Chapter 63

"Here we are!"

They reached the place. When they came out of the car, they were dumbfounded to know that the owner of the Game Center owned a mansion this big. Their mouths were wide open as they realized that there are rich people who own something vast like this mansion.

Even Calix was shocked about it because he knew this mansion. Or rather, he knew who owned this place.

"Wait a minute, I know this place. This mansion is owned by the Cudgel!"

Calix knew that this mansion was owned by Chen Cudgel. He heard from Scarlett that Chen would never appear in their lives again, he was confused but he was relieved when he heard it.

"Yeah, I heard Cudgel owned this place. However, they sold it to the owner of the Game Center. I don't know the reason but they just sold it. So the owner of this mansion is not the Cudgel anymore."

Morg explained and pushed Calix towards the gate.

"Hey, you guys not going?"

"Sorry man. The owner wants to meet you, not us. Don't worry, you have our phone numbers so you can call us if something happened."

Morg and the others went into the car and left him. Their job was already over, they were planning to go to the Game Center and have some fun. Calix shook his head in defeat, he was alone and looking at the gate.

"Let's hope the Backlash won't take an effect. I don't want to burn a mansion just like what I did to my classroom..... My father can buy a mansion but I don't want to burden him with fixing my problem."

He said. He glanced around and he couldn't find a person. He decided to push the doorbell.

Ding Dong

"Hello, I'm Calix Romoel. I'm here cause the owner wants to meet me."

He said and someone answered him.

"Sir Calix, you are gladly welcome to our mansion."

Then, the gate started opening. The gate could be controlled mechanically by just a button. Calix was amazed at the luxury of the mansion. He couldn't believe how extravagant Chen was. He felt like a gate like this was such a waste.

Calix entered the mansion and looked around, he couldn't help it. The mansion had golden statues and beautiful flowers in the garden. It was a feast for his eyes despite being a man, he could appreciate art.

"Welcome, Sir Calix."

"Ah, hello."

A maid greeted him, Calix glanced at her and scratched his head. He was not used to being named politely like a sir. Even in their house, the servants there called him Calix with no additional title. His father hated formality and so did he. He felt like he couldn't talk to a person who speaks like noble blood who had a huge pride. He hated those people who felt above the others because of their predecessors' achievements.

The only exception is Scarlett, of course. He misses her so much, her ass, her tits, and her wet pussy, he wants to touch and eat them.

"Let me take you where Lady Kim is."

"Lady Kim?"

"Yes, she's the new master of this mansion."

The maid smiled with grace. Fun fact, this maid is actually the woman whom Chen assaulted last time. The maid was happy that she had a good master that she could serve without getting hurt or rape. Deep inside her, she was elated to know that Young Master Chen was not here and she hoped that he would never return. Besides, Chen is a quick shooter so she didn't feel satisfied with his dick. Chen is an asshole.

"Okay..."

Calix decided to follow her. He was curious why this person, Kim, wanted to meet him. He is just a simple student and he didn't have any connection.

'I don't know the reason, but I will learn it when I meet her.'

.....

.....

...

On the other side, Kimberly was fidgeting. She couldn't believe that she would meet Calix quickly than she thought.

She was fixing a broken old handgun(for research purposes) when a maid informed her that Calix was here.

Kimberly jumped because of anxiousness and ran towards her room. She asked some maids to help her dress up. Her t-shirt was tainted with grease and she smelled like old machinery. She was dirty and she didn't want Calix to see that appearance. She wanted to appear as a beautiful woman. You know, to impress him and perhaps make him fall(?)

Anyway, thanks to the power of the maids who gave her make-up, dressed her elegantly, and sprayed her with high-class perfume. Now, she didn't look like a geek. Although, she was still wearing her glasses because she didn't want to have a Backlash. Still, despite wearing her eyeglasses, she didn't look like a nerd at all. Instead, she radiates an elegant-smart vibe, as if she is a businesswoman, which she is.

She looked at the mirror and sighed in relief, she looked fine, in her opinion. Kimberly is beautiful but she didn't have the confidence so she strongly believes that she has a normal face.

She promised to gave her maids a raise after this. Her mediocre face became slightly beautiful because of them.

'Geez Kimberly, you decided to talk to him because you're curious about how he won those prizes, but I know that the other reason why you want to talk to him is that you want to seduce him. So, if you really want to seduce him, you have to be confident with yourself.'

Her inner persona talked to her and Kimberly nodded, she could not agree more. When she first saw Calix, she was already determined to know him better. Why did she show her flirty side if she's not serious? This means that Kimberly had two motives to meet him.

The first was about the mystery of how he won those prizes even though the claw machines were rigged.

The second was to know him better... And perhaps makes him her boyfriend.

'I'm beautiful, I'm beautiful, I'm beautiful.'

She said as if she was reciting a magic spell.

Just like what this author said, Kimberly is a hella beautiful and sexy woman. She has purple eyes and light-brown hair, the glasses make her intelligent(literally). On top of that, she has a great shape of ass!!! I tell you this, as an Ass Enthusiast, her ass and hips are big and great for child-bearing!!! Heck, even Scarlett couldn't win against her ass and even her breasts were slightly bigger than Scarlett. She's on the thick side of the road!! Thick!!! Fucking thicc!!! Big Mommy Milkers! I mean, Tiddies. I mean, Booba! I mean, jugs! Aaaaahhhhhhhh!!!

Overall, Kimberly is a wonderful woman to fuck and impregnate. Calix my bruh, don't disappoint this author!!
