

# One Night Stand With The Uninvited Wolf President

Chapter 136 It Can't Be Real!

On the plane back to the country, Ceres looked at Johnny uneasily.

She didn't know what had happened. She didn't know what Bob had said to Johnny on the phone. She only knew that ever since Johnny answered the phone, his expression had become extremely ugly. Moreover, he immediately booked plane tickets back to the country and their honeymoon trip was canceled.

Ceres grabbed Johnny's hand and asked, "What happened?"

"The company is in a bit of trouble. I need to go back and deal with it immediately. Don't worry," Johnny said as he stroked Ceres's head.

Ceres knew very well that Johnny had not told her the truth. If it were only because of the company, he would not look so bad.

However, she could not keep asking.

"Take a nap." Johnny kissed on Ceres's forehead.

"Do you remember what you promised me not long ago? No matter what happens, you can't hide it from me. You can't lie to me." Ceres rested her head on Johnny's shoulder.

"Yes, get some sleep."

Ceres vaguely felt that this matter was about her father.

She was praying that she overthought because she missed her father too much.

On the plane, Ceres had not fallen asleep, so when she got off the plane, she quickly fell asleep.

She had been sleeping until the next morning.

She subconsciously touched the bed. It was cool.

Johnny got off the plane yesterday and went to the company. She was sent back home. It seemed that Johnny hadn't returned last night.

Ceres didn't want to get up. She grabbed her phone from the bedside and a piece of news popped out.

When she saw the news, she was too shocked to speak!

"The Morris Group is in deep trouble and is about to go bankrupt!"

At this time, the Morris family was in a mess. Mike was as anxious in the living room. So many people called him, so he had to turn his phone off and throw it aside.

He had underestimated Johnny's power!

He didn't expect Johnny to be able to severely damage the Morris Group, which had a hundred-year-old foundation, in such a short time!

Mike looked at his broken finger and wanted to kill Johnny.

He couldn't even keep the company, let alone take revenge for his broken finger.

The stock of the Morris Group fell again today.

Sally sat on the sofa in a daze. Who knew that the once all-powerful Morris Group would end up like this?

It wasn't easy for Sally who came from the countryside. She had only lived a few years of a comfortable life, and it was about to be over.

"Mike, relax. Sit down! There will be a way out."

However, Mike waved his hand, "You don't understand. Now, it is a critical moment!"

"Is it that serious?"

"Last time, we were only short of money. The Winsor family took out eighty million to solve the problem. Now, not only is there a problem with the capital chain, but there is also a problem with our manufacturer. We have to fix all the problems. It's impossible. The business partners have canceled the contracts!"

Mike stomped his feet hard. Of course, he knew that Johnny was behind this. It was also his fault for not taking precautions and finding out the problems in the company earlier. Johnny saw the problems and took the chance.

"Did Mary call?" Mike asked.

Sally shook her head. "I called her, but she didn't answer. She didn't even reply to my message."

As they were talking, they heard the servant say, "Ms. Morris is back."

Mike and Sally looked at the door at the same time. Mary walked in with her head down. She walked into the living room and threw her bag on the sofa.

"How is it, Mary? What did Henry say?"

Mike had no choice but to call Mary to ask for Henry's help.

After all, the Morris Group was Henry's helper, and Henry needed this helper.

Mike even promised that if Henry was willing to lend a hand, he would work for Henry in the future.

Mary shook her head. She softened Henry up last night. She even put on her lingerie and made Henry comfortable, but when she mentioned it earlier today, Henry lost his temper on the spot.

She said a few more words and was slapped by Henry!

Sally saw that Mary's face was a little swollen, so she quickly stood up and raised Mary's face. "Mary, did he hit you?"

"Mom, I'm alright," said Mary as she removed Sally's hand away.

Mike sighed on the sofa. "It seems that even God won't help me! Is the Morris Group going down like this?"

"Dad, it's all because I'm useless." Mary covered her face and cried.

She did not expect Johnny to act so fast. Before she could counterattack, he was going to destroy the Morris Group.

"Mary, it's not your fault. You have tried your best."

Sally looked at them and felt even sadder. How unlucky was she?

If the Morris Group went bankrupt, then what should she do?

Although Mary married Henry, Mary's life was not easy. Once the Morris Group went bankrupt, Henry would divorce her.

At this time, Sally finally remembered Ceres. She had another daughter. She still had a little hope.

Johnny loved Ceres so much. Even though he was dealing with the Morris family, he wouldn't destroy them all. After all, Sally was Ceres's biological mother.

She regretted cutting all the ties with Ceres!

...

In the President's Office of the Eagle Group...

Johnny was very satisfied with what Bob had done this time. He didn't expect that Bob would act so fast. He and Ceres went for their honeymoon for less than a month, and Bob had done his job so smoothly.

"I was just lucky to have caught all his loopholes. Mike is slippery and cunning, but this is also his Achilles heel. In the past few years, he has lost many good partners. Now that he is going down, they all betray him. It's his karma."

Johnny looked up with dark eyes. "Is what you said on the phone yesterday true?"

Bob was stunned. He knew that Johnny was concerned about this matter.

"Johnny..."

"Go investigate it again! It can't be real! It can't be!" Johnny covered his head with his hands and lowered his head.

"Johnny, I know you can't accept it, but this is the truth. You should think about what to do."

Bob sympathized with Johnny. It was not easy for Johnny to find the girl he loved. He was ready to spend the rest of his life with her, but he did not expect that she was...

No one could accept this fact.
