

Chapter 22

Sunday 16th January

Clutching my letter from my mum to my chest I say good night to the Alpha and Luna as Lexi carries me to our suite, our suite, goddess everything has happened so quickly, it's hard to believe I only woke up from a coma the night before last.

I found out the sexy triplets were my mates, went from living in hell to a plush home, found out that my parents weren't my parents, that my real father is a veil kidnapper and rapist and that my mother killed herself to protect me.

Now I have always been a glass is half full kind of girl, always using my fast wit and plucky attitude to always keep my spirits up, but I have to admit I am finding it hard to stay positive right now.

I am brought out of my thoughts as I am layer gently on our bed, and my gorgeous mates snuggle into me, my Bach leaning into Ace, Lexi's head on my chest and Ashton snuggled between my legs with his head on my belly. Goddess, I love them, how they surround me and give me strength, I want them, and I want to mark them, make them mine, so everyone knows they belong to me forever.

Running my hand along Ace's thigh, needing the muscle, getting higher with every stroke, he tips my chin up so he can see my face, I stare at him with all the need and want that's in me and his eyes darken with lust, "Tink, princess you are exhausted we should get you ready for bed." I shake my head at him. "I want to mark you. You need to be mine."

Three very loud groans fill the room, as Lexi tugs on my nipple through my dress, “you gonna mark me too baby?” Ash lifts the hem of my dress up and caresses my thighs, “and me goddess?” I giggle. “Yes, all of you, but one at a time, I want it to be special, ok?”

Ash and Lexi, kiss me and move to the bottom of the bed, I kneel next to Ace and pull his shirt over his head, then unsnap his jeans and pull them down his legs, he reaches to help me but I tap his hands, “let me, this is my gift to you, ok?” He swallows and nods his head, mesmerized as I finish stripping him.

It's my turn to Alexi and pull him up to lean against the headboard next to Ace and slowly remove his clothes, then it's Ash's turn, once all three of my boys are naked and sitting with their backs against the headboard, I slowly pull my dress over my head, I am wearing a tiny red lace see through bodysuit, the neck line plunges to my navel with a very thin silk bow holding it closed just beneath my breast.

Three sets of hands reach for me but I slap them down, “be good boobs or mummy will punish you,” Three cocks bounced to attention, followed by some very choice expletives.

I grin, crawling between Ace's legs, bending his knees up, giving me a wonderful view of his perfect balls, “are you going to be a good boy handsome? Or is mummy going to have to tie you down?” His nose flares as he struggles to stay in control, “Storm had better be a good boy too, or Saffron will come out and fuck him in the ass, he knows she can take him down, so he had better not test her.” I see Storm take a step back, “fuck Tink,” I give his balls a sharp tap, “who?” He hisses out a breath, “Mummy.” I rub his balls, massaging them. “Good boy, now show mummy that sexy neck of yours, baby.”

He tilts his head back, as I push his knees down, straddling him, I nuzzle his neck, nibbling looking for his sweet spot, when I find it, I pull aside the crotch of my lingerie, and sink my pussy onto his giant erection, my

fangs come out and I sink my teeth deep into his neck, as I ride the fuck out of his dick. I retract my fangs and lick my bite closed, his eyes have rolled back in his head and his hips are driving his cock faster into my pussy, I feel his cock swell, as my orgasm hits, I scream his name as I cream all over his cock. He finally loses control and grabs my hips and pounds into me, “aahhh, I fucking love you, fuck, fffuuucckk, aahhh.” I feel his cum coating the walls of my pussy. I lean in and kiss him tenderly, “good boy, baby.” As I climb off, he looks at me with hooded lids, “mummy had better remember that daddy is racking up the list of punishments she is going to get,” I smirk at him, “mummy is counting on it.”

I turn my attention to the middle Alpha, he grins at me and starts to lift his knees, I stop him by straddling his thighs, I grab his hands and lift them above his head, “grab the bar my warrior, I want to see how strong you can be, don’t you move your hands, baby.”

As I make sure he has a firm grip on the bar, I push his face into my ample cleavage, he moans but stays still, I lean back and pull the bow between my breasts slowing them to fall out of the top, he licks his lips as he stares at my tits, I lean forward and push them together rubbing both my nipples across his lips, “don’t open your mouth baby, keep nice and still ok,” he nods, his gaze hazy with lust and adoration, “yes mummy.” I moan as I rub my nipples over the stubble on his chin, the friction making my peeks pucker, all the while I am grinding on his cock, coating him in my juices, “is my warrior going to let me have his neck?” He smirks. “Fuck yes, my goddess.”

He throws his head back as far as it will go, again I search for my spot nibbling and lapping him with my tongue, I sink my fangs into his neck, he growls and grinds his dick into my clit, I retract my fangs and clean the bite, then grab his hips and pull him down the bed a bit, pushing his legs apart, I take his beautiful dick between my tits, and wank him while sucking on his tip, I look into his eyes he is groaning and growling, drawl

slipping from his lips as he fights for control, his hips buck and his eyes roll all the way back, with a load, “ffuuuccckk” he cums in my mouth.

Once he stops coming, which takes a while, his balls must have been full, I lean up and grab his hands and bring them back down, he wraps his arms around me and buries his face in my neck, “I love you so much baby, I have never been that turned on in my life,” I pull back and cup his face, kissing him slowly.

Crawling on to Ashtons lap, I grab the base of his cock, I give two firm strokes, “Now it’s baby’s turn, you have been such a good boy waiting his turn, do you want mummy to give you a treat baby?” His eyes filled with lust and his jaw clenched, he nods “yes please mummy,” I smirk at him, “Do you want to eat mummy’s pussy till she comes on your face, baby?” He gurgles in the back of his throat, “yes please fuck yes, mummy please rub your wet pussy in my face.”

I stand with a leg on either side of his hips, reach down and pop open the poppers at my pussy and push myself onto his face, “don’t you touch yourself baby boy, mummy wants all that come in her pussy, Ok? I feel him nod as he lick me out, his tongue lapping at my lips and clit, fuck I am so turned on, “that’s it baby suck on my clit, fuck baby, I’m gonna cum, fuck,” I grind on his face as I come, he laps up my juices like it’s his last meal, once my pussy stops twitching, I straddle him, and using his chin I turn his head to the side exposing his neck to me, I impale myself on his enormous erection, as I sink my fangs into his neck, “fuck Starlight I’m fucking coming, I can’t..... fuckkk aahhh,” he explodes inside me, sweat running down his face with the exertion of holding back, I lick his wound closed and he grabs my face putting his forehead to mine, “that was fucking amazing baby, I nearly came without getting inside you, I love you goddess.”

I climb off and we all snuggle down. I have marked all three of my mates, and I am surprised at how much I enjoyed dominating my Alphas. I sigh in contentment as I drift off to sleep.
