

# One Night Stand With The Uninvited Wolf President

Chapter 216 Hypnotize Her

In the auditorium of Imperial City.

The audience warmly applauded Ceres. Ceres heaved a sigh of relief when she walked down from the stage. She had finally completed this task perfectly.

Lara walked beside Ceres excitedly. "Ceres, you're so handsome right now! You didn't even look at the manuscript! You've done a good job!"

Ceres smiled. She had made great efforts for this launch. In this month, even in her dreams, she had been modifying the manuscript and memorizing it. It had tortured her for one month.

"I see that many men are attracted by you. I guess Kirs will be jealous tonight." Lara covered her mouth and secretly smiled.

Ceres felt a little awkward.

They met a group of people at the corner.

They were Johny and his assistant, Ben.

And there were a few bodyguards behind them.

Ceres felt surprised when she saw Johny. In her mind, Johny was always her competitor.

Johny suddenly rushed over. Lara subconsciously stood in front of Ceres and said, "What do you want?"

Ben rushed over and pulled Lara away.

Johny grabbed Ceres by the waist and hugged her. "Are you injured? Did he do anything to you?" he asked.

He was about to check Ceres carefully, but Ceres raised her hand and slapped him.

Ben and the bodyguards were stunned.

Did she slap Johny?

Johny was also surprised and said, "Ceres?"

"Mr. Johny, please behave yourself!" Ceres said and immediately took two steps back.

Johny was even more astonished when Ceres treated him as a stranger!

Why did he feel like Ceres didn't recognize him?

At this time, Kirs also arrived with several bodyguards standing behind him. It was an important day today. So he had been prepared.

The bodyguards of Johny and Kirs stood together and were about to fight.

"Mr. Johny, I know that our new products have a great impact on your Eagle Group. Ceres is in charge of our new products," Kirs said and smiled at Ceres. "You must want to take her away, but you cannot do this, right?"

Ceres looked at Johny with her cold eyes.

She didn't expect that he would be like riffraff to take her away and take advantage of her!

He was way out of line!

"I know Mr. Johny is handsome, but I'm afraid you cannot flatter our beautiful director." Kirs smiled and looked at Ceres. "Ceres, you're tired today. Go back and rest. I'll deal with it."

The bodyguards stepped forward and protected Ceres from leaving.

Ceres looked at Johny with disgust and followed the bodyguard.

The bodyguards of Johny were also ready to move. Unfortunately, Johny stopped them and let them go.

"From now on, you'd better stay away from her." Before Johny could speak, Kirs said.

"What did you do to her?" Johny asked.

Johny had had someone to keep an eye on Kirs for the past month. He did not expect that Ceres was in his hand. It seemed that he had underestimated the man in front of him!

Kirs shrugged his shoulders and said, "I've hypnotized her."

He was honest.

"Hypnotized her?" Johny asked.

"Yes, don't you know what hypnosis is? Frankly, she was hypnotized by me. Now she has completely forgotten about you."

"Impossible!"

Johny had heard of hypnosis, but he did not think that Ceres would forget him!

"You are lovers. Can't you see that you're a stranger to her now?"

Johny saw it!

Even though they had not met for four years, when they met again, they had never felt so strange. But now he was a stranger to her!

"She has now completely forgotten everything with you. She doesn't even remember that she had a child with you. She has forgotten everything related to you. If you force her to remember, she will be unhinged and she may suicide."

Kirs kept smiling while saying that.

His smile was disgusting.

"You!"

Kirs looked at Johny and shook his head, "You still lost to me. Johny, what will happen to Ceres in the future depends on how much you love her," Kirs said.

After saying that, Kirs laughed arrogantly and left.

Johny clenched his fists tightly with his knuckles turning white!

He didn't believe it!

He didn't believe that Ceres would completely forget him!

Johny immediately called Ruby over. He was a doctor, so he should know this. Bob also came with him.

After listening to Johny's description, Ruby nodded and said, "I do have some understanding of this. I have read some books before and know a little about hypnosis. I have also discussed it with my colleagues in the psychiatric department. Hypnosis is a common method of psychological treatment. However, it has been often abused by some people these years."

"So she forgot about me?" Johny asked eagerly.

Ruby shook his head, "As far as I know, it is easier to forget one thing through hypnosis, but it is difficult to forget a person. Only a top hypnotist can do it. And even a top hypnotist might not be able to do it completely.

After all, if it was a person who appeared briefly, it would be easy. If it was a person who had been in contact for a long time and many things had happened to them, it would be difficult. The process is complicated. It's too difficult."

Ruby said again and again that it was difficult.

"But Kirs is right. You have to stay away from her." Ruby said.

"Why?" Johny was puzzled.

"My colleague from the psychology department once had a patient. A girl found out that her boyfriend cheated on her and she broke up with him, so she went to get hypnotized. As a result, her boyfriend didn't cheat on her and her boyfriend just thought that she was just angry with him. So he tried all means to be with her. In the end, the girl went crazy and committed suicide because of the lapse in her memory."

Johny was stunned when he heard this.

It turned out that Kirs did not lie to him!

"After all, it is hypnosis. It is not removed the memory out of her brain. If you forcefully let her remember, she will go crazy. It is difficult for her to tell if it is real or fake unless she has a very strong mind. Or it is easy for her to have mental problems. She will be depressed or just commit suicide."
