

One Night Stand With The Uninvited Wolf President

Chapter 348 Rumors

"Alright, sleep now." Johnny gently brushed away Ceres's messy hair on her forehead.

"Okay."

"By the way, you will go shopping tomorrow, right? Buy me a few shirts and buy some clothes for Swedum."

Johnny decided to find something for Ceres to do, then she wouldn't think too much.

"Alright."

Ceres suddenly felt very guilty. She felt that she was not a competent wife or mother. She had always been thinking about her own matters, but she had neglected Johnny and Swedum.

The next morning, when Ceres woke up, Johnny had already gone to work. Ceres decided to go out for a walk.

Ceres thought, 'Even if Johnny would abandon me and Swedum would dislike me one day, isn't everything fine now?'

'I must cherish the moment. If that happened, I would regret wasting my time so resentfully now!'

After packing up, Ceres put on a cap and went out. Originally, she wanted to invite Alice, but Alice was busy filming. So she invited Nyla to go with her.

"Well, Johnny always wears white or black shirts. Aren't you going to buy him some shirts in another color?"

Ceres thought the same.

Therefore, with Nyla's suggestion, Ceres chose some green, light blue, red, and even some stripes shirts for Johnny and chose many clothes for Swedum. At last, she bought some herself.

Ceres felt her legs even become slenderer after walking for so long. But Nyla didn't look even a bit tired.

After shopping, Ceres asked her servant to take the things to the car. And then she walked into a coffee shop to rest with Nyla.

Ceres sat on the sofa, rubbing her sore calves. Nyla glanced at her while drinking coffee.

"Well, look at you. We have just shopped for a short time! Back then, when I went shopping with my friends, it was far more than this!"

Ceres said, "Amazing! Alright, I won't compete with you. I'm exhausted now."

As Ceres said, she heard the two young women on the table next to her chatting.

"I went to the hospital that day. Guess who I saw?" One of the young women said mysteriously.

"Who? Your dream lover?" The other woman laughed.

"Stop talking nonsense! I saw Johnny!"

"So what?"

"He brought his wife with him. I secretly inquired about it. It is said that her wife's appearance was ruined. So they went to see the doctor. I also heard that his wife will never recover."

"Such a good face has been ruined! I don't know what she looks like now, but I remember that when we attended her wedding, everyone discussed how beautiful the bride was."

"Johnny didn't separate from his wife after such a big farce at the wedding. He is such a spoony man."

"I still remember the video on the big screen. By the way, was that woman on the screen his wife?" One of the young women laughed.

Ceres was taken away by Mary at the wedding, so she had no idea what happened then.

"I heard that the bride and that woman were both his wife. His wife had indeed cheated on him. Johnny could not bear his shame, so he took the opportunity and called that woman an imposter!"

"You are right. If he knew that woman was an impostor from the beginning, he could just drag her out. Why did he wait until the end?"

When Nyla saw that Ceres's face was getting terrible, she directly stood up and walked in front of the two young women.

"Who are you two? What nonsense are you talking about?" Nyla said as she slammed the table.

The two young women raised their heads and looked at Nyla, "Who are you then? Did we influence you?"

"Yes!" Nyla roared, "Get out of here!"

"It's not your store! Who do you think you are?"

"Well, I am the owner!" Nyla shouted as she picked up the fruit knife on the table, "We don't welcome long-tongued women. Once I see one, I will cut her tongue!"

The two young women were frightened and quickly stood up, "Crazy woman!"

"Let's just leave!"

They hurriedly took their bags and left dejectedly.

Nyla threw the fruit knife on the table and returned to her seat. "Never mind. Later, I will ask Johnny to deal with them!"

"So what happened at the wedding?" Ceres stared blankly at the table.

"Well, I thought you knew that. Didn't Johnny tell you?"

Ceres shook her head blankly.

Nyla bit her lips and told Ceres everything.

"Ceres, forget that. Many people like that enjoy gossiping about things. They just like to spread rumors."

Ceres took a deep breath. When she knew what Mary had done at the wedding, she felt a chill.

Mary had ruined her.

Mary had not only ruined Ceres's appearance but also Ceres's reputation.

"Probably in people's eyes, I have long been a slut?"

"Never! Everyone is just gossiping. They all know that if you were such a person, how could Johnny still be loyal to you? As long as Johnny loved you, then those rumors would naturally fade away." Nyla comforted Ceres.

"You are right. Nyla, I am tired. Let's go back," Ceres said with a bitter smile.

"Ceres, are you alright?"

Nyla felt that Ceres was somewhat strange.

"I'm fine. You're right. As long as Johnny still loves me, as long as we are still together, the rumors will eventually fade away."

Hearing this, Nyla felt much more at ease.

After that, they left the coffee shop and went home.

On the way home, Ceres kept expressionless.

Although her appearance was ruined, she could still say that the most important thing was the excellency of her heart.

However, she had nothing at all now. In Johnny's circle, she was just a filthy woman!

She didn't know how long Johnny could still stand it.

Back at home, Ceres sat in front of the dressing table in a daze. When Swedum returned from school, the first thing he did was to look for Ceres.

"Mommy!" Swedum shouted as he jumped into Ceres's arms. "We have a sodality this weekend. All parents need to attend. Mommy, will you come?"
