

Chapter 87

Ashton

We decided that we didn't want to be away from Star; she is so strong, but we know that today must have taken its toll on her. Ace linked mum to meet us outside the house.

She jogs out and straight into my our arms, checking us all out for any injuries we have kept from her.

“Mum, we are fine. How's it going in there?”

She grins, “your Luna and the girls are giving our guests a pampering. They need it, poor girls.”

“We know you guys are going to stay with them tonight, but Star has had a rough day, fuck she has had a rough month, so we are going to stay next door and we want Star with us, she deserves a little pampering to don't you think?”

She bounces on her toes in excitement, “yes she definitely does, ok can you arrange dinner and then you can take her after we have eaten? I don't think she will want to leave them until after we eat.”

After making the arrangements, we set to work, making trips home to get everything we need. In the bathroom, we set up candles and rose petals, making the bathroom look as romantic as possible.

The bathtub is no way big enough for all four of us, but tonight is about Star, not us.

Next, we look at sleeping arrangements. There are only bunk beds here, we are definitely not sleeping in them. Lex grins and pulls pillows and blankets off the beds.

“We can make a nest downstairs in front of the fire in the living room, make it all nice and cozy. We can even watch movies then if my baby wants.”

“Our baby! But that’s a good idea.” I chuckle at Ace. It really annoys him when Lex gets possessive. We grab the pillows and quilts from all the beds and take them downstairs.

After moving everything around we step back and admire our handy work, it looks great, “I think she will love it guys,” Ace grabs his bag and pulls out a bottle of massage oil, “you can’t have pampering without a massage right?”

All three of us lick our lips at the thought of our girl naked and slippery. Lex goes and runs the bath so it’s ready for when Star gets here and I light the fire. When everything is set, Ace links Star.

It only takes her a few minutes to get here. We close the doors to the lounge as she opens the front door. She cocks her head, “is it just you three here? I was expecting Andrew, dad and co.”

Ace walks towards her and picks her up, “nope just your three loving husbands.” He starts to climb the stairs, “Ace, stop, I can’t stay long. I told them I would only be a few minutes.”

Kissing her nose he chuckles “it’s all been arranged with mum, you deserve some pampering too, you’ve been to war today.” She sighs but snuggles into his chest.

Star’s POV

Goddess thank you for giving me these beautiful men, in the past when I thought about finding my mate, I suppose I always thought that we would love each other and be happy, but I never thought I would have this pure unconditional love that I get from my mates, they always know exactly what I need, I love them more than I have ever loved anything before.

Ace sits me on the counter in the bathroom and pulls my top over my head before removing my bra, my breast spring free and he groans, leaning forward as he suck's a nipple into his mouth.

Grasping his hair I moan and push my chest out, I feel him grin as he moves to my out her nipple. I wrap my legs around him and pull him closer so I can rub his cock through his pants.

“Oh, no, you don't, my naughty nymph. This is about you. Now let's get you naked and in the bath.” he lifts me down and strips the rest of my clothes off.

He lifts me into the bath; I sigh as the hot water surrounds me. My hands are still in his hair, so I massage the back of his head, pulling him in for a kiss.

sucking his bottom lip into my mouth making him groans, “I love you Ace” I whisper against his lips, he cups my cheeks, “I love you too, more than you can ever know.”

He pulls back and rips his shirt over his head. My eyes travel over his rippling muscles. “Goddess you are so sexy baby. I wanna lick every part of your body, starting with your fucking amazing abs.”

He leans over me, “you can put your mouth on me whenever you want Tink, but it's my turn right now.” Moving behind me I feel his hands on my shoulders, his fingers dig into my muscles, “oh Ace that feels so good.”

His hands move over my collar bones and cup my breasts, rolling my nipples between his finger, alternating between soft caresses and hard tugs. Fuck, my pussy is on fire.

Groaning, I turn my head into his arm, sucking and biting his skin as I groan at the pleasure he is giving me. The door opens and my other two mates walk in, pulling their own shirts over their heads.

“We thought you could do with another set of hands, or two.” Lex kneels on one side of the bath. He looks into my eyes, smirking at the lust he sees in their depths.

“Has Ace mad you horny baby? I bet your pussy is dripping with need, huh? You want to be fingered, baby?” I lift ma needs and let them fall open, “yes please Alpha.”

Ash kneels on the other side of the bath and both of them put their hands in the water. They each grab an ankle and place my legs behind their heads, resting on their shoulders, opening be up to them fully.

First, I feel fingers rubbing my clit, I gasp loudly, then two fingers push into my pussy, while another finger plays with my asshole, “oh fuck... yes.... please finger my holes.... fuck.”

The finger at the entrance to my ass pushes all the way in and then they fuck me with their fingers, as one pushes in the other pulls out, all the while my clit is being rubbed and pinched in rhythm with Ace’s fingers on my nipples.

“Oooohh.....shit.....fuck...don’t stop....faster.” A third finger pushes into my pussy as a second goes in my ass. They spread up, fucking my holes, both boys hitting all the right places.

I scream out as my orgasm races through me, my whole body shaking with the force of my release. They keep fucking me with their fingers, drawing out my orgasm.

When my body finally stops shuddering, they remove their hands, and someone lifts me from the bath. I don’t know who as my eyes are closed and my body is limp.

I sigh as I feel soft towels wrap around me, and then nothing as I slip into sleep in one of my loves arms.
