

Chapter 95

Blair

Blair lifts me by my ass and I wrap my legs around his waist. He squeezes my ass cheeks and whispers, "I am going to spend all night making you scream my name baby."

My wolf Cara howls in my head, then rolls on her back with her legs open waiting to be fucked.

He captured my lips in a ferocious kiss, my back gently touches the bed and he covers me with his body, his lips move down my jaw to my neck, where he nibbles and sucks at the tender spot between my neck and shoulder, making me moan.

I feel him grin against my skin, before continuing his journey down to my chest, he lifts me slightly and releases the clasp of my bra, freeing my breasts to his hungry mouth.

Sucking a nipple into his mouth while pinching and rolling the other between his thumb and forefinger, I arch my back as I call out his name.

"Blair....please baby.... I need...." he lifts his head, his eyes almost black with lust, "what love? tell me what you need." I squirmed beneath him, and turned my head in embarrassment.

He grips my chin and turns my face to him, "don't ever be embarrassed baby, I will give you anything you want." His hand drops to my panties and he rubs my lips through the fabric.

"Do you need me here baby?" I nodded, "Yes...please Blain." he kneels between my legs and pulls my panties down my legs, and spreads my knees wide.

I stare into his eyes as he runs his fingers through my folds, "you are a goddess, so wet for me baby, I can't wait to taste you," he brings his fingers to his mouth and sucks my juices off, he closes his eyes in bliss, "Mmmm, fuck baby you taste so sweet, I'm going to eat you out every day of my life."

His words and the look on his face makes my pussy gush, I can feel my juices leaking from me. He groans as the scent of my arousal hits him, and he settles himself between my legs.

His tongue sweeps along my lips, my hips buck, "Steady baby, we have only just begun." he spreads me with his fingers and dives into my pussy, lapping and sucking like a mad man.

Sucking my clit into his mouth, I tense my body, moaning, his tongue pushes into my entrance, and he rubs my clit with his thumb, I feel my body heat, my back arches as my orgasm builds, "Baby, I'm gonna cum..... Fuck."

Removing his tongue, he pushes a finger into my entrance, pumping in and out, in and out, his mouth latches onto my clit, sucking it in time with the thrust of his fingers. My body feels like it is on fire.

He pushes a second finger into me and pushes me over the edge. I scream his name as I fall. His fingers continue to fuck me. making my orgasm go on and on.

"You are so tight baby, I need to stretch you a bit more," a third finger pushes into me, I pump my hips making him go faster, "do you like being fingered, my love, do you like how full you feel?"

"Yes Blain, please don't stop." Smirking at me, he picks up the pace, "come for me baby," and like the good I am, I do as I am told and cream all over his fingers.

Withdrawing, he kisses my lips and gets to his feet. never taking his eyes off me he pulls his shirt off, I suck in my breath at the sight of his chest, his muscles have muscles.

There is a tattoo of a wolf covering his left peck, right over his heart and writing in Galic running down his ribs. His hands move to his belt, drawing my eyes to the V-line that disappears beneath the waistband of his slacks.

I lick my lips as he pushes his slacks down over his hips, catching his boxers as they drop to his feet, his cock springs free, fuck me he is huge. Will he even fit in me?

As if he is reading my mind, he chuckles, "my little man will fit darling don't you worry," I raise my eyebrow at him, "little?" I lick my lips and crawl towards him.

He stood next to the bed, "Do you want a taste baby?" I nodded and flicked my tongue across the tip, he tastes so good, slightly salty and musky, pure man.

His groan gives me confidence and I take him into my mouth. Well, as far as I could, he is fucking huge. I bob my head wring in moans and growls from my man.

His hand tangled in my hair, and his hips thrust, pushing further into my mouth. I gagged as he hit the back of my throat, he purred at me, then whispered, "that's its baby, relax and take me in, breathe baby, let me take control."

I relaxed my throat and let him take charge. He thrusts slowly at first, every thrust pushing deeper down my throat, he picks up speed and before

long I have taken all of him, my nose hitting the fine hair at the base of his cock.

Tears run down my face, but I am not in pain, he has overtaken my senses and I want to suck his dick forever, but his movements are becoming disjointed and his growls are getting louder.

"Aahhh baby, I'm gonna cum." He tries to pull out but I grab his ass forcing him to stay in my mouth. He shudders calling my name as his seed shoots down my throat.

Pulling out of my mouth, he leans down and devours my mouth, "that was fucking amazing my queen." pushing me onto my back and crawls over me, he kisses me before making his way back down my body, stopping to suck on my nipples, I groan and had his head tightly to me.

He kneels between my legs, spreading me wide, he pushes three fingers into me and pumps a few times, making sure I am ready for him, before he lines the head of his cock up and staring into my eyes, slowly pushes into me.

His cock stretches me to my limits, he pauses half way in, allowing me to adjust to his size, "you okay my love?" I wrap my legs around his waist and pull him all the way in.

"I am perfect my Alpha, now fuck your Luna." He growls at me and then pulls almost all the way out and the thrust back in hard, I scream in pleasure.

"My Luna wants to be fucked hard, does she? That is an order I will willingly obey," and he does, his hips thrust into me, our bodies are covered in sweat, both of us panting.

"Fuck, you feel so good, your so fucking tight, like your pussy was made for my cock." he pulls out and flips me over, before hammering back into me, the head of his cock hitting my uterus. I scream as I cum, he continues to fuck me, and I keep Cumming, orgasm after orgasm.

He flips me again so I am straddling him, then he nuzzles my neck, nibbling at my marking spot, I feel his fangs a second before they pierce my skin. I scream with pleasure, and feel my fangs grow in my mouth. I sink my fangs into his neck and he growls and shudders as he explodes into me. We both retract our fangs and lick our bites, sealing them before collapsing onto the bed.

Rolling onto his back, he pulls me into his chest and covers his face with his arm, his heart is beating so fast, I am surprised it's still in his chest.

Suddenly he sits up, making me roll off of him. I squeal in surprise. He lifted me onto his lap, "I am so sorry baby, I didn't use anything, we can get the morning after pill from the clinic. Shit I am so stupid. Please forgive me."

I cup his cheek, "Blair, it's okay, I am happy to leave it up to the goddess, I want to have pups with you, if the goddess gives us a pup, then I will be thrilled."

Kissing me deeply, he sighs, "you are fucking perfect love, I can't wait to see your belly grow with my pup. I love you Suzie, I have for a while."

Tears run down my cheeks, "I love you too, Alpha." we snuggle for a while, but I am too buzzed to sleep, I look up at my mate, "are you tired baby?"

He grins and wags his eyebrows at me, which makes me laugh, "Not that, at least not right now, Cara wants to run with Titan." His face lights up, "Titan would love that."

We jump out of bed and he throws me one of his t-shirts before pulling on a pair of sweat pants. then he holds out his hand and we make our way out of the mansion.

At the forest line we strip and shift. It's only my second shift, so it takes me longer than Blair. Titan waits patiently for us. Once we have shifted, he nuzzles us, before sniffing our lady parts. He tries to mount us, but

Cara has other ideas. She rams him, pushing him over and then she takes off.

Our wolves chase each other for hours, Titan would catch us, knocking us down before letting us go to start the chase again. Cara is having the time of her life.

When Titan catches us for the final time, he pins us and mounts us. He fucks Cara hard and sinks his fangs into her neck, marking her. He releases her and lays down before her, baring his neck.

She happily sinks her fangs into him, completing our bond. They snuggle and doze together. As the sun begins to come up, Blair tells us it's time to go back. When we get back to our clothes, we shift back and get dressed.

Walking back to the mansion hand in hand, my stomach rumbles loudly, making us both laugh, "come on baby, let's go raid the kitchen, shall we?"

We walked through the door and headed for the kitchen. Mamo is already there; the smell of cooking fills the air. She turns to us a huge smile on her face. Glancing at the clock on the wall, I gasped. It's after 7AM. We have been up all night...

"Come here, my darling, let me look at you. Welcome to our family, my Luna", she pulls me into a tight hug, which I return with gusto.

"I thought the two of you might need to replenish some energy this morning. Why don't you go and freshen up? I have had your bed changed and some clothes delivered for you darling, so go shower and breakfast will be ready."

She fixed Blair with an amused stare, "just a shower, let the girl rest for a while, my boy. You Denver men would fuck day and night if we let you."

I chuckle as we make our way to our room, "Mamo sure told you," He spans my ass and carries me to the shower, proving her right our shower takes over an hour. When he finally lets me out, we have to rush around getting dressed before heading back to the kitchen.

Mamo raises an eyebrow at Blair, he shrugs. "Just trying to give you great grand pups, is that a crime?" Her face lights up, "well why didn't you say so,"

She hums as she finishes breakfast, we help her to carry everything to the dining room, finding the whole Denver clan sitting and waiting for us.
