

Only Fuel 49

Chapter 49

Her hand wrapped at the base as she began stroking him. Her strokes got faster and she bobbed her head up and down, Scarlett looked at Calix and they had eye contact. Scarlett liked what she was seeing, she felt like she was in control.

She heard her own noises, her sucking, as her saliva accumulated over Calix's huge cock. She weakly moaned and bobbed up and down faster, she was jerking Calix faster and trying to make him cum. She even used one of her specialties, the deep throat. She devoured him feeling his cock throbbing.

He started twitching upwards and grunted. Scarlett knew what was going to happen, she bobbed her head with enthusiasm and looked at him.

Calix grabbed her head and held her tightly on his crotch, choking her, feeling his dick convulsing in her throat.

Calix came inside her mouth. Instead of tasting a weird and gooey taste, the cum tasted fruity-like. Scarlett didn't think twice and swallowed it, even the cum that was escaping out of her mouth, she licked them afraid of wasting them. She felt some running down her chin, Scarlett wiped them using her palm and licked them like a hungry woman.

"Mmmm"

She moaned and stared at him with her glistening eyes. She looked sexy, definitely a goddess. Calix couldn't believe that a goddess like her would suck his large cock and swallowed all his sperm. She looked majestic despite doing vulgar stuff.

Because of the scene that was happening before him, Calix's little brother became strong again. It was ready to take some action.

Calix mounted on Scarlett and the woman giggled, she liked his enthusiasm.

Before doing the deed, Calix asked her but the way he said it was kinky

"Are you ready for this huge cock to ravage your pussy?"

"Aaahhhh, Yes."

"Answer me, clearly. What do you want?"

"I want your cock to stir me inside, I want you to ravage me, leave me devastated. I want your cock in me, please. Give it to me."

She didn't hesitate and took off her underwear and threw it around. She begged and spread her legs for him. Calix gulped as he saw that Scarlett was clean, bare like a baby, and shaved. Her pussy was shaved and Calix could clearly see her clitoris and slit.

Scarlett whispered the words, "please, please fuck me." Her legs were widely spread for Calix to accommodate. He leaned down and started kissing, he was on top of her and his hips moved to spread Scarlett's legs.

Then, he sat up and started rubbing his dick up and down against her gash. Scarlett felt the teasing and couldn't wait anymore. She raised her hips scraping her pussy against Calix. She was telling him that she wanted it badly through that gesture.

Calix gave her what she wanted. She gasped as she felt the pressure of his thick junior penetrating her, her hips squirmed as Calix pushed more and opening her. She quivered and released a lengthy sigh, her body shuddered, she felt that something was fluttering in her stomach.

Scarlett became flush and panting as his cock was stretching her, making her crazy, delirious over his dick. Calix's massive spear was splitting her in half. A wave of sensation exploded as his cock fully got in and Scarlett gasped, her mouth was wide opened. Her head arched back and she cried.

"Oohhhhh Yes, oohhhh God... Mmm you're so good."

She was puffing, shifting her head left and right. She grabbed the hem of the bedsheet and grunted, she clenched the bedsheet and started relaxing.

Calix moved his cock slowly in her, giving her time to breathe in, he rested on top of her. Their faces moved close to each other and kissed. Calix moved his strong arms and slid under her embracing her tightly and gripping her as if she was being pinned down.

He then began moving his dick in and out of her, with each thrust deep and reaching her womb. This made Scarlett moaned with every thrust she received.

Scarlett held his head, pulling his hair as the pleasure was making her crazy.

Calix moved up and down in a smooth rhythm, the sensation was indescribable. She was panting and moaning as his huge rod jab her womb, causing her to surrender her body to him. She tossed her head side to side, moaning, gasping in ecstasy. She was elated as she felt the thick cock inside her walls. The depth of her pussy was welcoming Calix to his usual territory.

Her mouth locked on kissing, sucking his tongue, intertwining, and didn't want to let it go. She was in frenzy and panted under him, her warm breath made it obvious that she was in heat.

"Ohhhh God, you are soooo big. Ohhhh please, fuck me. Oh God, yes, fuck me."

Calix became excited as he heard her moaning, he plunged down on her with powerful smashes ravaging her inside with a perfect rhythm. Their world was rocking, just like their movements. Scarlett's hands were touching Calix's tough body, particularly his six packs abs.

He looked at her eyes and whispered, "You want to cum? Then beg." He said it purring.

"Ohhhhhh God Yesss, I love you. Own me, make me yours! This pussy is yours. Make me cum, mmmm, make me cum with your huge dick."

Scarlett whimpered, her eyes glistened, and stared at Calix. She raised her head and kissed his mouth again, moaning and sucking his tongue while Calix gave her intense pounding, fucking her brains out. Calix slammed his thick shaft into her, all of his cock appeared and disappeared inside her like a magic show. She had taken all of him, his everything. A euphoric sensation swept her and electrocuted her from head to toe. Her toe curled up as she moaned like an animal in heat.

"Oh yes, oh yes, OHHHHH... I'M CUMMMIINNNGGG!!"

Things came out of her mouth that she doesn't usually speak. The term cumming was not in her dictionary, she knew the meaning but this was the only time she could say it bravely. This was out of her character.

These two are wholesome.
