

# One Night Stand With The Uninvited Wolf President

Chapter 295 The Secret of the Rose Garden

Jamie cried out of breath and knelt in front of Caleb as if she was repenting something.

Because Caleb already knew about this matter, he originally wanted to scold her, but it was unexpected that as soon as she came in, his mind was in chaos.

He had not had any children for so many years. It was not easy for him to find his daughter. Naturally, he felt sorry for her. Seeing her cry made his heart ache even more.

"Alright, alright, stop crying! I didn't scold you at all, did I?" Caleb stood up and walked to Jamie, "Get up!."

"No, if you won't forgive me. I just won't get up." Jamie burst into tears.

"I have forgiven you!" Caleb said in a helpless tone.

Caleb, who had just wanted to give a good scolding, was instantly terrified.

Jamie stood up. "Dad, I know I was wrong, but you have to listen to me."

"Speak."

"Last night, I found that the jade pendant you gave me was missing. It was your beloved belonging. You gave it to me and it became my beloved thing, which was the witness of our kinship. I was very anxious and asked the servants to help me find it, but who knew that it fell out of her!"

Jamie wiped her tears as she spoke, "I scolded her in a hurry. But I did not expect that she would not repent and even say that I was just a sparrow that wanted to be a phoenix. She also said that my father was blind. I was so angry that I slapped her!"

Caleb sat in front of the desk and listened carefully.

"She also slapped me in return! This servant is simply lawless. When I got angry, I said," Do you believe that I would kill you? In fact, I said it out of anger. In the end, she might really be afraid, so at night..."

Jamie looked down.

Caleb looked at Jamie and did not say anything.

"Dad, I am also very scared! Do you not believe me?"

Jamie looked at Caleb tentatively, "Did Mr. Roy say something to you?"

"No. Roy just said how to deal with this matter."

Jamie pursed her lips, "I don't believe it! Mr. Roy has always disliked me. He finally got the chance to speak ill of me this time!"

"Alright, Roy didn't say anything bad about you and didn't see you as an eyesore. It was you who thought too much."

"I..." Jamie wanted to say something.

However, Caleb waved his hand, "You have to learn to restrain your temper. In the future, you will be in charge of the entire group. If you can't keep calm, it will be difficult to manage it."

"Got it." Jamie lowered her head.

"Alright, Roy will take care of this matter. You can go out. I am also tired."

"Okay."

Jamie walked out of the study, and the fierceness in her eyes could no longer be hidden.

It seemed that Caleb did not completely believe her! It must be that Roy who was messing up!

She had to get rid of this person, or else he would become a stumbling block for her.

During the three days that Ceres and Paula cleaned up the hot spring room, both of them were so tired that they were out of breath. After that, they did not get up in the morning and were almost late.

Paula was young, so she was so tired that she could not even lift her arms. Ceres was also extremely tired, and the bones in her body were about to fall apart.

On this day, Caleb went on a business trip. The Bullock family had many industries, so it was normal for him to go on a business trip.

Without Caleb, Jamie finally felt that her chance was coming.

While Ceres was still working in the hot spring room, someone came over to call her and said that Miss Jamie Jamie was waiting for her in the rose garden.

Ceres knew that Jamie was going to continue playing tricks today, so she had to go over.

The blooming roses in the rose garden gave off a strong fragrance. The red roses were very beautiful. For the first time, Ceres knew that there were a lot of roses in the manor.

Jamie saw Ceres coming over and took off her earrings. She threw them into the rose garden.

"Carly, I accidentally threw my earring into the rose garden. Go and find it for me."

Everyone was shocked.

A servant rushed forward, "Miss Jamie, this rose garden is a forbidden area! Mr. Caleb said that no one can enter without his permission!"

Jamie slapped him, and the servant quickly covered his face and lowered his head.

"If you call me Miss Jamie, then you should know my identity! Forbidden area? The forbidden area is restricted to you servants!"

Jamie shouted. No one came forward to persuade her.

This rose garden was indeed a forbidden area of the Bullock's manor. Caleb had ordered that no one be allowed to enter.

Ceres looked at Jamie's smug expression.

"What? You don't dare go?"

"What if I don't go?"

"Then let them go." Jamie pointed at the people serving her.

The servants trembled in fear.

They had been here for a long time, so they naturally knew the rules here. There was once a servant who wanted to spy on the secrets of the rose garden, but he died the next day.

Caleb was famous for being chivalrous and courageous, but he actually did such a thing, so no one dared to go to the rose garden again.

"Alright, I'll go."

Ceres didn't want to implicate others because of her.

"Okay, then hurry up. I still have things to do later."

Ceres stood at the edge and looked. The roses here were raised very well. They were luxuriant. She didn't know what breed they were. The thorns on them were big and hard.

Standing inside, one could not see the land at all.

Ceres felt countless rose thorns prick her calf, and it hurt terribly.

"You won't be able to find it if you search like this! Lie on the ground and search for it!" Jamie shouted.

Ceres turned around and glanced at Jamie. She was lying on the ground. That was to let her face have intimate contact with these roses. Jamie's torturing skills had improved a lot.

She had to lie on the ground, anyway, her face had been ruined, and she did not care about a few more scars.

The rose thorns kept scratching Ceres's skin, but Ceres did not make a sound.

She quietly lay on the ground and took out her phone. After sending a message, she lay on the ground and did not move.

Everyone looked at Ceres inside. Wherever Ceres went, the rose branches would sway, but the rose branches had not moved for a long time.

"She didn't die inside, did she?" A servant said carefully.

"How is this possible!" Jamie immediately scolded, "It was just a few stabs from the roses. How could she die?"

"Miss Jamie, you might not know this, but Mr. Caleb specifically chose this type of rose. The roses' thorns are harder than these of ordinary roses, and it is said that the roses' thorns are poisonous. Some people are allergic to the thorns, and if they are really allergic to the thorns, it is true..."

Jamie stood up in horror.

She wouldn't really die inside, right?

Of course, she wanted Ceres to die, but not now!
