

Eyes Opened 2986

Chapter 2986

Layla: [You really can't date people?!]

Hayden: [She wants to wash her hair, do I want her not to?]

Layla: [...Okay! Hahahahaha! Why are you two so funny!]

Hayden: [If you told her in advance that I would go too, she would definitely wash her hair before coming out.]

Layla: [Hahahahaha! My fault! I didn't expect that you two would really go shopping together after the concert! Brother, don't you really dislike being with women? Why did you compromise?]

Hayden: [Joanna doesn't disgust me.]

Layla: [Hahaha!]

Hayden's eyes hurt when he saw the 'hahaha' sent by his sister.

A few minutes later, Layla sent another message: [Brother, after she finishes washing her hair, you take her to the mall to go shopping. Look at women's clothing or skin care products or jewelry. In short, if my mother and I like it, she must like it too.]

Hayden: [Have you misunderstood? I'm just friends with her.]

Layla: [Friends don't have babies together. Anyway, in our eyes, Joanna is different from your other friends. So what if you spend some money for her, if you don't spend so much money, do you plan to take it to the coffin in the future?]

Hayden: [.....]

He just didn't find a wife, he didn't break the law.

After a while, Joanna finished washing her hair.

She specially asked the barber who washed her hair to finish washing quickly, and when she was drying her hair, she asked others to stop before the hair was completely dry.

After paying the bill, she walked up to Hayden: "I've finished washing, let's go!"

Hayden looked at her half-dried hair, and immediately signaled to the barber: "Help her dry her hair."

Joanna: "..."

Ten minutes later, the two came out of the barber shop.

Hayden became much more active after being instructed by Layla.

Hayden: "Would you like to go shopping?"

Joanna nodded: "Okay! Which shopping mall are you going to?"

Hayden: "Anything is fine. I came here by car, so it's convenient to go anywhere."

Since she wanted to take Hayden's car, Joanna naturally listened to his arrangement. The two went to the parking lot to pick up the car, and then drove to a nearby large shopping mall.

"What do you think is the biggest problem in your store now?" Hayden felt that the atmosphere was too quiet, so he broke the silence.

Joanna suddenly became nervous, thought carefully, and answered seriously: "I think the biggest problem with our store is that it is too small in scale, whether it is the ability

to develop new products or the ability to operate the entire store, it is very insufficient.”

“Yeah.” Hayden seemed to be listening to his subordinates report on their work.

Joanna saw that Hayden was listening carefully, so she continued to report: “I also often think about how to improve. But the current revenue is not enough to support drastic changes. I can only take it slowly.”

Hayden: “Yes.”

“Hayden, do you have any suggestions?” Joanna wanted to hear his thoughts.

Hayden’s handsome cheeks were quietly flushed: “I don’t know anything about dessert shops.”

“You manage such a big company, do you have any good suggestions in terms of management?” Joanna continued to ask.

Hayden blushed even more: “I am not managing the company. I am mainly responsible for technology research and development.”

Joanna: “...I thought you asked me to give me advice.”

Hayden: “No. Just chat casually.”

“But your expression just now was really serious. I was so scared that I thought there was a serious problem in our store that I didn’t know about.” Joanna said. After finished speaking, she couldn’t help laughing.

“Am I so scary?” Hayden also laughed.

“You’re not scary, you’re more serious.” Seeing him smile, Joanna became more courageous, “What do you think of my best friend Juliette? Not only is she beautiful, she also has a good family background. “

Hayden frowned unconsciously: “Are you trying to introduce me to a girlfriend?”
