

## **Our Billion 1501**

Chapter 1501-Because of their exceptionally good looks, they caught the attention of many passersby.

Edwin's casual attitude immediately disappeared. With his face turning cold, he emitted an aura of aloofness that kept people at bay.

Even from several meters away, Joanne felt as if the temperature had dropped by several degrees. She was just about to watch the scene as a bystander, but Edwin suddenly looked over in her direction. Before she could even avert her gaze, their eyes met.

His cold gaze even made Joanne's breath stop for a few seconds.

In the next instant, under the dubious gaze of onlookers, Edwin strode past the pretty girl and walked straight towards Joanne.

Joanne suddenly became the center of everyone's attention.

She subconsciously wanted to retrieve her mask and put it on, but before she could, Edwin had already reached her.

His tall figure cast a faint shadow, completely enveloping her.

Edwin stretched out to hold Joanne in his arms and whispered in her ear with a low and magnetic voice, "Honey, if you don't come out, I'll be seduced away by other girls."

It turned out that he had already married!

No wonder he remained unmoved by other beautiful girls' approach...

He was such a super good husband.

The envy and jealousy in onlookers' eyes grew even stronger as they stared at Joanne.

The pretty girl who had tried to get Edwin's attention reluctantly left.

Joanne quickly pulled Edwin away and furiously exclaimed, "You did that on purpose!"

Edwin smiled, neither confirming nor denying it.

"You are jealous?" he asked.

Joanne widened her eyes. "That will never happen."

"But I want you to be jealous." Edwin suddenly took her hand and gazed at her seriously. "Joanne, we are already remarried. You are my wife now, which means you have the right and obligation to be jealous for me."

Joanne's heart skipped a beat. "I have to remind you that our marriage contract is only valid for three months."

After three months, she would be free again.

Edwin's good mood was immediately gone, and his face darkened. "Are you so eagerly trying to draw a line between us?"

"Isn't that obvious? I can't believe that you just found it out!" Joanne retorted sarcastically.

Edwin realized that Joanne could always easily make him fly into a rage, but there was nothing he could do about it. He sneered coldly. "What a pity. We still have three months left in the contract. We are destined to be together."

Edwin pulled Joanne back to the mall to continue shopping for shoes and bags...

Neither of them noticed that Noah and Harry were sitting upstairs in the restaurant and staring at them closely.

Noah had come out to dinner with Harry today.

It was out of their expectation to run into Joanne and Edwin, but they didn't leave because of this.

Sitting by the window, Noah glanced down casually and happened to see Edwin and Joanne "flirting" with each other.

"Mr. Atherton, did you see that? I didn't lie to you. Joanne and Edwin are very close now, and Edwin even accompanied her to the mall to buy luxuries for her,"

Noah said to Harry.

Harry put down the teacup in his hand with a cold expression.

"Did Edwin go to Mourpa with the purpose of chasing after her?"

Chapter 1502-"Yes," Noah immediately added, "I met her in the bathroom just now, and I reminded her to stay away from Edwin, but she ridiculed me and even said proudly that Edwin was willing to spend money for her!"

What Harry hated most was those women who deliberately approached Edwin, so his face quickly sank after he heard Noah's words.

"Did she really say that?"

“How dare I lie to you?” Noah pretended to say with certainty, “Not only that, but also she showed off to me that she didn’t like Edwin and that it was Edwin who haunted her!

Harry had heard such words from Joanne and Jack, and now his face was filled with coldness.

“She is so presumptuous!”

“Mr. Atherton, calm down. Don’t get so mad because of such a bitch...” Noah comforted softly, “I believe that Edwin is just deceived by Joanna temporarily.

He will not really fall in love with her.”

“It will go worse if he falls in love with her,” Harry sneered and said viciously, “Joanna will join the crew of Story in Rosch in two days, right?”

“Yes,” Noah answered.

Harry smiled meaningfully, “Without Edwin’s protection, I would like to see what she will do.”

On the other side, Joanne felt chilly and sneezed several times in a row.

Then she couldn’t help but look at Edwin, who was choosing shoes and bags for her.

Edwin suddenly looked back at Joanne as if he had had eyes on his back.

Joanne squeezed out a flattering smile as if nothing had happened, “Thank you for choosing shoes and bags for me.”

“The navy blue one, and the third pink one in that row...” Edwin stood in front of a row of shelves, bossing around,” Except for these two, send all the others to East Imperial.”

The clerk smiled widely, "Thank you, Sir. We'll pack them right away."

Joanne was astonished for a moment and then sighed,\* What a luxurious lifestyle...' As she was thinking, her cell phone in her pocket buzzed.

Joanne casually took a long dress from the hanger and quickly ran into the fitting room. After making sure that the door was locked, she answered the phone. As she had guessed, she heard Tail's voice.

"Mama, Mama, it's me, Tail..."

Hearing her daughter's soft voice, Joanne said excitedly," Mama is listening.

Tail, I'm sorry. Don't be angry. I didn't have time to say goodbye to you before leaving..."

In the past, Tail must have asked Joanne to come back, but now she said happily, "I'm not angry. Mama, guess where I am?" Joanne's heart sank, "Where are you?"

Tail didn't say it at first deliberately. After a few seconds, she said with a smile, take Mama away from me. No way! I will protect Mama from being bullied..."

to me, right?"

the hotel. We just got off the plane when you called me, so we didn't answer your call."

Joanne was stunned.

With difficulty, she deceived Edwin to let him leave Mourpa to avoid him meeting Tail again.

However, now Tail was in Mourpa, where Edwin stayed!

“Don’t worry. Sapphire City is pretty big. As long as I try my best to avoid Edwin, “Are you really willing to be separated from Tail?”

Chapter 1503-to take Tail back to Mourpa.

Tail pouted, aggrieved. “Mama, do you not like me anymore? If “Yes...”

“Do you find me annoying?”

“Of course not...”

“Then why are you driving me away? Humph! I’m going to stay and protect you,”

Tail said in a tender but determined voice.

Joanne was vexed, and she could only convince herself to accept this fact.

When she came out of the fitting room gloomily, Edwin could see something was wrong with her at a glance. He found that she had not changed her clothes yet. And the dress she brought into the fitting room disappeared.

“Didn’t you say you liked that dress?”

Joanne panicked and put her phone back into her pocket, smiling, “I found that I’ve gained weight and have some love handles. That dress is tight. I don’t look good in it, so I changed back into my own clothes.”

The clerks’ mouths twitched.

They thought, 'What? She has a very good figure!' It was a lame excuse. Edwin walked up to Joanne and reached for her belly.

Joanne was so nervous that her eyes widened.

Edwin touched her abdomen, snorting, "Love handles? I think it's because you didn't exercise enough after giving birth to Tail."

Hearing Tail's name, Joanne was even more afraid, not saying a word.

It was as if she had acquiesced.

Edwin felt unhappy about it and gritted his teeth. One day he would make her give birth to a child for him.

A child even cuter and better behaved than Tail...

She would no longer refuse the clothes, bags, and jewelry he bought her.

When Edwin was in the mood, she even tried on the clothes.

In a short time, Edwin bought almost everything in the whole street.

When Jack received the news that Joanne was back, he immediately threw aside a lot of work and excitedly came to invite Joanne to a meal. He carried a big bag of ingredients and waited for a long time at East Imperial, but he didn't see Joanne.

He took out the key to Joanne's room he had secretly copied and opened the door.

Everything in the room was the same as when she left.

However, the closet and shoe cabinet were empty, and daily necessities disappeared.

“What the hell is going on?” Jack sat back on the sofa incredulously. “Has she already left for the set?”

But it was not necessary to take so much luggage to the set.

Besides, Joanne had just got back from Mourpa. She should rest at home today.

Jack stayed and waited.

Unbeknownst to him, Joanne was on her way home after shopping with Edwin.

She was full of worries. As soon as she got into the car, she leaned against the car window and pretended to sleep.

Because it was the downtown area, there was a lot of traffic. As the car moved and stopped, Joanne’s head bumped into the window from time to time with a thud..

Chapter 1504-Edwin heard a noise and turned his head.

Joanne slept “deeply”. Even though her head bumped into the window, she only frowned slightly.

It seemed that she was really exhausted.

“Drive a little slower,” Edwin instructed the driver.

The driver saw Edwin staring unblinkingly at Joanne in the rearview mirror. He had never seen Edwin so tender.

“Yes, Master Edwin.”

The temperature in the car was a little low, so Edwin took off his suit jacket, gently draped it over Joanne, and took her into his arms.

Joanne’s delicate eyelashes fluttered as she fell onto his chest.

The tip of her nose rubbed against Edwin’s firm chest and slid down. Finally, she lay down on his lap.

Edwin’s eyes swept over her slightly trembling eyelashes. He reached out and brushed her bangs. His long fingertips stopped at her fair cheeks as he said in a low voice with expectations, “I waited four years for you. Joanne, you can’t escape.”

In the silent car, his murmurs were clear.

Not only did Joanne, who was pretending to be asleep, hear it, but the driver was also shocked.

He thought, ‘What did Master Edwin just call Ms. Walters?’ ‘Joanne?’

‘Isn’t that his former wife’s name?’

‘Is Master Edwin possessed, or did he take Ms. Walters as a stand-in?’ The driver’s hands shook. The car wobbled and almost hit a speeding Bentley on the side.

Joanne suddenly tilted and fell into Edwin’s arms, and the tip of her nose was banged.

Her gasps could be faintly heard.

Edwin quickly steadied her slim body. His cold eyes narrowed at the driver.

The driver was afraid, cold sweat on his forehead. He no longer dared to let his mind wander.

At an international hotel, Bubsville, Sapphire City.

Edwin usually lived in the north of the city.

This time, she brought Tail to Sapphire City, not only because Tail had been clamoring for her mother, but also return to Mourpa until things quieted down.

After lunch, the two had nothing to do, so they turned on the TV.

Edwin was shown on TV after attending a groundbreaking ceremony. The reporters were competing to interview him.

Edwin wore a neat suit. He was so handsome that no flaw could be seen on his face even when the reporters' cameras were about to touch his face.

Tail calmed down. For the first time, she found this man had a strong aura.

"Tail, although he is not a human trafficker, he is much more terrifying than a human trafficker, and he is the one who caused you and your mom to separate."

indignantly, "Remember, his name is Edwin Atherton."

'Edwin Atherton...' Tail nodded her little head, memorizing the name very carefully.

She opened the browser and called out, "Edwin Atherton". The browser typed what she said.

Edwin had been one of the top ten celebrities in Sapphire City, and the relevant introduction popped up in the browser.

Tail clicked into it and saw the handsome headshot.

She thought, 'He is really that 'human trafficker'.

'He didn't abduct me, but he abducted Mommy!

'Humph!' Tail was annoyed that she could not read many words, but fortunately, the browser was fully functional. It could read the words on the web pages.

Chapter 1505-Tail listened to the whole introduction sentence by sentence and got a detailed understanding of Edwin.

When Tail was "sued" by Edwin, her mom and Patrick protected her so well that she didn't have a chance to investigate Edwin. Now Tail learned that he was the president of a big company.

But if she continued to be ignorant, her mom would be taken away.

Tail's eyes rolled mischievously.

She opened WhatsApp and sent Miles a voice message.

"Miles, I'm in Sapphire City. When are we meeting?"

Jack was waiting impatiently at East Imperial.

Suddenly, he heard a harsh noise from upstairs as if someone was moving furniture or something.

Jack was bored anyway, so he took out a big bag of fruit and ran to the top floor.

It was said that the residents of East Imperial were very wealthy.

Now that Jack wanted to chase Joanne, he had to get on good terms with the neighbors.

The door to the penthouse was open, and three or four servants were standing inside the living room. Jadyn was directing the other servants to organize the clothes, shoes, and bags delivered from the mall.

A large bedroom was used as a closet.

"Hello, sir, may I ask who you are looking for?" Jadyn asked politely as she caught a sharp glimpse of Jack standing at the door.

Jack greeted Jadyn with a smile. "I'm the boyfriend of the tenant downstairs. I'm here to say hello. You've just moved in? I see there's a lot of luggage. I think we can play tennis or golf together in the future."

East Imperial only had one apartment on each floor.

Jadyn thought, 'The one who lives downstairs is Mrs. Atherton, isn't it?'

Jadyn looked Jack up and down as she said suspiciously, "Sir, you may have come to the wrong door. The tenant downstairs is married, but her husband is not you."

"I just came from downstairs." Jack put the fruit bag on the cabinet in the foyer.

He smiled, "In the future, Jo and I will get married, and I will definitely invite you and your employer to our wedding. By the way, who is your employer? Maybe we know each other."

Jadyn felt like Jack was a swindler even more.

Edwin went shopping with Joanne in the morning, and there was no one downstairs.

“My young master’s last name is Atherton. He’s not someone to be trifled with.

Sir, I advise you to cheat others. Don’t provoke him,” Jadyn said nonchalantly.

‘Cheat?’ Jack was angry.

He was the young master of the Brown family. How could he cheat?

‘Wait...’ “Atherton?” Jack had a very ominous feeling. He asked with a frown, “Is it Edwin?”

As Jadyn was surprised, wondering how Jack knew Edwin, the elevator doors opened.

The tall man was carrying his wife in his arms, walking over steadily.

Jadyn and the other servants immediately stopped what they were doing, raised respectful smiles, and said warmly and politely, “Mr. Atherton, you’re back.

We...”

Edwin shot a warning glance at them, signaling them to be silent.

Jack saw the woman in Edwin’s arms...

His eyes widened.

When Edwin entered the living room with Joanne in his arms, the servants gathered and excitedly discussed them.

"I didn't hallucinate, did I? Mr. Atherton has been carrying Mrs. Atherton."

"I heard that since Mr. Atherton and his former wife got divorced, he had very few women around him..."

"It seems that Mr. Atherton has fallen in love this time."

"Mrs. Atherton is so lucky. If Mr. Atherton were carrying me, how good it would be!"

Jack thought, 'Do you all think I'm dead?'

Chapter 1506-Edwin came out of the master bedroom and heard a noise in the living room.

Jadyn was stopping Jack and shooing him out the door.

"Sir, you can't go in. This is a private residence. Don't blame us for being rude if you continue to barge in..."

The chef was cooking, and there was a fragrance of food and jasmine flowers in the air.

The living room was fully furnished, and the wall was hung with a beautiful painting symbolizing the love of a good couple. It was just like a cozy home.

"Edwin, come out!" Jack's face was livid as he angrily yelled at the master bedroom.

He thought, 'How can Jo be so close to Edwin after only a few days?' Jadyn was afraid of waking up Joanne. She hurriedly ordered the other servants with an ugly expression.

"Quick, cover his mouth and drag him out..."

Several servants swarmed over toward Jack.

Jack's handsome face looked disdainful.

He had been wanting a chance to bring Edwin down a peg, so he planned to take advantage of the chaos and smash all the furniture in the apartment later.

"What are you arguing about?" Just when the atmosphere was tense, Edwin's low, cold voice sounded.

The crowd followed the voice and saw Edwin walk out in a gray robe.

"Master Edwin, this man is trying to break in..." Jadyn's aged face was full of dissatisfaction as she pointed to Jack and complained.

Edwin's sharp eyes fell on Jack.

"Edwin, what the hell did you do to Jo?" Jack barked at Edwin.

Edwin sneered, "Did Jadyn not make it clear? Joanne and I are married."

"Bullshit! Jo hates you. How could she possibly marry you? What method did you use to force her?" Jack was incredulous, the veins near his temples bulging.

"Jadyn," Edwin slumped lazily down on the sofa.

Jadyn immediately went to the study and brought over a marriage certificate.

Master Edwin."

Edwin took the marriage certificate and casually waved it in front of Jack.

Edwin smiled proudly with joy.

“No matter what method I used, she is already Mrs.

Atherton. Please stay away from her, Mr. Brown.”

Jack seized the marriage certificate.

In it was a photo of Edwin and Joanne, and the marriage date was yesterday...

Jack ground his teeth and threw the marriage certificate to the ground with a smack.

“You’re shameless!”

Inside the master bedroom, Joanne pressed herself against the door and listened quietly to the commotion in the living room.

Edwin was ruthless.

Once the marriage license was shown to him, Jack would be considered a homewrecker if he pestered Joanne again.

In fact, this was good.

Joanne had no intention of falling in love again.

Everything she did was for Tail.

Jack was thrown out of East Imperial by Edwin.

Jack racked his brain but couldn't figure out what Edwin had got on Joanne.

already dark.

No data found.

Chapter 1508-Tail blinked and shook her head seriously. "Mommy said that my father had been bewitched by another woman.

Uncle Jack, why are you curious about it? Do you want to be my stepfather?"

Jack bent to Tail. "What do you think of me?"

Tail hesitated and said, "The essential precondition for me to find a stepfather is that the man must be nice to Mommy. He should be gentle, considerate, and take good care of Mommy. Uncle Jack, although you look bad-tempered, I know that you are kind."

Hearing that Tail praised him, Jack had a proud smile.

He also believed he was kind.

'I never looked down upon Jo because she has been divorced and has a daughter. I even accompany her to go to Sapphire City to have a skin graft every year.' "So will you support me?"

Tail twisted and answered, "As long as you love Mommy and Mommy also loves you, I have no objection to you pursuing Mommy." 'Tail is dancing. What Tail has said means that it all depends on Joanne.' The next day, in Mason Estate, Albert asked worriedly, "Master Miles, don't you need bodyguards to follow you?"

Miles suddenly said that he would go to see a person that he knew online and didn't allow bodyguards to follow him.

Albert was afraid that Miles would be defrauded.

'Although Master Miles is shrewd, he's just eight years old and still weak in strength.' "No need! I will call the driver to drive me home." Miles stood in front of the shiny video wall and smoothed down his small suit coolly.

He specially wore Cedrick's pomade on his short hair. Besides, he wore a red bow tie and black leather shoes. The little boy looked dashing.

'It's the first time that I date Tail formally. I must make a perfect impression on her.' "Grandpa Albert, how do I look?"

Albert didn't know why Miles asked so. "Very lovely."

"You only feel that I'm lovely?" Miles felt frustrated. "It seems that I'm still not handsome enough. Should I get a stylist to come here and do my hair?"

Albert was surprised. It was the first time that Albert saw Miles paying so much attention to dressing. When Miles went to the Old House to have dinner on New Year's Eve, he just wore a cashmere coat casually.

Albert thought about it and asked, "Master Miles, are you meeting a girl?"

"You're right." Miles wore his new smartwatch for kids. It was extremely exquisite.

Albert became more worried. "Is she pretty?"

"Of course."

'If she weren't pretty, how would I like her?' "Does she often use your money?"

Miles rolled his eyes at Albert. "It's my pleasure! Forget it. You won't understand youths. It's time for me to set off.

When Mommy comes home, please tell her that I have gone out and will take her daughter-in-law back in case Mommy is worried about me."

After Miles finished speaking, he left the Mason Estate directly.

Albert was old and failed to catch up with Miles.

"Master Miles, wait. You may have been deceived..." Recently, there was news online that some indecent middle-aged men pretended to be beauties to defraud others.

Albert was extremely anxious.

After running, Ollie led Bailey home and met the anxious Albert.

"Grandpa Albert, what has happened?"

When Albert saw Ollie, Albert acted as if he saw a savior and said immediately, "Master Ollie, it's great that you have come back! Master Miles has gone out. He said that he went to meet a girl that he knew online, and the girl often uses his money. I feel that it's strange..."

Bailey had nowhere to let off his surplus energy. He barked and jumped up and down. He still wanted to take a stroll, but Ollie needed to return home to do homework.

Ollie compressed his thin lips. "Don't worry. Miles won't be defrauded."

"But Master Miles didn't allow bodyguards to follow him. What if he has an accident?"

Ollie thought about it and handed the dog leash to Albert.” Please take Bailey for a walk. I will go to see how it goes.”

Chapter 1509-“OK. I will arrange the driver for you.”

As soon as Albert finished speaking, Bailey barked again and pulled Albert towards the security room.

Albert was old and almost tripped. It looked like Bailey was walking Albert.

‘Mr. Atherton’s dog is smart.

‘Bailey doesn’t stay in the Old House of the Atherton family but goes to the Mason Estate every day!

‘Mr. Atherton is calculating. He lets Miles, Ollie, and Puffy keep his dog...’ It was a cloudless day.

Early in the morning, Tail and Miles had decided on the time and place to meet.

They would meet at a cafe that was close to the hotel where Tail lived.

where the cafe was.

Tail carried the bag on her shoulder that she bought yesterday and shouted to garbage and buy some fruits.”

to go downstairs, she became anxious.” Hold on a minute. I’d like to go with you.”

“Never mind. I will be right back. The facial mask on your face has been crinkled,” Tail reminded.

with you. You’re new to Sapphire City. If you get lost, your Mama will kill me.”

Tail frowned and didn't know what to do.

When she made an appointment with Miles, they said that they would meet alone.

When they passed the hall of the hotel, Tail suddenly pretended to be frustrated.

go upstairs to get it.”

will be right back.”

towards the elevator.

‘The hotel is in the south of the city. Edwin won't come here. Besides, Tail is clever. There is no need for me to be worried. I However, Tail seized the chance and slipped away from the back door. She rolled her eyes archly and ran away in high spirits.

was worried.

Outside the cafe, Miles got out of a taxi and smoothed down his suit.

He walked into the cafe chicly.

He specially chose a table next to the window to observe the surroundings.

There were five minutes to their appointed time...

At the same time, Ollie also got out of a luxury car as soon as Miles got out of the taxi.

Ollie wore more casually.

He wore a black T-shirt with knots at the cuffs and light gray jeans with a bright-colored belt. He tucked the hem of the T-shirt into the jeans. He looked fashionable and dressed like Miles, who usually liked to be cool.

Chapter 1510-Tail and Miles had exchanged photos already.

When Tail arrived at the door of the cafe, she mistook Ollie for Miles at first glance.

Tail said behind Ollie in a cute, babyish, and sweet voice, "Miles, I'm here.

You're so punctual."

Ollie stopped smoothing down his T-shirt and froze in surprise. He turned around and saw a little girl running towards him happily. He fell into a trance.

'Grandpa Albert said that the fraud was an indecent middle-aged man. I even planned to ask the bodyguards to beat him up and send him to the police station.' After Tail greeted Ollie warmly, Ollie didn't greet her as she expected. The smile froze on her face. She pouted in disappointment. "Haven't you recognized me?

I'm Tail. You often give me tips."

Ollie had never watched live streams, but he had heard about the talented little camgirl from Miles and Nana.

'It turns out that the little camgirl is as adorable as Puffy. No wonder she has so many fans.' Ollie cleared his throat and softened his voice subconsciously. "I'm not Miles.

You have mistaken me for him."

“What?” Tail widened her mouth and scratched her head in disbelief. “Are you reluctant to be my boyfriend because you think that I’m not as pretty as when I’m on the screen? There is no need for you to lie to me. I have seen your photos and know that you’re Miles...”

Tail said as she lowered her head and pouted. Her eyes were brimmed with tears. “Forget it. Now that you dislike me, I’m leaving.”

Seeing Tail get upset, Miles hurriedly explained to her, “You have misunderstood me...”

“Ollie! How dare you bully my girlfriend?” Miles waited for Tail, but she didn’t show up. Then Miles went to the door to see if Tail had arrived and saw her pouting by accident.

As soon as Miles saw Tail’s wronged expression and the tears in her eyes, he felt that it was his responsibility to protect her.

Miles leaned, rushed in front of Tail, and glared at Ollie defensively. “Tail, don’t cry. I’m here. What did he do to you?”

Instantly, Tail widened her mouth in surprise.

She pointed at Miles and then pointed at Ollie. She bit her finger and tried to recognize Miles. However, no matter how hard she tried, they still looked the same in her eyes.

“There are two Miles?”

Tail was dumbfounded.

Miles’ face clouded over. He blocked Ollie on purpose.

“There’s only one Miles. He is my twin brother, Ollie. He must follow me here.

Never mind about him!”

“But his dressing style is the same as Miles’.” Tail felt confused and grabbed Miles’ suit. “It isn’t like Miles’ dressing style.”

Miles felt frustrated. He specially put on the formal suit, but Tail mistook Ollie for him because of that!

Miles emphasized, “The clothes are not important. More importantly, I’m Miles.”

Tail nodded her head in confusion. Miles held her hand and walked into the cafe.

Ollie stood at the door of the cafe alone. After a while, he followed Miles and Tail and texted Albert.

Ollie: [Grandpa Albert, I have seen the person. She is an adorable little girl.

Miles hasn’t been deceived. Don’t worry.] Although the lobby manager of the hotel emphasized again and again that Tail worried.
