

- The Only Fuel Is Using The D. #Chapter8

Lucky 8

(I have to read multiple erotica just to get inspiration. First time creating a smut scene hope you like it.)

His eyes were wide open as he saw Scarlett leaning above his cock, totally nude and her femininity exposed. She was holding his rod and lowered herself onto it, the expectations were clearly written in her crimson eyes. She was bending her knees and gasped as she felt the penetration. She was trembling but that didn't stop her from dropping her ass more. She slid down the length of the hard boner and gradually devoured it. Calix's shaft fitted in. He felt like she was snuggling him, she was dripping wet as she cried in bliss.

The tip of his cock found the edge of her wonderful hole, she was so wet that it fitted so well in her. It was amazing, her hot core was accommodating his erect dick despite it being a massive ten inches. In fact, Scarlett was so much happy to have it inserted deep in her. Because of the aphrodisiac, Scarlett was numb to any pain and she only felt the pleasure.

"Scarlett you are bleed--"

In shock, Calix saw the red fluid sipping out. He wanted to speak but Scarlett bent her head and kissed him. Her eyes were commanding him to shut his mouth. Calix's rod was twitching hard inside her and this led Scarlett to weakly moaned. They parted their lips and looked eye to eye, Calix realized that Scarlett won't be stopped anymore. He gasped as the woman started moving, he wanted to continue looking at her but perhaps because of embarrassment, Scarlett looked down and hide her face.

"Haahh..."

She looked down and watched as their genitals clamped together, she saw how the thing disappearing in hers. Her crimson hair grazed on his chest as she witnessed the penetration. She was beet red but the pleasure kept assaulting her as she moved. Her slit was gripping his cock tightly like it didn't want to let it go. Particularly, the muscle inside her was squeezing him.

Scarlett slowly and carefully moved her hips, the motion was unhurriedly resulting in her feeling the cock vividly. Calix was big so she was having a hard time taking him, she was taking her time to accommodate the dick completely. Her ragged yet excited breathing, Calix heard them and he twitched again. This was too hard for him to endure.

"Haup!"

Scarlett raised her head towards the ceiling, the sudden movement caught her off guard. Calix looked at her, waiting for her to look at him but Scarlett's eyes were closed as she shivered in pleasure, she arched her back which looked sexy. Calix saw her soft bountiful titties, they were facing him asking to be fondled. The two erect nipples poked out and begged to be sucked, Calix raised his hands and touched them. Scarlett opened her eyes in surprise, she saw how Calix fondled her breasts. Calix put up his head and suck the nipple, Scarlett huffed as she felt the rotating tongue. Then, she jolted when Calix bit it. She was not hurt, instead, she wanted more.

"There..."

Scarlett grabbed his head and pulled him into her chest, the aphrodisiac made her brave. She was lost in lust and desire, she was feeling the thick tube between her legs, her mind was hazy. Stopping this moment was the last thing she wanted to do.

Scarlett increased the length of her hip strokes, she started the real fucking. She looked at the ceiling again and she hugged Calix's head. Her ass glid down all the way touching his balls and with every stroke, she started creating sounds. She increased her fucking as she started getting accustomed to the length of the dick, most of the dick was swallowed into her wet pussy with each stroke. She could take the whole thing with ease now. Calix joined her, he started moving his hips too. The pleasure he was feeling was too much to ignore. As she felt him moving, Scarlett pushed Calix down and put her hands on his chest.

She was warning him that she must be the only one to feel the pleasure. She transferred her weight from her knees and arm onto his body.

"Anh~"

Their pubic hair finally met, grinding together as they fucked, it was wonderful. However, Calix didn't want to be left behind, she was using his body so he would use her too! His hands reached her ass and assisted her movement, or to be exact he was directing her where it feels good.

Scarlett didn't care anymore, she started making noise and stared at Calix, they both looked at each other. Calix saw the pleasure in her eyes, she was pleading for more. She kissed him and whispered.

"Please don't stop... don't stop.. give me more!"

Calix lost his mind and started thrusting deeper, he moved his hips and penetrated her. Her beg was so addicting to watch, Calix might lose his mind.

"Fuck me... Oooo... Uhhh..."

Scarlett cursed, she couldn't believe that she could actually say it. She only heard(read) this kind of stuff in romance novels(erotica). But now she was the one saying it!! In fact, this was the first time she <u>said</u> "fuck".

Her head rested on his chest but she still moving her hips together with Calix. They were matching each other's thrust and their crotch met in the middle. Scarlett started making incomprehensible sounds.

"Auuggghh!! Fuck!! Ooohh oohh..."

Calix was holding her waist and further ravaged her, Scarlett didn't want to stop. She looked at him and put a kiss on his lips. After that, she kissed him again and it was a long one. She was so happy, she didn't know that there was actually great pleasure like this. Her ass bounced together with Calix's vigorous thrust. They were on top of their game, they remained in this position and didn't care about anything. All they wanted was to feel each other. Calix moved his hips, he wanted to feel more. The expression that Scarlett was making him crazy, her noises were music to his ears and he wanted to hear more. To have that, he must further do his job, he pistoned like a warmonger!

"Ooff oooff ooofff!"

Suddenly, Scarlett felt a strange sensation. There are changes throughout her whole body, a head-to-toe kind of experience. She felt that electricity was climbing up to her head then down to her toe, her muscles were contracting and the tension was rising up. Calix's determined attack caused her to arched her body. Scarlett reached climax.

"Uuuuhhhhh yeeesssss!!"

All the energy centered in her body was activated at once and she could feel an intense tension simultaneously in her brain and limbs. An overwhelming sensation erupted, she felt she was on high as all the tension in her body released.

[Not enough? Maybe this can help you. Don't worry, these are wholesome. If you are a man of culture, then I know that you know these numbers, hehe.]
