

Only Fuel 361

Chapter 361

After an exhausting night with President Esmeralda Margaret, Calix yawned and stretched his limbs when he woke up.

The two had a fruitful discussion last night and Calix learned a lot. However, he knew that Esmeralda was hiding something too.

He did not ask because he knew that it was related to her past. Calix decided to wait for her to tell her story.

Anyway, it was a brand new day for Calix. As usual, he started his day by taking a shower and drinking coffee.

Then, he would open the television just to check the news.

"Hm?"

His feet paused and he looked at the screen. The headline was a bit interesting.

-- Rabid humans attacking innocent people in public!

Based on the headline, it seemed that what Calix and Quandale encountered last time was not simple. There were infected people who would attack and eat people! It was happening all over Junian!

'Is this part of Esmeralda's plan?'

Calix chuckled as he knew that it was impossible.

'She is a devil but she will not do this kind of inhumane way of terrorizing. At least, that's what I can see.'

Esmeralda has a grudge but she still has her dignity. She would never hurt innocent people.

'... I really have to work hard. I have to finish this mission. I hope the field trip will bring me some important information about Dark Elves.'

He finished his preparation for the day and got out.

Just like the usual, he would first text Lou with 'Good Morning' before leaving.

A few minutes later, he reached the University and entered the classroom.

His first class was Archeology, where he could see Lou in front of the class. Of course, Quandale and his other friends were present too.

'This subject is their favorite because of one thing-- they can meet the actress Shoujo Ramune.'

Bunch of horny bastards, well, the nine-tailed fox woman was indeed gorgeous.

'Lou and I are classmates in two subjects, Archeology and History. In History, we have a project together with Oni, it's about writing an essay about the history of the Forest of Death. We even have to go to the Border just to interview the military. As for Archeology, I heard the professor will give a project today.'

Time waits for no one, even for Calix. He knew that his real mission was important and he had to put more effort into finding the missing Toshi Densetsu.

"S- she's here!"

Calix's friends excitedly murmured, they could hear the commotion outside. This could only mean one thing, Shoujo Ramune had arrived.

Just as they expected, the woman who had wagging nine tails entered the class. Many students greeted her and Shoujo returned the greetings.

Suddenly, her eyes went to Calix and she glared. However, her emotion quickly disappeared as if nothing happened.

'Did... Did I see it right? Did that woman glare at me?'

Since Calix had strong senses, he realized that Shoujo was still bitter about what happened last time.

Shoujo and Calix bumped and the woman was mad, even now.

'I swear, it was not my intention to touch her breasts when we bumped! Why would I do that? I have three girls who have nicer tits than her! I felt nothing at all when I touched her!'

He sighed. He has a pure heart, he was not interested in the actress. In his opinion, it was a hassle to dab his feet into dirty pond.

'Why bother?'

Still, he could feel the woman's hidden displeasure.

'Who gives a fuck? As if I care about her.'

If there was one thing that Calix was anxious of, it was none other than the fact that Shoujo and Lou were friends! Close friends!

Shoujo might be the cause of their breakup!

There might a chance that he would face the actress. After all, Calix and Lou were dating even if it was a secret relationship.

'Nevermind, I will do something about it when I get there. Maybe I just have to talk to her and fix the misunderstanding.'

Shoujo Ramune sat next to Lou and hugged her friend.

"I miss you Lou!"

"Me too!"

She said and snuggle closer. Shoujo and Lou were giggling.

'Hm?'

Unfortunately, Shoujo sensed something odd about Lou and her eyes trembled. Shoujo Ramune is from the Fox Tribe and she has a strong sense of smell.

When she hugged Lou, she caught a scent of a man from her. Lou was tainted by a man...

'No... That's not true.'

Shoujo realized that something big happened and she didn't know when it started.

"Hm? Shoujo? Are you okay? You look pale?"

"I- I'm fine. By the way Lou, did you meet a man yesterday?"

Her nose might be strong but it could only catch a scent from now to yesterday. She could not smell something that happened past that time. So her prediction was simple-- Lou met a male yesterday and his scent lingered on her.

"Huh?"

Lou was shocked and subconsciously nodded. However, she immediately realized her mistake and shook her head.

"No, I was in my dorm the whole day."

She didn't lie... They were fucking the whole day in her dorm.

It was a miracle that Calix fucked Lou in the daytime, then he fucked Esmeralda in the night. What a stud.

"I see. You don't have to be serious, I'm just messing with you."

Shoujo controlled her expression. She was an actress and hiding her emotions was her job. Unfortunately, no matter how much she tried to call down, her heart was pounding so strongly.

'... Bastard. I have to kill the bastard who dirty my Lou.'

She gritted her teeth behind the smile that she was showing.

Time passed by and the professor showed up. He announced the project.

Yet, Lou, Calix, and Shoujo were thinking of something else.

Lou was nervous because she almost told the truth.

Calix was thinking about how to find the missing Dark Elf.

As for Shoujo Ramune, her complexion was black as she thought of something improper.

Chapter 362

"Looks like everyone is here. But to be sure, I need to take attendance. Quandale--"

"Present."

The Professor was an old man who was a professional archaeologist. He began to call their names and confirmed that everyone was present.

Well, this class had a perfect attendance because of one thing - Shoujo Ramune. Everyone wanted to see her, so even if they were sick or tired, they would do anything just to attend this class. The advantages of having a star actress in the class.

"Let's start with your project. I want you to give me an old piece of equipment or a fossil that can be donated to our museum. You will display it in the museum. I'm not asking for anything fancy, as long as it shows history, I'll grade it properly. Of course, you have to invite students as well..."

The old man was actually a member of the Horvart museum, and he realized that students didn't like going to the museum. Doing such a project was a way to promote the place.

"..."

The students stared at the old professor, they felt like the old man was using them.

'Old equipment? Is he talking about antique objects? Things that cost thousands of dollars? Is this guy serious?'

The professor said 'give,' not 'lend'.

'Is this how the university works? It's all about money? '

This kind of project needs money, the better the object, the higher their grades. But where can they find an old object that shows history? What the hell does that even mean?

"Ahem, don't worry, I'll divide you into three members so that the burden won't be too great."

He wiped off his non-existent sweat and laughed. His intention was clear, he wanted to get antique items and promote the museum at the same time. Wow, what an asshole.

"Anyway, I'm going to group you now."

Pretending that he didn't see the condescending eyes, the professor started grouping them.

The result of the grouping shocked the students, and they didn't know whether they were lucky or unlucky.

The three members, Lucky T. Tiko, Lou Viola, and Shoujo Ramune, looked at each other. They were talking about the project, but it seemed that none of them could concentrate.

How could they? Their classmates were looking at them, especially at Lucky, with hateful glares!

'Damn jealous! Lucky really is Lucky!'

Every man in the classroom was cursing right now.

'Damn it! It should have been me, not him!'

They said as they slammed their imaginary arms on the floor.

"..."

The three didn't know what to say. Lou and Calix felt a strong sense of déjà vu. This scenario had happened last time, but Oni Chichi was the other member.

"... Let's talk about the project."

Lou started the meeting. She acted as if she didn't know Calix. She was good at her job, but Shoujo Ramune still caught something strange.

Lou never looked at Lucky, as if she was avoiding him.

This person, Lucky T. Tiko, was a transfer student from Carillo. A country from the south. This guy bumped into her and she still held a grudge.

'This person is really ugly. Why does he wear such skinny jeans? Does he want to show that he has a bug dick, heh, I bet it's probably small...'

She said in her mind. Her eyes looked down and she was actually surprised to see a big bulge in his pants.

'Damn, those legs down to... Anyway, I feel like something is going on between the two of them.'

Unlike Lou, Calix acted normal and added his thoughts to the conversation. There was nothing wrong with him, Shoujo concluded.

Still... She felt something strange and did not know what it was.

Shoujo wondered if these two had a connection. The woman(Lou) acted suspicious, but the man(Lucky)was casual as always.

"I have a suggestion," the nine-tailed woman smiled elegantly. She stared at them to read their expressions. "How about you leave this project to me? I can contact my agent-"

"No, that would be unfair."

Lou immediately disagreed and shook her head.

"Geez, but I never even finished my sentence." Shoujo pouted cutely and some men almost got a nosebleed. Shoujo is so cute!

"I know what you're going to say, you're going to ask your agent to find an ancient object from the past. That way, this project will be finished. But that will be unfair to us."

"That's right."

Calix nodded, agreeing with what Lou said. He had no reason to let Shoujo take over the project and throw money to get a nice grade. At least he had to participate and half of the money should be his. Money was no problem for him either.

"So what do you think, Lucky?"

Shoujo turned her head to Calix, her discerning eyes had a hard time reading this man.

"Well, I think we should find an antique shop and look around together. It's fair for all of us."

To be honest, he could find antique objects just by asking his harem, but that would be wrong.

"Let's see... I'm free tomorrow, how about we look for one?"

Shoujo was relatively free this month because she had just finished her movie.

'Let's finish this project quickly so I can spend my time with Lou and worship her body.'

In fact, this woman probably has feelings for Lou. As for what those feelings were, only Shoujo knew.

"I'm okay with that. How about you, Lou?"

"Me?"

Lou might pretend that everything was fine, but Shoujo was a master of acting. In Shoujo's opinion, Lou was just an amateur.

The moment Lou looked at Calix, her pupils trembled. She immediately looked away.

"I'm okay with it too."

She said.

'This... Could be...'

Shoujo's expression almost crumbled, but she was good at her job and held it together.

She smiled.

"Then let's meet tomorrow at the entrance of the school."

The three made a plan... Unfortunately, each of them had a different opinion about their meeting tomorrow.

Chapter 363

After the class, the students dispersed. Some of them talked about the project and trash-talked the professor. It was already enough that he asked the students to promote the museum. Yet he asked for more and demanded the students to donate antique objects.

The better the object, the higher the grade...

Is that reasonable?

Clearly not.

"Lou!"

Shoujo Ramune approached Lou and hugged her arm. Her nose scrunched when she caught the manly scent but she held it in.

"Shoujo."

Lou smiled sweetly. They were friends and Lou liked Shoujo very much. Even though their status was different, Shoujo was always good to her.

"I bought a mansion last week. Do you want to go later? It has everything that you want."

Shoujo said and squeezed her arm.

"Again? Shoujo how many mansions did you have?"

Lou was shocked but not that much. This was not the first time that she heard this thing from her. In fact, Lou already went to four of her mansions that were close to Melbed."

"13 if you add this one. You don't have to worry, I'm not wasting money. These are properties I can afford them. Maintenance is not the problem. Besides, when the owner learned that I was the buyer, he quickly cut the amount to 50 percent."

She giggled. She recalled the old fat noble that asked her to dinner, she didn't like him so she turned him down. Still, the old guy cut the price just to please her.

'What a stupid simp. Well, at least I saved money. The mansion is nice too.'

"What do you think? Do you want to go?"

She urged Lou. She wanted to friendly interrogate Lou about the manly scent on her body.

Once she knew the answer, she had a way to get what she wanted. After all, Shoujo Ramune is a talented woman and she knows her weapon very well.

"Tonight? I'm sorry but I have something to do tonight."

Unfortunately for Shoujo, Lou turned her down because she had other things to do. She shook her head and apologized.

"I'm sorry, maybe we can play tomorrow?"

"... I see. Then tomorrow it is."

Shoujo's expression didn't change, but she was disappointed in her heart. She weakly let go of her arm.

"Since it's break time, how about I treat you to lunch? Don't tell me, you don't want to."

Shoujo pouted. She would be sad if Lou didn't agree this time.

"Okay."

Lou shrugged.

"Yay! By the way, what are you going to do later that don't want to spend time with me?"

"Well... I have a project in History and I'm preparing for it."

"As expected of Lou Viola, you are really hard-working."

"Come on. Don't tease me like that."

.....

.....

...

Later that day.

"Ahhh~ Ahhhn~ ahhh~ guhh~~"

Lou was getting plowed. Her ass was reddish and getting pounded by a fat cock.

Her face ground the wall while her breasts slapped the wall as the man pumped her like crazy.

"Aaggh~~ Anngg~~ Oh God! My pussy feels good~"

There was no pain and only ecstasy. She enjoyed every second of this. It felt amazing. Every time she was fucked was better than the previous time. This was like getting hit by a hot iron rod.

"Calix fuck me~~ My pussy is only yours! Mmm-- I'm your cum dumpster! Dump your seed in meeeee~~ Guuhh~~"

Her mouth was watering, saliva dripped from her open lips, and her breath became uneven.

She was moaning and squealing recklessly. She did not care if the person in the next apartment heard her.

"Fuck!"

She loves every second of it. She was having the best sex of her life and she could not contain herself.

"Ngggnnhh!"

Lou finally came with a loud moan, she fell on the ground. Her back was covered with sweat.

It took a couple of seconds before she opened her eyes. She saw a naked man before her. His hair was wet and sticking everywhere.

However, her cunt was far wetter.

Her juices flowed out of her vagina. Calix's penis was also leaking a bit, most of the fluid was from her pussy.

"Mmm~"

Her skin looked shiny because it was sticky. The smell was disgusting yet addicting. Then, she licked her shoulder and tasted her salty sweat.

Watching her sexy licking, Calix was still hard and pulled her to the sofa.

"Hm~ You can fuck me all you want! Ah!"

Lou was getting vocal now. Perhaps her horny side was winning over.

She sat on him and faced his handsome face. Then, she slowly dropped her ass and she felt the rock-hard cock stretching her.

"Do you like it?"

She squeezed his cock and giggled.

He moaned loudly. "You are such an awesome fucker!"

Calix grunted. He gripped her hips and pushed into her. Lou's cheeks got redder. She closed her eyes and her breasts started to jump rapidly. Calix continued pumping until she was bouncing on his cock, gyrating her ass like a master.

-- Ring!

"C- Calix~ I think I heard something."

She moaned yet she did not stop moving her ass.

"Don't fucking listen to anything you hear. I am here with you, right in front of you."

He continued thrusting into her. Lou felt dizzy. The man in front of her was thirsty, he didn't hear anything except her moans.

"Guuh~~"

She moaned again. Calix growled.

"You're so fucking tight, Lou."

His member twitched. Her pussy was snuggling him so well.

"Yeah~~ You can fuck me more! Harder~ Ahhh~"

He could almost feel his dick pulsating inside her softness. The feeling was incredible.

He was in heaven. He didn't want to stop or even slow down. Calix lost control and started to move faster. Lou's legs moved in unison and her back arched. With a sudden burst of energy, she screamed.

"Ahhhhh! I'm gonna cum! I'm cumming! Ahh~ Calix! I'm coming!"

Lou's voice echoed through the corridor. She couldn't help but whimper. She had never cum this fast.

"Oh god! Yes! Fuck yes!"

He buried himself deeper into Lou's pussy.

Chapter 364

Their sweaty bodies grazed each other as they thrust their hips up and down in a synchronized rhythm. A deep moan escaped from Calix mouth, along with an occasional squeal of pleasure from Lou.

"Calix! Ahh my tummy, it feels warm..."

She clung onto his strong shoulder as he pumped her pussy hard. She leaned closer and hugged his neck as Calix pumped her up.

Her head spun with dizziness, but she didn't care at the moment. Nothing mattered except the heat between them... and that was quickly building to unbearable levels. Then, the tingling sensation hit her again.

"Ah...ahh~"

She moaned loudly, trying desperately to get off without stopping. She whimpered and her eyes rolled up. Her hands found his hair and pulled them. She could not help it, she was going crazy.

"Guuhh~! Shiiitt!"

She was cursing, unlike her usual demeanor. Calix's cock influences her badly, now she became a cock-slut for him.

"Bitch, move your ass. Don't let me punish you."

It was not over of course, as if her man would stop just because she came.

"Yes, I'm your whore~! Ah! Ah! Ah~"

The intensity of the sensations made her want more.

"That's right... Work that booty."

"Hm~~ uuuhg~ huuhh~"

"Good."

Calix felt good against her, and he loved hearing her voice when she was like this-- so needy, and desperate. The way she moan made him so hard. He bit his lower lip, trying his best to hold back the noises he wanted to make, but failed.

"Fuck! You have a great pussy!"

"Yes! Yes! Yes! Aah!"

She cried out in delight as Calix thrust deeper and harder into her tight channel. It hurt a little, but that was nothing compared to what was coming next.

“Ah! Ahhh!!! Ahhhhh!!”

She could feel him throbbing!

"Fuck!"

Calix groaned and buried his face into her neck, kissing her skin. His thick white cum spurted in her womb and made her dizzy in ecstasy.

“Mmmm~”

A sigh escaped from Lou's mouth as Calix hugged her back tightly while gently pounding her. Making sure to dig deeper into her vagina.

"Aahhnn!"

Her mind went blank as all her senses were numbed by the intense pleasure.

Calix had no idea what he was doing or how long he was going to continue to pump her. He held Lou tighter, feeling her body stiffen with pleasure.

They were both covered in sweat and fluids after this amazing session. It smelled like the sweet perfume of sex and arousal on each other's bodies.

"Haaa..."

They remained wrapped in each other's arms after finishing. Their breathing evened out, and their bodies cooled. She still had some lingering warmth from her climax. Using her fingers to scoop the fluid and she rubbed them all over her chest.

"Let me get my phone."

It would be a waste if he didn't take a picture. With his high-resolution camera, he started taking a bunch of pictures.

Lou was naked on the sofa, covered in love juice. She made sexy poses. She even spread her vagina to show how much semen was injected into her.

"Ngggnnhh~"

.....

.....

...

After the photo session, Lou stood up and went to the bathroom to take a shower.

"... What?"

As for Calix, he recalled that his other phone was ringing earlier.

The phone was an old version with a keypad and this was the only method where he could contact his girls. Now that clarity returned to him, Calix immediately grabbed the phone. He read the text message, only to realize that it was too late.

-- Swoosh!

A portal materialized in the living room, leaving Calix dumbfounded. He was still buck naked and his cock was covered in love juice.

"Calix, you tease, you already prepared for us~"

Yuna quickly jumped out of the portal and her eyes twinkled when she found Calix naked.

"I thought something happened to you because you didn't reply."

Then, Scarlett came out too. Her demeanor was cold yet sexy as always.

The two women approached him with lust, licking their lips.

As for Calix, he stiffened because he was not ready to introduce Lou. The worst combination was here.

Both Yuna and Scarlett were dangerous bitches. They were easy to jealous.

Yuna Garcia is a Yandere, she might stab Lou.

Scarlett Robinson is far more dangerous. She killed her relatives without hesitation.

These two are bad news.

Calix loves them but he knows the truth. These girls are cold-blooded.

"G- guys, I think we have to--"

"Calix, I think someone used my shampoo, huh?"

Unfortunately, the situation became much worse. Lou came out of the bathroom naked with her tits bouncing.

"Um...?"

Lou was shocked to see two women next to Calix.

Calix wiped his face down.

"Hoh."

"I see what's going on."

Both Scarlett and Yuna glanced at the two naked people. They immediately realized the truth.

"So you're fucking another woman, I guess that's the reason why you failed to reply to my text earlier. So this is the 'Lou Viola' that I was hearing of."

Scarlett smirked, but her crimson eyes were not happy at all.

"Calix, can I kill her?"

As for Yuna, she asked straight to the point. Yuna knew this bitch, she was Calix's maid. Calix took Lou's virginity back then.

"You can't. Yuna, if you hurt Lou, I will never forgive you."

"Humph!"

'I should have killed her back then.'

Yuna thought. Unfortunately, Calix stopped her at that time and took the scissor.

"Lou, these people are Scarlett Robinson and Yuna Garcia."

"Y- yes, I know them."

These two girls were famous in Dellia. Lou read articles about them. Yet, she was still shocked to see that these two girls were acting close with Calix.

She did not like it at all.

'Is this what it means to be possessive?' Lou didn't want any woman next to Calix, only her.

As a woman, Lou had a natural talent for acting. She smiled and greeted them with friendliness.

"Hi, I'm Lou Viola~"

Chapter 365

"Hm, I'm Scarlett Robinson."

The red-haired woman scanned Lou and clicked her tongue when she realized that Lou has nice long legs. Furthermore, she could see the trail of cum running down her thighs.

Instead of being mad, Scarlett was envious. She wanted thick cum in her womb too. Perhaps her common sense was affected after experiencing a good fucking by Calix Romoel.

"Um... Can I lick you? Your legs to be exact."

As for Yuna Garcia, her mouth was watering as she witnessed how the fluids ran down. Heck, she won't hesitate to eat her pussy just to get a taste of Calix's white cum.

That's right, these women are insane... Insane for Calix's seeds. His essence was an addictive drug that could make their minds numb. Truly a Lucky bastard...

"I..."

Lou was stunned and turned to Calix, asking if it was alright.

"No, you don't have to listen to them. They are just malnourished right now, they need nutrients from me."

He sighed. At least they did not attack Lou, or else his apartment would shatter.

"Anyway, just the two of you came? Where are the others?"

"About that, Kimberly and Marianne are busy while Nikki can't leave her daughter. So Yuna and I are the only ones who are free right now."

Scarlett lied easily. What she said was nothing but false. Of course the other girls might be busy but they would drop their jobs just to be with Calix.

'Actually, Yuna and I decided to visit Calix and we didn't tell the others. Humph! Perhaps Kimberly thought that she can one-up me, but she is wrong. Unfortunately, I need Yuna's teleportation to get here so I can only add her to my plan.'

Because of what happened last time, Scarlett gained a phone from Kimberly and she could communicate with Calix now.

"I see..."

Calix sensed that something was strange but he let it be. For now, he had to calm the situation. His eyes went to Lou and Yuna.

"Hello, I'm Yuna Garcia. I want you to be alert at night, someone might abduct and stab you to death." She grinned very cutely.

"H- Hello."

Yuna introduced herself with honesty, her golden eyes were shining, unfriendly.

Lou didn't know what to say and shook her hands.

"I saw you guys on television and I'm a fan. I want to be like you."

The latter sentence might have another meaning, but Lou's expression didn't change.

"You're not afraid of me?"

Scarlett raised her brow and glanced at Lou. Lou maintained her smile well.

"No, I'm actually excited right now."

"Tch."

Realizing that Lou was not lying, Scarlett clicked her tongue in annoyance. Because she awakened her 3rd Term Attribute, she knew if a person was afraid of her or not.

And right now, Lou was clearly not afraid of her.

'How can I burn her alive if she's not afraid? I swear the women in Calix's life are a bunch of crazy people. They don't have any fear for their lives.'

Her 3rd Term Attribute only works if the enemy was afraid. And yes, Scarlett was thinking of killing Lou.

'Unfortunately, now that she just finished having sex with Calix, she is Lucky and impossible to defeat. Heck, I might lose if I did something to her.'

She knew the consequences of facing a Lucky person. Even if Lou was an ordinary woman, Luck was on her side.

"How about I prepare dinner? Let me get my shirt first."

Seeing that the atmosphere was quite acceptable, Calix offered food to calm them down.

"Food? No, that's not the reason why I'm here."

Scarlett shook her head. She needed something different.

"Well, since a new member is here, how about we let her join."

Yuna smiled and unbuttoned her shirt.

The two thirsty women were looking at him. In fact, their eyes already raped him. Their pupils trembled whenever they look at his cock.

Scarlett casually took off her clothes and her thin bikini bra showed up. The thin bra could only cover her tits. Her breasts bounced as she moved.

"I want to spend my time with Calix, and I don't want anyone to disturb us. But because I made a promise with Yuna, I can accept a threesome. Adding another one is not a problem, foursome is fine."

"Hey, don't act like you are above me."

Yuna retorted but she was more focused on Calix.

"So, Calix, I think you understand your situation, right?"

They were predators that were ready to feast over him.

"Do I even have a choice?"

He shrugged and accepted the deal. Might as well enjoy it and make sure that these three beautiful women would wake up happy and satisfied the next day.

"..."

As for Lou, she was dumbfounded as she watched how Scarlett and Yuna act straight to the point.

She thought she was already a bitch, yet others were sluttier than her.

Her mouth was open wide as she witnessed how Scarlett pushed Calix to the Sofa.

The two women kneeled before Calix and started licking his cock. They were excited as they licked his balls and cock with their tongues, covering him with drool.

Lou realized that they were brave and true to their feelings. She gulped and felt hot watching them worshipping his cock.

Furthermore, Calix was in awe as his crotch got licked all over by two beautiful women.

"Guh..."

He couldn't help to moan and he almost threw himself in pleasure.

"God, this is fucking good."

Calix moaned as his dick was stroked by both of them, making his dick grow hard and dripping precum. He couldn't help but moan loudly as both women's tongues and mouths worked together. It felt incredible. The two women were sucking his cock back and forth, not giving him any rest.

"Oh shit!"

His entire body was quivering as the sensation was beyond his wildest imagination. His hips jerked forward when his cock touched the tip of Yuna's tongue. Her warm tongue wrapped around his length which sent shock waves through his entire body.

Chapter 366

He groaned as the two ladies began kissing his cock again, their mouths moving faster to create even more friction. This was going to be a long night.

He was on cloud nine right now. He could barely move, let alone think clearly. His mind was buzzing with excitement.

Two against one was definitely overkill, but Calix would not protest, he loved it very much. Gradually, his cock was smothered in their drool. They applied another layer to his wet cock, changing the scent to their own.

Lou was burning as she watched the two women, Scarlett and Yuna, lick Calix's cock. She couldn't believe how sexy and hot he looked in that position with their tongues around his cock.

God, they were sucking him off like there was no tomorrow. It made Lou want him even more. Her pussy was so wet yet tight and she could feel every pulse of his imaginary dick through her.

She wanted him again! She wanted another seed to fill her to the brim.

"Guhh..."

Calix pulled out of Yuna's mouth after making sure that every bit of pre-cum came out between her lips.

"Stop!"

Calix yelled, stopping them from continuing. "My dick is going to explode if you keep this up."

Both ladies pouted and backed away, still looking at his shaft. They didn't look disappointed though, just curious.

"... Let's do it."

Calix sighed. Scarlett and Yuna were too strong. His cock was already throbbing hard, they were sucking and licking him that his skin was being cleaned.

"Who's first?"

Yuna turned to Scarlett with slobber on her cheeks. She was basking in his liquid.

"Of course it's me."

Scarlett wouldn't settle for anything less than first. She dropped her wedgie and straddled him, but stiff arms stopped her.

"What are you doing, Yuna?"

She glared.

"That's not fair. Let's do rock paper scissors and the winner gets to have sex with Calix first."

"... Fine."

Scarlett clicked her tongue, but she didn't dare disrespect Yuna. After all, Yuna was the only one who could get her to Calix.

'Without her teleportation, I will never agree. But I must at least show a good relationship with her so that I can see Calix again.'

It might be obvious that Yuna had the upper hand in the current situation.

"I like that."

Yuna nodded.

"Can I join you?"

Suddenly Lou spoke and admitted her feelings. She wanted to have sex with Calix again.

"Fine, do what you want."

Scarlett and Yuna agreed, maybe they were too horny to think.

Then they started to fight through rock-paper-scissors, and the result left them stunned.

"I won."

Lou muttered after defeating Scarlett with a rock.

"Tch."

Scarlett was furious, but she kept her promise.

"Damn!"

Yuna was also disappointed. She was easily defeated.

The two women, Scarlett and Yuna, forgot that Lou was currently lucky. Luck oozed out of her, so she easily defeated them in a game related to luck.

"Yes!"

"Pfft-

Calix roared with laughter as Lou wiggled her hips wildly. The sight of her ass wiggling so beautifully made his cock throb even harder.

"God, Lou, how do you still have it?! Look at your ass, it's dripping down your legs! "

"Sorry, but Calix, you did this to me."

She laughed too.

The sight was too tempting.

"Then come here."

He urged the woman. Lou smiled and hugged him happily. They began to kiss, licking each other's tongues.

Calix pulled her closer and dropped her onto the sofa, her back landing on the couch and she giggled as she spread her legs. She knew exactly what was about to happen.

"Ahhh~ It's ticklish but it feels great~ Mmm~"

Calix dropped to his knees and slowly kissed her inner thighs. Soon he found himself aroused by the warm moans.

"You're so beautiful, Lou."

Calix chuckled and kissed up her thigh.

"Calix~"

"Yes..."

Calix slowly slid inside her and as she closed her legs around him she moaned softly in pleasure, the feeling was wonderful. When Calix reached a certain point inside her, she squealed and bit her lip.

"Ngggnnhh--!"

"Hey, don't forget us."

Yuna and Scarlett joined in. Scarlett hugged and kissed Calix as he plowed Lou.

As for Yuna, the pink-haired woman summoned her toys with a playful grin on her face. She approached Lou and used her vibrator on Lou's clit.

"Ah! Ah! Ah!"

Lou screamed and moaned, her clitoris being rubbed hard, and her vaginal passage being rubbed as well.

"Aahhh--!"

She cried, clutching the sofa. She began to shake with pleasure, but Calix held her hips firmly. Lou felt like she was flying, it was incredible and she was enjoying it far too much for her own good. She was becoming addicted to the pleasure.

"Oh fuck yes~"

Yuna's fingers slid into her mouth and played with her tongue. Her fingers pinched her tongue causing drool to come out of her mouth and roll down her neck.

"Pweh~~"

Yuna bit her earlobe and gave it a light suck.

"Aahhhhh.."

"This is your first time in a group, right? We will make sure that you will not forget your first time."

Yuna said softly, but her golden eyes shone dangerously.

"Hmmm~"

Lou could not speak because her tongue was pinched by Yuna. Her eyes were blurred by her tears.

--Smooch smooch smooch~

As for Calix and Scarlett, they were too engrossed in their kissing to care about the other two. They shared their saliva as usual.

It was a kind of kiss where their tongues danced in sync as they sucked each other's tongues.

Their tongues interlocked, Calix began to lick the seam of Scarlett's lips, and Scarlett responded with a passionate kiss on his lips. Their tongues moved rhythmically against each other, tasting each other's breath.

"Fuck. That feels so good..."

Scarlett's breathing became heavier. She could no longer hold back.

Chapter 367

She felt her body being guided to where it wanted to go. Her hands began wandering around his chest, down to his abdomen.

"I'm going to cummmmm~"

Lou screamed after getting fucked thoroughly. Mind that Lou already had sex with Calix earlier and she was still sensitive. It didn't take a long time for her to have an orgasm.

"Mm~"

Her eyes rolled up as she quivered weakly. She sighed sweetly.

"My turn."

The red-haired woman didn't have an ounce of sympathy and pushed Calix down.

"Ah!"

Lou moaned when the thick cock escaped from her gaping pussy. She was too weak to protest and let Scarlett have her way with Calix.

"Hm! Muah~"

The two started kissing, licking their tongues. Scarlett hugged his neck as she moved her ass on top of his soaked cock.

"Oh, Good~ This pussy is thirsty for more! Calix, baby, can't you feel how wet I am?"

"I do, Scarlett you are so fucking wet! Damn!"

She grinded slowly, making him moan even louder than before.

"Fuck me hard!"

Calix obeyed the command. He wrapped one arm around Scarlett's slim waist and lifted her onto his lap, allowing the other hand to stroke her silky hair. His mouth latched onto hers fiercely, sucking her soft lips hungrily.

"Guh! Ugh! Guuhh Uuhgghh Guhah--!"

She was moaning like a beast getting impaled. She cried as she dropped her ass repeatedly on his cock.

"Ngggnnhh-- Ahh! Ahh~"

The sounds were muffled by her lips pressed against Calix's, but she could still make out the lewdness in them. She was panting heavily and was about to come, but was stopped once again.

"Shhssh."

Scarlett's eyes met with his green ones with lust and passion. They were both dazed.

"Mou, not fair at all!"

Yuna watched the two drown in their world. She joined the fun and grabbed Scarlett's ass.

"Ah!"

Scarlett glared at her but she was too occupied with Calix, she did not stop fucking with Calix and let Yuna touch her ass.

"Fufu, let's see."

With a playful grin, Yuna squeezed her ass. Scarlett gasped and Calix bit his lip to keep himself silent.

"That wasn't very polite. Calix~ Please punish Yuna too."

"Later... I have to ruin you first."

"Yes, please~"

Scarlett purred into his ear while giving his chin several kisses. Calix shuddered and his breathing quickened.

"Mm."

Yuna leaned closer to Scarlett and whispered lowly, "Your ass is really beautiful!"

Pah!

"Ah!"

Scarlett shuddered when Yuna smacked her ass cheek. She glared and wanted to burn the woman alive. Fortunately, she was still sober and understood that she needs Yuna's teleportation ability.

"Hehe!"

So Scarlett became a toy of Yuna and Calix. She was pinned between the two, working her ass while getting spanked.

"Ah! Ahhh! mmHg! Mm~"

Her cries turned into sweet moans.

She would scream when one of the two would slap her, but they'd ignore her and continue. Soon, the sound of skin slapping skin filled the room along with Yuna's giggles. The sounds made Calix lose control and he couldn't resist joining his partner.

"Scarlett, take it!"

"Yes yes yes! I will! Don't stop! Fuck my pussy! I love you, baby! Baby! Ugh! Uhh! Huu!"

"Shit!!"

Scarlett squealed as the hot substance filled her deep inside. Her eyes lost their focus as Calix pistoned her.

"Haaa~"

They both collapsed on top of the sofa in a sweaty mess. Their skins are dirty and smelly. However, Scarlett happily rubbed her face against his chest.

"Hm~ Taste nice."

Still, Yuna, who was horny, kneeled down and sucked Calix's milky cock.

"Shlurp shlurp~"

She was a bitch in heat, happily licking the sloppy seconds.

"Now, it's my time!"

Despite Scarlett leaning on Calix, Yuna decided to sit on him and inserted the half-erect cock in her wet pussy.

"Yeah~"

The warm, smooth feeling sent waves of pleasure through her whole body.

"Ungghh~! Ahhh... Fuck~"

Calix held onto Yuna to prevent her from falling off his lap. Once Yuna sat comfortably on his thighs, she started thrusting her hips. She loved to ride Calix.

Of course, Scarlett who was on top of him as well won't be defeated. She started making out with him, licking his lips and tongue aggressively, exploring every nook and cranny.

Now, two women were on top of him. One was kissing him while the other was riding his cock.

Both of them enjoy the attention as if Calix were their own personal sex slave.

"Shhhhhiii."

Yuna whispered while stroking Calix's dick using her tight cunt.

"Fuck yeah!"

Calix moaned softly as he felt both women pleasuring him at the same time. He tried to hold back from screaming and cursing out loud. All three enjoyed the sensation.

"You're so big~"

Yuna said to Calix, sliding her ass up and down. Her white cream gradually wrapped his shaft.

"Of course, that's why I love him."

Scarlett agreed and leaned closer.

Calix chuckled softly and kissed her deeply. Scarlett smiled and kept licking and kissing him.

When he opened his mouth slightly, she used her tongue and sucked his teeth gently. After a few moments of slow, sensual movements of his tongue, he finally took over and devoured Scarlett's lip. Scarlett moaned loudly and pulled away for a second to catch her breath.

"Ahh~"

Yuna on the other hand was rapidly grinding against him, feeling the cock getting bigger and harder in her pussy.

"Fuck~ fuck~ This cock is meant to dominate my pussy, demolish it! I'm nothing but a lowly peasant, worshipping your cock, Calix~"

Yuna cried as she bounced harder. Her body shaking uncontrollably as her clit started throbbing painfully. She could feel her walls tightening, wanting to release. She continued grinding her hips against Calix's, trying to get him to finish soon.

"Damn..."

Calix cursed, feeling his cock start leaking precum.

"I'm gonna cum.."

He gritted his teeth and hugged Scarlett, the woman before him. Scarlett felt that she was the one having sex with him and came again even though she just had an orgasm.

"Cum for me!"

She yelled, her voice filled with pure lust and satisfaction.

"Fuck.. I think... I'm almost coming-"

His voice turned hoarse and his vision was getting blurred.

"Almost there, Calix! Cum for me!"

"Okay!! I'm coming!! You're so good!"

"Ahhh--!"

Listening to their conversation, Yuna screamed and reached another height of sensation. After all, she was the real one having sex with Calix.

Chapter 368

The four of them had nice sex sessions that lasted almost until midnight.

"Hm, you're so good, honey."

Scarlett, who was on his lap, murmured after taking a bite out of his neck. She was just enjoying the taste of his blood, something she would never get tired of.

She was amazed that Calix could fuck three girls without taking a break. He was the very definition of a stud.

"Dinner's ready."

While Calix and Scarlett were busy making love, the other two women worked in the kitchen.

Since Scarlett was a rich woman with no experience in the kitchen, the job of cooking naturally fell to Yuna and Lou.

The two women know how to cook and it was no problem for them. After having sex together, they were quite friendly and no one made a conflict. Perhaps licking and kissing each other made them even more affectionate.

"Let's go."

Scarlett giggled and got up. She stretched her arms and moaned with pleasure. A nice stretch after sex really brings euphoria.

Calix followed her to the table.

"Calix, taste my cake, I'm sure you'll like it. It is creamy, sweet and of course wet..."

He found Yuna saying things with different meanings and he chuckled. He was already used to Yuna's way of seduction.

"Um, my milk tastes good too."

Lou whispered next to him, stealing a glance at him with blushing cheeks. But unlike Yuna, she was really talking about the 'milk'. She opened her dress slightly to show her cleavage. She was embarrassed but brave.

After realizing that her rivals were talented beautiful women like Scarlett Robinson and Yuna Garcia, Lou Viola realized that she had to step up her seduction.

'Calix is a hunk and it's not surprising that he has a relationship with many girls. I just hope my ranking is higher than the others. So that he likes me more... And fuck me more.'

As expected, once you experience his dick, it is impossible to let go.

"Nyah~~ Dad, is dinner ready?"

Suddenly, a cute voice interrupted them.

A calico kitten stretched his body as he walked out of the balcony. Mera likes to sleep on the balcony because he can bask freely in the sun while being grazed by the wind.

"Meow~"

Mera likes to sleep during the day and is active at night. He is truly a nocturnal creature.

The cute cat casually jumped on the table and pawed at Calix's fingers.

"Dad! Hungry!"

"C- Calix? What is this? Why is he calling you Dad?"

"Is this an aberrant? How can he speak? Calix, tell me the truth. Did you fuck a furry cat?"

"Yuna, that's racist."

Scarlett and Yuna were shocked to see the calico kitten talking and pawing Calix.

They had sex with Calix many times, but this was the first time they saw Mera. The circumstances were a little difficult. Because whenever they had sex with Calix, the cat was always asleep.

"Oh that, he is Mera. He is my cat."

"Huh? Dad, who are these people?"

Mera turned his vision to Scarlett and Yuna. He knew Lou Viola from the last time, but this was the first time he saw these women.

"Hello, gorgeous sisters!"

He greeted them innocently. As if his whole existence was normal.

"Gorgeous?"

"Hm, I can see that this cat really belongs to you. He knows how to play with girls."

They easily accepted the cat, even though they thought Mera was an aberrant. After all, Calix's luck would bring unique circumstances, and they were already used to it. Hell, he even killed a demon god last time. Having a talking cat was normal, in their opinion.

Besides...

'That cat calls him Dad!'

Since Mera identified Calix as his father, the two girls already loved him.

"I know I'm gorgeous, but you don't have to say it. You can call me Sister Yuna instead."

"Yes, beautiful sister Yuna!"

The cat meowed after receiving a piece of fish from the pink-haired woman.

As for Scarlett, her red eyes were already glowing. She liked this cat for a simple reason.

"Call me Mother."

"Hm?"

"Call me Mother."

"... Mother?"

Mera was confused and tilted his head. But finally he stopped after seeing a piece of meat in Scarlett's hand.

"Nyah~ Mom!"

"Good."

She patted his head after feeding him. She smiled sweetly and cuddled his little ears.

"This is my child. Calix and I finally have a child..."

She murmured. She already treated the cat like her own. Mera purred against her fingers and Scarlett almost squealed at his cuteness.

"Hey! What are you saying? This is not fair! Damn, why didn't I think of that! Little kitty, call me mom too."

Yuna realized that this cat might be important in Calix's life and she decided to follow Scarlett's plan. If she couldn't be the first mother, she would at least be the second.

This time she pulled out a chicken leg!

"Mom!"

Being a hungry cat, Mera easily falls for her tricks.

"Mera, do you want my food too? You just have to call me Mommy Lou."

"Mommy Lou! I love you!"

"Yeah..."

"Hey, tell me you love me too."

They began to fight for Mera's attention. They felt like they were playing with Calix's child. Their perception of Mera was a child of Calix, which means Mera was their child too. Damn complicated.

'These beautiful sisters are too kind, they give me so much food!'

In the end, Mera the calico kitten lay on the table with a full stomach. He happily ate everything they gave him and quickly fell asleep.

"Awww, my baby is so cute."

"Let me take a selfie of my kid. I have to brag about him on Twitter!"

"Fufu, I'm sure the others will be mad when they find out Mera calls me Mom."

They surrounded the cat and showered her with love.

"Um, guys, when are we going to eat?"

Calix sighed as he looked at the plates. Almost all the food went into Mera's stomach.

"They really feed him too much..."

Chapter 369

"Congratulations. You broke through."

A woman with her eyes blindfolded clapped her hands as she stood next to an exhausted person.

"Haaa... Thank you."

Athena Hercul was gasping for breath and sweating a lot. Her body ached all over and even standing was difficult.

"Ugh!"

She used her metal bat as a stick to get up, and even the process was exhausting.

"At first, I thought it would take at least a year for you to become a 3rd Advance, I guess the essence in your body is strong."

Master Medu murmured and Athena nodded. To be honest, she kept hearing this 'essence' from Medu and Athena felt complicated when she heard what she said.

She had an idea what the 'essence' was and it made her heart beat faster whenever she thought about it.

"Rest, I know you are tired."

"Thank you Maste - I mean Medu."

The blind woman didn't like being called Master, it made her feel old.

Athena never saw the woman's true power, but all the time she spent with her, Athena realized that Medu was no ordinary woman. Even in physical combat, Athena could never win against her.

"Wake up early tomorrow, we're going to meet someone."

"Yes."

Athena dragged her weapon weakly to her room. Athena was confused by the infrastructure she was currently living in. She lived in a house made of statues.

The whole house was filled with statues and even the rooms were made of combined statues. It gave her a creepy feeling.

'This Athena is really strange... The unknown essence in her body helped her break through. I kept asking her if she had any idea, but she always kept her mouth shut. It seemed like she didn't want to talk about it.'

As a Vindicator whose level had been stagnant for hundreds of years, Medu wanted to find a way to reach godhood. She had basically used all of her talents, and it would be impossible for her to become stronger. After all, Medu is a mortal, she didn't have an ounce of demi-human blood in her veins.

'With my strength, this essence can only help me a little, but it's still better than having none. This essence will help me, slowly but surely.'

She reasoned.

'Now the question is... What is this essence?'

Medu found out that after Athena completely became a 3rd Advance, the 'essence' in her body dissolved. As if it had completed a mission.

"How can I get it?" She muttered.

Well, the answer was simple. All she had to do was get an injection of Vitamin D.

The D would definitely help her achieve her dreams.

It all depends on the results that might happen in the future. For now, Medu would stay at her current level.

.....

.....

...

Athena sighed and sat on her bed. Her eyes scanned the room, and all she could see was the skin-like wall.

'Medu has a strange sense of aesthetics.'

She was damn tired and her eyelids were getting heavy. She lay down and closed her eyes, hoping that this time she would fall asleep.

'Damn it...'

Unfortunately, after a few minutes, Athena did not fall asleep. No matter how tired she was, she could not fall asleep.

With defeat in her eyes, Athena pulled an object from under her bed. It was a thick rubber dildo, almost the exact size of a certain man's penis.

Athena bit her lip. It was unknown if she was desperate, defeated, or aroused.

The cock (dildo) had a stand and it could stand on its own.

"Guuhh..."

She placed the cock on the bed and "sat" on it. Her body shook as she slid down. She noticed that her pussy was already wet and sweaty... Yummy.

She hated to say it, but she needed more. This object was not enough to satisfy her, not anymore.

"Ahhh--"

It took a lot of patience to hold back. But eventually she reached the point where she could no longer hold back. With trembling lips, she moaned and rolled her eyes.

She began to jump on the fake cock. Her body felt so good that she wanted more. More stimulation. More sensation. More of everything. She just wanted to feel it again and again and again until it felt like her whole life was spent feeling it.

The memories, the times Calix fucked her to the limit. The moments when she had finally become a fuckdoll.

"Ahhhh... Ahh... ahhhhhhhhhh... Fuck you! Calix~~ I hope you fucking die! Ah! Ah! Die!"

Her body shook and her muscles tensed. She cursed in her heart. Calix was driving her crazy. Crazy to the point of absurdity!

"I hate you..."

She groaned like a bitch in heat. Athena tried her best to keep control, but it was getting harder by the second.

With hatred in her heart, she pulled two crumpled wet pictures out of her pocket.

The first was Calix Romoel and the second was Scarlett Robinson.

She kissed Scarlett's picture with love. She traced the picture with her hand, the one that had missing fingers.

Then her eyes went to Calix and her burning hatred exploded.

"Damn you!"

She shouted and licked the picture with hatred. She drowned the picture with her saliva.

"Fuck!!!"

"Ahhhhh-- Oh my God!!!"

"AAAAAAAAAAAAHHHHHHHHHHHH~"

"YAAAAYYYYYYYYEEEEEEEEEEAAHH!"

"Daddy~~"

She came violently and repeatedly. She almost crushed her dildo. Poor dildo. She squirted.

Finally, after ten minutes of 'working hard', she fell asleep. Athena slept like a rock that night. When she woke up and saw the state of her room, it looked like a hurricane had ripped through it.

The walls were damaged, her furniture was broken, and there were traces of liquid everywhere. She sighed, her madness was getting worse.

"Calix..."

She knew that this problem would only be solved if she met Calix or Scarlett. But she was conflicted. She didn't know what she would do if she met them again. At that moment, would she...

She shook her head. She grabbed her metal bat and started swinging. Then she took a bath and met her master.

"Let's go, something important is going to happen in this country."

Chapter 370

Another day welcomed them. Lou yawned as she opened her eyes. She wiped her eyes and gradually became aware of the firm muscles beside her.

She remembered sleeping with Calix, using his shoulder as a pillow. Since Scarlett and Yuna were busy, they didn't bother to stay the night and left quickly. They fed Mera many treats before they left, and made the kitten fat.

"It was a good thing they left early."

Lou chuckled as she found her skin covered in bruises. Bruises made of love. After the two women left, Calix and Lou continued the night. They had sex until they fell asleep.

Her fingers ran over Calix's firm chest. She almost drooled, but she understood the situation. Her body might be strong because of 'luck', but she needed real rest, or else she would have to take a day off from school.

"Hm."

She looked at the clock on the wall.

"Oh my God!"

Lou suddenly remembered something important. They promised to meet at the entrance of the school!

The three of them, Calix Romoel, Lou Viola, and Shoujo Ramune, made a plan today that they would meet at the entrance of the school regarding their project. They would search for antique shops and buy a worthy object to display in the museum.

The university's library was highly respected, but the museum rarely received attention. Probably because the important ancient objects were also sealed in the Ancient Library.

"Calix!"

She woke him even though it was disrespectful. She knew how painful it was to be awakened by others. She preferred to wake up on her own.

"Hm?"

Calix opened his eyes in surprise and looked at Lou in confusion.

"Lou? Why did you wake me?" As expected, no one wants to be disturbed while sleeping.

"I'm sorry Calix, but we have to be at school before 8am. We have something to do today."

"You mean the school project?" Calix remembered it too. He woke from his slumber and sat up.

"That's right."

The couple looked at the clock and realized it was 7:40. Only 20 minutes left until the meeting!

"Then let's go."

"En!"

The two regained their strength in the morning and did their best to fix their appearance as quickly as possible.

They used a flying taxi to get to the school smoothly. Fortunately, there was no air traffic.

When they arrived, they looked around to find their other member.

"Where is Shoujo?"

Calix asked Lou, knowing they were close. Lou checked her phone. She noticed that someone had sent her a message.

"Eh?"

She was startled when she read the message.

"What happened?"

"Shoujo said she will be late. She will arrive at 9."

The couple was silent for a second before they started to laugh. They realized that they were speeding up for nothing. Their last member would be late.

"Pfft-haha! I thought we would be late, but I didn't expect your friend to be the one who would be late."

"I'm sorry. I didn't know."

"You don't have to apologize."

He stroked her hair.

"Well, we still have an hour. What do you want to eat?"

Calix smiled and assured Lou that he was fine. He understood that Shoujo Ramune was busy, considering she was an actress. Maybe she was doing a commercial or something.

"It's still early, I want to have breakfast."

"Then let's go to McDonaldo for hash browns. I have a lifetime free meal card from them."

"Really? Me too! I had it before I came here."

"What a coincidence. And I thought I could treat you. I'm not going to use my money, so I guess it's not right to call it a treat."

"Hehe."

As they walked away, Calix turned around when he sensed something.

'Strange, I feel like someone is looking at me. Maybe it's just my imagination'

He believed in his senses, but he failed to realize that someone was actually spying on him. He thought it was just a mistake.

.....

.....

...

"Did he just turn and look at me?"

Shoujo was shocked when she realized that Lucky T. Tiko had sensed her presence. She was three hundred feet away from them when Lucky turned and almost caught her.

"This guy is really something. I guess that explains a lot."

She used binoculars to spy on their movements. She believed that Lucky and Lou knew each other and were hiding their relationship. So she decided to hide and watch their movements.

As she expected, the two were close. She deliberately texted Lou that she would be late to see their reactions.

"Tch."

She clicked her tongue uncontrollably when she realized they were eating at McDonaldo, a disgusting restaurant for poor obese people. As a high-class woman, Shoujo never liked chain restaurants. She preferred to eat in Michelin restaurants or hire a professional chef.

"Lou, I always invited you to Salt Bae's restaurant, but you never agreed. But now you eat at a greasy place like McDonaldo..."

She sniffed her invisible snot. She looked hurt and heartbroken. She wore a mask to hide her identity.

"Um, Miss?"

A man approached Shoujo and tried to speak to her. The man looked at her with an indescribable expression.

'Tch, I know this move. Men, they are a bunch of bastards. I'm just sitting here, minding my own business.'

She turned to him and said, "I have a boyfriend."

She used the greatest weapon to avoid getting picked by guys.

"What? Miss, I'm not talking about that. Can you please move out of the way, you're sitting on my car. I don't even care if you have a boyfriend. And why are you even holding binoculars?"

"How much for the car? I can slap the money to your big forehead."

"Miss, you are getting unreasonable."

"I can give you Shoujo Ramune's autograph."

"Her? That Furry Fox? Hell nah! That's disgusting! Why do I even want a Beastkin's autograph."

Shoujo was definitely triggered.

"Did you just call me a Furry, even though you're not a Beastkin? Right in front of me? How dare you!"

In their country, Furry was basically a racial slur.
