

# One Night Stand With The Uninvited Wolf President

Chapter 282 Marry Me

Jamie woke up. The heat of her body had just receded, but her body felt strange.

As soon as Jamie turned around, she saw a man sitting by the bed with his upper body naked, and he looked at her with a lewd smile.

Jamie was shocked!

"Why are you here?" Jamie subconsciously hugged her body and pulled the quilt.

Henry smiled and leaned over, "What are you hiding? My dear wife?"

Jamie's face sank, "Henry, don't be so shameless. We are already divorced, aren't we?"

"Who said that we can't remarry?"

Jamie looked at Henry and had a bad feeling, "What do you want to do?"

"You're still the same. You always look like you're horny," Henry said with a smile on his face.

As he spoke, Henry pointed at the hickey on his body. Jamie looked at the hickey and immediately became shy.

Jamie remembered that Johny had injected her with drugs, but how did Henry appear here?

Jamie hated Henry so much that her teeth itched.

"Let's talk." Henry was still smiling evilly.

"What do you want?"

"Marry me."

"No way!"

Of course, Jamie understood what Henry wanted to do. She was no longer that Mary, she now was the daughter of Caleb, the second richest man in the world. In the future, she would be the heir of the Bullock Group.

"Who won't be jealous of such an identity?"

Henry has taken a fancy to my identity! Jamie thought.

"Okay, then I will go and tell Caleb all the bad things you did in the past. You know how picky Caleb is."

Henry looked confidently, and he was not angry at Jamie's refusal.

"He is my biological father. Even if I did a lot of wrong things, he will forgive me! He only has one daughter, that's me!"

"Caleb indeed only has one daughter. However, he is a stick in the mud and full of righteousness. He will never allow a misbehaved daughter to take over his company."

"Yes, he will forgive you, but the heir of his company will also be changed."

Henry analyzed for Jamie, "You know Jakob, right? He is the son of Caleb's sister and was raised by Caleb. He is that alternative heir. Many people said before that the Bullock Group would be chaired by the Nevill family, do you know Roy? Roy is picked up by Caleb. These years, it is Roy who assisted Caleb, he is also competitive."

"Roy is orphaned, if Caleb adopted Roy and gave him his surname, Caleb's company will fall into Roy's hands."

Jamie knew what Henry was saying.

But Caleb was concerned highly of Jamie. After she arrived, Caleb had doted on her and allowed her to work in the company. That was why Jamie hadn't thought of those assumptions.

"Do you think you can rest easy with a DNA report? Weak up from your daydreams!"

Henry's words suddenly destroyed all of Jamie's defenses.

Henry saw that Jamie hesitated and hurriedly added, "What do you think? With me as your backer, you won't be at a disadvantage. Once the Bullock Group is yours, we then have the strength to snatch the Winsor Group over. At that time, we will be the richest people in the world."

Such a temptation was very attractive.

However, Jamie was just a woman. She did not have much ambition for the title of the richest person. She still longed for love.

Jamie did not love Henry. Henry was a heartless person. She would never forget how cruel and ruthless Henry was when he beat her.

But now, Henry knew that everything Jamie had done, he got something on Jamie, so she must listen to him.

"Let me think about it."

"Sure." Henry didn't want to push Jamie too far. After all, they still had to cooperate in the future.

"Leave this place first." Jamie left her phone number to Henry, "This is my new contact number. We can contact each other later."

Henry leaned close to Jamie and kissed her on the cheek.

"Don't play any tricks. Otherwise, I will teach you a lesson." Henry put on his clothes and winked at Jamie before leaving.

Jamie threw the pillow out angrily and wiped the saliva on her face.

She quickly entered the bathroom and washed her body.

When Caleb and Roy returned, Jamie was just come out of the shower.

The moment Jamie saw Caleb, she threw herself into his arms, "Dad, I..."

Caleb stroked Jamie's hair, "Don't cry. Daddy knows that you have been treated badly."

When Jamie calmed down, Caleb said, "Jamie, don't worry. Johny humiliated my daughter like this. I will avenge you!"

Jamie nodded.

Roy said from the side, "Mr. Caleb, this is Johny's territory. Moreover, we didn't bring many people this time. I think we should better leave first."

Jamie looked at Roy.

Henry's words made Jamie change her opinion of Roy.

Roy was indeed a talent. On the surface, he was Caleb's special assistant, but many things in the Bullock Group were also handled by Roy. In life, Caleb could not live without Roy's services.

Roy looked at Jamie and wondered why she was looking at him with such a suspicious gaze.

"Yes, Dad, we still provoked Johny." Jamie hastily echoed.

Caleb looked at Jamie and suddenly became serious, "Jamie, I asked you, did you kidnap Johny's wife? I promised him that if you did kidnap his wife, I would let someone send her back."

"I didn't!" Jamie looked embarrassed.

"You really didn't do that?"

"No! I swear, Dad! I did want to kidnap his wife, but Johny made a great arrangement around the hotel. I don't have the ability to do it. His wife is in the hotel. I guess Johny has found her."

"That's good." Caleb was relieved.

Jamie rolled her eyes, "Dad, if we go back, can we go back by boat?"

"Why do you want to take a boat?"

"I ... have never been on a boat before. It is said that the sea is the most relaxing place. I want to experience it. Besides, I haven't spent much time with Dad. I want to enjoy the free time with you on the boat."
