Chapter 92

"... So you're telling me that you and Chen are siblings, no, half-siblings? Wow, I mean, wow."

Calix covered his mouth, he was amazed, slightly disturbed. However, it didn't take a long time for him to recover, he shrugged and threw the idea. He did not care if they are half-siblings or not. Chen and Kimberly are different people.

"I don't care, I still love you no matter what."

He added, just to show the fact that her family's circumstances were not important.

"Thanks, I'm actually afraid to tell you that because I don't want you to see me as the daughter of a billionaire, I want you to see me as myself, as Kimberly. But I guess my fear will never happen because you love me for what I am.

Kimberly smiled and put her hand on his. Calix held it and their fingers intertwined.

"I heard that my half-brother is a notorious student and he bullied a lot. I'm afraid that you will judge me because of what he did."

To be fair, Calix was one of the people that Chen bullied. Sometimes, he would return to the dorm bleeding because Chen would make fun of him.

Calix just squeezed her hand, he did not say what Chen did to him. He wanted to keep it a secret, he just nodded and kissed her forehead. Calix knew that Kimberly would be broken-hearted if she learned that her half-brother bullied Calix. Heck, Chen almost killed him last time.

"I want to tell you something too."

Calix opened his mouth. It would be unfair if Kimberly was the only one who would open up.

"When you are busy writing your research, I accidentally touched the pistol and it talked to me... I decided to keep it a secret from you because I feel like Timmy and Sacko will do something. I want to keep it a secret in case they hurt you. I know that you will stop me if I tell you so I keep my mouth shut, I'm sorry."

"No, it's fine. You did it for me, I'm happy that you're thinking of my well-being. Thank you."

She leaned on his shoulder and lightly kissed his neck. Calix tapped her head and they stayed cuddling for a long time.

To be honest, Calix would accept Kimberly no matter what she said. That's the type of person he is.

"... Um, Calix?"

"Yeah?"

"You don't have to hold yourself back. I will accept you. I will accept everything about you."

She said and rubbed her ass against his lap. She was feeling the rock-hard cock under his boxer brief. It was ready for some action.

Calix was embarrassed, he couldn't control his reaction.

"I'm sorry, I just can't help it. A beautiful woman is sitting on my lap. I want to ravage her, fill her womb with my sperm. I want to squeeze her ass so much, and those tits, God I want to suck them till they become red."

He grinned while saying it, he was making fun of her to lighten the atmosphere.

"Geez, you animal."

Kimberly pouted but her cheeks started to redden too. She kissed him and they started making out, touching their bodies and caressing each other. It was a fast yet passionate movement.

"You can do it, I'm already wet."

Her breathing was so warm and her glasses became clouded.

Calix touched her slit and confirmed what she said. Her pussy was oozing, possibly because of the sex that they shared earlier.

He guided her body and inserted his thick cock inside her, Kimberly squirted and bit her lip, she hummed whispering in his ears. Her eyes glistened as she stared at Calix, hoping that she could pleasure him. She was cooing, asking Calix to do her more.

Calix nodded and guided her waist up and down, they were facing each other. Calix was sitting on edge of the bed while Kimberly was facing him, seated on his lap. She was moving her ass up and down, she was moaning while her insides were getting renovated. To make her pussy fit well on his big dick. She loves this sensation of getting full because of his big dick.

She was hissing as Calix kneaded her breast, sucking them and fondling them. Sometimes Calix would bite her nipples and Kimberly would groan and climax. Her thick ass shuddered and her lovely voice echoed inside the room. Making sequences of harmonious cries and squeals.

Calix groaned and grabbed her ass, squeezing them while Kimberly was having an orgasm. She shivered and threw her head back, her body arched up. Her breathing made her glasses foggy. Calix kissed her neck and gave one push inside that made Kimberly cry in joy.

"Let me take that glasses off."

"N- no, Mmmm, it's okay. Haaaahhhhh, I want to wear it. Ahn~ I don't want to act like a bitch, Yes...." But her glasses fell off and her behavior change 360.

"Fuck meee! This is your hole, yours to use. Fuck your whore, give me your cuuummmmm!!! Yeesss!! I'm your cumdumpster!!"

"Yeah!"

"I'll gladly be your cumdumpster forever. Mmmm, nnggghhh!"

Suddenly, in the middle of her sentence, her glasses fell off and she started acting like a woman in heat. The orgasm she experienced vanished and she started moving her hips again. She was grinding her body against Calix. Her huge ass bounced while she was moving her waist up and down.

Every time she moved her hips, she would cry and hum. She hummed softly while her arms were around his neck. She was staring at Calix who was guiding her, his hands were holding her waist while she was on top of him.

When she raised her ass up, the feeling of the dick inside her would lessen but whenever she moved down, her womb would be full and she would moan sweetly.

His big dick was poking her deeply, every time she move down, the dick would jab her inside and electricity would travel around her body, giving her pleasure.

They had a passionate kiss and Calix started trembling, his hips spasmed. He released his cum inside her and Kimberly bit her lip while feeling his huge cock throbbing inside her.

When his dick fell off, globs of semen oozed out of her pussy. Kimberly wiped the sperm running down her legs and licked them in front of Calix. God, it was so sexy. She giggled as she watched how Calix stared hard.

Suddenly, his weakened cock got up again. Calix pushed Kimberly to the bed and the woman yelped, she smiled and spread her legs.

.....

.....

...

After the sex.

"I'm sorry."

"About what?"

"The truth is," Kimberly swallowed hard. "I actually sucked your dick when you fainted last time."

"... Wow, so that explains a lot. Now I know why I didn't suffer Backlash that day."

"Are you not angry?"

"No," Calix shook his head. "I just regret that I was not awake when you did that."

"Thanks." Kimberly sweetly smiled and sniffed his bare chest.

"By the way, is that counted as rape?"

"Y-yes, you didn't give your consent s-so it's technically rape. I- I'm sorry."

Calix hugged her to ease her mind.

"Don't worry, I don't hate you. I just remembered something..."

Calix recalled that time where Scarlett pushed him on the ground and sat on top of him... It was sort of rape too, perhaps.
