask her grandmother about the Dark Elves, not to fan the flames.

The two went into the living room and sat down at the table. Calix looked around and his eyes trembled as he saw something.

"This is..."

"Oh, it's a picture of my family. Maybe you understand why I cried earlier. You look like my daughter, I'm sorry if I surprised you."

"No, it's okay."

Calix stared at the picture. He saw the picture of his young mother and his heart felt bitter. Even though he was a young boy when his mother died, he still missed her.

Now he confirmed that this woman was his grandmother.

'My grandfather died when I was 16 years old. My father wanted me to attend the funeral, but I was suffering from my backlash and didn't come...'

There were four people in the picture. His grandmother, grandfather, uncle, and mother. A family of four. They looked happy in the picture.

He did his best not to cry.

"My daughter loves to explore and she said she wanted to travel around the world. My husband and I didn't want that because the world is dangerous. In the end, we compromised by letting her study in Dellia, that country was safe..."

She pursed her lips. She hadn't expected her daughter to die like that. She wiped away her tears.

"Anyway, let's start the interview and finish this early."

"Okay," Calix pulled out his notebook and pen.

"We heard that your family comes from the line of High Elves and Dark Elves, is that true?"

"Indeed. My husband has light brown skin because his ancestors are Dark Elves. As for me, I'm from the High Elves of Fate."

He scribbled on his notes.

"Can I give you a scenario? Just to revive the history of the elves."

"Go ahead."

"If Dark Elves still exist, where do you think they are now? Is there a place where they can live freely without being discovered?"

"Like a paradise or a sanctuary?"

"Yes, like that."

"Hm, there was a story I heard from my husband when we were young. There is a holy place where Elves live, but it's just a myth."

"Can I know the name of this place?"

"It is called the World Tree. A sacred tree that the Elves worship."

"I see. Then--"

-- Ding!

Because Calix was too focused on questioning his grandmother, he never expected someone to actually approach the house.

"Mom, it's me, Berto."

"Oh, that idiot son of mine! He never told me he was coming to visit."

Despite saying this, the woman looked happy as she opened the door.

"How's your day, Mom?"

"Quiet, I have a reporter here. Let's talk later, okay? I will finish this quickly!"

Berto Alb entered the room and was stunned when he saw Calix.

Just like Berto Alb, Calix was also shocked.

Calix knew this guy!

Berto Alb recognized him too! He was definitely sure!

They met in the Ancient Library!

Chapter 349

Calix immediately controlled his emotions and smiled. He greeted Berto with a "nice to meet you" nod.

Berto returned the gesture, then looked at his mother.

"Mom, this man is...?"

"Oh, he's a reporter. You know, like in the old days. But he's a nice guy, so I let him in."

"But Mom, you should be careful, okay? You can't just let people into your house like that."

"Oh come on, I'm the one we're talking about here. I can protect myself." The woman winked.

"So? What's with your eyes? Have you been crying? Did that reporter make you cry?"

Berto looked at Calix. His voice was as clear as it could be, and Calix kept his somber expression without making a sound.

"You stupid, Mr. Reporter didn't make me cry... I... I just made a mistake and thought he was your sister. His eyes were like your sister's."

In their family, only Clara had green eyes, so it was hard to ignore the comparison.

"Okay," Berto sighed. He thought his mother was being bullied.

"Don't worry, sir, I'll leave now. Ma'am, thank you for giving me the opportunity to speak with you. Now, would you please excuse me?"

Calix gathered his things and stood up. He looked at them and said goodbye. He knew the situation was bad for him. Berto would identify him and his mission could be compromised...

Furthermore, Calix realized that the man he fought in the Ancient Library was actually his uncle!

What a coincidence!? They almost killed each other!

So Calix decided to escape before things could get worse.

"Really? I'll prepare some cookies and tea."

"I'm fine, ma'am. Then have a nice day."

Calix steeled his heart and walked through the door. Even though Berto was staring at him, he greeted him for the last time and left.

"I thought he was going to ask for more information, I guess he felt bad that he disturbed your visit."

Mrs. Palina Alb said as she stared at Calix's silhouette. Her heart was still restless when she thought that Calix resembled her daughter.

"Berto, do you think this boy is your nephew?"

She said, but she was not sure.

"You mean Calix? Clara's son who's in Dellia? If he really is in Junian right now, then I will beat Andreas for keeping it a secret."

Berto replied, his eyes deep in thought.

"... Never mind, I'm probably just missing my daughter."

She shook her head and smiled bitterly. Maybe she was still affected by the death of her daughter and her husband. Losing two members of her family was heartbreaking.

"Mom..."

"I'm fine."

She assured him. Berto hugged his mother and comforted her. Mrs. Alb was already old and lived her life in this lonely house. Berto wanted her to live with him, but Mrs. Alb never wanted to let go of the house, because this place meant a lot to her.

"Where is your son? Does he not want to visit me? You are on vacation, right?"

"Don't worry, he said he would come."

Berto sighed. His marriage was in shambles and he was divorced. Even his son's last name was not Alb, because Berto's ex-wife was a stubborn woman.

"Then I will prepare nice dishes!"

She clapped her hands happily and went into the kitchen.

Berto, who was left alone in the living room, looked in the direction Calix was going.

"If I remember correctly, that man stole something. I swear, Andreas is an asshole in educating his son! He let his son become a criminal! What a father!"

Confirmed. Berto resents Andreas, probably because he blames Andreas for Clara's death.

.....

.....

...

"Did I escape?"

Calix wondered, turning around to see if anyone was following him. He sighed in relief when he realized that no one was following him.

He was back to being an emo guy with bangs over his face, not a clean-cut reporter.

"I thought he was going to attack me. His look is pretty scary. Damn, I never know if my uncle is really strong!"

He was not confident that he could defeat someone like Berto. Unlike Esmeralda, who specialized in darkness. Berto had unique abilities that could defend against his luck.

'Maybe it's because my uncle and I are from the lineage of High Elves, that's why we have strong powers.'

To be fair, Esmeralda Margaret was a Dark High Elf too.

"Shit's going to get worst if we fight."

He was not the protagonist, Calix knew that long ago. But in a way, everyone was the protagonist of their own stories.

"Huh? Lucky, is that you? Man, I never expected to see you here!"

While Calix was busy with his own thoughts, someone greeted him.

"Hey, Quandale Dingle here!"

"Huh? Quandale? Why are you here?"

It was a shock for him to see one of his friends in this place. Maybe he lived here.

"I'm here to visit my grandmother."

The two dabbled and talked.

"What about you, man, why are you here?"

"I was exploring the capital when my feet brought me here. This place is nice. It's quiet, unlike the city."

"Indeed. Anyway, let's play again when the vacation is over."

"Have a nice vacation, bro."

"You too, bro!"

The two separated.

"I can't believe I'm going to see Quandale here.

"What are you doing here?"

"Oh shit!"

When he was far away from the village, Calix almost had a heart attack when a guy appeared behind him. He immediately turned around and pulled out his necklace.

"Interesting weapon you have."

Calix's weapon turned into an SMG MP7 and he pointed it at Berto, who appeared out of nowhere.

"Unfortunately, that thing won't work on me."

"What do you want?"

Calix became serious. Even if the person in front of him was his uncle, Calix was not afraid to pull the trigger. He was not close to him anyway. His life over a strange uncle, of course.

"I should ask you, what do you want from us?"

Berto was not joking. He stood there, threatening! Even his posture was commanding.

"..."

Gritting his teeth, Calix's body was wrapped in a Battle suit. In case Berto attacked him and sent him to the strange office rooms.

Chapter 350

Calix was protected by the Battlesuit and ready to fight. But Berto just stood there and looked at him calmly.

"You know you will lose if you fight me."

"You'll never know if you don't try."

The two stared at each other. If the fight happened, this village could be affected and people could be hurt.

In the end, the two were mature enough to understand the consequences. Calix dropped his weapon and Berto accepted his gesture.

"I know you're not part of the Council of Torment. We found the body of Minokawa in the deepest floor. We confirmed that you were transported there by accident. However, it's true that you stole something from the Ancient Library."

The cameras did not work because the Council of Torment had infiltrated the Ancient Library. However, the University has brilliant detectives. They figured out Calix's real situation -- he was just caught up in the problem, but he was innocent. Except for the fact that he stole a treasure from the library.

"Bring it back and this will be over."

Berto held out his hand. He didn't want to punish this man because he was related to him by blood. Besides, Calix had killed the followers of the Council of Torment in the Ancient Library. So Berto respected him for that.

"About the treasure... I can't return it anymore."

The cat on his head still slept peacefully. Even though the tension was quite suffocating.

"I'm not asking, I want you to give it to me."

His gaze became darker and heavier. From this distance, Berto could summon hell and burn Calix to ashes.

"I guess I have no choice."

"Nyah~"

He sighed and placed the kitten on his uncle's hand. Mera opened his eyes for a second before returning to his slumber. He preferred to sleep in the sunlight.

"Do you think I'm joking?"

Veins appeared on his forehead and Berto became angry.

"Why are you giving me a cat?"

"That's what you're asking."

Calix replied. He was a little sad that Mera would be taken away. However, Calix understood the truth that he had stolen the cat. Berto had the right to take it back.

'I'll miss you, Mera.'

The cat still called him Daddy... And Calix's heart was breaking.

"This? Cat?"

Berto clicked his tongue and handed the sleeping cat back to Calix. He felt that his nephew was joking with him and it was disrespectful.

"Never mind, the egg is not fertilized and it can't hatch."

'... Did they not see the eggshells? Did the eggshells melt or something?'

There should be eggshells left in the deepest floor after Mera hatched. Yet it seemed that Berto and the others never saw them. Perhaps the eggshells had indeed melted.

"You... How's your father?"

"Huh?"

Calix tilted his head, confused.

"Tch, I'm talking about your father, Andreas Romoel."

"..."

Calix closed his mouth and his whole attitude changed.

"You can't hide it from me. I know your identity-"

Right before Berto could finish his sentence, Calix immediately dropped a smoke bomb. The whole place was filled with smoke.

"This bastard--!"

Berto summoned Hell and extinguished the smoke. But when the place became clear, Berto realized that Calix was already gone.

"This is the second time he escaped from me! Damn it! I should have taken him to the Back rooms!"

It seemed that even an experienced soldier like Berto Alb could lose.

"And I have never seen his real face! He knows me, but I don't know him! What is this unfortunate situation?"

The man's face was covered with bangs. Berto had no idea where to find him.

"Clara, your son is a pain in the ass, just like you."

He sighed in defeat. At least Berto confirmed something, his nephew didn't have bad intentions. He could not feel the hostility in him.

A few hundred meters away from Berto, Calix's tense body shook.

"It's a good thing I'm wearing a battle suit, otherwise it would be impossible to escape from him."

Calix breathed heavily and leaned against the tree. In a brief moment, he threw a smoke grenade, he sprinted and ran away. Facing Berto Alb was bad for him.

"I'm not stupid and I know my abilities."

Running away from danger was always the best solution. Fighting would only make it worse.

He looked around and confirmed that Berto did not follow him this time.

"I'm safe this time, since he didn't know my true appearance. However, I have to stop using my emo face. Maybe I will try to grow a beard and act like an athlete, I have muscles anyway.

Meeting his maternal family was quite climatic and exhausting. Today he learned a lot of things and he is slowly processing them.

.....

.....

...

The long week's vacation ended and Calix returned to Horvart University. He had learned a few things, and one of them caught his attention.

"As expected, I can't find it on the Internet."

He searched on the Internet. But he could not find anything about the Sacred World Tree. As if it was not an important part of Elven history.

"It was as if someone had erased the history of World Tree.

Of all the people he asked, only two knew about World Tree.

The first was his grandmother, and the second was an old man suffering from dementia... And to be honest, Calix wondered if this 'World Tree' was even a real thing.

"However, my gut tells me that this thing is important. Maybe I need to talk to Esmeralda when she visits."

The week was eventful, and Calix successfully grew stubble on his chin.

"Well, I guess this mission will not be completed this year. I need more clues."

The search for a certain Dark Elf was still ongoing. Since his mission was ongoing, he had to keep his cover as a college student.

He stepped into the hallway, unaware that someone was in front of him. The two collided and Calix's shoulder accidentally touched the woman's breasts. The woman fell to the floor.

"Ugh-- Who in their right mind would do that to me!"

The woman grumbled. She glared at him and straightened her dress.

"Oh, I'm sorry--"

Calix stopped when he realized that the woman he had bumped into had nine tails...

Then he looked around and noticed that almost all the men in the hallway were staring at him coldly.

"Tch, fucking bastard, he bumped Shoujo's tits!"

"What a lucky guy!"

"Kill him!"

"I want to feel some tits too!"

They were mad.
