

## Chapter 21 Now

An inexplicable panic suddenly rose from the bottom of his heart. Marcus couldn't tell where this strange feeling was from, but there was a voice inside his head- this must not be over!

As soon as the thought surfaced, he inhaled sharply and dialed his assistant impatiently, "have the plane get ready to Vancouver, now!"

...

Vancouver, one week later.

After Adam had seen Scarlet and came back from Australia, he had been busy with his work. After getting rid of Marcus, the frequency of his visits to Ben's place naturally decreased a lot.

This day, he parked his car and just came out of the garage, he ran into the unwelcomed man.

Seeing Marcus, Adam was stunned and slightly surprised, "Why are you here?"

Marcus's face was cold with a compelling pressure, and his voice was extremely low: "What, you didn't go see your baby girl today?"

"I'll see her this afternoon, what's up?"

Adam pretended to be calm, his expression was as usual and he was about to brush past him.

Marcus's tense nerves were snapped, and the veins

on his forehead and the back of his hands all bulged in a flash!

"Adam Shaw, your leukemia daughter is at home every day, I would like to ask you, what exactly did you use to treat her?"

The sentences carried a lot of complex and hidden emotions, making Adam's footsteps pause in their track.

His eyebrows gradually furrowed up; his expression changed slightly. Obviously, Marcus had already found out something.

"What, you can't tell?"

Marcus turned around and looked at him, his eyes narrowed, lips in a dangerous arc, "Is it that you have an entire hospital at your home? Or has your daughter's leukemia been cured?"

His people had been following Adam for a week. This whole week, this man has not been to see her daughter once!

The only reason can only be...

Who lives there is not even his child!

And all the act before was just a gloss he made for him!

Adam's eyes surfaced with impatience, frowned, and asked rhetorically, "Do I need to report my daily whereabouts to you, Mr. Newman?"

I never knew I had such an honor that I could have Mr. Newman watching me like a thief all the time."

"You are not answering my question. So, I am right."

"Whatever, I still have things to do, please stop harassing me, Mr. Newman."

After saying that, Adam took a step and was about to leave.

The last bit of patience of Marcus completely ran out. His eyes were dark, he went over and stopped in Adam's way.

He ruthlessly grabbed Adam's collar, his face crawling with violence. Before Adam could react, Marcus's fist had landed on his face!

Marcus used almost all of his strength in this punch, and Adam's face was instantly knocked to the side!

Bang! The man fell directly to the ground!

And Marcus still did not seem to be satisfied. He murderously reached out to grab him up and gave him another punch!

After this punch, Adam's nose was broken, and blood flew out!

You better tell me where the kid you picked up in prison two years ago is! Or I'll beat you to death today!

Adam's hands and knees were on the ground , his eyes were wide open, and he gasped for breath.

After a long time, Adam finally regained some strength. Staggering and struggling up from the ground, he raised his hand to wipe off the blood from the corner of his mouth and nose and said through clenched teeth: "Yes! Marcus, you are right! I was raising the child for Scarlet for two years, and only returned it to her when she was released from prison."
