

## Chapter 1 No

"Please, not in front of my dad! Please!"

Scarlet Preston had been under him countless times, in the bathroom, office, hallway, and park, and every time she begged Marcus Newman to give it to her.

This time, she was also pinned under him, but she cried hoarsely, "No!"

The usual gentle and pleasing were replaced by brutal and harsh, as if the woman under him was just a rag doll.

"No? Do you forget that you will always unbutton your shirt in front of me even when you bring me a cup of coffee and then rub yourself on me?"

Do you forget that if you get to my office early, you will pull up your skirt and sit on my lap for a good time?

Now you say no? Pretending to be chaste for your vegetable dad who can't move in his wheelchair?"

After that, Marcus dragged her, naked and hand-tied, to the desk, and the old man, sitting in a wheelchair across the desk, crooked his head, shivering all over, eyes wide!

The old man's mouth was tilted, drooling, his face red, but all voice that came out of his mouth was an "Ahh".

Scarlet tried to dodge, but she was instantly bent over by him in front of the desk. She could only take his fierce thrusts.

She wished she was dead!

Her father was watching them!

Marcus looked at the old man in the wheelchair, "Mr. Preston, look, your daughter, your only daughter in your life, is being fucked by me, not only that, she has been my lover since her freshman year. If I want her, only a phone call away, she will rush over and strip naked for me to fuck!"

Albert could only emit "Ooh!" sounds.

Scarlet's throat was already hoarse. This man, who had held her in his arms yesterday and called her "baby", suddenly turned into this.

She couldn't accept it at all.

"Marcus! You can't do this to me! "

"I can't?" Marcus's hand molded her ass, then a slap, continued to torture the woman underneath him. "Mr. Preston, my mother was fooled by you back then, abandoned her husband and her son for you. But what did you do to her? You said she was a

slut and you pushed her into the sea, and you claimed that she jumped into the sea for her immoral love!"

"Your baby daughter is a slut now. I bankrupted your company and did not even give her the promise that I would marry her, yet she runs to me and begs me to fuck her every day. Hah, I want her to go down on her knees and suck it, and she will happily kneel and suck my cock hard! What an obedient daughter you have!"

Albert burst into tears, trying to stand up but falling to the ground.

Scarlet never knew that there would be such a feud between Marcus and her father!

So, what were the last ten years?

In her 9th grade, her family went downhill, bankruptcy. She met Marcus when she was in high school, and he has always taken care of her since then.

During freshman year, they had their first night, and since then, he had always spoiled her. She was an intern at his company, yet he never said he would marry her.

But she knew that her family was bankrupt; she did not have the backing of her family, and if she wanted to be Marcus's wife, she must be

excellent, so she kept learning, hoping that one day she would be worthy of him.

She loved him for ten years! A whole decade!

Scarlet's heart trembled with pain, "Marcus! Why did you lie to me! Why!"

Her cries were too heartbreaking. No one would turn their deaf ears to them.

"Why? Who lets Albert Preston, the monster, who deserves to go to hell, have only one precious daughter? He pushed my mother into the sea, so I made his daughter's life worse than hell. It's fair, right?"

Scarlet laughed with tears in her eyes.

The man she has loved for ten years, in the end, only wants her to taste his bloody revenge.

Not only is her life worse than hell, but it is more painful than burning in it.

But Scarlet never thought that she would receive a summon from the court just after her strongly mentally stimulated father was admitted to the ICU.

She is accused of the crime of business secret infringement!
