

Chapter 36

Ashton

Once we are in the limo, I pull her onto my lap and kiss her till she couldn't breathe, goddess she is my life. I will never get enough of her.

She sucks on her mating mark, and I burn up. My cock is so hard I think I might break the zip of my trousers. She rubs her gorgeous ass against my bulge and my eyes roll back.

“Keep doing that baby and I'm gonna cum in my pants,” she giggles and brings her mouth back to me. I am deepening the kiss when she pulls away and kneels between my legs.

Her sexy mouth smirks at me, “how long till we get there?” I grin and slouch down so my crotch is closer to her face. “About an hour baby, do you have something for us to do to make the time go quicker?”

She licks her lips and unbuckles my belt; she pulls it from its belt loops and throws it behind her. Next, she unzips my slacks and pulls them and my boxers down to my knees, releasing my cock to her eyes.

Taking my dick in her hand, she strokes me, long and hard, ringing a groan from my throat. Hunter is going nuts in my head.

She leans forward and licks pre-cum from my tip. “Fuck baby, please suck me. I need your mouth.” Her eyes meet mine and I jump in shock. Her eyes are Silver, “Saffron? Ohhh baby, has Starlight let you come out to play?”

Her tongue runs up my cock from base to tip, “I am only allowed to have you while we are in the limo, so let’s make every second count shall we,” her voice is deeper than Stars and sounds like pure filth.

In one move she takes my entire cock in her mouth; my tip hits the back of her throat. Fuck, I may not last long at this rate. I wrap her ponytail around my wrist and keep her head in position as I pump up into her mouth. She groans on my dick, sending vibrations along my length.

She pulls back slightly and grabs my legs, pulling my further down the seat. Using one hand she pumps m cock, while she sucks and licks my balls, “Yes my goddess, that’s it baby, make me cum, fuck Saffy, don’t stop.”

She looks up at me with those fuck me silver eyes, pumping and sucking me, harder and faster and then I feel her finger at the entrance of my ass, I stiffen and she coos at me, “you’ll enjoy it I promise baby,” and then her finger is in my ass, massaging my prostate.

My cock is in her mouth again, her head bobbing while she rubs my balls and fingers over my ass, and I explode into her mouth. “Fuck oh shit,” I think my heart is going to beat out of my chest.

Hunter is going wild, begging me to let him out to play with her, so I let him.

.....

Saffron POV

I am enjoying licking my Alpha clean when I am suddenly lifted and thrown onto the seat on my back. I look up into the eyes of Hunter, “so you want to play my love?”

Swallowing, I stare at him as he pulls my hips towards him and lifts my dress past my hips, spreading my legs wide as he eats me through my panties. I writhed under his mouth and he chuckles darkly.

I grab his hair and pull his head up so he looks at me, “do your worst Hunter, just remember it took all three of your cocks to make me submit last time,”

He growls and rips my panties off and devours my pussy with his mouth and tongue. He thrust three fingers into my opening, and roughly fucks me with his fingers, while sucking on my clit.

I feel myself going over the edge as I cum on his fingers. When I stop shuddering, he brings his fingers to his lips and sucks my creamy juice into his mouth.

Getting up, he grabs the back of my head and dominates my mouth with his tongue. “We were in our wolf forms them, my love. There is so much more we can do with these human bodies.”

Then I am flipped over and pulled onto all fours, and my leg is lifted onto the back of the seat as he thrusts into me. He squeezes my ass cheeks together to make my pussy even tighter around his cock.

The sound of flesh hitting flesh and our deep breaths and guttural groan dare the only sounds. As he fucks me into submission, I scream as I cum and feel him stiffen as he hits his release and collapses on top of me.

pulling me into his arms, his peppers my face with kisses, I reach up and touch his face, “I love you my Alpha,” his face lights up and a huge grin flashes on his face, “I worship you my Goddess.... Ashton says we need to get dressed as we will be at the hotel soon.”

We share a long kiss, and straightened our clothes, then say goodbye and give control back to our humans.

.....

Star POV

We arrive at the crawling manor that is The Hotel Endsleigh and get out of the car. Our driver hands our hand luggage to the doorman and Ash leads me to reception.

The receptionist gives Ash a long look and licks her lips, slut; he ignores her completely. “My girlfriend and I have a reservation in the name of Ravenwood.”

She shoots me a glare so I snuggle closer to Ash and run my hand along his chest, I smirk at her, “do we have a big bathtub, I think my man deserves a long soak and some pampering, don’t you think, baby?”

Smirking at me, he pecks my lips, “never say no to you angel, and I love it when you pamper me.” I hear the receptionist huff and she hands our keys to the bellman.

“Enjoy your night.” She says through gritted teeth.

We follow the bellman to our room and Ash slips him a fifty. Once he leaves, Ash picks me up and strides to the bathroom. He puts me down next to the bath and slaps my ass. “You fill the tub and I’ll ring for champagne.”

While I wait for the tub to fill, I slip out of my clothes and wrap myself in one of the soft dressings gowns the hotel provides. I am just turning off the taps when Ash returns with a trolley filled with champagne and a fondue filled with melted chocolate, and a platter covered with fruit and marshmallows.

“Yummy, thank you sweetie, that looks amazing.” He grabs the belt of my dressing gown and pulls me towards him. He kisses me softly, his tongue lapping at mine gently, as he unties the belt and pushed the fabric off my shoulders.

“You are the most beautiful woman I’ve ever seen. I adore you, Starlight,”
He lifts me into the bath. He shrugs out of his clothes and gets in behind me,

We drink champagne and feed each other chocolate covered fruit, whispering a word of love to each other and sharing gently kisses and caresses.

Once the water becomes tepid, he lifts me out and wraps me in a warm towel and carries me to bed.

We make love gently, whispering to each other as we worship each other body. When he takes me, I am overcome by the emotion that tears run down my cheeks. He stills and stares at me.

“Angel, what’s wrong? Please don’t cry,” I stroke his face. “I am so happy, Ash. You make me feel so beautiful and loved. You are so wonderful that it brought me to tears,”

He kisses my tears away, “I will love you for all eternity, my love.”

We fall asleep in each other’s arms, completely sated and basking in the joy of our love.
