

Chapter 14

Alexei

I listen to my baby's breathing as she sleeps. Her naked ass curved into my stomach, and her beautiful hair spread out on my pillow. This is better than any dream I have had of her.

I feel my brothers pushing our link. I smiled as I opened my mind to them, "goddess, we have been given the perfect mate. I knew we would definitely make out, but sh.it, the way she responds to us, I am stunned." Ashton is lying with his head on her ass, I can see him stroking her cheeks.

"Ash, don't wake her up. She needs to rest. We exhausted her. We probably let things go too far. She just got out of the fucking hospital," I smirked.

"I didn't hear you complaining when she pushed you on your back and sucked your di.ck," I heard a low groan, "she sucked us all off dude, goddess her mouth, it felt like wrapping my co.ck in silk, and she told us she loved us, my Starlight is so perfect."

"We just have to make sure we go slow with her, she is so fucking tempting, the way she responded to me fingering her ass, I know she is innocent, we have always made sure boys stayed away, but she is so ready for what we want,"

"I guess we know now why we were always so protective of her, but we need to go slow guys. I mean she has almost been beaten to death. I don't want to scare her by going full dominant on her. I think we need to talk to her about what we like and see how she feels. We know she is going to be up for anal, so she will be able to take us all, so let's be happy with that for now, okay?"

"We also need to think about contraception. As much as I want to see Tink carrying our pups, she really wants to go to university, and I won't take that away from her."

"I agree, we are all heading for university, so no pups yet."

"Did you both see the scars on her back? fucking assholes have been beating her for years and we missed it. Saffron told Maximus that there were times she couldn't speak to Tink for days, because she was so weak from healing her."

“She is very self-conscious of them. She thought we would think she was ugly. We just need to reassure her of how beautiful she is.”

Ash gives her ass a kiss and gets up. “She is a goddess, there is nothing ugly about her. Now I am going to start dinner. I was thinking about lamb chops, mashed potatoes and whatever veg I find. Do you think that will be okay? We have a chocolate fudge birthday cake for dessert.”

I smile. Ash is the chef of my siblings. Ace and I can cook, but we don’t enjoy it like Ash does, and he is determined to feed his girl, “that sounds great bro, she loves lamb.”

He gets up and puts his jeans back on, and leaves. Ace was quiet for a minute, I could see from his face that he was mind linking someone, “Dad asked me to meet him in the office, do not go fucking our girl without us, okay?” I grinned “unless she wakes up and jumps on my dick, I will try to restrain myself,” he scowled at me kissed Star gently, got dressed and left.

Alone with my girl, I snuggle in and feel myself drifting off to sleep. She is so warm.

.....

Stars POV

I wake up, feeling warm and content, but also like something is missing. I try to sit up, but find I am pinned to a very large man.

Oh, my goddess, my mates, oh wow, their hands, and their tongues, the image of Ace’s tongue in my ass springs to mind; I mean, having had fantasies about the triplets in the past, I had always been turned on by the thought of anal, but fu.ck, the reality is so much better, it’s definitely something I am happy to explore, with maybe something bigger than a finger.

I also sucked all three of their cocks, goddess they taste good. The way they are rough, also so caring, always making sure I am okay.

They are dominant in bed. I have heard stories told in bathrooms about bondage and sex toys, and it makes me wet. I had to Google what some of the stuff was, and it made me drip. I am more than happy to explore my boundaries with them; I know they won’t hurt me really, but a bit of pain with my pleasure? That I think I will enjoy.

I tried to wriggle out of the surrounding arm; it tightens and pulls me even tighter, I inhale their scent, Alexei, I try again. “Baby, if you keep wriggling your sexy ass against my co.ck like that, I will have to punish you,” mmmm, “what type of punishment Alpha?” He growls in my ear,

“Naughty little fairies need to be spanked, mmm I can smell how much my dirty little fairy likes that. Maybe her Alphas need to pin her down and spread her pus.sy wide and make her cum till she passes out,” fu.ck my pus.sy is dripping and he hasn’t even touched me yet.

His hand moves to between my legs, his fingers sliding along my slit, “open your legs for me baby, spread them wide. I do as he commands, and he pushes two fingers inside me, “fu.ck baby, you are so wet, do you like having your pus.sy fingered? Are you thinking of having three big cocks fucking your tight, wet pus.sy?” Fuuuck, I came all over his fingers.

“Oh, baby you are so perfect, I want to fu.ck you so badly. Do you want us to fu.ck your pus.sy tonight, mark you as ours,” he pulls his fingers out of me and sucked them into his mouth, “Ohh goddess yes,” I felt him grin, “fu.ck I love my Fairy girl.”

“I think my baby deserves a nice soak in the bath, and then dinner will be ready, and then we will claim that beautiful pus.sy as ours”

He kisses me and gets out of bed. I watch his naked ass as he disappears into the bathroom.

Fu.ck, I love my life. I heard the bath running, and the smell of raspberries floating out of the bathroom. The bedroom door opens and Ash walks in. Seeing my naked body, he leaps on the bed, pushing me down and lying on top of me. He rests on his elbows, taking most of his weight. He nuzzles my neck.

“Mmmmm, I can smell arousal. Has my naughty girl been having fun with Alexei while I’ve been gone?” Kissing his way down my body, stopping to suck on each nipple, when he gets to my mound, he inhales deeply, “fuck you smell amazing darling, I could eat your pus.sy all day long,”

He laps at my juices like he is starving. I moan and grind against his face; he sucks on my cl.it and I go wild. I felt the bed dip and turn to see Ace crawling on the bed towards me, licking his lips, “this is just what I need, a sexy goddess spread out on my bed. Did my Tinker Bell wake up horny?” He kisses me greedily, as his hands

find my nipples. Oh, my goddess, my hand goes to the front of his jeans, rubbing his hard dick through the fabric. He moaned into my mouth as I came on Ash's face.

"I leave you for a few minutes to run you a bath, and we're I come back your riding Ash's face, bothers we have a very greedy girl. Her bath is ready if someone wants to bring her in." He chuckles as he returns to the bathroom.

Ace carries me to my bath, and after several kisses, they leave me to soak.
