

Our Billion 1511

Chapter 1511-became weak, and she almost knelt on the ground.

Tm screwed!' news, Tail skipped back.

Besides, there were two super big ice cream boxes in Tail's hands. Tail looked elated.

scared me! Where did you go? Ice cream? I don't want to eat ice cream! If you got lost, how could I face your mother?"

Tail said slightly, "I'm sorry that I made you worried. I just went to buy two boxes of ice cream. I won't run around anymore."

with a rope!"

Tail widened her eyes and shook her head seriously. "I won't..."

ice cream? Let me taste it..."

Your mother told me again and again that you couldn't eat any icy food! I will take the two boxes of ice cream. Besides, you can't eat ice cream this week. It's the punishment for you running away secretly..."

In East Imperial, Joanne had encrypted her phone since Tail arrived at Sapphire City.

Even so, Joanne still checked her phone from time to time in case she missed Edwin noticed that.

"Is there any secret in your phone?"

Joanne was lying on the couch and watching TV series absently. When she heard Edwin's question, she pretended to casually put away her phone and replied angrily, "It's none of your business! I will go to

the shooting team tomorrow. I hope that the three-month agreement between you and me will end after I finish the shooting...”

Edwin narrowed his eyes and looked at her calmly. “Is the shooting site in Happiness Film and Television Base?”

“You’re right. It’s far away from Sapphire City.”

However, as soon as she finished speaking, what Edwin said next threw cold water on her.

“I would like to move to Happiness Film and Television Base to accompany you.

What a coincidence. I have several houses there. It will be convenient.”

Joanne was choked by saliva and stared at him in surprise.

‘Happiness Film and Television Base is lesser-known. Eli has chosen there just because its setting is suitable for Story in Rosch.

‘It’s strange that Edwin bought houses there. Does he have too much money and not know how to use it?’ Edwin felt happy to see Joanne being nervous.

“Are you so happy to hear that I will move there to accompany you?”

Joanne came to her senses and had a cheesy smile on her face. “Are you kidding? There are many people on the shooting team. Besides, there are paparazzi and photographers who are hired by actors’ fans. If someone takes photos of you and me, I will be the trending topic again!”

Edwin smiled leisurely, “It’s great if we become a trending topic. We can clarify the previous rumors!”

Joanne panicked.

shooting team.

'He doesn't give me any chance.' When Joanne was nervous and furious, someone knocked on the door. "Mr.

Atherton, Mrs. Atherton, you have a visitor. " Then Jadyn led the cool Miles and showed up in front of them.

Chapter 1512-Miles greeted Edwin and Joanne warmly, "Good afternoon, Uncle Edwin, Auntie Joanne."

Joanne asked, "Are you Miles?"

I have seen Ollie and Puffy but have never gotten the chance to see Miles.

'When Ollie and Miles were babies, they looked the same. After four years, they still look the same. Even their dressing style is the same?

'Do they all like suits, the mature dressing style?' Noticing that Joanne stared at his suit, Miles smiled. 'I went to see a friend in the morning, so I dressed formally! I'm Miles. Auntie Joanne, long time no see. I had planned to prepare a gift for you, but my pin money has been confiscated, so..."

Joanne smiled with embarrassment, 'I have heard about it."

'It's partly because of me.' Joanne thought that Miles didn't know that she was Tail's mother. She beckoned to Miles with shining eyes. "Come here to let me have a look. You have shot up and will be handsome after you grow up!"

Miles didn't tell Joanne that Ollie and he had seen Tail.

'Mummy punished me severely because Tail and I slandered that Uncle Edwin was a child trafficker. Of course, I need to find out the truth.

'Ollie and I chatted with Tail and got to know the relationship between Tail and Auntie Joanne.

'When Auntie Joanne called Mummy, Auntie Joanne said that Tail was her friend's daughter. However, if Tail were just her friend's daughter, would she pay so much attention to Tail?

'Obviously, Auntie Joanne felt too guilty to admit that Tail was her daughter at that time!

'Luckily, no matter how Ollie and I asked Tail, she didn't admit that Uncle Edwin was her father!

'Thus, Tail isn't my cousin, and I can be her boyfriend...' Miles lifted his chin proudly and reached out his hand to Edwin. "Uncle Edwin, congratulations. You have married Auntie Joanne. Would you like to give me some pin money?"

Edwin burst into laughter and patted Miles' hand away. "No wonder you came here today. It turns out that your pin money has been confiscated by your parents and that you want to blackmail me."

"How can you say that I blackmail you?"

'I will use the money to please your stepdaughter. It's also for your own good.' "You incited Tail to spread the rumor that I was a child trafficker and ruined my reputation. I haven't even gotten even with you. How dare you ask for pin money from me?"

Miles said, "You're an adult. I'm just a kid. It's just a mischief of a little kid. Don't take it too seriously. Please give me the money! Don't worry. I will help you after you give me the money. Otherwise, I will ask for pin money from Jack! Don't regret it at that time!" Edwin rolled his eyes at Miles. 'How dare he threaten me?' "How much do you want?"

Miles spread his hand and waved his five fingers in front of Edwin's face.

"Half a million? Why do you need so much money?"

Miles rolled his eyes with scorn and said arrogantly, “Half a million? I’m not a beggar. I want five million!”

Joanne was stuck for words.

Maybe I have left high society for too long. Five million is pin money!

‘It’s even for a seven-year-old kid!’ “I wasn’t three years old anymore. I need money to play games, buy toys, and socialize with classmates. Uncle Edwin, men earn money for their wives and kids. If you’re so stingy, Auntie Joanne will look down upon you!”

Edwin’s face turned ashen in anger.

‘He has a father but asks for pin money from me!’ Edwin took out a bank card from his pocket. “There is ten million in the card.

Take it and disappear in front of me immediately!”

Miles held the bank card and threw Edwin a kiss. “I love you, Uncle Edwin, but I would like to eat the dishes that are made by Auntie Joanne...”

Joanne agreed without hesitation, “OK!” She felt happy and touched Miles’ chubby cheek. “What would you like to eat? I will make them for you!”

Miles opened his mouth and said many dishes in a row.

Chapter 1513-Joanne took Miles to the kitchen, cheerful smiles on their faces. They looked so happy. Edwin found the scene exactly the same as four years ago.

But when Joanne was facing Edwin, her smile always had a hint of bitterness.

Edwin felt upset.

He was so jealous that he wanted to kick Miles away.

But he was confused about what Miles needed such a large amount of money for.

Miles stayed at Edwin's house the whole afternoon to entertain Joanne. He kept talking to Joanne.

He also had a large box of gifts sent to Joanne, which made Joanne extremely happy.

Joanne was so excited that she wasn't angry when Miles encouraged Tail to allege Edwin as a "children trafficker". Actually, she was amused. She even whispered to the boy, "No one would dare do that but you!"

"I took it as a compliment." Miles raised his eyebrows smugly.

Edwin glared at Miles and yelled, "You should be leaving now!"

"Godmother, Uncle is threatening me again!" Miles quickly hid behind Joanne and made a face at Edwin.
"I'm so scared."

Joanne turned to Edwin and spat, "Edwin, that's enough!"

Edwin was speechless. He stood there and had a grim face.

But out of the corner of his eye, he saw Joanne and Miles so happy together that he was touched.

'Was she also so happy when she was with Patrick and Tail in Mourpa? They were like a happy family.*

Edwin was annoyed at the thought. His face darkened, and he walked away.

Seeing Edwin leave, Miles was confused.

“Uncle gets angry, doesn’t he? I didn’t go too far...” Miles didn’t leave East Imperial until late afternoon.

He went straight to the nearest mall and bought all sorts of stuff, all of which he thought Tail would like.

He had them delivered to Tail’s hotel as gifts.

He spent so much money that all the salespeople were shocked.

Edwin kept getting messages about credit card charges.

Realizing Miles was having a shopping spree at the mall, Edwin called in Lucas.

“I gave Miles my credit card with a credit limit of 10 million dollars. Have someone keep an eye on him and find out what he bought.”

Lucas knew Miles. The boy was a precious baby to the Mason family, the Atherton family, and the Hensley family. Summer and Braylon especially adored him. Summer’s memory stopped at the age of eighteen, and she loved spending time with naughty boys like Miles.

Lucas was surprised. He hesitantly asked, “Mr. Atherton, Master Miles is only seven years old. Isn’t ten million dollars too much for him?”

Edwin raised an eyebrow and snapped, “If it weren’t a huge amount, would I need you to keep an eye on him?”

“Yes, Mr. Atherton. I’ll have someone follow Master Miles right away.”

“Don’t let him notice.” Edwin didn’t want Miles to think he was being petty.

Later that evening, Edwin received a message from Lucas.

It was said in the message that Miles had bought a lot of children’s stuff and sent them to a hotel in Bubsville.

Chapter 1514-It was a top luxury international hotel, and the hotel kept its customers’ information strictly confidential. It was run by one of Edwin’s competitors, so Lucas couldn’t find out who Miles had sent the gifts to.

Edwin narrowed his shrewd eyes.

He had heard from Catelyn that Miles had recently been obsessed with an influencer and that the boy had bought lots of gifts for the influencer.

And this evening, Miles bought so much children’s stuff.

‘Could it be...’ Edwin’s face tightened.

The next day, when Joanne woke up, she found herself not on the couch but in Edwin’s arms.

She looked at Edwin with sleepy eyes.

They looked very intimate.

Joanne remembered very well that she had slept on the couch last night. She wondered why she was in bed in the morning.

She moved her body and tried to get out of Edwin’s arms quietly.

'I told him I was having my period. Did he suspect it? Did he check me? If so, how did he...' Joanne imagined how Edwin could have checked her. The thought made her sick. Then she slapped his hand away and spat, "Edwin, shame on you!"

Then she quickly jumped out of bed to get away from him.

Edwin looked innocent but upset.

His eyes twinkled. Then he quickly carried her up and threw her onto the bed.

He spanked her.

"You didn't want to have sex with me, so you lied to me?" Edwin spanked Joanne even harder when he thought about how happy Joanne and Miles had been together yesterday. Crisp slaps sounded in the bedroom.

Joanne didn't feel any pain at first, just shameful. But as Edwin spanked her harder and harder, she felt the pain. She blushed badly. She yelled through gritted teeth, "Bastard, let go of me! If you don't, I'm going to bite you."

Edwin had a teasing smile. He enjoyed the annoyed look on her face. "You can scream and let the maids hear what we're doing here in the morning."

Joanne stopped yelling immediately. Her eyes were red and burning with anger.

It amused Edwin to watch Joanne's red eyes, which made her look like an aggrieved rabbit.

"Asshole!" Joanne was furious. She took a pillow and threw it at him in a flurry.

Suddenly, Joanne felt something hard next to her crotch.

She froze. Then she got even more annoyed.

“Madam, Sir, are you awake?” Jadyn heard the noise in the bedroom from outside the door. She was worried that something was wrong, so she asked with concern.

Joanne was blushing terribly.

Edwin looked at her with a teasing smile. He was enjoying it.

Joanne deliberately threw the blanket away and answered, “Jadyn, come in! My dress is dirty. Take it away for laundry.”

“Okay.”

The doorknob was turned, and Jadyn was coming in...

Edwin’s face changed color slightly. He quickly took off his pajama shirt and covered his private part with it. He glared at Joanne.

Joanne rolled her eyes and mouthed at him, “Rascal!”

Chapter 1515-A moment before, Edwin was passionate. In a second, he could act as if nothing had happened.

When Jadyn pushed through the door, she noticed the blanket was on the floor.

Edwin was sitting topless on the bed, and Joanne was standing across from him at some distance. The atmosphere was weird. Jadyn asked, “Why is the blanket on the floor?” Actually, she guessed what had happened.

She walked over and tried to pick up the blanket.

Joanne immediately picked it up and said, "Jadyn, the blanket is stained. Take it for laundry."

"Okay." Jadyn muttered with confusion, "Wasn't the blanket just changed yesterday?"

Joanne stammered, "It's not like what you think."

Jadyn smiled, "Don't worry. I understand."

Joanne was speechless. She blamed it on Edwin.

Joanne would start filming soon.

Today, Edwin needed to go to the office. After breakfast, he rushed to the office to attend a meeting.

The moment she saw Tail, she was finally relieved.

When Tail heard Joanne was coming today, she waited for her in the hotel lobby.

When Joanne appeared, the little girl ran to her.

"Mommy!"

Joanne's eyes welled up with tears. She opened her arms and held Tail tightly in her embrace.

"I'm here."

said to Joanne proudly. Her eyes crinkled in a smile.

“Let’s go! I’ll stay with you all day.”

At the same time, at the Atherton Group, just after Edwin finished the meeting, he received calls from Jady and Lucas.

Jady reported that Joanne had asked the driver to take her to a mall in Bubsville.

Lucas reported that Miles had bought a lot of stuff and sent it to the hotel in Bubsville.

Bubsville? They all went to Bubsville?’ Edwin frowned. He thought of Joanne’s sneaky happy expression on her face in the morning when he said he was going to the office. He then said to Lucas, “Give me the address of that hotel.”

Lucas told Edwin the address. Edwin remembered the name of the hotel. He took the car keys and left the office.

He was determined to find out what Joanne and Miles were doing in Bubsville.

In the lobby of Bubsville International Hotel, Joanne and Tail had just returned after shopping. Joanne had bought a lot of stuff for Tail. Just after they entered the lobby, the manager called out to them. “Miss Brown, there’s a package for you.”

“What package?” Joanne asked with confusion.

knew where they were staying.

sent a ton of gifts over yesterday. Our room was full. I had to get another room to put the gifts.”

Chapter 1516-“Tail’s number one fan?” Joanne looked at her daughter with amazement.

She knew that Tail was popular on the Internet, but she was surprised that Tail told her fans where she lived.

‘What if it’s a bad guy?’ gave an awkward smile and continued,” But Tail said the boy was kind. It’s the boy who suggested that Tail allege Edwin is a child trafficker. He gave Tail these gifts to apologize.”

Joanne was shocked.

She looked at Tail incredulously.

“You told Miles you were in Sapphire City?”

scared.”

“We’re screwed.” Joanne got worried. “Miles is Edwin’s nephew. He just got ten million dollars from Edwin yesterday. Miles must have bought these gifts with Edwin’s credit card. No wonder I heard him ask someone to follow Miles.”

And yet, it was such a coincidence!

need to change to another hotel.”

fans in private.

They couldn’t take the expensive gifts Miles had sent over, so they asked the hotel staff to put the package in the room where they kept all the gifts. They planned to pick up the gifts later.

With the hotel address given by Lucas, Edwin drove to Bubsville International Hotel.

The Lamborghini was running smoothly on the road.

The car finally stopped in front of the hotel.

Edwin got out of the car. He straightened his suit. The stud in his left ear glistened in the sunlight. He put his keys in his pocket and glanced at the hotel with shrewd eyes. He was determined to find out the secret of Joanne and Miles.

Edwin came alone, but he was eye-catching.

Soon, the hotel staff noticed him.

The hotel manager himself came to receive Edwin. Edwin asked him about Joanne.

Before the manager could answer, Edwin saw two women and a little girl.

three were heading out of the hotel. They looked in a hurry, as if they were running away from something.

Edwin's face darkened after he saw the little girl in Joanne's arms.

'Damn woman! How dare she bring Patrick's daughter to Sapphire City! That's why she hurried back to the city!

Joanne's daughter as her own!' Joanne didn't know that Edwin had seen them.

Walking out the front door of the hotel, they wanted to take a taxi.

"Do you need a ride?" A cold man's voice rang out.

Hotel."

Chapter 1517-She found the man's voice familiar.

Joanne also found the man's voice familiar. She was stunned. Then she turned around in a daze.

When Joanne saw Edwin's angry, handsome face, she was shocked.

She stopped breathing. She wished she had mistaken someone else for him.

She bit her tongue hard. It hurt so much that her eyes widened instantly. She timidly took a step backward.

"Edwin, aren't you in a meeting at the office?"

Edwin exploded with rage, his face dark, "You wish I were in the office so that you could bring this little..."

He wanted to say "little bastard", but when he saw Tail's innocent eyes, he couldn't say it. He changed his words." Girl. Joanne, how dare you secretly meet Patrick's daughter after getting back together with me?"

Joanne was intimidated by his angry rebuke.

Joanne was worried that Tail was frightened. She took Tail into her arms and said, "Tail is my daughter. I have a responsibility to take care of her. There is no law that prohibits me from taking care of my daughter after I married you."

"Give me the girl!" Edwin said through gritted teeth.

He was going to take Tail back to Patrick immediately.

He wanted to stay alone with Joanne, but she was about to leave for a TV play.

Now she also had to take care of Patrick's daughter!

All of Edwin's plans were going to be ruined.

Seeing Edwin's angry face, Joanne clutched Tail tightly and snapped, "No! What are you going to do?"

"I'm going to count to three. If you don't give her to me, don't blame me..."

suitcase, hugged Edwin tightly from behind, and shouted, "It's my fault! It's because of my negligence that he found us. I'll hold him. Take Tail away. Go as far away as you can. Don't let him hurt Tail..."

which almost suffocated him.

her to the ground.

'Patrick's woman? Stupid woman!' was worried.

thigh.

"Go! I'm okay!" Edwin said through clenched teeth, "Go away!"

"Help! This man knocked me up. We have been married for three months, and now he wants to divorce me for another woman. He forced me to have an Many people stopped and watched the scene. They finger- pointed at Edwin.

Edwin became the center of attention. He tried to leave, but the crowd stopped him. He could only watch Joanne run away with Tail.

After Joanne escaped from the hotel with Tail, she met Jack, who wanted to visit her.

Chapter 1518-“Jo, are you fleeing for your life?” Jack pulled over, rolled down the window, and poked his head out with a grin.

Joanne had no time for joking. She yanked open the car door and got in. “Drive!

Edwin’s after me!”

“What?”

Jack’s playful demeanor vanished as he sat up straight. He restarted the car and sped off.

Peering through the rearview mirror, Joanne saw no sign of Edwin in pursuit.

She relayed the situation to Jack, who let out a mocking laugh.

back to the hotel.

was dark with anger and frustration.

But as if on cue, Edwin’s gaze shot up and locked onto Jack’s car like a hawk.

Despite the tinted windows, Joanne felt his eyes on her, and a chill ran down her spine.

She looked away guiltily.

Jack taunted Edwin with a provocative glance and a whistle. “Yo, what’s got into you, Mr. Atherton? Dumped by someone? Why did you vent it on my sister?”

Now that they had been spotted, there was no point in hiding.

Edwin's fists clenched as he glared at Jack and said firmly, "Get that woman and her daughter out of your car!"

Jack sneered, "Wait, can you see through my car windows?"

With a wave goodbye, Jack revved the engine and sped off, leaving Edwin in a cloud of exhaust fumes.

With a sullen face, Edwin didn't chase after him. Instead, he turned his gaze to Lucas came late and didn't know exactly what had happened.

But one thing was for sure. It wasn't good.

"Mr. Atherton, what should we do with Ms. Brown?"

"Send her to the police station," Edwin said indifferently.

Lucas yelped and then heard Edwin add sharply, "I don't believe that Jack will just sit back and watch."

Lucas finally understood the situation.

Joanne would then be left alone.

Jack slammed the gas pedal, and the commercial vehicle sped like a sports car.

After a while, Joanne noticed that Tail was uncomfortable with the high speed and asked Jack to slow down.

At the same time, she was surprised that Edwin didn't send anyone to chase after them.

"How did Edwin know that Tail had come to Sapphire City?" Jack asked while driving.

Joanne replied seriously but helplessly, "It's a tragic incident caused by puppy love. Edwin's nephew is a fan of Tail. He used Edwin's money to buy gifts for her. Edwin followed the clues and found out. I was foolish to think that I could hide it from him."

"What are you going to do next?"

Joanne knew that she couldn't run away with Tail forever. She thought for a moment before replying, "I think it's better to send her back to Mourpa and ask Patrick to help look after her."

Chapter 1519-Tail, who had been quiet the whole time, suddenly lifted her head.

She threw her arms around Joanne's neck and pleaded with a pout, "Mama, I don't want to be apart from you."

Joanne couldn't bear to see the sadness and grievances in her eyes.

"I don't want to leave you either, but you saw how fierce that man was. It wouldn't be safe for you to stay," Joanne said, pinching Tail's chubby cheek.

Tail looked like a mini-version of Edwin. She had his eyes.

She furrowed her brow and put on her most pitiful expression.

'But I've never been away from you for this long. Please let me stay. I'm not afraid of danger. Miles can chase him away for me.'

Joanne tensed up. "Do you like Miles that much?"

“Yeah!” Tail’s cheeks turned rosy, and she said shyly, “He’s the nicest person to Patrick. I’ve promised him to be his girlfriend when I grow up. If Joanne was rendered speechless.

She had never taken their children’s play seriously. After all, one of them was 3.5 years old, and the other was about seven.

They were still wet behind their ears and knew nothing about relationships.

She just hadn’t expected her daughter to be brainwashed by Miles to such an extent.

She must nip their puppy love in the bud.

“If I don’t allow you to be Miles’ girlfriend, will you listen?”

Tail bit her lip and fell silent for a few seconds before finally speaking sadly, “If you let me stay with you, I won’t be his girlfriend. But I promised him first, and it was rude to break it. And... he gave me lots of gifts. He is rich.”

Joanne was at a loss for words. Had she been separated from her daughter for so long that she could no longer understand her way of thinking?

Or had Tail been influenced by the streaming culture?

Joanne cupped Tail’s face and looked at her seriously.

“What on earth are you thinking about all day long? It’s not about whether he is rich or not. Even if he gives you gifts, you can’t just rely on him. The right way is to work hard and improve yourself.”

“Tail has been with you since she was born. If you leave her with Patrick, how is that any different from abandoning her?

I have an idea," Jack interjected, his eyes bright with excitement.

Joanne looked at him suspiciously. "What idea?"

"Leave Tail to me. I can protect her from Edwin. And we're both in Sapphire City.

You can visit her anytime." He thought it was a brilliant plan.

Joanne was dismayed.

Tail's father was around, but she was afraid that he would hurt Tail.

She began to regret staying in Sapphire City on a whim.

She had been overly confident in her new appearance.

To her dismay, Edwin, Catelyn, and even Ollie had easily seen through her disguise.

Now she found herself in a dilemma once again.

"Let me think about it," Joanne sighed.

"Since Edwin already knows where Tail is, there's no need to worry about than Patrick does."

Jack continued to advise her. Holding her daughter, Joanne began to sway.

Just as she was about to agree, Jack's phone rang.

The caller said something, and Jack cursed, "Damn you, Edwin!"

Chapter 1520-earlier.

He pushed open the door and saw a room filled with gifts given by Miles. Rug dolls, colorful princess dresses, and even streaming equipment.

Edwin gritted his teeth. That brat had sided with outsiders.

Despite knowing that the Tail was the child of Joanne and another man, he still treated her so well.

"Move everything out!" Edwin ordered in a cold voice.

Lucas surveyed the room full of gifts, which resembled a children's supermarket.

He swallowed, asking, "All of them? Where should we take them? These things seem quite expensive."

Edwin's temples popped, and he said, "To Mason Estate. Give them to Puffy and tell Catelyn that Miles had used 10 million dollars of my money to buy gifts for a female streamer. If she doesn't keep the boy in check, he will grow up into a playboy."

Lucas felt awkward. 'Is Mr. Atherton wrestling with Miles?' "Yes, sir." Lucas suppressed his inner thoughts and called out to his subordinates to move the gifts.

As he groaned about working as a porter, he heard Edwin coldly say, "Go and find out when Tail came to Sapphire City, it Lucas nodded repeatedly. "Will do."

Lucas moved fast. Within ten minutes after he called the technology Edwin stared at the entry time and sneered silently.

It appeared Joanne didn't take him seriously.

The timing was clearly planned. No wonder she had seemed a little guilty over the past few days.

Joanne took Tail to Jack's villa.

proportion and pressed false charges against her. Now Jack had to bring a lawyer to bail her out.

"This is my private villa. There are bodyguards and a housekeeper. As long as you don't leave, Edwin won't dare break in," Jack said before hurrying away.

While she was lost in thought, she heard Tail's stomach gurgling.

Tail squatted on the ground, covered her stomach with both hands, and tried to cover up her embarrassment. "My stomach didn't sing. You heard it wrong."

Joanne was amused by her behavior. Tail was so cute.

She picked Tail up and sat down on the sofa.

"Stay here and watch TV. I'll cook for you. What would you like to eat?"

Tail licked her lips and spoke with glittering eyes. "Anything. As long as it's cooked by you."

"Mr. Brown instructed us to take good care of you guys before he left. I'll ask the chef to prepare food," the housekeeper said as she approached.

"It's okay. I have nothing else to do anyway." There weren't many servants in the villa, and Joanne was used to cooking her own food.

Seeing Joanne's insistence, the housekeeper didn't say anything else.

The housekeeper hadn't been with Jack for long but had seen him bring girls to different occasions.

All of them were stunning beauties, like flowers on display.
