

# One Night Stand With The Uninvited Wolf President

Chapter 297 Show Me What You Got

Roy had to open the door.

"There was no problem between me and Miss Jamie? I'm working for Mr. Caleb."

Jamie was dissatisfied with the fact that Roy opened the door. She walked over and closed it.

"Miss Jamie, it seems inappropriate for you to close the door. We are staying in a room in the middle of the night. If others see us, I don't know how to explain."

Jamie turned around and smiled at Roy. "I don't care about what they would say. I got some gossip. I wonder if Mr. Roy is interested?"

As she spoke, Jamie walked over to Roy's side. Her small hands caressed Roy's chest. Roy hurriedly retreated.

Jamie smiled coldly. She did not expect that Roy was a coward.

"Miss Jamie, please behave yourself!"

"What? Mr. Roy, I heard from the maids that you like me. Is that true?" Jamie pouted and looked at Roy.

Roy didn't even dare to look at Jamie. He kept his head down.

"No, they are just gossiping. Miss, you don't need to take it seriously."

"You don't like me?" Jamie changed her expression.

Roy hurriedly waved his hand and said, "No."

Jamie smiled again. "Then you like me!"

Roy explained, "The like I said is different from yours."

Jamie walked in front of Roy. She slowly unbuttoned one of her buttons, revealing her snow-white skin. "Then tell me, what's the difference?"

"Miss Jamie, please behave yourself!" Roy hurriedly turned away.

Jamie did not give up and even spread out her hair, making it fluffy. She even boldly removed half of her pajamas.

"What are you talking about? You are not a monk. At this age, don't you want a woman?"

Jamie gazed at Roy and said, "Hug me."

"No!"

"Just hug me. If you don't hug me, I'll be angry! I'll tell my dad that you bullied me!"

"Miss, please don't. It's not easy for me to make a living. You are the apple of Mr. Caleb's eye. Please let me go."

Roy hurriedly lowered his head.

"Then hug me, hug me, and I'll let you go."

Roy reached out his hand. Just as his hand was about to touch Jamie's arm, Jamie suddenly took a bite on his hand. Roy felt pain.

Jamie ran out of the room and said, "Help! Help! Mr. Roy is going to molest me!"

She ran fast and her voice was loud. Everyone in the building could hear her.

The servants on night duty all woke up.

Caleb would be back today. Dylan arranged for many servants to take turns to rest after 12 o'clock.

Jamie ran crazily, she ran to the living room and fell to the ground all of a sudden, just as Caleb came back from outside.

He had gotten off the plane and was in a daze when he saw Jamie fall in front of him.

"Jamie?"

When Jamie saw that Caleb had returned, she immediately got up and threw herself into Caleb's arms. "Dad, you are back. You are finally back. Roy, Roy..."

"What's wrong with him? Don't cry. Speak slowly!" Caleb saw that Jamie was wearing pajamas and her hair was disheveled. He suddenly had a bad feeling.

At this time, Roy came downstairs.

Roy nodded at Caleb, "Mr. Caleb, you're back."

Jamie, however, grabbed Caleb tightly as if she had seen a demon. "Dad, chase this person away immediately. Chase him away now!"

"What happened, Jamie."

"It's..." Roy was just about to explain when Jamie interrupted him.

"While you were away, something unpleasant happened between me and Mr. Roy because of Carly. I wanted to talk to Mr. Roy, but he... he..."

Jamie cried again.

Caleb immediately shouted, "How could you do such a thing!"

Roy lowered his head. "Mr. Caleb, it's not what you think!"

"Dad, Roy forced me. Fortunately, I am smart. I bit him and ran out. If you don't believe me, look at his hand!"

Roy hurriedly covered the back of his hand.

Jamie said, "How dare you. Take your hand away. Let my dad see if I bit you!"

Caleb saw that there were many servants gathered around them. He said, "Go back to your work!"

The servants quickly dispersed.

"Let's go in and talk."

Caleb put his coat on Jamie. It was really improper for her to wear this.

They and Dylan came to Caleb's study.

"What happened to you during the few days I was away?" Caleb was furious.

He had great expectations for Roy. He actually dared to humiliate his daughter. Caleb would not let him go.

"Something happened between me and Carly. She threw my earrings into the rose garden angrily!"

Jamie once again snatched over the turn to speak, "That was picked by Dad when you took me to the jewelry store last time. It was my favorite earring, but she threw it away. I was so angry that I asked her to find it for me."

"I wanted to scare her, but who knew that she would plunge into the garden, causing her face to be covered in blood. Then, Mr. Roy came and scolded me. He said that the rose garden was a forbidden area and no one was allowed to enter. He even carried Carly away in public."

Roy didn't say a word from the side.

"I know that the rose garden is a forbidden area. I don't dare to go in casually. Dad, but Mr. Roy was free to go in and out. Several servants told me that they have seen Mr. Roy go in several times!"

"I thought that Mr. Roy might have misunderstood me, so I wanted to explain it to him. I asked someone to invite him. He said that if I wanted to talk, I should go to his room. In order to make up with him, I could not care so much. The door was not closed. Who knew that he would close the door and then bully me!"

Jamie started to cry again, "Dad, you have to help me! This is not the first time."

Caleb paled.

After a long time, Caleb did not speak.

Jamie did not know what to say. She had already finished her lines.

Roy did not refute. What exactly was going on?

She had no other choice but to cry.
