

## Only Fuel 391

### Chapter 391

A man holding a pistol, wearing a black battlesuit that covered most of his body and a mask that hid his identity.

"You..." Athena gasped as she touched her bleeding stomach. She applied pressure to the wound to make sure it won't bleed as much as it would.

But her eyes never left the person in front of her.

"Let's leave this place. It's dangerous here."

Calix confirmed that this place was far more dangerous than the area. In this section, dozens of Demigods clashed, and his presence would never be enough to stop them.

'You should be happy that I came here just to save you. If it wasn't for me, you might already be dead. Athena, I'm worried...'

So Calix understood that the best option was to stay away from the battle. He was confident against monsters and TA users, but Demigods were a different race. They were the best of the best.

Calix would not risk his luck against them.

"Let's go."

"You, who are you..."

Athena slowly lost consciousness. Calix's expression was full in distress as he looked at her. Athena was wounded and weak.

'If not for this situation, I will torture this long-haired man.'

He looked at the corpse. Because he was irritated, he kicked the dead body and showed his anger. He had no respect for someone who hurt his property.

"Wait... You, tell me who you are." Athena was panting and her face was pale. Her weak hand gripped his arm.

"We don't have time for this. Let's go."

Calix carried her in his strong arms. Then his feet stopped in front of Sana.

"Are you...?"

"There is a healer somewhere in this place. If he is still alive, he can save Athena."

Sana didn't know this man, but she had seen him protect Athena. So she believed he was not a bad guy.

'With my Term Attribute, I saw that this guy saved Athena. He is the only one who can keep her alive. I will trust my Term Attribute this time.'

She had no choice.

"Thank you. Oh, good luck with your nephew." Calix muttered and left Sana.

Calix was surprised that his grandaunt was still alive. But he didn't have time to talk to her. His priority was to rescue Athena.

"I'm sorry, what? Do I know you or something?"

Sana was confused.

But the answer came a few seconds later.

"Auntie, I didn't expect to see you here."

A deep voice came from behind her and Sana quickly turned around. She was shocked to see a tall man with buff muscles.

"And who the hell are you?"

Things were getting complicated, almost as if these two men knew her.

"I'm sorry, but I'm too old to have a nephew. Although my sister has a son and he's already in his mid-forties... Unless..."

Sana almost jumped in surprise as she realized something unbelievable. She had a nephew, but she hadn't seen him for almost two decades.

"Berto!? What are you doing here?"

"I should be the one to ask that, Auntie."

"This, this..."

The action was so fast that Sana stuttered.

"What is going on?"

"You have no time to ask that. Quick, we have to go."

It was a surprising event, but a happy one for Berto. He had finally found his aunt. His mother would probably be happy once she found out.

But of course they had to make sure they could survive this place first. After all, this meeting would be useless if they both died.

"Hey! What are you doing?"

Berto didn't listen to her, he carried her and ran away from the clash of the Demigods. The enemies who tried to block him all died and turned to ash.

'I don't have to worry about Calix, he's strong enough. As long as he doesn't meet a Demigod, he will live.'

Their first plan was to help the Triad fight the Demigods. But when they got there, they realized how fierce the battle was. It was impossible to join in.

So Calix decided to find Athena and protect her. As for Berto, he hadn't expected to meet Sana, but he had to make sure she was safe.

.....

.....

...

"Huh? Strange, why did I feel Joe's power?"

Medu frowned. She felt the power of Fate lingering around her.

In her entire life, only a few people could control this divine ability.

'Sana, who I met by chance, is one of them. Her Term Attribute can hack Fate to find the answer. But I can't believe I'm meeting another one.'

Medu scanned the battle, but she could not locate the person. Maybe he had already run away.

"Joe is the only one who has mastered the ability, but..."

"Is something wrong with your head? Don't underestimate me! You rookie!"

The Empire's Demigod who could summon volcano roared at Medu. He could not believe that the blindfolded woman was not looking at him...

"Who's a newbie? For your information, I'm older than you! Besides, I'm blind. How the fuck can I see you?"

"Then I'll call you old hag!"

"What did you say? You deserve to die for not recognizing Mount Tai!"

"No, you're the one who's blind because you don't recognize Mount Tai! You're even wearing a blindfold, how the hell can you move?"

"Echolocation."

"Bullshit!"

"Huh! If I want, I can kill every one of you here!"

Medu dodged the molten rocks that rained down. One touch and she would be melted to death.

"Then why don't you do it?"

"I'm just waiting for the right time. I can't let my teammates get caught in the aftermath."

"How arrogant!"

"Oh, believe me, I'm not lying."

Medu grinned and easily dodged the attacks. She was not lying, she used echolocation to dodge every attack from the enemies. Except for Ivy Naomi, who had the power of telekinesis, Medu took the least damage from the enemies.

She was experienced. In her opinion, fighting the Demon King and his powerful Aberrants was more dangerous than this battle.

"Come on, entertain me!"

## Chapter 392

Calix started running and evading the dangers at the same time. Thankfully, with his powerful ability, he easily dodged them.

If a monster would attack him, the monster would be blocked by something.

If a person cast an attack spell on him, he would slip and fall before he could finish casting.

'Where's the healer...'

Calix scanned each section of the Backrooms. This mythical place was an endless prison and he didn't want to waste time because Athena was slowly losing blood.

'... Damn it!'

Calix gritted his teeth. The whole surrounding was messy. He could not identify who was who.

"I don't have a choice. Looks like I have to do it!"

Calix decided to leave the battle and find a safe place.

After a few dashing, he found a room where only a small number of monsters lived. He pulled a grenade launcher and set an explosion.

"Arrggh-!"

"Guargh-!"

Few monsters survived the explosion but they were badly wounded. Calix cast another explosion and completely eradicated them.

When he confirmed that the place was safe. He gently put down Athena and did something unspeakable!

His eyes turned blue. Then he slapped Athena on her face!

A heart-stopping slap echoed. There was a silence after...

"You...!"

Athena felt that slap. It fucking hurts! She felt that her head almost break.

"What are you doing you, bastard!?"

"I'm sorry, I have to do it to save you." Calix was sweating and gasping hard. One usage of Fate Reversal exhausted him.

"Why did you slap me?" Athena touched her burning cheek.

"Hah, you think I will do something to you, such as sexually harass you? Woman dream on."

"You!"

Athena's face turned red when he heard what he said. He really thought Calix would fuck her. As one of the women who had sex with Calix, she learned that he could make miracles using his dick. In fact, she realized that the reason why she became a 3rd Advance was because of him.

She thought of something improper. To be honest, she was excited to experience it again.

However, she didn't expect that Calix would slap her instead. How annoying!?

"Damn you!"

"Don't move! Your wounds are still healing."

Calix wiped the sweat on his face.

"Huh?"

Athena looked closely at the wound in her abdomen. Her eyes widened in surprise after seeing that the wound indeed healed itself.

"What did you do?"

"Nothing much. I just reversed your situation."

"..."

She didn't know what he was talking about. But seeing her wounds healed was enough for her to understand that Calix was special.

"Why are you here?"

Despite wearing a mask, Athena discerned his identity. After all, she had sex with him a dozen times. She almost knew his voice and physical appearance.

"Isn't obvious? To save you."

She bit her lip when she heard his answer. Her feelings for Calix were complicated. She hated him but she longed for him.

"I hate you."

"Don't tell me it's because I didn't use my dick? Athena, I'm not a crazy person who will pull out my cock when it's dangerous. I have another ability so of course I will use it instead."

It seemed that Calix forgot what happened last time with the Blood Moon. He had sex with Scarlett and Marianne while the Blood Moon was rising.

"Besides, I know that you don't like me instead. I will never force you again."

"!!!"

Hearing what he said, Athena jolted in surprise and glared at him angrily.

"Hey, why are you blushing?"

"Damn you!"

She summoned a powerful wind around her and pushed Calix away.

Her eyes were blurry because of the tears. She could not deny him. It was true that she was hoping for something spicy. However, she could not believe that Calix would tell something unexpected.

"Guh... What is that? Is that a new ability?"

[Accelerated Rotation Blade Term Attribute.]

Athena could summon a powerful whirlpool of wind around her. They were deadly. However, Athena just recently acquired the Term Attribute and she could use its full potential. So far, she could only push people around her using this ability.

"I hate you!"

"Hey!"

Using the moment when Calix was defenseless, Athena pinned him to the ground.

"Because of you, Lady Scarlett pushed me away. Because of you, I left Dellia... because of you, I'm going crazy because of you!"

She was acting like a rabid dog. She started punching Calix, but because she just healed and her body was weak, her punches didn't have any strength.

"Athena, you have to calm down!"

"I don't! You don't how I feel! You don't know how much I suffer, so shut the fuck up!"

This was the first time that Calix saw Athena acting like this. She was usually a quiet and calm woman. But now she was like a crazy person.

"You have to pay for that!? You said I'm hoping that you will have sex with me. Yes, I am!"

She gritted her teeth. She was intoxicated with her flushing face. She could not believe that she destroyed her pride and shown her honest feelings to Calix.

"This is not the time for that. You have to control yourself."

"Fuck you, or to be precise, I will fuck you."

While keeping the man under her, Athena tore her maid dress without hesitation. She was crying as she lowered herself to being a woman in heat.

"Can't you see?" Her voice was hoarse as she sobbed. "Can't you see my suffering?"

"..."

Calix was shocked when he saw her supple breasts, they were clearly lactating.

"Touch them!"

She cried and grabbed his arms. Calix subconsciously squeezed her breasts and more milk came out.

"This is all your fault!" Athena was alright crying and her face was ungracious, not her usual cold and calm expression.

"Take responsibility for what you did to me!"

"..."

Calix gulped. He realized that he broke her thoroughly. He thought his playing would never bend her will, but he was wrong. He destroyed Athena's pride.

"I will."

In the end, Calix nodded and accepted his fate. He had another woman to satisfy.

## Chapter 393

When Calix move while facing each other, Athena let out heavy breathing from her throat.

Towards her unruly appearance, he move his hands even more and squeezed her breasts.

"Hyaann~" She bit her lip and closed her eyes as Calix clasped her boobs. His fingers gradually found her nipples and pinched them.

"Haah!" She cried.

Milk squirted out of her nipples and landed near Calix's mouth. He licked the milk on his face and raised his head. He sucked her tits, like a baby asking for milk.

"Mm..."

He looked at her with a piercing gaze.

"Your skin is so soft..." He ran his tongue over her chest before sucking it clean.

"And you smell... so good." He gently muttered. Perhaps he felt guilty so he was acting good on her right now.

"Ah!" Her legs felt weak and she held onto his arms.

She couldn't resist him, not when she was feeling a little dizzy. Her eyes were still blurry because of the tears, and her feelings were complicated. But she was clearly damn horny right now.

She started humping her crotch against him as Calix sucked her tits.

"Nnn~" She could not speak as she knew that she would only curse Calix. She moaned instead, showing her approval.

"Haha..."

His hand slipped between her thighs and touched her pussy. It was wet from his saliva.

"Hnnn." She groaned as his finger teased her swollen clit. His touch was making her feel hot, almost feverish. Her mind and body seemed to be filled with lust.

Her heart was pounding so much.

"Ah!"

Suddenly, Calix bit her nipple and she cried out. She crumpled his hair as a counter but Calix kept teasing her.

"Ngggnnhh--!"

His tongue was flicking her nipple, sometimes nibbling it. Every time the weak sensation struck her, she felt that her pussy was getting wetter.

Her body began to tingle as well, it wasn't a bad kind of tingling though, she felt feverish.

Calix moved his hand to her belly and rubbed it as if he was checking her tummy. Her body was heating up.

"Call my name." He muttered.

"Ngh...hnnnnn..."

Her breath caught in her throat.

"Calix..." She mewly answered.

"I said call me by my name." He bit her nipple again and another squirt of milk came out.

"Ah!"

Her face was already covered in tears. She was a mess. With desperation, she answered...

"Daddy, I miss you Daddy."

"Yeah? Why did you miss me then?".He grinned.

To be honest, the current situation was dangerous because monsters might appear at any moment. However, Calix and Athena were too deep in their world.

Even if the danger was looming above, they wouldn't care about that. All they wanted was to be together.

"Daddy..."

Even if she hated to admit it, this situation could turn into one of her worst memories later. But it could be the best one too.

Her betrayal cost her her life purpose. She lost the trust of Lady Scarlett. She wanted to beg and ask for forgiveness. However, Athena realized that it would be impossible. Not when she was gently rubbing her crotch against him.

"Daddy, I miss your fat cock..."

Athena has a lot of things from Calix. Such as roleplaying. Now, she lost her pride and became Calix's dirty whore.

This is something she never imagined happening. To lose her dignity, to become a filthy woman who needs to suckle Calix's cock...it scared her.

But her heart was beating fast for clear reasons. Her vagina was aching for his cock, that penis that thought her how to be a woman.

"I see. Then, you have to greet it too." He said as he unzipped his pants.

An anaconda stood up for Athena to see. Her face turned red as she recalled how this shaft messed her up.

A huge knot formed in her throat and tears streamed down her cheeks as she trembled.

"Daddy..."

"Yes, that's right."

His cock was touching her tummy without any in-between. Her small hands gently touched it, rubbing it, like it was a treasure.

"Huuu..." A deep breath escaped from Calix's mouth. The awkward touch of Athena awakened his junior.

His penis gradually hardened and veins were showing.

Athena gulped and gazed at her Daddy.

"You know what to do then."

"Yes."

She nodded.

They were both silent for a short moment, then Calix started to kiss her neck and shoulder while Athena caressed his balls lightly.

"Mm.." His lips found hers again.

Calix had never been gentle with her. He always abused her and he didn't seem to be interested in her except for rough sex.

She didn't know why but her heart was fluttering. His kisses were too sweet that she was going to have diabetes.

Her lips quivered as she opened herself up to be fucked.

"Don't stop until I tell you to." He commanded as Athena adjusted her buttocks to accept him. She lowered her pussy and let his fat cock sink into her.

"Ahhh--!"

The first thrust hit her deeply. A wave of heat spread throughout her body and made her tremble. This was really going to be one hell of a memory.

She hugged his neck as she lowered her ass more.

"Guhh~"

Calix was inside her now, making her feel full. Her whole body was aching. She was craving more.

She could taste Calix's sweat on her lips as she hugged him closer, but it taste salty and sweet. That was just so weird but addicting.

His thick cock was filling her and hitting all the spots in her pussy that she loved.

Her pussy was squeezing Calix's cock tightly. Her face burned up and tears streamed down from her eyes. She couldn't hold herself back anymore.

"Ohhhh! Daddyyyyy!!!"

She moaned unhesitatingly.

In fact, she didn't even think of stopping.

Calix gripped her hips with his hands as her juices splashed over his body. It smelled of sex.

It was such a pleasure to watch his eyes widen, to feel his thick precum leaking out of her, to feel his hard member throbbing inside her.

She missed this sensation. SHE FUCKING MISSES HIS COCK INSIDE HER PUSSY THAT SHE WAS GOING CRAZY.

"Ugh--! Guuh~! Auugh!"

She loved his big dick and she craved for more. She joyfully bounced on his cock, gyrating her hips just to get fucked like a bitch.

## Chapter 394

Calix completely tore her maid dress and Athena was bare naked as she moved her hips.

"Hnngghh!"

It was great. The feeling of his hot, thick shaft in her pussy while she rides him so hard that she's groaning out.

"Damn."

"Ohhh... Fuck me..." It was the best orgasm she'd had in months. He made her feel like she was going insane. Her eyes rolled up as she arched back. Yet, her hips kept shaking, feeling his cock deep inside her.

"Haa~"

He thrust into her again and her body spasmed with pleasure once more as she came.

"Jii~~!"

She moaned loudly, panting as she fell against him. A hand caressed her cheek gently.

"Don't tell that's all you got?" he asked, smiling warmly at her.

Hearing what he said, Athena glared and stood up. Then, she bend over and kneeled. She decided to take it doggy.

"This is not over." She muttered and turned her head to him, glaring at him with a hateful gaze, asking him to fuck her again.

He laughed lightly before getting closer. His fingers brushed her earlobe.

"Let's see what you got then," he teased with a wink before pushing himself into her. Athena glared at him, but a sweet moan escaped from her lips.

Her chest heaved and her heart felt heavy. She understood that she would be a mess after this. The shape of her ass from behind was one of a kind. She had a thick ass, and it rippled every time it contacted his hips.

In this position, Calix could thrust with no problem. In fact, he could fuck her hard.

"Annh~ Anng~ Aahhh~"

Athena closed her eyes tightly. She knew she was a little slut and a bit dirty, but she didn't care right now. All that mattered was how good her orgasm was. How good he felt.

His cock went deeper as she gripped him, and he grunted from the intense pleasure.

"God, look at your ass." He said and squeezed her left cheek ass.

"Mmm--!" She bit her lip and joined his rhythm, the two started enjoying each other's body. Every time Calix was deep inside her, Athena would make guttural moans.

"Auugh! Auugh!"

Calix was holding her waist, making sure that he would hit every spot of her womb. Athena was like a dirty rabbit, getting smashed from behind.

The sensation of him hitting her cervix over and over drove her wild, and as soon as she came again, the both of them went still for a moment. When they started again, their movements became faster, their grunts echoing throughout the yellowish room. They were so close, only inches away.

"This feels amazing. Fuck."

He loved it. And Athena enjoyed it too, so much.

"Auugh auugh aughh--! Gaah--!"

The sensation of being stretched and filled with his length was enough to leave her panting heavily. Their breathing was uneven from the intensity of their lovemaking session. Athena opened her eyes, seeing him looking at her with such a perverted expression in those green orbs of his.

She couldn't stop herself from grinning bitterly, her heart was pounding in anger and lust.

"You're staring at my ass that much," she glared with an equally seductive grin. "Do you like it?"

Then, she started moving her hips like a sex machine, gripping his cock tightly.

"Heh."

He chuckled softly and leaned down to give her a peck on her back, before pulling himself from her, then smashed her pussy with great intensity.

"Ah! Ah!"

Her body trembled slightly as he messed her cunt like a toy. Athena realized that teasing Calix would only cause more intense sex, she could use this information later.

"Ngggnnnh--! Ooohh! Fuck~ Fuck~! Ahhhhh..."

She looked down at the floor and let out soft cries as she climaxed repeatedly. He pulled out quickly, watching in fascination as she writhed uncontrollably in ecstasy. After a few seconds, he reached down to kiss her and her eyes stared widely.

"That was great, Athena" Calix chuckled.

"Damn you!" Her face was red and filled with tears. She wiped her face with anger and glared at him.

"Now, that your body is healed. We have to leave this place. We both know that it's dangerous here."

"..."

When Calix said it, Athena recalled the situation. They both know that none of them would survive if things became bad. Even Calix's Luck would have a hard time against a bunch of DemiGods.

"Alright."

She returned to being cold. The insanity in her eyes disappeared after a good fucking. Her pussy was still tingling and her hips were weak, but her heart was happily pounding. She felt like she was in heaven.

Calix nodded and pulled out a dress from his spatial ring. Athena accepted his goodwill without hesitation, her face became fierce and calm. Despite reeking of sex, she looked unaffected.

"Before, we leave... I think you have to show yourself. There's no reason to hide anymore."

"Y- you bastard! Why do you have strong senses? I swear, I fucking hate you!"

Shoujo Ramune roared as she showed up from the ground. She was blushing and her eyes were trembling for unknown reasons as if she witnessed something shocking.

"Why are you looking at me like that?"

Calix tilted his head.

"A- are you insane? You are basically naked! F- for the love of God, hide that... that thing!"

Her eyes could not help but glance at his majestic, wet cock. It was long, big, and fat... She was shocked when she witnessed how the maid accepted such a thing inside her.

'My body will be destroyed in half if I ever have sex with Calix... Wait a minute? Why am I even asking such a disgusting thing? I hate men! I like girls! Girls who have nice feet, feet that I can lick and worship!'

She glared at Calix she wanted to kill him. Because of what she witnessed, her mind was slowly getting affected.

"Anyway, we have to leave this place. Let's find Berto, he has a way to escape this place. Athena? Where are you going?"

"I'm going to return to the battle and help Medu. Calix, don't even try to stop me." Athena returned to her usual self.

"What? That's dangerous!"

"I promise that I will never betray my Master."

She had a determined gaze. Perhaps Calix's dick made her braver, as expected of Calix...

## Chapter 395

"Athena! You have to understand that you will only endanger yourself if you return to the battle."

Calix reached for her shoulder but his senses told him that it was dangerous. Invisible wind blades were twirling around Athena.

"As expected, your power is the reason why I became a 3rd Advanced." Her pupils trembled as she looked at the wind around her.

Athena had a hard time controlling her 3rd Term Attribute because she had just recently acquired it. However, after having sex with Calix, she found herself controlling the wind with no problem. As if she had her 3rd Term Attribute for years.

'His ability is frightening... Perhaps this was the reason why Lady Scarlett and the others broke through and became stronger.'

Her eyes were staring at him with complicated thoughts. The blunder earlier showed her real feelings, but another part of her wanted to raise her bat and beat the shit out of him.

"You can't stop me."

She muttered and a wind explosion erupted. Calix dodged the wind while Shoujo turned intangible.

The two escaped the attack, but they realized that Athena was already gone.

"What are you going to do now? Your bitch didn't want you at all." Shoujo made fun of him.

"Don't you dare call her like that."

His expression was ugly.

"And? What are you going to do?"

"Don't push me, you will regret it. I will never give you mercy even if you're a girl."

"... Humph!"

She scoffed when she realized that Calix was not joking. The glint in his eyes was too sharp that Shoujo shuddered.

"Anyway, if she wants to help the Triad, then I will assist her."

"What is the plan then? Just to be clear, someone like me will have a hard time facing a DemiGod. There's a Barrier DemiGod on the enemy's side and he can counter my ability."

"Our situation is dangerous. Our chances of survival are high if we helped the Triad, at least they didn't show any intention of killing every attendee, unlike the spies."

"Go on." She urged him.

"Don't worry, I don't need help from a coward. I can do this myself."

"Wow, a big word for such a big man~"

Well, Calix was definitely 'big.'

She slightly blushed after she recalled what she witnessed earlier.

'God Damn Thick...'

Shoujo shrugged and decided to hide under the floor. This was her best method to survive this situation. She had to take advantage of her ability.

Calix completely honed a helmet, he looked like a bad-ass Kamen rider with his attire.

Unlike earlier where he let luck make its way, Calix decided to use his own method.

He strolled with a double-barrel shotgun in his hands, like a farmer hunting a poor deer.

The first monster showed up and dashed into him. Calix pulled the trigger and blasted half of the monster's body. It died as quickly as an incel's masturbation.

More monsters showed up and their end was quick and bloody, all of them lost a portion of their bodies and died without knowing what happened.

"I can't believe that I will reach the point where I can fight monsters without any fear."

Four years ago, he was just a guy who wanted to stop his Backlash. Yet here he was, facing monsters like a brave man.

He still remembered the route he used to get to the DemiGod's clash.

When he reached the place, he realized that the battle was getting fiercer. Except for a few people, most of the participants were wounded.

He could see Athena joining the mess and unleashing her 'mastered' 3rd Term Attribute. She swung her metal bat and the deadly blade of wind cut the enemies into two.

Furthermore, no one could closer to her because she could release deadly wind around her. Athena became an unstoppable force, as she took a drug. The drug was called 'semen.'

It gave her a strong boost of adrenaline, she didn't feel tired at all.

Calix scanned the battle and found something.

"That person is the one who's keeping the spies alive."

Calix stared at the man who was casting barriers to protect his allies. Based on what he could see, he was the anchor of the team.

'Once I kill him, the battle will tilt in the Triad's favor.'

He confirmed his target.

Calix understood his ability. He could not face a DemiGod in a fair battle. In the first place, his physical constitution was mediocre compared to theirs. If not for the Battlesuit that he was wearing, perhaps he was already injured.

Hiding in the place where the DemiGods could not see him, Calix prepared his rifle.

He took a deep breath and controlled his emotion. He was calm under the pressure of DemiGods clashing with intensity.

Then, his green eyes turned golden. He felt that his fangs were getting longer and sharper like he was turning into a beast. He disregarded the change and focused his attention on the battle.

"We're going to win this battle! As long as I'm with you, nothing will stop us!"

Bruce Smallbum assured his allies. He was the reason why they had the advantage in this battle. His barrier kept them alive.

The DemiGods around him nodded. They were confident in killing the Triad.

To be honest, there were only two factors that kept them from their mission.

The green-haired woman, Ivy Naomi Higashikata, was the hardest one to face. Furthermore, even the new member of the Triad, Medu, was showing her experience in battle.

The DemiGods could see that these two women were keeping their real abilities, waiting for the right moment to counterattack.

The spies have to end this battle before that happened.

"Kill them! Don't hesitate, for I am with you--"

Suddenly, a swift sound flew by and Bruce's head exploded to pieces.

"Huh?"

Everyone was surprised.

Bruce Smallbum had the barrier around him. In fact, he was most protected because no one could break through his barrier.

Yet his impregnable barrier shattered like fragile glass. The bullet pierced his head and directly ended his life.

"What!?"

"What is going on!?"

"What the fuck!?"

"We're no strangers to love!"

"You know the rules, and so do I!"

Scream after scream shook the battlefield.

Chapter 396

The place was silent for a second before a defeated scream came after.

"What the fuck!"

The DemiGods were shaken to the core when they witnessed how Bruce Smallbum's head burst to pieces.

"H- heal! Someone heal him!"

One of the screamed.

They knew that Bruce was already dead. However, they could not accept it. Not when they were in danger. They need Bruce's barrier to defeat the Triad.

One of the DemiGods frantically tried to heal the dead body but it was futile. His body didn't regenerate, he was clearly dead.

"Shit! I don't want to stay here! I'll leave!"

Watson Grapejuice was Bruce's partner. She knew how powerful the man was, yet he just died without a fight. She shuddered as she realized that a stronger being killed him.

Watson was a strong DemiGod, her poisonous vines were deadly. However, she just recently acquired her DemiGod status and she still hasn't enjoyed her prestige. She was afraid to die! She didn't want to die just like that!

She was the first to make a decision. Now that her partner was dead and no one could protect her, Watson started digging the ground using her vines.

She had enough experience to understand that they already lost.

With her vines, she made a route underground and ran to escape, or so she thought.

-- Bang!

This time, another gunshot reverberated and Watson's head exploded. She didn't have the time to react, she died just like that.

"Shit!"

"I- I don't want to fight anymore!"

The DemiGods started panicking like little birds that lost their mothers. Each of them made a decision to abandon the mission.

They became desperate.

"Fuck! Contact the Empire! Tell them that we need to leave this place! Quick, cast teleportation!"  
The Magma DemiGod was sweating. He understood the danger very well.

"Sir, we can't contact them! This place doesn't have a signal!"

"Fuck! Then, we don't have a choice. Everyone dispersed!"

"Not so close Magma boy. You have to dance with me for a little while." Medu jumped in and took off her blindfold.

She didn't know who was the one responsible for Bruce's death but she would use this chance to kill them.

"Fuck off! Get out of my way!"

Magma man summoned a giant volcano and it spewed a rain of magma.

"Uh-huh, you need more than that to defeat me."

Medu open her eyes. Her pupils glow, like a curse. No one could discern the true color of her pupils, because no one was alive to say it.

There was a certain story.

It said that one of the members of Hero's party was a cursed woman. Once you looked into her eyes, you would be petrified to death.

Even the Legendary Hero Arthuria Pendragon didn't dare to look in her eyes.

Medusa's Term Attribute was a Backlash itself. Despite being a DemiGod, she was leaving in constant torment.

Magma Man didn't know Medu's real identity so he, unfortunately, glanced at her face and eyes.

In just a second, his body hardened and he became a stone statue.

"First blood," Medu muttered.

Without hesitation, she charged into the enemy line and confronted the DemiGods.

One by one, the DemiGods turned into stone.

Furthermore, Ivy Naomi joined the battle. A powerful force broke through the ceiling and blocked all of the exits.

"No one can leave this place until I say."

Ivy Naomi used her Telekinesis and defeated the DemiGods one by one.

"Damn it!"

"Noooo!"

The DemiGods started losing hope. They desperately fought the Triad but they lost in the end.

The floor was filled with their flesh and blood. The Triad would never let any of them live. These spies tried to kill them, of course they were not going to show mercy.

Statues and red blood created art.

The battle ended with the Triad's victory. Ivy Naomi and Medu were enough to kill the enemies.

"At last..."

Athena dropped her metal bat. Her body might be healed but her mind was stressed. He dropped to the ground. Even the Blood Moon was mediocre compared to this battle.

Athena almost died many times, she just survived because she was Lucky.

Then, she glanced at the blocked exit that Calix used to escape.

When Calix realized that the battle was over, he decided to escape the place. He successfully escaped the battle before Ivy Naomi blocked the exits.

"..."

She gritted her teeth, almost biting herself to bleed. She didn't know why she felt this, but she hated this feeling.

"Looks like you're alright."

Medu approached her with a blindfold on her eyes. She had to be careful using her ability.

"Yes."

"It's good to see you safe. I apologize if I can't protect you. The enemies kept me busy."

"I understand. I'm a Vindicticator, I have to be strong to fight the enemies. This is nothing but another battle for me."

Athena accepted Medu's hand and stood up.

"By the way, I can't see Sana. Is she dead?"

"No, I don't think so." Athena shook her head.

"Well, considering that she has Fate on her side, I guess she's still alive."

When Medu met Sana for the first, she realized that she was from the lineage of High Elves of Fate. With that power, Sana should be safe.

'When I first met her, she begged me to protect her. Almost as if she knows my real strength, maybe the answer is related to her Term Attribute.'

"Let's go. This place is starting to crumble."

"Yes, Medu."

Their location was inside Junian and it would be dangerous to stay longer.

A few seconds later, the Backrooms shattered and everyone returned to the mansion. Even the dead bodies returned.

The criminals celebrated and started escaping the place. As for the spies who survived the clash, they started contacting their countries, pronouncing that the DemiGods were dead...

Just like them, Calix and Shoujo successfully escaped the mansion.

"Hey, why are keep looking at my feet? Damn it, can you control your fetish for a few minutes!"

"I can't help it! You have nice feet."

After Shoujo witnessed their fucking, she became obsessed with Calix's feet and cock...

## Chapter 397

"Wow, so you're still alive!"

Medu approached the man who had lost his limbs.

"Fuck you! Kahak--!" The man coughed blood and he knew that he was going to die.

He thought this banquet would be peaceful. He didn't expect that he would die today.

"Don't worry Barathros, I will take care of your faction." Medu grinned.

"Shit!!"

Out of all of the Triad, Earthshaker Barathros received the most wound. Unlike the tall man Jejomar, Barathros didn't have any healing capabilities.

Barathros looked at Ivy Naomi and Jejomar, both of them didn't show any sympathy for him.

"..."

With hatred, he died.

Since then, the Triad returned to having three DemiGods.

.....

.....

...

"Mister President..."

The secretary had a pale face as he entered the office of the president.

The president had a tall stature, almost 8 feet. He was smoking tobacco, blowing the smoke with calmness.

"What's the outcome of the mission?"

President Dela Rosa of Ancas. Unlike Dellia which followed Democracy, Ancas ruled the country in Communism. Where the government controls the goods and properties of the country.

President Dela Rosa was the leader since 80 years ago and none dared to disregard his status. He was the strongest DemiGod of Ancas, the one who controlled the country.

The secretary took a deep swallow as he opened his mouth.

"We failed Sir..."

"Is that so? I guess the Triad is not easy to trifle. What happened to Bruce and Watson?" He asked as the smoke surrounded him.

"Sir... They died."

"Hm? Can you repeat that again?"

"They all died, sir." The secretary was sweating.

"... Tell me the full details." His voice became heavy and the atmosphere inside the room darkened. The lights cracked with his pressure alone.

"S- Sir. The survivors stated that the Triad became stronger with the new member."

"What happened to Bruce? The reason why I sent him to the banquet is that I know that he will not die."

"A- about that, sir, they said that someone destroyed his barrier and killed him."

"A sniper bullet, is that it?"

"Yes sir..."

"Put the documents on the table. You can leave now."

"Y- yes!"

President Dela Rosa stopped smoking and looked at documents that had complete information on what happened to the banquet.

"Medu, unknown bullet, and a yellowish office rooms."

These were the clues that they got. Out of all the three, President Dela Rosa recognized one thing-- the yellowish office rooms.

"Backrooms..."

As a country that had conflict against Dellia and Junian, President Dela Rosa had deep information about them.

"This TA User is from Junian."

President Dela Rosa had a cold gaze as he said it. He didn't bother to add Junian to the mission because the King would never listen.

'That Pig is too arrogant to join a mission.'

Instead, Ancas, Desmonda, Carillo, and the Empire of Xummolu allied to end the danger of the Triad. Yet, all of the DemiGods who fought the Triad died.

No one survived, even the veteran Barrier Master Bruce Smallbum.

As the leader of a country, President Dela Rosa had a headache knowing that two of his DemiGods died because of this mission.

If he was not clearheaded, perhaps he already destroyed his table out of anger. However, Dela Rosa was intelligent despite his appearance of a brute.

Suddenly, his computer started beeping, signaling that someone contacted him.

President Dela Rosa already had an idea.

He opened the computer and two people could be seen.

"Dela Rosa! What is the meaning of this!"

The President of Desmonda screamed with no hesitation. He lost a powerful person and Desmonda might be endangered because of this.

Even the face of the President of Carillo was ugly.

"Xacto, I'm the same as you, I'm shocked too. I never expected that this will happen. Our DemiGods outnumbered the Triad, but we still lose."

The three leaders were having a bad mood. This mission cost them a lot.

The President of Desmonda was seething in anger.

"Damn it! It's because of the Emperor! That fucking lizard! He said we will win this battle--"

"Don't you dare speak my name with your filthy mouth, mortal."

Suddenly, another face appeared on the screen.

A man who had two horns on his forehead, with reptilian scales on his neck. His eyes had a golden shade.

The identity of this man was the Emperor of Xummolu. Emperor Drako.

It was said that the royal family of Xummolu inherited the power of the Dragons.

Nobody knows if these 'Dragons' were even real. They were creatures who died a long time ago and no one could attest to their authenticity. Only the royal family of Xummolu proved their existence.

In the Draconian Royal Family of Xummolu, Emperor Drako holds the highest position.

"All of us clarified that no one will blame each other if the mission failed."

"That's right, but the outcome is much more horrible than we expected! Two DemiGods! Our country lost two DemiGods!" The President of Desmonda was going crazy over his loss.

"Same thing as us, the Empire lost three DemiGods."

"It's not the same! We both know that the Empire has more than--! Damn it!"

The President of Desmonda shut his mouth. He might be angry, but he knew the consequences of his actions.

In the Eastern Continent, there were few powerhouses.

Dellia, Kingdom of Junian, the military country of Ancas, and the powerful Xummolu Empire. These four hold the strongest militaries. Desmonda and Carrillo were only second-rate compared to them.

Once a war happened, these countries would never hesitate to invade and destroy. It would be detrimental to Desmonda if they angered the Empire. After all, they didn't have the Obice of Dellia or the Cannon of Junian.

'The importance of Fragment of Excalibur is showing up. This endless energy can provide protection against invasion.'

President Dela Rosa thought in his mind.

That's why every country was rearing to get one.

"We have lost big this time. Don't worry, I will compensate you with resources." The Emperor casually said.

"That's good." The President of Desmonda gritted his teeth and accepted his 'goodwill.'

Then, one by one, the leaders ended the communication and the screen turned black.

## Chapter 398

Calix and Shoujo successfully left the mansion without any trouble. With the woman's intangibility and Calix's Luck, they didn't meet anything bad.

However, a few minutes later, the two sensed a strong tremor.

They hid to make sure that no one would notice them.

A big flying ship was heading to the mansion so fast. The flying ship had the insignia of a golden crown and staff-- the symbol of the royal family of Junian.

"Let's go. I already contacted Yuna, we must go to the meeting location."

After the ship flew by, the two didn't waste time and ran fast to the meeting place.

When they got there, Yuna Garcia was already waiting.

She studied the two. Based on the tense bodies, Yuna deduced that the banquet had trouble.

Anyway, it was not his problem. She was just a means of transportation. Not related to her at all.

She opened the portal to Melbed.

"You can leave now."

"Thanks, Yuna."

"..."

Calix felt a bit awkward seeing Yuna acting so serious. Still, he entered the portal and disappeared.

"That man, for unknown reasons, he reminds me of Calix. Maybe I'm just hallucinating. Maybe I miss him so much that I'm going crazy, hehe."

She thought that the masked man was her boyfriend but she knew that it would be impossible. After all, Yuna remembered Calix's scent. The man earlier didn't smell like him, he smelled like a woman, a female maid to be exact...

"How about I visit him tonight? God, just imagining him makes me wet!"

She giggled and vanished.

.....

.....

...

The flying ship stopped right above the mansion, and two people came out of the ship and landed on the ground.

Pope Slavko was wearing his usual attire, a priest outfit. Next to him was a handsome man.

"Prince Diane, this is the place."

One was DemiGod from the Church of Amore while the other one was the crown prince of Junian.

"I can't feel any strong presence inside the mansion. Perhaps the Triad already escaped."

"Indeed, but we can subdue the remaining people and interrogate them."

Then, more people came out of the flying ship, they were TA Users under Junian.

They bowed their heads and waited for the crown prince's royal command.

"Subdue them. If they fight back, tore their limbs. As long as we can extract information, you can do anything you want."

"Yes! Your Majesty!"

The TA Users rushed into the mansion and another round of battle happened.

"These criminals infiltrated our land and held their banquet inside our territory, how appalling!"

The Crown Prince of Junian had strong disgust against the enemy. Junian was his home and any hostility against his home would make him mad.

"Looks like he's here."

Pope Slavko sensed a person approaching them.

"Pope..."

Berto Alb showed himself to them.

"Who are you?" Prince Diane furrowed his brows because he didn't recognize Berto.

"Don't worry Prince Diane, this person is our ally. He works for Principal Lycan." Pope Slavko assured him.

Berto already retired and he kept his identity a secret as much as he could. Only a few selected people knew his identity.

"You did a good job. I apologize if I made a mistake."

Realizing that the man before him was an ally, Prince Diane slightly lowered his head.

"It's not your mistake Prince Diane, I already retired for almost a decade. Principal Lycan just asked me to attend the banquet and I can't disregard his order."

Compared to the old pig, Berto discern that the Crown Prince was much better. At least he didn't show any disgust against a Demihuman like him.

"By the way, who is that woman behind you?"

The two were confused why Berto Alb was carrying a woman on his back.

"She is my Auntie. I was shocked to see her attending the banquet, it's a family problem sir..."

"I see. You can leave now, I will contact Principal Lycan later."

"Yes sir!"

Hearing their approval, Berto turned around and left the scene. His job was over.

To be honest, he wanted to find Calix but he knew that his nephew was slippery. He already escaped twice, and Berto was not sure if he could catch him again.

'I will send Auntie Sana to Mom's house and let Mom talk to her. Tch, I can't believe that my family is full of troublesome people. What's with this natural instinct of traveling anyway?'

Elves had a natural mission of traveling the world. They did this for unknown reasons, perhaps they just love traveling around.

Particularly Berto's sister and auntie, they left the country on their own accord.

However, in his entire life, Berto never experienced the urge of leaving his country. It was the complete opposite. He wanted to live a peaceful life. Unfortunately, his Term Attribute kept him from doing so.

.....

.....

...

Calix returned to his apartment without a hassle. After the tiring day, all he wanted was to close his eyes.

The banquet was full of surprises.

The Triad had another DemiGod.

The DemiGods from Ancas and other countries attacked the Triad.

Calix met Athena and 'rekindled' their relationship.

Calix used his 2nd Term Attribute and it was quite heavy for him.

Calix frowned when he felt the changes in his teeth. He went to the bathroom and checked his fangs.

As expected, they became sharper...

"Calix~ Baby~"

Before he could calm his mind, Calix heard a voice. He knew this voice very well.

With a defeated sigh, Calix came out of the bathroom. He saw Yuna spreading her legs on the bed. She was not wearing anything beneath her skirt.

Furthermore, her asshole had a butt plug, signifying the sex play that they would do.

However, Calix felt that something was wrong.

He looked around and his eyes widened when he realized another woman was watching him.

'What the fuck is wrong with this bitch? I thought she already left.'

Calix was surprised because he could see Shoujo's distinct eyes. She was using her Term Attribute and hiding in the wall.

She's in the god-damned wall.

"Baby? Is something wrong?"

"... No."

Anyway, if she wanted to watch again, Calix was too tired to shoo her away.

'Might as well enjoy her audience.'

Chapter 399

Calix glanced at the wall as he got closer to the bed.

"Nyah~~"

Calix already forgot that someone was watching them when Yuna moewed like a cat and approached him with her legs and hands, like a real cat.

Yuna wiggled her ass as her face was in front of his belly.

Calix smiled softly when she rubbed on his crotch.

"Fufu."

She purred louder and rubbed her face harder, making his cock twitch. She nuzzled her head against it again, her face caressing the bulge, making it hard for Calix to control himself and not grunt out loud.

Calix leaned down and kissed her forehead. Yuna giggled and started the next step.

With her mouth, she skillfully opened his zipper. Her lips touched the tip of his dick over the boxer brief, making Calix cuss.

"Damn, girl... Guh."

He couldn't help but moan loudly while holding her back.

He gently stroked her long hair until she pulled away, licking her lips.

"You're so tasty," Yuna said breathlessly.

"Can I eat you?"

"Yes!"

This time, Calix pushed her to the bed and spread her legs. His fingers ran through her slit, feeling her wetness.

"Mm~"

Yuna's soft cries filled the room.

Calix's fingers slowly entered her and felt her walls clench around his fingers. She grunted as her body shuddered on his fingers.

"Ugh..."

"Nice, you're so wet."

He licked his thumb and leaned closer. His face in front of her twitching pussy, he started fingering her. Yuna whimpered as the first inch entered her hole. When Calix's second finger slid in, she moaned louder.

"Ahhh, yeahhhhh."

Calix started moving, teasing her entrance with each stroke. It only took seconds before Yuna started moaning loudly again.

She clutched the bedsheet, throwing her head back as the sensation overcame her.

"Oohh! Oh! Oohhh! uuhh!"

Her hips lifted as if she wanted more and Calix moved faster. Yuna was moaning as she came, her juices covering his fingers. When she finished, he kissed her legs instead.

"That was great, baby. You have a nice pussy. So tight..."

Calix kept playing with her pussy while Yuna started to cum.

"Guuhh...."

"Your legs are so smooth and white."

He stopped stroking her pussy and started kissing the length of her thighs. He tasted her sweet juices with his tongue, sucking on her clit.

"Haaaa..."

Yuna whimpered, panting and moaning.

When she stopped coming, Calix continued to kiss the length of her thighs, then her legs, all the way up to her ass.

Of course, he didn't forget the buttplug stuck in her asshole.

He reached down, pulling it out, then he stood up and went outside the room. A moment later, he returned carrying a bottle of lube.

"You ready?"

The sight of the lube made Yuna's eyes sparkle with excitement. He tossed it over to her, and Yuna caught it easily.

She sat up and kneeled in front of him. She pulled his pants and boxer brief. She started showering his cock with lube.

She stroked his fat shaft with vigor, making it hard and tall.

She wrapped her hand around his rod to hold him steady while her other hand massaged his balls.

"Fuck!"

His thrusts became longer and deeper. He grabbed her wrist and put her hand on his balls, making her touch them even harder. The friction between their fingers caused Calix to feel even more aroused.

His balls and cock were covered with shiny lube, Yuna unhesitatingly sucked the tip of his cock and licked his precum.

Calix groaned as Yuna continued her ministrations, her tongue sliding around his cock, her throat fluttering as she kept deepthroating his cock.

"Uhhh... Fuck.. Yuna..."

She continued sucking him, keeping him erect and stimulated by her gentle touch. As she continued, he started to get harder.

"Bend over. I think it's time to stretch that asshole of yours."

"Yes!"

Yuna bent down, her breasts bobbing and hanging low as her ass jutted up in the air. Her gaping asshole was hungry for some cock loving.

Calix took the lube from Yuna and started rubbing it into her butt.

"Ugh.."

As she started grinding her butt against his fingers, he massaged her ass harder.

When he was over, Yuna's ass was shining against the fluorescent light.

"Calix, I'm so fucking horny. Please give me your big fat cock!"

Yuna whined. "Don't make me wait any longer, please~"

She whimpered.

"Come fuck me, baby. I want you to ride me. Now!"

Calix grinned devilishly. "Well.. okay."

He adjusted his cock right in front of her anus, slowly entering and stretching her.

"Fuuu--!!"

Yuna cried and her eyes almost lost their focus. She clutched the bedsheet as she felt his cock invading her anus.

"Yeah, yeah. Like that. Baby~"

"Oh fuck..."

The pain felt good. He was fucking her so perfectly that it felt like they were one, or maybe it was because she had been craving his dick so much lately. But still, she loved how she could feel her muscles tightening around his dick, how his thick cock penetrated her ass.

"Hm~ Ah~ Mm~ Ah~ Oohh~"

She kept crying every time Calix thrusts his cock in and out of her. The friction between them was making her crazy.

Then, Calix put more lube on his cock. He started fucking her seriously!

"Oh, my god!!!"

Calix started thrusting faster and faster. After several thrusts, he started hitting the spot that sent her into a frenzy. He could hear her panting and moaning, the sound of her ass slapping against his hand, and her soft gasps.

"Ah! Ah! Aahh~! Oh, Fuck! Your cock feels so good baby~ Ravage me! Mess my asshole!"

Her makeup was getting messy as her tears rolled down.

"Guh--! Ughh! Hhugg~"

After a few thrusts, she started screaming and squirming. He was too excited to let go of her ass and stop pumping into her and so he just kept thrusting into her ass and making her moan louder and louder.

He started hearing the sound of her voice breaking. That meant her release was approaching.

Her eyes were red and swollen. She looked like a wild animal about to explode, yet she looked beautiful.

And she was his.

"Ooohh Good!! Fucckkkk!"

Calix kept hitting her spot, going faster and faster.

"Ahh! Ahh! Yes! Fuck me, Calix! Please do!"

"Say it louder, Yuna. Say that I'm fucking you so good."

"I love you so much, Calix. My ass feels so good right now with your thick cock stretching me!"

## Chapter 400

"That's good. I want to fuck my girl until she screams my name in ecstasy."

"You're the best thing ever."

Yuna was panting hard as she pulled off the cover of the pillow. She was flushed from too much sex, and her pink hair looked like a lion's mane.

She hugged the pillow with utmost strength as Calix plowed her asshole greedily. Her butt slapped his hips every time they made a contact.

The lube slowly dripped down, running down her thighs. Her pussy was wet, yet unloved.

"Guuhh--! Gaah--!"

Her eyes squeezed shut tightly.

She couldn't help but scream into the pillow in frustration. It had been three years since she experienced his magnificent cock yet she was still addicted.

"Fuck this ass! This fucking ass needs a good slapping!"

With a grin, Calix slapped her right ass with no restraint. Almost to the point that her white ass turned reddish.

"Yes! Yes! Fuck my ass! Just like that! So good! Anng--!"

She felt like he was just playing with her like he wanted to see how long she would last.

"Do you want it?"

"Yes! I want it so much! I want to cum with my asshole! Baby~ I'm begging you! Murder my ass!"

"Hehe."

But when she felt herself on the edge, her mind went blank.

"Oops."

"Huh?"

Calix stopped. Yuna whimpered in disappointment, looking up at him with puffy red eyes.

His smile turned sadistic.

"It's unfair that you will cum before me. Of course, you have to make me cum first. Suck my cock."

"..."

Yuna was dumbfounded. Her gaping asshole was twitching, disappointed that it never reached the highest orgasm.

"Calix... You bad..."

With eyes full of tears, Yuna kneeled before him. She didn't care if his cock went inside her asshole. Yuna started blowing him.

"That's right. You should understand your position. Who the fuck said that you can show up without any notice, huh?"

"Slurp~ slurp~"

Yuna could not answer since she was sucking his cock. On top of that, only Kimberly and Scarlett had the phone to contact Calix.

Yuna realized that Calix was mad... Her body heat up as she realized that she was going to be punished thoroughly.

She was excited. She hoped that Calix would mess her up so well that she would forget her own name.

She started bobbing her head, salivating over his fat shaft. Yuna grabbed onto his cock, squeezing and stroking.

Calix gritted his teeth. This bitch knew how to suck a cock. Out of all of his women, Yuna was the best cock sucker.

"Slurp slurp~ Slurp slurp~ Slurp slurp~"

She licked her rod with happiness. He tasted sweet. The saliva and other fluids mixed together between her tongues.

"Mmm~ I love you, baby~"

"Is that so? Then let me use your throat."

Calix grabbed her twin tails and started fucking her throat. Not kidding, it was not a blowjob anymore.

Holding her hair, Calix began fucking her throat with his penis, giving her no time to breathe.

"Gah gah gawk gawk gawk--!"

She started gagging and her eyes turned red. She couldn't breathe, couldn't think, everything was blurry.

"Yeaahhh...!"

He kept slamming his dick into her throat. The sounds were too loud for Yuna to handle.

"Gawk gawk gawk~"

She was close to breaking apart. Her body was shaking, trying to stop the spasms. She tried taking a deep breath but it felt like an elephant was choking her.

Yet, her expression was full of bliss. She felt like she was dying over pleasure.

"Mm... Mmmm gawk gawk..."

He started hitting her lips with his large index finger. The vibrations shook her whole body. She was screaming out.

"Gaarrk--!"

Finally, after what seemed like an eternity, he slammed himself into her throat one more time.

"Pfft- gahak! Gahak!"

Calix came inside her throat, almost choking her. Yuna started coughing. Then his sperm escape from her nose.

His semen came out of her nose, almost like a cycle of life.

When Yuna escaped his grasp, she was coughing out loud. Her face was red as she wiped her nose.

However, one thing was clear. The wet bedsheet under her was obvious.

She came being choked on his cock. She loved every second of it.

"Mmm~ That's so good baby."

Yuna felt a strong desire to lick and suck him clean. She approached him, only to realize that the game was just starting.

He pushed her to the bed and forcefully pushed her knees to her breasts, almost folding her.

Then, Calix entered her sloppy pussy.

"Ah!"

Yuna gasped and came again. She hugged her knees tightly as Calix started fucking her.

He began thrusting faster than normal and soon she started moaning out loud.

"Ahhhhhhhh..! Gaaaargh!"

She bit her tongue, trying to keep quiet. It hurt, but it felt good.

"Shit... Don't get crazy now.. bitch. Someone might hear us."

Unfortunately, Yuna was too horny to keep her mouth shut.

Well, someone was definitely hearing their fucking. There was a fox girl hiding and watching their procreation.

Calix smashed his cock deep into her hot pussy, ravishing her thoroughly like a madman.

"Yes! Yes! Yes~~"

"You like this, huh?"

"Baby, I'm gonna cum--"

"Nope!"

He grinned and turned her around. Then, he put his cock in her ass this time. Yuna screamed like a pig.

"Aahhh--!"

Her hair was disheveled. Her sweat was all around her. She didn't regret it at all. God, she would choose this moment over anything.

"Fuck me, baby! Fuck me!"

She cried.

"Of course, that's what I'm doing right now."

Suddenly, his fingers penetrated her vagina. The sharp sensation brought her closer to orgasm. Yuna moaned out loud, closing her eyes.

"You're tight... I'm gonna fuck you like a pig."

"Yeah yeah yeah! Fuck me!!"

"You like that?"

"Yes!"

"Scream like a pig then!"

"... Oink! Oink! Oink!"

Watching the crazy sex, a certain fox woman was unconsciously touching herself. This was the first time that Shoujo experienced something scary yet satisfying.
