

# One Night Stand With The Uninvited Wolf President

Chapter 302 He Is Here

Johnny's arrival surprised Caleb.

In the living room, Johnny sat on a high-end leather sofa, looking noble.

Caleb admired Johnny very much among these young people. However, he disliked the Winsors' way of education. The way of education and environment of the Winsor family could only make young people look like robots.

A robot had no emotions.

"I'm really surprised at your arrival."

Caleb sipped the tea and smiled.

Johnny said bluntly, "Mr. Caleb, to tell you the truth, I'm here to ask you for help."

"What can I do for you?"

"My wife never came home. Last time, I received news from you that it was indeed your daughter who kidnapped my wife, but my wife had been sent away. However, I did not see her for a long time, so I kept looking for her."

Johnny did not hide anything.

Caleb looked at Johnny and felt guilty. He did not expect Johnny to tell the truth.

Caleb thought, 'Does he really want to ask me for help, or is he flying a kite?'

"I promised you that if Jamie really kidnapped Ceres, I would definitely send her back. I indeed bought her a plane ticket and let her go back."

"Your conduct has been entirely above board. I believe what you said. However, your daughter..."

Although Johnny did not finish his words, Caleb knew what he meant.

"Jamie would never do such a thing. As soon as I knew that Jamie kidnapped that girl, I reprimanded her."

Johnny nodded and smiled, saying, "Alright. I still haven't found my wife. I think that maybe she is still in Country M. Mr. Caleb, you have got a lot of connections here, so I'm here to ask you for help."

The humble attitude of Johnny made Caleb look at him in a new light.

Caleb had always thought that the Winsors were all robots without any emotions. However, Johnny put so much effort into looking for a woman.

"Alright, I'll get someone to help you look for her."

"Okay. Thanks for your time."

Johnny rose to his feet.

Caleb waved his hand and said, "Goodbye."

Johnny and Nick walked out under the guidance of the servant.

Ceres and other people were changing the pebbles in the hot spring room. Those pebbles were carefully selected and very expensive. They moved the new pebbles out of the car.

Suddenly, a familiar man appeared in front of Ceres.

Ceres was so frightened that she hurriedly hid behind the car.

What happened?

Why was Johnny here?

Paula looked at Ceres and hurriedly said, "What's wrong with you?"

"Paula, you go on, I will catch you up."

Paula didn't know what was wrong with Ceres, and she walked forward with a frown.

Johnny was looking in Ceres's direction. He stared at Ceres for a long time.

Both the servant of the Bullock family and Nick did not know what had happened.

"Mr. Johnny, this way please."

Johnny recovered from the astonishment and followed the servant out of the Bullock's.

After getting in the car, Nick asked, "Mr. Johnny, we are sure that Miss Ceres is in the Bullock's. Why did you ask Caleb to help us look for her?"

Johnny said with a cold face, "Because we have no positive evidence that Ceres is in the Bullock's manor."

Johnny was still thinking about the figure that he had seen just now.

"That's right. But maybe Caleb doesn't know that Miss Ceres is in the Bullock's manor. Maybe Mary hides secretly Miss Ceres in the manor. We come here to ask Caleb for help. Then Caleb has to try his best to help us look for Miss Ceres."

Johnny snorted coldly and said, "It's not that simple. Although Caleb is upright, Mary is still his daughter. This matter still needs to be discussed in detail."

After Johnny left, Caleb was in trouble.

Johnny deliberately emphasized that Caleb was a straightforward and upright person. What Johnny said was like a slap in the face. It was clearly Caleb who allowed Ceres to hide in this manor.

Roy came forward and said, "Mr. Caleb, I think that Johnny is here with ill intentions."

"He should have known that Ceres is in this manor. He says this to give me an out and also intimidate me."

Caleb praised Johnny.

"What should we do?"

"What else can we do? We have to send Ceres back." Caleb sighed and went upstairs.

To be honest, Caleb was reluctant to let Ceres leave.

In the past few days, Caleb had been going to the hot spring room to massage. He felt relaxed when chatting with Ceres. Ceres was straightforward and did not beat around the bush. Therefore, Caleb liked her.

However, Roy was deep in thought.

Ceres looked eagerly at Johnny as he left. She had really missed him these past few days. She had never thought that she would miss someone so much.

Ceres had thought of going back and putting her cards on the table many times, but every time, she backed up.

She was afraid that Johnny really abandoned her.

In addition to the red spots on her face, there was another reason why she didn't go back, which was to investigate the cause of her father's death.

Ceres steeled her resolve and returned to the hot spring room.

However, she didn't expect that Jamie would be waiting for her here.

Jamie grabbed Ceres's hand, and tears fell from her eyes.

"Ceres, I'm begging you. Please leave this place."

Ceres directly shook off Jamie's hand and asked, "What are you going to do this time?"

"I am sincere. Look at my face."

Jamie pointed to her face.

Only then did Ceres notice that Jamie's face was red and swollen. It was obvious that Jamie was slapped. Besides Caleb, no one dared to slap Jamie here. Even Sally, Jamie's mother, would not dare to slap Jamie.

Jamie lowered her head and said, "My father slapped me. He doesn't bring me up. He does dote on me, but he is also strict with me. He is a very old-fashioned person. You have been here for some time and should have known about him."

What Jamie said was true.

Ceres had been with Caleb for a long time and she admired Caleb very much.

Ceres also found out about some of Caleb's deeds on the Internet. Caleb was very popular, and the public opinion was also very good. Unlike the Winsors, Caleb didn't have so many enemies.

"Johnny came here to look for you. Because of you, my father slapped me. He told me to find a way to remove the red spots on your face and send you back."

This seemed to be something Caleb did.

"But the red spots on your face can't be removed. I don't want to hide it from you!"

Ceres had also guessed it.

Ceres thought, 'What do you want to do?'
