

Chapter 41 Despise

"A slut and once again came to the man who sent her to prison."

Scarlet's lips lifted, twisting her head to look at Marcus, "My father killed his mother, and he took vengeance on me. I spent a total of 2 years and 7 months in prison, I donated a kidney for this man, and gave birth to a child..."

Looking at the panic in the man's eyes, her smile grew wider and wider, narrowing her eyes and gritting her teeth, word by word: "Then I hid alone in Australia, changed my face, and climbed back into his bed."

"Eh, he seems to know who I am now..."

Marcus was almost trembling all over, the tears in his eyes immediately rolled out!

Scarlet sat up, watching how the man was driven crazy by himself.

"Marcus, all the documents I have asked you to sign in these six months are valid, how you treated me back then, the next time, I will let you experience it once."

She showed a triumphant smile, the pleasure of revenge from the bottom of her heart quickly ran up and swept over her.

And what was beyond Scarlet's expectations was Marcus's answer.

The man's eyes were red, staring at her with only the joy and gratitude of having her back.

Because of the excitement and thrill, his whole body couldn't stop shaking.

It's good that she is back.

It's retribution, and he admits it.

"You are finally willing to admit that you are Scarlet, right? It's ok, as long as you are willing to be with me, I will do anything."

Scarlet looked at the smile on the man's face and she gradually stiffened.

She couldn't say what the strange feeling was, regarding it as annoyance and anger, staring at him, "Marcus, do you not understand? I will send you to jail, just like you did."

"Okay, I'll go."

He answered straight away, almost without thinking about it.

Scarlet was slightly stunned, and a sense of uncontrolled panic gradually blocked her thoughts..

What happened?

Why was he not angry, and not even shocked for too long?

The tone of his was as calm as if he had long been mentally prepared to go to jail.

There must be a mistake!

Scarlet's face changed and her eyes were no longer calm, "Marcus, if you think I'm just bluffing, then I'm telling you, you are wrong."

"I didn't."

Marcus suddenly laughed, the helplessness and self-deprecation in his voice made Scarlet panic more, "What I owe you should be to paid back."

"Crazy... you are crazy!"

This man, he must be crazy!

Scarlet barely stabilized her messed-up mind, put on her clothes, and left the hotel directly without looking back.

...

"Linda, we have all the evidence. Isn't it time to sue him?"

It was only when the assistant reminded her for the second time that Scarlet drew back her mind.

She looked at the pile of documents in her hand. These were the projects that Marcus signed for her after each sex was over the past six months.

Just like when he deliberately set up for her.

"Hmm." Scarlet nodded.

Her assistant confirmed once more, "Miss. Linda?"
