

## Only Fuel 75

### Chapter 75

Scarlett sent nude pictures, they were hot, arousing, and Calix wanted to fap to them later on. However, his problem was still not fixed, he was guilty of cheating on her and it was eating him. He was frustrated that he could not keep his promise.

He knew that promises are meant to be broken and he knew that there are no perfect people, yet he wanted to do his best for her. But he failed, he hurt her.

His phone was ringing and Scarlett answered.

"Hello? Scarlett?"

"Hm, how... are you?... I miss you."

The signal was static but Calix could hear her. He felt guilty knowing that Scarlett was missing him yet he did her dirty. He sighed and talked to her.

"Yeah, I miss you too."

He was trying to smile but it looked grim.

"Calix...? Are you okay? Is there a problem?"

Suddenly, the signal became better and Scarlett's voice was clearer. Another luck, eh.

Calix paused and bit his lip, his face was getting ugly. Scarlett was anxious and she felt that Calix has a problem.

"Calix, is everything okay? You know that I always love you no matter what."

"Un, I know. I love you too."

Scarlett grasped that Calix was trying to gather his courage. He took a deep breath and started opening his mouth.

"Scarlett, I... I have cheated on you."

Calix said it, he closed his eyes and waited for her reaction. There was a long pause, no one was talking. It was deafening silence and he was suffocated.

"I see... I gave you the approval to have sex so I can't blame you. I know that you didn't do it to hurt me, the last thing you want to do is to hurt me. Calix, just like I said earlier, I love you no matter what. I trust you, I know that it's not your intention to do that."

Calix heard a deep breath from the phone. He started to realize how lucky he was to be her boyfriend. Scarlett is a keeper.

"Please just explain it to me, so that I can understand your situation."

Scarlett was calm, she didn't want to blame Calix. She knew that he was the most hurt right now.

Calix closed his eyes and tears slowly rolled down his cheeks, he was sure that he loved this woman. He won't cry if he didn't love her so much that it hurts.

"I want to know who she is. If she's not trustworthy or if she is dangerous, I want you to drop her."

Calix nodded and started talking, he didn't hide anything. He was clear about everything. Scarlett was listening to him intently. Their conversation had a pause after he explained everything. Then, Scarlett asked the most important thing.

"Do you love her?"

"I... I don't know."

That was the best answer he could say, he did not want to lie. He was not sure about his emotions but whenever he thinks about Kimberly, something was swelling inside him, and his junior would swell too.

"I don't know if this is lust, or this is love. I don't know. However, one thing I'm sure of is that I love you so much that I will die for you."

He sounds sincere and honest. If Scarlett told him to die, he was ready to give his heart on a plate.

"Geez, Calix. Why are you so smooth?"

Scarlett giggled, she was blushing, and their conversation became mild. Scarlett forgave him, she already accepted that Calix would be entangled with a lot of women. She knew that she could not contain him from the moment she became 2nd Advanced, Calix was meant for greatness.

However, there was one thing that she could never let go of. She must be the person who occupied most part of his heart. She is the first wife!!! She was going to kill anyone who try to take her position. Yandere or not, fuck the others, literally.

They had warm chat. Scarlett did not talk about Kimberly anymore. She wanted to ease Calix's feelings. They were talking and laughing.

.....

.....

...

I don't know about you, but for me, Scarlett is the best girl.

.....

.....

...

Kimberly yawned and stretched her legs and shoulders out, she felt refreshed and satisfied. She was happy that Calix gave her a good fucking. Instead of getting sore, she felt new.

It was already afternoon when she woke up, she called for maids to help her change. She was actually thinking of firing them and hiring another set of maids but she erased that idea. Most of the maids knew that ins and outs of the mansion, it would be counterproductive to hire other maids. Instead, she decided to find another mansion where she could fuck Calix all night long without being anxious that someone would seduce him.

It was already four days since the last time she continued her research. She went to her laboratory and checked the surrounding. Nothing changed and no one touched anything. Kimberly nodded and put her glasses on.

She was yawning because she didn't have enough sleep. Although she didn't regret it. As a matter of fact, she wanted to sleep in Calix's arms again. When she recalled those moments, she squealed and her face became red as a tomato.

"Gosh, he is such a hunk!"

She put her hands on her cheeks and kicked the floor. She was delighted and her lips kept curling up. She calmed her beating heart and regained her composure. She decided to start her research.

She fixed her glasses and looked at the pistol on the table where dozens of wires were attached. Kimberly paused and she looked at the pistol, her eyes widened in much surprise. Her mouth was wide opened and she could not believe what she was seeing.

"W- What is happening?"

She screamed, stuttering her words. She rubbed her eyes but it did not change the fact that she was reading the Runes on the pistol!!!

Kimberly approached the pistol and looked closely. It was not a hallucination, she could read the Runes written around the pistol. She could clearly read it, and she could understand what they meant.

Kimberly swallowed hard by this sudden revelation. She was amazed and she remembered someone.

"Calix..."

She realized that the cause of this change was Calix. She recalled that his Term Attribute was Luck. Kimberly trembled when she discovered how powerful his Spell was.
