

Chapter 46

Star

Ace carries me into the bedroom, but instead of taking me to the bed, he sits in an armchair.

He dries me with the towel, then settles me on his lap, my back flush against his chest.

He grabs my thighs just above my knees, spreading my legs open to the hungry eyes of my other mates.

Ace bites my ear lobe then takes away the sting by lapping the spot with his tongue.

“Lex, didn’t you say something about wanting to put your tongue in Tink’s asshole? I think you should get her nice and ready for my cock.”

Alexei smirks as he drops to his knees in front of us, “that would be my pleasure. Open her up for me, brother.”

Ace lifts me slightly. Lining my ass up with Lexi’s face.

Lex grabs my ass, pulling my cheeks apart, and rubs his thumb over my puckered hole before I feel his tongue breaching my entrance.

Holy fuck, my eyes roll back in my head as he fucks my ass with his tongue.

My groan of pleasure eggs him on as he pushes deeper with each thrust.

Ash moves to my side and hands Lex a bottle of lube.

I hear the cap pop, and then his tongue is replaced with his thumb.

His thumb is pushing in and out of my ass.

My whole body is buzzing with my building orgasm.

As he pushes his other thumb in, I tumble over the edge.

Clenching his thumbs with my ass muscles as my orgasm shudders through me,

“Fuck baby, your ass is so tight, and your pussy is dripping, just waiting to be eaten.”

he laps at my pussy, sucking my juices into his mouth before latching on to my clit.

I look over at Ash’s cock and lick my lips.

Ace chuckles in my ear, “you can taste his cock in a minute princess, first I want my cock in that tight ass of yours.”

My groan of approval makes all three of them laugh.

Ash leans down and kisses me. I open my mouth for his tongue. Sucking it into my mouth, he growls into my mouth, “greedy girl.”

Ash grabs my leg from Ace so he can position himself at my back entrance.

I tense slightly as his tip pushes into me.

“Relax Tinkerbell, let me in.” I do as I am told, and he pushes all the way in.

“Aahhh fuck princess, you are so tight around my cock, you feel so good, baby,”

he thrusts slowly into my ass, the pressure building inside me, my breaths coming in gasps as I head towards another orgasm.

Ash steps closer, wraps his hand around his dick and gives himself a few firm strokes.

As he pushes his cock past my lips, I opened my mouth for him.

I moan at the taste of him, locking my eyes with his as he wraps my hair around his hand.

I relax my throat as he pushes further into my mouth.

Feeling Lex at my entrance, I groan as he pushes into my pussy.

Fuck, it feels so fucking good, as all three of my mates pick up their pace, matching their rhythm, all three enormous cocks hitting different g-spots at the same time.

My orgasms come quick and fast, one after another, until I lose count.

My body is shaking and shuddering.

My mates are groaning and growling, their thrusts becoming more erratic as they pound into me.

My eyes roll to the back of my head as the biggest orgasm yet rips through me.

I scream around Ash's cock as I squirt all over Lex.

Ash grips my hair tightly as he cums I'm my mouth. Ace tenses below me as his cum coats the walls of my ass.

Lex pushes my legs up further and fucks the shit out of me as his own release spurts out of him.

His head falls to my chest as he tries to catch his breath.

My mates pull out of me and I am lifted off of Ace and carried back to the bathroom.

We shower gently, cleaning each other, and sharing kisses and tender words of devotion.

Ace washes my hair gently, massaging my scalp, making me moan. Goddess, every day I fall more in love with these men.

They consume me with their strength and love.

After our shower, I am wrapped in a towel and Lex brushes and dries my hair. He is so gentle it makes me shiver.

Ace has my night clothes ready. I giggle at the flannel pajamas he has chosen.

I haven't worn these since I was in the hospital.

I raise an eyebrow at him, "there are other men in our suite baby. I want you covered in case we have to leave our room."

The other two nod in agreement, which makes me chuckle.

They are so possessive.

We snuggle into the bed, my head on Lex's chest, my hand reaching over to Ash's chest.

Ace spoons me from behind. Sighing in contentment, I press a kiss into Lex's peck, before licking his nipple, making him chuckle, "keep that up baby, and I will pound you into this bed till you beg for mercy."

I giggle as I snuggle in. Ace slaps my ass, and nozzles my neck. The warmth of their bodies and the rhythm of their breathing quickly send me into a blissful sleep.
