Chapter 46

Calix and Scarlett were hugging for a long time, although Scarlett made sure that she won't hurt Calix again. Scarlett rubbed her head on his chest and felt his beating. It was beating fast, perhaps her heart was beating fast too. The warmth she felt was unique and making her crave for more intimate touches. She looked up and saw Calix's greenish-brown eyes as if she was looking at a forest, she could see that Calix was thirsty too, he was like a predator ready to devour her.

Scarlett slowly moved and gave a peck on his lips, then that that peck turned into a slow kiss until the kiss turned into a long passionate one. Calix was touching her back and slowly his hands moved down caressing her ample buns. He kneaded them like he was creating a dough, Scarlett swallowed her moans as they kissed. They wanted to do it right now, but they decided to endure it. It was not good for them to make the hospital as a love hotel and Calix was injured, he need rest and not sex.

Their lips parted and they smiled looking at each other, they were so close and they could hear their warm breathings.

"I don't know if I'm lucky or not."

Calix chuckled and pulled Scarlett close to him, the woman yelped and giggled after.

"No, I think I'm the lucky one here. You are the best boyfriend I can ever have."

"Really?"

"Un."

She said, and snuggled close to him, smelling his scent. It was actually good staying like this, cuddling but no penetration, just a wholesome interaction, they thought.

"Scarlett, while I'm sleeping, what happened? What happened to Chen and those Term Attribute Users?"

Calix fainted when Lok slammed him to the wall, that was the last thing he remembered. He was bleeding and lost consciousness. He was perplexed about how he woke up in the hospital as if everything was fine, and he was curious about what happened while he passed out. Especially regarding Chen, he was furious and wanted to beat the crap out of that snobby bastard.

He clenched his fist and Scarlett sensed that he was mad, she slightly smiled and rubbed her fingers on his chest. She was happy that Calix was angry for her but it was already over, the problem was fixed.

"It's okay, you don't have to be angry anymore. I heard from Athena that everything is fine. I don't know what she meant by that, but I trust her. You know her, Athena can fix everything, she's the best maid you can find. But to be honest, I have a feeling that, she punished Chen brutally..."

"Why do you think so?"

"I don't know, intuition."

"I see, so it's already over, huh."

"Yeah, no one will hurt us anymore."

Calix brushed her hair and smiled, he breathed in relief realizing that Chen would never hurt them again. As he was brushing Scarlett's hair, he suddenly realized something important.

"Um, Scarlett why is your hair so long?... I didn't sleep for a year right?"

"Silly, no you don't. I can't take it if you sleep for that long."

She laughed, sometimes Calix overthink some stuff and believed that the worst scenario was going to happen. Although she couldn't blame him, Calix experienced hell within the three years that he couldn't decipher his Term Attribute.

"I breakthrough and became a 2nd Advanced. My hair extended because of the optimization of being superhuman, but I will cut it later. I didn't have the time because I'm so worried about you. You see after I learned that you are injured, I immediately ran and went to your room."

"You are worried about me, I'm sorry for making you worry. 2nd Advanced, huh... Wait? Did I hear it right? You are really a 2nd Advanced!? -- ouch!"

Because of too much shock, Calix's ribs ached again, and even Scarlett looked anxious.

"A- are you okay?"

"Y- yes, I'm fine."

He took a deep breath and endured the pain till it gradually vanished, then he looked at Scarlett waiting for her answer. Scarlett shrugged and liked what she was seeing, Calix looked like a puppy who was waiting for his master to give food.

She cupped Calix's cheeks and weakly pinched them, Calix's face looked funny, and Scarlett gleamed.

"Yeah, I became the youngest person who reached 2nd Advanced in the whole history of the world. Which means I'm talented. But I decided to keep it, for now, Athena agreed about it and keep it a secret...(although, my dad already knew it I guess)"

"R-really!?"

Calix was so shocked and his jaw was wide open, winning the pog cham competition. It was out of his expectations, sure Scarlett is a talented woman but even she would take five or six years to break through.

Calix was happy for her, so much happy. But behind that happiness, Calix felt the pressure. The pressure to stand beside her, if Calix would stay as weak-ass young man, then their relationship would definitely end in the long run. That's the last thing that Calix wanted, he wanted this woman to stay by his side forever. It was a greedy thought but he couldn't help it.

Calix spread his arms and hugged her, Scarlett giggled and rubbed her head on his shoulder feeling his warmth. Yet, despite the scent of romance looming around, Calix was anxious. What he didn't know was that he was the reason why Scarlett became a 2nd Advanced. The Luck inside him passed to Scarlett and caused her to reach the next level, it was all because of him.

In another term, Calix is a natural experience points potion. Using his cough huge dick cough, he could make any woman lucky, and their luck was not ordinary at all. All of the women who would taste his dick would become the pillars that protected the world, one way or another.

This man, Calix Romoel, is not ordinary at all. He is a dangerous person, the fate loves him so much and would do anything for him. Sometimes he might face tough situations but it's all because he's Lucky.
