Chapter 3010

She rarely thought about anything other than work and children.

Her life got busier and more fulfilling.

After lunch, Joanna took the child and let her mother take a lunch break.

Gia was simple to manage at this age. She didn't make a fuss, didn't run around, and basically stayed where she was put.

Joanna took the book of subject one and read the questions and answers to her daughter.

This way she herself can consolidate the knowledge.

After reading for a while, Gia reached out to flip her book.

She thought it's not fun anymore.

Joanna immediately carried her daughter to the window to look at the scenery outside.

"Do you want to go out and play, baby?"

The little girl babbled and made excited sounds.

"You just have a cold! Let's play at home! Why don't you watch mommy make up!"

Joanna carried her daughter to her room.

She put her daughter in the stroller, then sat herself down in front of the vanity mirror and began to apply makeup.

She's going to a social event tonight, so it's better to dress up.

In a blink of an eye, it was evening.

Ellis drove to the community where Joanna rented.

After bidding farewell to her mother and daughter, Joanna went downstairs.

Seeing Joanna put on makeup, Ellis said with a smile: "I'm so beautifully dressed today, I think I'm going to fascinate a lot of people."

Joanna's face turned red suddenly: "Don't laugh at me, I just melted it casually."

"Because you are naturally beautiful, you will look very good if you change it casually."

Ellis said with a smile, and started the car.

hotel.

Hailee booked the hotel's largest banquet hall.

It is predicted that it could accommodate a thousand individuals simultaneously.

When Ellis and Joanna entered the banquet hall, they observed a massive crowd.

Ellis was shocked.

Ellis: "Joanna, look at those who wear green badges on their chests, they are married.

No matter how you look at it, there are many married people."

Joanna couldn't help laughing either.

"Look, what I told you before is true, right? Everyone is here to join in the fun and have fun." Ellis took Joanna to the buffet area, "Didn't you say you were going to invite me to dinner? Tonight's meal will be considered an invitation from you."

"Okay! It will cost a lot of money to hold such an event, right?" Joanna had never seen such a large banquet hall.

Ellis: "For sure. Tonight's venue, dinner, and drinks are all provided for free. This is

actually an employee benefit. Our company benefits are very good.”

Joanna nodded.

Not far away, Hailee saw Joanna coming, and immediately sent a message to Hayden:

Joanna has also come to participate in the event. She looks so pretty tonight.

Fearing that the boss wouldn't be stimulated enough, Hailee secretly took a photo and sent it to Hayden.
