

Chapter 15

Star

After a long and glorious soak in the tub, I take my time getting dressed, my boys have filled my underwear drawers with a very sexy range of lingerie. There are thongs, booty shorts, French knickers and bras in every color, baby dolls, bodysuits and teddy's. It's like being in a lingerie shop.

I choose a white bodysuit under a long caramel jersey dress with a slit on either side to my knee. I leave my feet bare as we are staying in, and walked towards the smell of cooking,

Wow, it smells amazing. I pushed open the door and saw the gorgeous Ash, standing at the stove stirring a pan. I walked up behind him and wrapped my arms around his waist, kissing his back, "it smells amazing honey," he leaned back into me and I ran my hands up his abs. He pulled me to his side so he could hug me to him.

"There's my girl, did you have a nice bath, gorgeous?" He leans down to kiss me, I stand on tiptoes to deepen it, "you look good enough to eat Starlight."

He twirls me around, "dinner is almost done, the boys are in the lounge, go sit and stop distracting me sexy girl," he spanks my ass as I walked away giggling.

In the lounge, I find Alexei and Ace watching rugby. "Come here baby, you look gorgeous." Lex pulls me onto his lap, Ace grabs my legs and rubs my feet, we sit in comfortable silence, Lexi stroking my hair, Ace rubbing my feet and ankles, goddess a girl could get used to this.

"I remembered something while I was in the bath, something Clementine said." The boys looked at me, their faces angry at the mention of her name. Ace squeezed my legs, "what did she say, Tink?"

I take a deep breath, "she said that mum and dad were not my real parents, that I was found in the forest. I don't know if she said it just to hurt me or if it's true," Lexi kissed my temple and pulled me closer. Ace looked confused, " I haven't heard anything like that, Tink. We will be having Sunday brunch with mum and dad tomorrow, so we can ask them then. Is that soon enough? We can go see them after dinner if you want."

I stroked his cheek gently, "it's okay. Tomorrow will be fine, I only brought it up now because I just remembered it."

"DINNERS READY!" Ashton's shout makes me jump, causing my other two boys to chuckle.

We had a wonderful dinner, followed by the biggest, gooiest chocolate cake. I am so full now, lying across my boys rubbing my food bump, my head is on Ace's lap, Lexi has my middle and my feet are being tickled by Ash, we are watching one of the Avengers movies,

I lose interest in the movie as six hands start to roam over my body, my dress is pushed up exposing my thighs, there are hands on my breasts, my thighs, my stomach. I moaned as fingers brushed over my covered pussy, my legs spread slightly, allowing the fingers more room. Ash pushed my dress up even more, and brushed the bottom of my white lacy see through bodysuit, "well what do we have here, are you wearing sexy lingerie for us Starlight?" I heard the sound of ripping fabric as my dress is torn from my body, Ace pinches my nipples through the fabric, "wow Tink you look so fucking sexy, all virginal, in white."

I am lifted. I am sitting on Ace's lap, his knees between mine, spreading my legs apart, Lexi is on his knees. In front of me, rubbing me through the fabric, he fingers the poppers and flicks them open, baring my pus.sy to his gaze.

Ash sucks at my nipple, "I don't think we will be needing virginal white anymore." The body suit is ripped apart. As Lexi laps at my clit, oh my, they are all so fucking good at this, my hand is tangled in Lexi's hair.

Ace grabs under my thighs, pulling my knees back, exposing and opening both my pussy and ass to Lexi. Lex grabs my ass cheeks, spreading them even wider, as he pushes his tongue in my ass, I scream with pleasure, writhing trying to get closer.

Ash is fingering my pus.sy, pumping two fingers into my entrance. His fingers were pumping into me so fast, I could hear how wet I was, my body was tense as I chased the high ripping through my body, and I screamed out as I came,

Lexi and Ash strip off their clothes, their cocks already leaking pre-cum. I licked my lips. Fuck I love their dicks.

"Good girl Tink, you are so fucking sexy," Lexi stares into my eyes as he pushes three fingers into me slowly, as he laps at my clit while stretching my entrance, getting me ready for his cock.

"Are you ready for me baby?" I nodded at him moaning as he sucks my clit into his mouth, Ash throws him a foil wrapper, "no Lexi, the doc gave me a contraceptive injection earlier, no condoms," he grins and leans up and kisses me, "you are so fucking perfect baby, I'm gonna go nice and slow okay, if you want to stop, just tell me, okay baby? It's going to hurt at first, but it will pass, okay?" I nodded again.

Ace kisses my neck, as Ash sucks my nipples.

Lex positions his tip at my entrance, and slowly pushes in. Oh, fuck it's so big, I tensed and all three of them stroked me, making me relax.

Lex pushes all the way in I scream as he breaks my hymen, he stays still, letting me adjust to his size. After a few moments, I nodded for him to move and he slowly pulled out and thrusts back into me, "oh baby you are so tight," all the pain is gone now, I started to groan, my hips bucking in

rhythm with his thrusts, "oh my goddess Lexi you feel so good," his thrust get faster.

I need more. I reach for Ash's cock, stroking him, he kisses me, "are you ready to suck my dick beautiful?" I nodded, Lexi pulls out and I growl at him, he smirks, "we are just changing positions baby, I haven't finished with you yet," they turn me over, so I am leaning over the arm of the couch with my ass in the air, Ace strips his clothes off.

Lexi pushes back into me, his thrusts are fast and hard, every thrust deeper than before, my pussy is dripping with my juices. Ash grabs my chin and pushes his cock into my mouth, the head of his cock hitting the back of my throat.

Ace plays with my clit with one hand and fingers my ass with the other. Oh, my goddess, my second orgasm ripped through me closely followed by number three. Ace is pounding three fingers into my ass now.

Ash pulls out of my mouth, " you ready for Ace's cock in that tight ass babe? You gonna be able to take all three of us?" a strangled "yes" is ripped from my mouth and I am lifted to straddle Lexi.

I pushed myself back on him and rode his dick, his groans echoed off the walls. "Ahh, baby, you feel so good."

Ace pushes my back so my head is on Lexi's chest. I felt something cold squirt into my ass and I turned to look at Ace as he rubs lube over his cock, pumping his length a few times. I felt his tip at my puckered back hole, he pushes in and I gasped at the moment of pain.

He pushes all the way in, it's too much, I felt too full. Ace kissed my neck, he was panting, "Goddess, it's so tight, breath love, take your time to get used to it. I bet you feel so full."

I relax and breath into Lexi's neck. "I am ready, Ace," I whispered. With a growl, he starts to thrust, he moans as he goes faster. Just when I think I

can't take it anymore, the pain turns to pleasure and another orgasm makes me explode.

Lexi sucked on my neck. I felt his fangs sink deep into my neck, I screamed with pleasure, he licks his bite closed and I feel Ace sink his fangs into the other side of my neck, then Ash is sinking his fangs into me as I scream out another orgasm.

I am panting now. Both dicks fucking into me. Ash grabs my hair and pushes his cock back in my mouth, all three fucking me with wild hard thrusts.

I have lost count of my orgasms now, as a massive one hits me, screaming around the massive cock in my mouth, I squirt all over Alexei. He growls and shoots his load into my pussy; I feel it dripping down my thighs. Ace explodes next, his cum coating the walls of my ass,

Ash thrust a few more times before he bellowed his release, his cum running down my throat. They all pull out of me and I collapse on Lexi. He rubs my back, soothing me, whispering how much he loves me.

I feel myself being lifted and carried to bed, then I felt all of my mates curling around me as I drifted off to sleep.
