

# One Night Stand With The Uninvited Wolf President

Chapter 235 Don't Touch Her!

Nyla's phone call was hung up by Ceres.

Nyla stood on the balcony of her house with her phone in one hand and looked at the moon above her head in a daze!

Ceres had gone on a vacation. She was with the company, so Kirs should be there too.

Nyla didn't know why, but she felt that something big was going to happen.

Nyla thought she had to find the hexagram immediately.

Nyla wanted to hypnotize Ceres, but she had lost her hexagram, so there was no way to hypnotize Ceres. To avoid the potential risks, Nyla had planned to explain things to Ceres first.

But who knew that Ceres went on vacation?

Nyla called Johnny as she walked out.

However, Nyla couldn't get through Johnny. Johnny had blacklisted her.

Nyla had no choice but to call Bob, and the phone was connected.

"Where is Johnny?"

As soon as Bob picked up the phone, he heard Nyla say that she wanted to look for Johnny. Bob's anger came out of nowhere, "You are humiliating yourself, haven't you finished yet?"

"Cut the crap! I have something urgent to do!"

"I'm not going to tell you."

"Bob, a person's life is at stake! I indeed have something to tell Johnny!"

Bob was silent for a moment and said, "Johnny was working overtime at the company."

Nyla immediately hung up the phone. She drove directly to the Eagle Group. The building of the Eagle Group was still lit.

Johnny had just come out of the meeting room when Nyla hurried upstairs.

Seeing Nyla come again, Johnny immediately ordered Ben to call securities over.

"Please don't, I have something important to tell you this time! It's about Ceres! Ceres is in danger!" Nyla hurriedly explained.

Johnny frowned slightly.

Johnny would rather believe it than not.

Johnny walked into the president's office, and Nyla followed him in.

"Where is my hexagram? Johnny, I took off my clothes here last time. Did I leave my hexagram here?" As soon as Nyla entered, she asked eagerly.

Johnny frowned, his deep gaze sweeping over Nyla, "You just said that Ceres was in danger? What exactly happened?"

"I'm asking you where my hexagram is?"

Johnny took out a hexagram from the drawer and shook it.

"As expected, it is with you!" Nyla reached out to take it, but Johnny took it back into his palm, "That hypnotist is you!"

Johnny sent people to investigate Nyla when he saw this hexagram. It turned out that Nyla once went abroad to study. When she was studying abroad, she learned hypnosis, but she did it very discreetly. No one knew that Nyla had learned hypnosis.

"You caught me," Nyla stuck out her tongue playfully, "You didn't expect it, right? I'm a secret hypnotist and one of the best in the world!"

Nyla looked at Johnny proudly, "If you regret it, it's still not too late."

Johnny took out a gun from the drawer in the next second.

The black muzzle of the gun was facing Nyla. She was frightened, "Johnny, don't scare me!"

"You betrayed Ceres," Johnny's tone was extremely calm.

How could Johnny allow someone to betray Ceres?

"I didn't betray her! Ceres didn't love you for a long time. She said she wouldn't compete with me. I hypnotized Ceres for her own good. That way, she wouldn't be in pain!" Nyla shouted, and her neck stiffened.

However, Nyla's tone was getting weaker and weaker.

Nyla realized that she had made a mistake.

Johnny didn't say anything and just aimed the gun at Nyla.

Nyla looked at Johnny's fingers slightly moved, "Don't! Johnny! Ceres is in danger! You must go save her now!"

"Do you think I will let you go just like that?"

"What I said is true! I wanted to make another hypnosis for Ceres secretly, but I lost my hexagram, so I can't make the hypnosis for her. I have been looking for the hexagram for the past two days, but I couldn't find it no matter how hard I tried. I accidentally spoke to Kirs that day and thought that he might do something to Ceres, so I wanted to tell Ceres about it first, but..."

"Speak!" Johnny's eyes were red as if he wanted to eat someone.

"Ceres and Kirs went on a vacation," Nyla said timidly.

"What did you say to him?" Johnny suddenly had a bad instinct.

"I said... why don't you sleep with Ceres?" Nyla's tone was getting weaker and weaker, and she realized that she might have caused a disaster.

Johnny grabbed Nyla by the collar.

"Those were my angry words! Is it all your fault? You hurt me so deeply that day and made me cry in anger, you know? I never cried. I only shed tears for you! That's why I said those angry words!" Nyla closed her eyes and spoke quickly.

Johnny pushed Nyla away, "If anything happens to Ceres, I kill you first!"

After that, Johnny strode out.

Nyla hurriedly chased Johnny, "Take me with you! You don't know where Ceres is!"

In the darkness, the yacht sped on the sea.

Ceres Island.

Kirs walked out of the bathroom. He wrapped himself in a white bathrobe and walked into the bedroom. Ceres was lying on the bed, sleeping soundly.

Kirs first walked over, poured the glass of orange juice on the table into the toilet, and washed it away.

Kirs had put something into the orange juice.

Kirs walked to the bedside, his large palm gently wandering on Ceres's cheek. His girl was finally going to belong to him tonight.

"Ceres, don't worry. I will be very gentle. After tonight, you will be mine."

Ceres turned over, "Johnny..."

Ceres murmured.

Kirs's expression suddenly changed, and he grabbed Ceres, "Why are you still thinking about that man even now! He made you suffer so much, yet you still think of him. You are insane."

However, Ceres had been drugged and was sleeping soundly. Her eyes were still tightly shut.

Kirs quickly put Ceres down and gently stroked her hair, "I can give you whatever he gives you. If he can't give it to you, I can give it to you! Just forget him!"

Kirs said as he went to unbutton Ceres's clothes.

At this time, Kirs's phone rang. Kirs frowned and went to get his phone impatiently. It was Johnny.

"Hello."

"Don't touch her," Johnny ordered.

A sinister smile appeared on Kirs's face, "It's too late! Johnny, do you want to hear her moaning? It's been a long time since you heard her moan, right? It doesn't matter. I'll give you the video of us..."

"I told you not to touch her! Kirs! You will regret it!"

Kirs threw his phone aside.

"Johnny said I would regret it. I regret not taking you down earlier. Otherwise, there wouldn't be so many things," After saying that, Kirs untied Ceres's clothes.

Under the contrast of the light, Ceres's glossy skin confused the man's eyes.
